UNIVERSITY CALENDAR.

The calendar of the University for 1912 is now under preparation. That portion of Volume II of the calendar relating to the alphabetical list of graduates is carefully revised from year to year by the University office. It is, however, presumed that the list contains the names of many deceased graduates, and th[illegible]

the column "occupation" sometimes gives incorrect and insufficient information. The Registrar will be obliged to graduates and others for information in the following form, to enable the office to correct the list and bring it up to date.

The Registrar will be glad to receive intimation from time to time of the changes in the occupation of graduates and of the names if any of the deceased graduates. Such information when given should be as complete as possible so as to enable the office to amend the list correctly.

Name under which diploma was granted.	Name of the Degree.	Year of Convocation at which the Degree was conferred.	If a B. A., Second Language.	If a B. A., Optional Branch.	Class in which placed.

Sc., Inspector of Secondary Schools, Travancore, being a European British subject, to be a Justice of the Peace within the State of Travancore.

The 30th June, 1911.

No 1339-*I.B.*—The following Regulations which have been recently revised by Command of His Majesty the King, Emperor of India, are published for general information:

Regulations respecting Foreign Orders and Medals.

1. It is the King's wish that no subject of His Majesty shall wear the Insignia of any Foreign Order without having previously obtained His Majesty's permission to do so, signified either:

(*a*) By Warrant under the Royal Sign-Manual, or

(*b*) By private permission conveyed through His Majesty's Private Secretary.

2. Permission given by Warrant under the Royal Sign-Manual will enable the Insignia of the Foreign Order to be worn at all times and without any restriction.

Private permission will only enable the Insignia to be worn on the occasions specified in the terms of the letter from the King's Private Secretary conveying the Royal Sanction.

3. The full and unrestricted [illegible]on by Warrant under the Royal Sign-Manual is designed, subject to the exceptio[illegible]oned in Rule 4(*a*) respecting British Naval or Military Officers during hostilities, [illegible]eet cases where the Decoration may be said to have been earned by some valuable servic[illegible] rendered to the Head of the State conferring it, or to the State itself. The private or restricte[illegible]mission is contemplated for Decorations which are more or less of a complimentary char[illegible] In either case, the matter will be submitted to the King by His Majesty's Principa[illegible] Secretary of State for Foreign Affairs.

4. Full and unrestricted permission by Warrant [illegible]er the Royal Sign-Manual is contemplated in the following cases:—

For a Decoration conferred—

(*a*) On an Officer in His Majesty's Naval or Military Forces lent to a Foreign Government; on an Officer in His Majesty's Naval or Military Forces attached by his Government to a Foreign Navy or Army [illegible] hostilities; or on any British Official lent to a Foreign Government and n[illegible] in receipt of any emoluments from British public funds during the period of such loan.

(*b*) On any person not at the time in the service of the Crown, who, while himself outside the limits of His Majesty's Dominions, has rendered valuable services to the Head of the State conferring the Order, or to the State itself, within the period of two years immediately preceding the notification of the Decoration to His Majesty's Government provided for in Rule 5. The term "service of the Crown" (*supra*) comprises any person holding a Royal Commission, or any person in receipt of a salary from public funds in the United Kingdom, or in any British Dominion, Colony, or Protectorate.

(*c*) On any British subject employed in a Foreign Embassy or Legation in the United Kingdom.

5. The desire of the Head of a Foreign State to confer upon a British subject the Insignia of an Order, or the fact that he has done so, must be notified to His Majesty's Principal Secretary of State for Foreign Affairs either through the British Diplomatic Representative accredited to the Head of the Foreign State, or through his Diplomatic Representative at the Court of St. James. His Majesty's Principal Secretary of State for Fo[illegible]ign Affairs shall be under no obligation to consider claims that are not brought to [illegible] through one of these channels.

6. When His Majesty's Principal Secretary of State for Foreign Affairs shall have taken the [illegible] such application, and shall have obtained His Majesty's permission fo[illegible] person in whose favour it has been [illegible] Foreign Ord[illegible] shall signify the same to His Majesty's Principal Secretary of State for the Home D[illegible] in order that he may cause a Warrant, if it be a case for the issue of a Wa[illegible] as defined in Rule 4, to be prepared for the Royal Sign-Manual.

When such Warrant shall have been signed by the King, a notification thereof shall be inserted in the "Gazette," stating the service for which the Foreign Order has been conferred.

[illegible]rsons in whose favour such Warrants are issued will be required to pay to His Ma[illegible]y's Principal Secretary of State for the Home Department a stamp duty of 10*s*.

The Warrant signifying His Majesty's permission may, at the request and at the expense of the person who has obtained it, be registered in the College of Arms. Every such Warrant as aforesaid shall contain a clause providing that His Majesty's license and permission does not authorise the assumption of any style, appellation, rank, precedence, or privilege appertaining to a Knight Bachelor of His Majesty's Realms.

7. When a British subject has received the Royal permission to accept the Decoration of a Foreign Order, he will, at any future time, be allowed to accept the Decoration of a higher class of the same Order, to which he may have become eligible by increase of rank in the Foreign Service, or in the service of his own country; or any other distinctive mark of honour strictly consequent upon the acceptance of the original Decoration, and common to every person upon whom such Decoration is conferred.

8. Medals which constitute a particular class of a Foreign Order are subject in all respects to the above Regulations in the same manner as higher grades of the Order, except that permission to wear will be given by Letter and not by Royal Warrant. The King's permission must be obtained for any other Medal to be worn. No permission is needed to accept a Foreign Medal if it is not intended to be worn.

9. Naval and Military Attachés to His Ma[illegible]y's Missions abroad may, at the termination of their appointments, be given re[illegible] private permission to wear, on certain specific occasions, the Insignia of a Foreign O[illegible] conferred upon them by the Chief of the State only in which their headquarters we[illegible] situated.

No. 3873-*F.E.*

The 29th June, 1911.

RESOLUTION—By the Government of India, Finance Department.

In their Resolution No. 271-P., dated the 14th January 1904, the Government of India set forth the circumstances in which they deemed it desirable to constitute a new Family Pension Fund, under the style and designation of the Bengal and Madras Service Family Pension Fund. It was announced that the Fund would, at the outset, be under Government management, but that when a body of subscribers of sufficient strength came into being, Government would, as in the case of other existing funds, hand over to them the conduct of business. It was at the same time intimated that, pending the completion of the necessary actuarial calculations, the existing rates of subscription to the Bengal Uncovenanted Service Family Pension Fund would be provisionally adopted for the new fund.

2. The actuarial calculations have now been completed, and it is desirable to place the fund upon a permanent footing. The rules and tables attached to this Resolution have accordingly been prepared, and the Governor General in Council is pleased, with the approval of His Majesty's Secretary of State, to declare that the operations of the fund shall in future be governed by their provisions.

3. The rates of subscription to the Daughters' Branch, which are given in Table C, are considerably higher than those which have hitherto been prescribed for this branch. As a special concession, the Government of India have obtained the Secretary of State's sanction to a reduction by twenty-five *per centum* of the subscriptions payable under this table. The difference between the amount of the subscription so reduced and the rate prescribed in Table C will be contributed to the fund by the State. This concession will, however, be restricted to existing subscribers to the fund who either (*a*) already contribute to the Daughters' Branch or (*b*) commence to do so within three months from the date of this Resolution.

ORDERED, that the Resolution be published in the *Gazette of India.*

J. S. MESTON,

Secretary to the Government of India.

RULES.

1. The Fund shall be designated the Bengal and Madras Service Family Pension Fund.

Designation.

2. The object of the Fund is to provide for the maintenance of the widows and children of those who shall subscribe to it, upon the terms and conditions specified below.

Object and conditions.

(1) Officers of the Indian Civil Service and of the Army, and Officers and Engineers of the Royal Indian Marine.

Persons not eligible.

(2) Officers serving in Bombay who are not liable under the conditions of their service to transfer beyond the jurisdiction of the Government of Bombay.

(3) Officers who already subscribe to the Bengal or Bombay Uncovenanted Service Family Pension Fund.

EXPLANATION.—The term "officers" includes officers in receipt of pensions payable from General Revenues.

NOTE.—The following persons who are not in the direct service of Government shall be eligible to subscribe to the Fund, provided that they pay an additional subscription, fixed for the present at one-sixth of the ordinary subscription, namely.—

(1) Persons transferred to Foreign Service under the rules in part VII of the Civil Service Regulations, if they were subscribers at the time of transfer.

(2) Persons who have severed their connection with the service of Government otherwise than by retirement on pension, if they were subscribers at the time when their service under Government ceased.

(3) Persons paid from a local fund whose service qualifies for pension from General Revenues.

RULES FOR MANAGEMENT.

4. There shall be an Annual General Meeting of subscribers to the Fund in February or March of each year. Every subscriber shall be entitled to attend.

5. The management of the Fund shall, for the present, be vested in the Comptroller, India Treasuries, subject to the general control of the Comptroller and Auditor-General. The Comptroller, India Treasuries, shall be assisted by, and shall attend the periodical meetings of, a Committee of three selected subscribers to the Fund.

Management.

6. The duties of the Committee shall be purely consultative, and the decision of the Comptroller and Auditor-General shall be final; but, except in cases of emergency or in mere matters of form, no question shall be decided without the advice of the Consultative Committee.

Disposal of business.

7. The Consultative Committee shall be elected annually by the general body of subscribers and shall hold office for a year in each case. The retiring members shall be eligible for re-election. All subscribers shall be entitled to vote at the annual elections. Four weeks before the date of the Annual General Meeting, the Comptroller, India Treasuries, shall publish in the principal newspapers a list of the names of such subscribers as are willing to serve on the Committee. Every subscriber shall be entitled to record his vote for any three of these

Election of Committee.

candidates, but no subscriber shall give more than one vote to any one candidate. All votes shall be sent in writing to the Comptroller, India Treasuries, and must reach him not less than two clear days before the date of the Annual General Meeting. The result of the election will be made known at the Annual General Meeting Any vacancies on the Committee that may occur in the interval between two annual elections shall be filled up by the Comptroller, India Treasuries, with the approval of the Comptroller-General.

Meetings.

8. The Consultative Committee shall meet for the despatch of business on such occasions as the Comptroller, India Treasuries, may notify to them not less than seven days beforehand. Any member absenting himself from five consecutive meetings shall be considered to have vacated his seat on the Committee, unless, having notified his intended absence, he has been exempted by the Comptroller General from the operation of this Rule.

Inspection of accounts.

9. The Accounts of the Fund shall be open to the inspection of subscribers at *all times during business hours*, on application to the Comptroller, India Treasuries; but no documents or copies of documents may be taken away without the written permission of the Comptroller, India Treasuries.

Authorised expenditure.

10. The following shall be considered authorised charges against the assets of the Fund which the Comptroller General is competent to incur without further special sanction :—

Office establishment.

Consulting Physician's salary.

Actuary's fees.

Commission to London Agents.

Office rent, inclusive of rates and taxes.

Medical fees.

Any necessary charges for—

Advertising, printing and stationery.

Postage and stamps.

Remittances to incumbents in Europe, and of money orders.

Legal advice.

Purchase of books and publications.

Petty contingent charges of an ordinary nature.

Additional expenditure.

11. It shall be open to Government at any time to declare any other expenditure or share of expenditure which it may be necessary to incur for the benefit of the Fund to be an authorised charge against the assets of the Fund, and such decision shall not be open to dispute by the subscribers.

Bye-laws.

12. The Comptroller, India Treasuries, with the approval of the Comptroller General, and after he has consulted the Committee, shall be authorised to enact bye-laws for regulating the procedure in accounts and matters of form not provided for by, and not opposed to the spirit of, the Rules.

Reserve Fund.

13. A valuation of the assets and liabilities of the Fund, both in the widows' and children's branches, shall be made quinquennially by a competent actuary. Of the surplus capital in each branch arrived at as the result of the quinquennial valuation, a portion, which shall not be less than 10 per cent of the net liabilities of the branch, shall be retained as a Reserve Fund.

14. Before the end of September in each year, the Comptroller, India Treasuries, shall prepare a statement of the income and expenditure of the Fund during the previous financial year and a balance sheet shewing its assets and liabilities at the close of that year. He shall submit these accounts, under his signature, through the Comptroller General to the Government of India, and shall have them published in the next Government Gazette after their submission.

Annual Report.

RULES FOR ADMISSION.

15. Every intending subscriber shall, in the first instance, apply to the Comptroller, India Treasuries, for the necessary application papers, and shall be supplied with a preliminary Form A. This shall be filled up and returned to the Comptroller, India Treasuries, together with a deposit of Rs. 17 and a personal description of the applicant (in Form B), which shall be copied from his Service Book or Pension Roll and authenticated by the Head of his office or his pension disbursing officer. The Comptroller, India Treasuries, shall then forward (*a*) to the applicant an application statement in Form C, and (*b*) direct to the applicant's friend to be filled up, a reference in Form E, and (*c*) to the Civil Surgeon of the District, or where such an officer is not available, a commissioned medical officer or officer in medical charge of the Station or District, Form D for medical report accompanied, for purposes of identification, by the personal description of the applicant [in Form B].

Preliminary Form.

16. The officer making the Medical Report shall be entitled to receive a fee of Rs. 16, for the payment of which the Fund will be responsible. This fee shall be a charge against the Fund in every case, except when a previous application has been rejected, in which case the fee shall be payable by the applicant. When an applicant after having been medically examined withdraws his application, the deposit of Rs. 17 made under Rule 15 shall be forfeited to the Fund.

Medical fee.

17. Wilful omission or misrepresentation of any facts relating to the name, age, health or constitution of the applicant, or to the name and age of the nominee, shall involve the forfeiture of all claims on the Fund.

Forfeiture of claim.

18. On receipt of the necessary papers and supply of proof of age and marriage, the application for admission shall be decided upon by the Comptroller, India Treasuries, with the advice of the Consultative Committee, which may be obtained at one of its meetings or by circulation of the papers to the members. He shall, subject to the approval of the Comptroller General, whose decision shall be final, be at liberty to refuse admission to an applicant without assigning any reasons for doing so.

Admission of application.

19. The admission of the application shall be intimated to the applicant by the Comptroller, India Treasuries, by letter in Form F. On receipt of the amount mentioned in Form F, an Entrance Certificate in Form G, will be issued to the subscriber. The Fund accepts no liability in case of death prior to the receipt of the first month's entrance subscription as mentioned in the said Form F.

Intimation of admission.

NOTE.—An application for admission as a subscriber to the Widows' Fund, submitted before marriage shall be valid only if the marriage of the applicant with the nominee, whose name is entered in Form C, takes place within three months of the date of application. The liability of the Fund shall commence from the date of such marriage, and on production of the certificate of marriage. Payment of subscription shall be regulated from the date of admission under Rule 18.

20. A certificate by a Public Registrar, or other competent authority, of marriage having been duly solemnised, shall be considered sufficient evidence of

Marriage certificate.

the marriage for the purposes of the Fund. In cases of Hindus, etc., the registration of whose marriage is not compulsory, an affidavit sworn by a person duly authorised to administer oaths shall be accepted.

Increase of provision.

21. A subscriber wishing to increase the recorded provision for his family, or to provide for his wife or any children not already on the Fund, shall, in all respects, conform to the Rules and comply with the Forms prescribed for observance in cases of original application for admission. An intimation of such increase shall be given in Forms H and I.

Decrease of provision.

22. A subscriber shall be at liberty, on application, to decrease or cancel the recorded provision for his family. An intimation of such decrease shall be given in Forms J and K.

Re-entry.

23. A fresh Entrance Certificate shall be granted to a subscriber applying to enter the Fund upon re-marriage, the former certificate being valid in regard to the children who may have been already admitted.

Subscribers leaving Government service.

24. If the connection of a subscriber with the service of Government shall cease, he shall nevertheless, subject to the provisions of note to Rule 3, be considered a member of the Fund, and be entitled to increase or decrease the recorded provision for his family, and otherwise to extend or renew his interest in the Fund at any subsequent period, subject to the rules and conditions prescribed for observance in cases of original application for admission.

RATES OF SUBSCRIPTION.

First-class risks.

25. The payments for securing annuities shall be regulated according to the rates laid down in Tables A, B and C. These rates of subscription shall be liable to revision for new entrants if the results of any quinquennial valuation shew revision to be necessary.

Risks not first-class.

26. Risks which are declared to be not first-class, but are nevertheless considered by the Management to be reasonably insurable, may be admitted on payment of an addition not exceeding 50 *per cent* upon the rates of subscription laid down in the tables. Risks not considered by the Management to be reasonably insurable shall be rejected.

Extraordinary risks.

27. When application is made for the admission of a life exposed to more than ordinary hazard, but otherwise good, and in cases where a subscriber enters into or engages in any hazardous service or employment, an augmented rate of subscription shall be charged in proportion to the increased risk. The rate shall be regulated by the Management with reference to the circumstances of each case.

Maximum Insurances.

28. A subscriber shall be allowed to insure up to a maximum aggregate limit of Rs. 400 *per mensem* for his wife and children, provided that not more than Rs. 200 *per mensem* be insured for his wife or for his daughters, and not more than Rs. 100 *per mensem* for a son or Rs. 80 *per mensem* for a daughter.

General limits of insurance.

29. As a general rule, subscriptions on behalf of a subscriber's children shall be made for the benefit of unmarried daughters and of sons below the age of 21 years only; and annuities payable to a daughter or a son shall cease when the daughter marries or the son attains the age of 21 years. Subscriptions on behalf of a wife may be made at any time during the joint life time of the husband and wife, and annuities payable shall cease, except as provided in Rule 48, with the widow's life only.

30. In the following special cases a subscriber shall be allowed to subscribe for a child on the same terms and conditions as are laid down for a wife:—

Special provision for children in certain cases.

(*a*) That of a widowed daughter who is not already in receipt of a pension from the fund.

(*b*) That of a daughter who may be labouring under such mental or bodily infirmity as incapacitates her from earning her livelihood and precludes the possibility of marriage.

(*c*) That of a son who may be labouring under such mental or bodily infirmity as incapacitates him from earning his livelihood.

Pensions insurable in these special cases shall be subject to the limits prescribed in Rule 27. The rates of subscription shall be the rates fixed in Table A, the rate for a nominee under the age of 15 years being that laid down in the table for a wife of 15 years.

31. In order to obtain the benefit of the concession provided for in Rule 29, the following documents shall be produced by the subscriber when he applies for admission to the Fund under that rule:—

Procedure to be followed in applying for admission to the special concessions.

(i) In the case of a daughter under clause (*a*), sufficient evidence of the marriage of the daughter and death of her husband.

(ii) In case of clause (*b*) or clause (*c*), a statement by the medical officer who examines the subscriber under Rule 14, of the case of the nominee and of his own opinion. The Committee may at their discretion, however, select any other medical officer for this purpose, if they are satisfied that the strict observance of the rule would involve hardship. The fee payable for the medical opinion shall be deposited with the application made under Rule 29. It shall be refunded to the applicant if the risk is accepted.

32. In calculating the rate of subscription the ages of the subscriber and his wife shall be taken at the birthday following the date of payment, after admission, of the first subscription to the Comptroller, India Treasuries, and the age of his son or daughter at the birthday previous to that date.

Reckoning of age.

33. In every case of admission or of increased provision, the subscription shall be computed from the date on which such entrance or increase shall be effected. All reductions in the recorded provision shall take effect from the first day of the month following that in which the application may be made.

Commencement of subscription.

RULES FOR PAYMENTS OF SUBSCRIPTION.

34. All subscriptions shall be paid in advance on the first day of every month for that month.

Date of subscription.

35. When the subscription for any month is not paid within that month, a fine of ten *per cent* of the monthly amount of subscription originally registered shall be charged. Upon the expiry of three months after the last day up to which his subscription has been paid, a subscriber shall cease to be a member of the Fund, and he and his representatives shall forfeit all past payments and all benefits for which they have subscribed.

Penalty for non-payment.

Default incurred.

Example.—If the subscription of A has not been paid for any later date than 31st August, he shall, on 1st December, cease to be a member of the Fund, and shall forfeit all claims. If his subscription has not been paid for any later day than 20th August the same result occurs on the 21st November.

36. When a subscriber, owing to loss of appointment or reduction of pay, becomes unable to pay his subscription and either voluntarily withdraws, or, under Rule 33, ceases to be a member of the Fund, he or any person on his

Conditions of re-admission within twelve months.

behalf shall, at any time within twelve months from the last day for which his subscription has been paid, be allowed to revive his interest in the Fund on payment of subscription in full to date, with interest at six *per cent.* No evidence of health shall be required in connection with such revivals.

Example.—F loses his appointment, or is degraded, or goes on leave, and therefore receives less than full pay; he thereby becomes unable to pay his subscription for December 1902 before the end of February 1903, and ceases, under Rule 33, to be a member of the Fund. Subsequently at any time before the 1st December 1903, he may regain his interest in the Fund on payment of subscription from 1st December 1902 with interest at 6 *per cent.* From the end of February 1903, so long as he has not paid up subscription and interest in full, his family has in the event of his death, no claim on the Fund, and payment of subscription and interest after his death will not be accepted.

Pensions of female nominees commutable in case of inability to continue subscription.

37. In any case in which a subscriber satisfies the Comptroller General of his inability to continue his subscription, or to revive his interest under Rule 34, it shall be competent to the Comptroller General to allow any female nominee of such subscriber, at the time of his death, a pension which shall be calculated by multiplying the original pension subscribed for by a fraction of which the difference between his age at the time of insurance and 85 years shall form the denominator, and the number of complete years during which subscriptions have been paid by him shall form the numerator.

Proviso.

Provided, (1) that such pensions shall in no case be sanctioned for the nominee of any subscriber of less than five years' standing; and (2) that any subscriber to whom any concession is made under this rule shall furnish a certificate annually of the existence of his nominee or nominees.

Benefit allowed in case of arrears less than three months.

38. If, at the time of a subscriber's death, there be less than three months' subscription due from him, his family shall receive the benefits subscribed for after the subscription due has been realized therefrom, or otherwise paid up to date of his decease; but if the arrears amount to or exceed three months' subscription, his family shall have no claim upon the Fund, and all his past payments shall be forfeited to the Fund.

Forfeiture.

Examples.—

Leaving subscription for July wholly unpaid.	B dies in September	... His family will after deduction of payment of subscription up to the date of his death in September, receive the pension or pensions subscribed for.
	C dies after September	... His family will have no claim on the Fund.
Having paid subscription up to, and for 12th July.	D dies on 12th October	... His family will receive the pension, or pensions, subscribed for.
	E dies after 12th October	... His family will have no claim on the Fund.

Refund on deaths, etc.

39. Subscriptions received for any period beyond the date of decease of a subscriber shall be paid at his death to his representatives. On the death, marriage, maturity, or withdrawal of a nominee, subscriptions shall be charged only up to the date of termination of the risk, and any subscription received beyond that date shall be paid to the subscriber.

Rules 34 and 35 not applicable in certain cases.

40. A subscriber who draws pay, pension, or leave allowance from Government shall, while resident in India, unless specially otherwise allowed by the Comptroller, India Treasuries, for special reasons, pay his subscription by deduction from his pay, pension, or leave allowance bill, and he shall be himself responsible for seeing that such a deduction is made before his bill is presented for payment at the Treasury. Such a subscriber

shall not be considered in arrears of subscription for any month so long as he has not drawn pay, pension, or leave allowance for the month next before it.

Example.—A subscriber is pensioned from 1st January, but the Treasury does not receive the authority to pay his pension for or from January until June. He is not in arrears for February if he deducts his subscription for February from his pension bill for January paid in June.

Payment in England.

41. Subscribers residing in Europe may make their payments to the recognized Agents of the Fund in London at the market rate of exchange, to be determined by the said Agents at the time of payment.

NOTE.—So long as the Fund is managed by Government, the Accountant General, India Office, is the only authorised Agent of the Fund in London, and subscriptions under this rule shall be payable only to him, or by deduction from leave allowances drawn in England.

Payable by any person.

42. So long as subscription money shall continue to be paid, whether by a subscriber or any other person on his behalf, the interest of his nominees registered upon the books of the Fund shall be maintained.

RULES FOR ADMITTING TO PENSION.

Documents required.

43. Before nominees can be admitted to the benefits of the Fund, the Entrance Certificate shall be surrendered to the Comptroller, India Treasuries, and certificates furnished of the subscriber's death and the cause of death, from his medical attendant or other competent authority, and of the identity and existence of the nominees.

Six months' subscription leviable.

44. To entitle nominees to the annuity or increased annuity subscribed for, full six months' subscription shall have been received. In the event of a subscriber dying before he shall have paid up the full sum, the amount required to make up the deficiency shall be deducted from the annuity payable to his nominees.

Suicide.

45. If a subscriber shall have committed suicide, any insurance effected within one year previous to the death of such subscriber shall be void, and the payments made in respect of the same shall be forfeited to the Fund.

Certificates for incumbents.

46. In order to entitle incumbents on the Fund to draw their pensions, it shall be necessary to furnish the Comptroller, India Treasuries, half-yearly with a certificate of existence, in the Form L for widows, and the Form M for children, signed by any competent local authority, or by two subscribers to the Fund. A solemn declaration shall also be made by the incumbent, if a widow, that she continues the widow of the deceased subscriber, and by a female child, if above the age of 14, that she is unmarried. In the case of children below that age, their guardian shall obtain the prescribed certificate of their existence, and also furnish his own solemn declaration that they are alive.

NOTE.—In the case of non-Christians a certificate of non-marriage is required for all female children.

Hypothecation of pension.

47. It shall not be competent to any incumbent on this Fund, male or female, to hypothecate his or her pension before it becomes due, or to assign it for any purpose other than the maintenance of such pensioner. And the Management shall not undertake to give effect to any such hypothecation or assignment, or recognize it in any way.

Guardianship of minors.

48. The annuities of children under the age of 18 shall be paid to their natural or constituted guardians. In cases where there may be no guardians, or where there may be uncertainty who are the proper guardians, the Management shall not be compelled to pay the provision secured to any person until the right of such person shall have been settled by a competent Court of Law. Such arrangements as the Comptroller General shall deem necessary and proper

shall be made meanwhile to secure the Fund from loss, and to provide that the annuity shall be applied to the benefit of the nominees, and the costs incurred in taking such steps shall be realised from the amount payable to them.

Payment of pensions.

49. Annuities shall be paid to incumbents residing in India, in full, and to incumbents residing in Europe, or in any country in which gold is the standard currency and the Indian Government rupee is not legal tender, at the market rate of exchange.

Re-marriage of widows.

Reversion to Pension.

50. The pension to the widow of a deceased subscriber shall cease on her re-marriage, but from the date of her again becoming a widow, she shall be re-admitted to her former pension. If, on her re-marriage, her husband shall be qualified to become a subscriber, he may subscribe for her as if she had had no previous connection with the Fund; and in the event of his death, she will be entitled to the pensions subscribed for by her husbands. Provided, however, that the total amount of the annuities payable to any widow shall not exceed the maximum of Rs. 200 per month.

Notice of re-marriage

51. For the purpose of identification, a widow shall, within six months after her re-marriage, furnish the name, age, occupation and address of her second husband, if he be not, or does not himself become, a subscriber; and she shall keep the Comptroller, India Treasuries, informed of every change of her residence.

LEAVE AND APPOINTMENTS.

Simla, the 30th June, 1911.

No. 820-*Accts.*—Captain H. D. Watson, 25th Punjabis, Assistant Military Accountant, 3rd class, Military Accounts Department, is granted combined leave out of India (private affairs) for eight months from or after the 21st August 1911, the first 60 days being privilege leave and the remaining period leave under the leave rules of 1886 for the Indian Army—Pension Service 10th year commenced, 18th January 1911.

No. 821-*Accts.*—The undermentioned officer has been granted an extension of leave by the Right Hon'ble the Secretary of State for India:

Captain H. N. F. MacDonnell, I.A., Assistant Military Accountant, 1st class, Military Accounts Department (private affairs) for one month.

J. B. BRUNYATE,
Joint Secretary to the Government of India.

DEPARTMENT OF COMMERCE AND INDUSTRY.

NOTIFICATIONS.

POST OFFICE.

No. 4675—4722—51.

Simla, the 26th June, 1911.

RESOLUTION—By the Government of India, Department of Commerce and Industry.

In the Resolution of the Government of India, No. 7843—7880-51, dated the 29th October 1910, certain proposals for increasing the number of Post Office holidays were published for criticism, with the intimation that if there was a generally expressed desire on the part of the public to afford relief in the matter of holidays to the employés of the Post Office, the question would be further considered. The replies which have been received from Local Governments, public bodies and private persons are almost unanimously favourable to the proposals. Modifications have been suggested in some respects, the most important being that the additional Post Office holidays should be selected without exception from festivals notified as public holidays under the Negotiable Instruments Act. The Government of India are unable to accept this view. If the extra holidays were confined to days gazetted under the Negotiable Instruments Act, certain important religious festivals, which the Government of India consider it particularly desirable that postal servants should be permitted to celebrate, would have to be omitted from the list. It would be impossible, for instance, to allow any holidays for Mahommedans in Eastern Bengal and Assam. It is moreover desirable that the additional holidays should be as far as possible uniform in all the postal circles, and the selection of certain days which are not gazetted public holidays throughout India has been in some instances unavoidable. In order, however, to prevent any inconvenience to the public, special arrangements for the disposal of postal business will, if necessary, be made at important centres on occasions when a Post Office holiday is not also a holiday under the Negotiable Instruments Act, and on all the holidays the arrangements, which are at present followed on Sundays, will be made for the despatch and delivery of mails.

The only other modifications in the proposals published with their Resolution, dated the 29th October 1910, which the Government of India consider necessary, are the substitution in all circles except Madras and Burma of *Id-uz-zuha* for *Muharram*, the substitution in the Punjab Circle of *Baisakhi* for *Janmastami*, and the reduction of the additional holidays from six to four in the Burma Circle, where postal work is lighter than elsewhere.

2. The Government of India have accordingly decided that, with effect from the year 1912 and until further orders, the following days shall ordinarily be observed as additional Post Office holidays :—

For all Circles except Madras and Burma.

(1) Id-uz-zuha.

(2) Holi or Doljatra.

(3) Janmastami or Gokul Ashtami (Baisakhi in the Punjab Circle).

(4) Id-ul-Fitr or Ramzan.

(5) Dasehra or one day of the Pujas.

(6) Divali or Kali Puja.

For Madras.

(1) Pongul.

(2) Mahasivarathri (or Telugu New Year).

(3) Avani Avittam (or Tamil New Year).

(4) Ayuda Puja.

(5) Id-ul-Fitr or Ramzan.

(6) Dipavali.

For Burma.

(1) Burmese New Year.

(2) Beginning of Buddhist Lent.

(3) End of Buddhist Lent.

(4) Tazaundaing.

If any of these festivals falls on a day which is already a Post Office holiday, or which is otherwise inconvenient, another date will be selected. The dates to be selected will be notified before the beginning of the year in all post offices and in the Post Office Guide.

3. In the current year two additional post office holidays will be observed in the Burma Circle and three in all other Circles, on the following festivals :—

For Burma.

(1) Beginning of Buddhist Lent.

(2) End of Buddhist Lent.

For all Circles except Burma.

(1) Janmastami or Gokul Ashtami.

(Avani Avittam in the Madras Circle).

(2) Id-ul-Fitr or Ramzan.

(3) Dipavali or Kali Puja.

ORDERED that a copy of this Resolution be forwarded to all Local Governments and Administrations, to all Chambers of Commerce and Trades Associations, to all Departments of the Government of India, and to the Heads of Departments subordinate to the Department of Commerce and Industry.

ORDERED, also, that a copy be published in the *Gazette of India*.

(a) Figures for the week ending 23rd June 1911.

I. PORTER,

Secretary to the Government of India.

GOVERNMENT OF INDIA.

DEPARTMENT OF REVENUE AND AGRICULTURE.

Rainfall summary for the seven days ending at 8 hrs. on Thursday, the 29th June 1911, based on the Indian Daily Weather Reports of the period.

1. The depression which had previously been giving fairly heavy rain in northeast India practically disappeared on the 22nd without further movement. Throughout the week the Arabian Sea monsoon continued feeble, and rainfall on the west coast scanty. The Bay current gave fairly general rainfall over Burma and northeast India during the first few days, but was somewhat weak from the 24th. The previous unfavourable conditions in the south Indian Ocean continued, and pressure distribution in India remained throughout the seven days adverse to a renewal of monsoon activity. At the end of the week it appeared probable that no general or widespread rainfall was likely to occur for the following ten or twelve days.

2. Temperature was above normal in the eastern districts of the Peninsula throughout the week. It was high in the northern parts of northwest India until the 23rd, but subsequently fell and remained in marked defect in the extreme northwest from the 25th. In northeast India on the other hand the weather was considerably cooler than usual until the 24th, but temperature subsequently rose and by the 28th had become markedly above normal in the regions between Rajputana and Assam.

3. *Burma.*—Rainfall was nearly general at the beginning of the week, but later became local and somewhat light.

Northeast India, including Orissa.—On the 23rd and 24th rainfall spread over the whole division: it continued nearly general in Eastern Bengal and Assam and in Bengal until the 27th, but on the remaining two days it diminished largely.

The United Provinces, Central India and the Central Provinces.—A few falls occurred in the United Provinces chiefly owing to thunderstorms.

Northwest India.—Many stations in the west Himalayas and the adjacent submontane districts reported rain on the 25th: on other days a few falls occurred over the same area.

The Peninsula.—Only light rain fell on the west coast, and elsewhere falls were few.

4. The most important falls of rain reported were as follows:—

June 22nd. Victoria Point 2·56", Mergui 2·00", Tavoy 2·81", Moulmein 5·60", Kyaukpyu 2·26", Akyab 2·32", Myitkyina 3·25", Cherrapunji 3·09", Chittagong 1·73", Sambalpur 2·02", Patna 2·02", Dehra Dun 1·84" and Chakrata 1·38".

" 23rd. Victoria Point 2·26", Kyaukpyu 2·52", Akyab 2·49", Cherrapunji 4·93", Chittagong 1·83", Jalpaiguri 4·40", Darjiling 2·28", Sambalpur 2·08", Ranchi 2·13", Hazaribagh 9·81", Purnea 3·32" and Gorakhpur 1·67".

" 24th. Kyaukpyu 3·30", Akyab 3·48", Sibsagar 1·71", Cherrapunji 3·67", Darjiling 2·94", Hazaribagh 1·70", Purnea 1·92", Darbhanga 2·30", Patna 3·54", Naya Dumka 3·48", Gulmarg 1·76", Murree 1·42", Trivandrum 1·91" and Cochin 1·72".

" 25th. Diamond Island 1·43", Cherrapunji 3·53", Barisal 1·17", Khushab 1·01", Ludhiana 0·53" and Sialkot 0·61".

" 26th. Diamond Island 1·10", Kyaukpyu 1·14", Cherrapunji 4·07" and Barisal 2·58".

" 27th. Moulmein 1·66", Dibrugarh 2·84", Dhubri 1·12", Cherrapunji 6·07", Ratnagiri 1·23", Aurangabad 1·18" and Tinnevelly 1·15".

" 28th. Moulmein 3·66", Myitkyina 3·10", Cherrapunji 27·24" and Narayanganj 1·54".

5. Rainfall during the week was below normal in most parts, the defect being specially marked in the Bay Islands, Upper Burma, Bengal, the United Provinces, the Punjab East and North, the central parts of the country and the Peninsula; only in Chota Nagpur and Bihar was there a marked excess. During the period 28th April to 29th June the total precipitation was largely above normal in Chota Nagpur, in moderate excess in Eastern Bengal, Bihar, the Punjab southwest and the Central Provinces East, and in marked defect in the United Provinces, Hyderabad South and Kashmir.

GOVERNMENT OF INDIA.

DEPARTMENT OF REVENUE AND AGRICULTURE.

Season and Crop Prospects for the week ending Saturday, 24th June 1911.

Burma.—The rainfall was heavy on the Arakan coast and in parts of the delta, light in most of the dry zone districts and moderate elsewhere. Ploughing and sowing for the winter rice crop in Lower Burma and sowing of sesamum, cotton, groundnut and the autumn and winter rice crops in Upper Burma are progressing normally. The price of unhusked rice remains high.

Eastern Bengal and Assam.—Heavy rain has fallen throughout the Province. At many places in Eastern Bengal and the Surma Valley some damage has been done by floods to jute and *aus* rice crops on low land. Cutting of jute has commenced on a small scale. Harvesting of early *aus* rice continues. Preparation for transplanting of winter rice is in active progress. The average price of common rice has risen by 1 per cent since last week. Cattle disease prevails in Mymensingh, Cachar, Goalpara, Darrang, Sibsagar and the Naga Hills.

Bengal.—Rain was general all over the Province. The fall was very heavy in Angul, Sambalpur, Cuttack, Cooch Behar, Darjeeling and in the districts of Bihar and Chota Nagpur except Singhbhum. It was light in Balasore and generally moderate in the remaining districts. Transplantation of paddy has commenced in some districts. Sowings and other agricultural operations have been temporarily retarded owing to the heavy rainfall in Bhagalpur, Purnea, the Sonthal Parganas, Angul and Hazaribagh. Some damage has also been done by floods to paddy seedlings and other standing crops in parts of Burdwan, Murshidabad, Shahabad, Cuttack and Angul. The price of common rice has risen in Midnapore, Murshidabad, Khulna, Patna, Gaya, Champaran, Purnea and the Sonthal Parganas and has fallen in Jessore, Cuttack, Hazaribagh, Ranchi and Palamau. Cattle disease is reported from Midnapore, Murshidabad, Patna, Champaran, Darbhanga, the Sonthal Parganas, Angul, Sambalpur, Hazaribagh, Ranchi and Manbhum. Some loss of cattle by floods and insufficiency of fodder is reported from parts of Murshidabad. The supply of water is sufficient throughout the Province.

United Provinces.—Good rain fell in the Himalayan and eastern districts. Elsewhere the rainfall was generally light. Preparation and sowing of fields are in full swing and prospects so far are good. Cattle disease is reported in ten districts but the general condition of stock is satisfactory. Fodder and supplies are ample. Export of grain and oilseeds continues. Prices have fallen in two and have risen in six districts. Elsewhere prices remain practically stationary.

Punjab.—Light to moderate rain has fallen in all districts except Ferozepore. Wheat is being harvested in Shahpur and extra spring crops in Hissar. Sowings of autumn crops continue. The condition of standing crops is good. Prices have risen slightly in some districts. Cattle are generally in good condition. Fodder is sufficient.

North-West Frontier Province.—Rain fell throughout the Province varying from 2 cents in Marwat to 72 cents in Swabi. The condition of standing crops on irrigated areas is fair and on unirrigated areas is average. Some damage has been done to garden produce by strong winds in the Peshawar tahsil. The public health is good. There is no disease among cattle. The Kurram river is in flood. Irrigation from the Paharpur canal continues. The fodder and water supply is sufficient except that drinking water is reported to be scarce in certain villages of Dera Ismail Khan. Prices are rising slightly. Prices:—Wheat $14\frac{15}{16}$ to $21\frac{1}{4}$, maize $15\frac{15}{16}$ to $29\frac{11}{32}$, gram $18\frac{7}{8}$ to 34 and *bajra* $22\frac{5}{16}$ to $28\frac{1}{8}$ seers per rupee.

Jammu.—Slight rain fell during the week. Prices are fluctuating. Wheat sells from 11 to 19 and maize from 15 to 30 seers per rupee. The condition of standing crops is fair. Cattle disease of mild type prevails in the Udhampur and Basohli tahsils of the Province. Fodder is sufficient.

Kashmir.—Sowing of crops has been finished in time. Spring crops are below the average. Prices are unchanged except for a slight increase in the price of maize. Slight rain fell during the week which proved beneficial to crops. There is no disease among cattle. Fodder is insufficient.

Rajputana.—The rainfall in cents was :—Bikaner 27, Jaipur 76, Alwar 37, Dholpur 97 and Ajmer 80. There was slight rain in Bharatpur and Karauli in the latter of which agricultural operations have been retarded for want of rain. There was general rain in Jaipur. Ploughing and sowing are in progress. Cattle disease continues in Banswara. Fodder is sufficient. Prices have risen by 1 seer each in Marwar and Dungarpur, by 1½ seers in Mewar, by ½ seer in Jaipur, 1 seer 7 chataks in Alwar and slightly in Dholpur. They have fallen by 2 seers in Partabgarh, by 1 seer in Kishengarh, 1½ seers in Shahpura, by 5 chataks each in Bundi and Karauli and are steady elsewhere.

Central India.—The rainfall was *nil* in Malwa, partial and insufficient in Gwalior, Indore and Bhopal, and fairly general elsewhere. More rain is urgently needed to save the early sowings from withering and to complete later sowings which are temporarily suspended owing to the prolonged break. The weather is steadily getting hotter and drier. Land is under preparation for autumn crops. The early rains have brought up the crops. There is a plentiful supply of grass but it is showing signs of withering from drought. Cattle disease prevails in parts of Gwalior, Baghelkhand and Bhopawar. Prices are normal in Bhopal, continue high in Baghelkhand and are steady elsewhere.

Central Provinces.—Moderate rain fell during the week in the northern districts. The falls measuring in inches were :—Jubbulpore 3, Saugor, Mandla and Narsinghpur each 2, and Damoh 1. Light falls were received in Seoni, Hoshangabad, Chhindwara, Balaghat, Raipur and Bilaspur not exceeding 80 cents and the remaining districts had a sprinkling except the Nimar, Chanda and Berar districts. More rain is required now in most districts. Fodder and water are sufficient. Agricultural stock is in good condition. Prices :—Gram rose by 3 seers per rupee in Chhindwara and Balaghat and *juar* by 3 and 4 seers in Yeotmal and Betul, respectively. Fluctuations are slight elsewhere.

Feudatory States.—During the week rain fell all over the States measuring from 1 inch in Chhuikhadan to 8 inches in Jashpur. Ploughing of land and sowing of autumn crops continue. Fodder and water are ample. Prices :—Rice fell by 4 seers in Sirguja.

Bombay.—Good rain fell during the week in parts of Ratnagiri and Savantvadi, moderate in Thar and Parkar, Kanara, Kathiawar and Kolhapur and slight in Broach, Surat, Thana, Colaba, the Deccan, Bijapur, Dharwar, Baroda and Rewa Kantha. More rain is needed in parts of Karachi, Sukkur, Thar and Parkar, Ahmedabad, the Panch Mahals, the Konkan, the Deccan, Bijapur, Palanpur and Rewa Kantha. Seedlings are in good condition. Preparation of lands for autumn cultivation is progressing in parts. Sowing continues generally but is retarded for want of rain in parts of Khandesh, Nasik, Ahmednagar, Poona, Bijapur and Rewa Kantha. Transplantation continues in Karachi, Sukkur, Larkana, Hyderabad and Kanara. The fodder supply is adequate. Agricultural stock is generally in good condition but is deficient in parts of the Deccan. Water for drinking and irrigation is generally adequate. Grain stocks are sufficient. Prices have risen in Surat, Kanara, East Khandesh and Bijapur, and are stationary elsewhere. The quantity purchasable per rupee is in Sind 3 to 33 per cent, in Gujarat 2 to 30 per cent, in the Konkan 13 to 27 per cent, in the Deccan 11 to 34 per cent and in the Karnatak 29 to 33 per cent less than the normal.

Hyderabad.—The rainfall was good in the Warangal division, fair in parts of the Nizamabad and Nalgonda districts and light to *nil* in other parts of the Dominions. The highest falls recorded were :—2 inches 72 cents in Huzurnagar, 2 inches 50 cents and inches 30 cents respectively in the Paloncha and Mulug talukas and 2 inches 11 cents in Sirsilla. The average for the Dominions was 40 cents. Lands are being prepared for autumn crops and sowing is in progress except in parts. Lands are under preparation for early rice. Cattle disease and fodder scarcity prevails in three talukas. Prices :—wheat 8½, coarse rice 7½ and *juar* 14½ seers per rupee. White *juar* is selling at 12 seers in Hyderabad City. The highest price in the districts is 9 seers in Warangal and the lowest 24 seers in Mahbubnagar.

Mysore.—The rainfall was good in Hassan, Kadur and Shimoga and slight elsewhere. Prices of food grains are generally steady. Markets are well supplied. Ploughing and sowing operations are in progress. Prospects of the season are good. Cattle are generally healthy. Water and fodder are available.

Coorg.—Rainfall 5 inches 97 cents. Ploughing for rice continues. Prices of food grains have risen slightly. The public health is fair. Water and fodder are ample.

Madras.—The rainfall was very heavy in Malabar, South Canara and the Nilgiris, heavy in the Vizagapatam Agency, good in Godavari, Ganjam and Kistna, *nil* in Nellore, North Arcot, Salem and Trichinopoly and light to fair elsewhere. Irrigation supplies are sufficient in Vizagapatam, Godavari, Guntur, Cuddapah, Coimbatore, Malabar, South Canara and the Nilgiris and insufficient in parts of other districts. Ploughing, sowing, manuring, weeding and transplanting are in progress in parts. Standing crops are fair to good but coffee in parts of the Nilgiris is affected by bug. Harvests continue except in the Circars, Ramnad, Tinnevelly and the West Coast with outturn fair to normal generally. Pasture is sufficient in Ganjam, Vizagapatam, Madras, Salem, Tanjore, Madura, Malabar, South Canara and the Nilgiris. Fodder is available except in parts of Godavari, Kistna and Madura. The condition of cattle is generally good. The price of rice is stationary in thirteen districts, has fallen in one and has risen in eleven. The prices of millets have fluctuated as follows:—*Ragi* is stationary in eleven districts, has fallen in six and has risen in six. *Cholam* is stationary in six districts, has fallen in six and has risen in three. *Cumbu* is stationary in seven districts, has fallen in seven and has risen in three. The public health is generally good. Prospects are generally fair. The condition of the labouring classes is satisfactory and employment is available. Grain stocks are generally sufficient.

GOVERNMENT OF INDIA.

DEPARTMENT OF REVENUE AND AGRICULTURE.

FORESTS.

Simla, the 23rd June 1911.

RESOLUTION.

The Provincial Forest Service was constituted in 1891 and its present organization is detailed in circular Resolution No 18-F , dated the 29th July 1891, under which the pay of the Lower Controlling Staff (Extra Assistant Conservators) was fixed at Rs. 200 rising to Rs. 350 and that of the Upper Controlling Staff (Extra Deputy Conservators) at Rs. 450 rising to Rs. 600, promotion being regulated by grades.

2. The Government of India have now obtained the sanction of the Secretary of State to the following arrangements for the revision of the emoluments of Extra Assistant and Extra Deputy Conservators :—

(*i*) *Extra Assistant Conservators*—

(*a*) An officer appointed direct to the Provincial Forest Service will, on permanent appointment to that service, receive a pay of Rs. 250 a month, and his pay will thereafter rise automatically by annual increments of Rs. 20 a month until it reaches Rs. 550 a month after 15 years' service from the date of permanent appointment to the Provincial Forest Service.

(*b*) An officer promoted from the Subordinate branch of the Forest Service to the Provincial branch will, on appointment to the latter branch—whether permanent or officiating—receive a pay, or salary as the case may be, of Rs. 250 a month. His pay or salary will thereafter rise automatically by annual increments of Rs. 20 a month until it reaches Rs. 550 a month, ordinarily after 15 years' service in the Provincial branch. Such an officer will count all periods of temporary or officiating service as Extra Assistant Conservators towards increments, whether such service has been continuous or for broken periods.

(*c*) After an officer has attained a pay of Rs. 550 a month, he will not be entitled to any further increment of pay unless he is considered by the Local Government to be fit for a major charge. He will then be eligible for promotion to the Upper Controlling Staff as Extra Deputy Conservator; but such promotion to the Upper Controlling Staff will depend upon the occurrence of permanent vacancies in that staff on the fixed scale of each province. An Extra Assistant Conservator, who has served for not less than 3 years on Rs. 550 a month, and who is considered by the Local Government to be fit for a charge of major control but for whom no vacancy exists in the Upper Controlling Staff, may, however, be given a personal allowance of Rs. 50 a month ; and in the case of officers whom the Local Government considers fit for further increase of pay, this allowance may be augmented to Rs. 100 a month on the expiry of a further period of 4 years, and to Rs. 150 a month on the expiry of a second period of 4 years.

(*d*) At present local allowances of Rs. 50 a month are admissible to Extra Assistant Conservators placed in charge of forest divisions. But the number of Forest officers to whom the allowance may be given is limited to 2 in the Madras Presidency, 2 in the Bombay Presidency and 4 in the rest of India. In future any Extra Assistant Conservator temporarily placed in a major charge will receive a local allowance of Rs. 50 per mensem, but no officiating allowances of of any kind will be given.

Section 24 (*c*), Indian Forest Code; Section 23, Madras Code; Section 31 (*d*), Bombay Standing Orders of the Forest Department.

Note.—The local allowance may be drawn in addition to any personal allowance granted under clause (*i*) (*c*) of this paragraph.

(*ii*) *Extra Deputy Conservators*—

No officer may be promoted to the rank of Extra Deputy Conservator unless the Local Government considers him fit to hold a major charge; and, except for special reasons, an Extra Deputy Conservator should be actually placed in a charge classed as major. Ordinarily a vacancy in the Upper Controlling Staff will be filled by selection from among the Extra Assistant Conservators receiving a pay of not less than Rs. 550 a month, or, in other words, from among men who have more than 15 years' service in the Provincial branch; but a Local Government will be at liberty, in making its selection, to promote to such a vacancy an officer of less than 15 years' service. On promotion to the Upper Controlling Staff as Extra Deputy Conservator, an officer will draw pay at the rate of Rs. 575 a month and will receive an annual increment of Rs. 25 a month until he draws Rs. 650 per mensem. After one year's service on this pay the Local Government may, by special order in each case, promote an officer to a pay of Rs. 700 a month for a period of three years, and again to a pay of Rs. 800 a month for a further period of 3 years, and may then promote him to a pay of Rs. 850 a month until the close of his service; but promotion to the pay of Rs. 700, Rs. 800 and Rs. 850 a month should only be made when the Local Government is satisfied at each step that the individual officer is thoroughly deserving of such promotion.

Note.—An officer who, at the time of his promotion to the Upper Controlling Staff, was in receipt of a personal allowance under clause (*i*) (*c*) of this paragraph will retain such allowance only to the extent necessary to ensure that no reduction in his pay *plus* personal allowance shall result from his promotion.

(*iii*) *General*—

(*a*) Increments will in all cases be liable to stoppage by the Local Government for unsatisfactory work or conduct.

(*b*) The existing special and local allowances, other than those mentioned in clause (*i*) (*d*) of this paragraph, admissible under the Forest Department Code and the Madras Code, or under the orders in force in Bombay, will not be affected by these orders, as they are granted to meet special conditions which remain unaltered.

(*iv*) *Special provision for existing officers*—

Existing officers of the Provincial service should be brought on to the new scale of pay in the manner indicated below—

(*a*) All officers will come on to the new scale from the date of its introduction, but, should this result in the diminution of the existing pay or salary of any individual officer, he will retain the pay or salary he would receive under the present rules until he becomes entitled to a higher rate under the new scheme.

(*b*) On coming on to the new scale each officer will receive the pay to which he would have been entitled had he been throughout his service on the new scale, subject to the following qualifications :—

(*i*) If the Local Government is dissatisfied with the work or conduct of any officer, it may prescribe a lower stage at which he shall enter the new scale.

(*ii*) No Extra Assistant Conservator shall be promoted to be Extra Deputy Conservator under the new scale unless the Local Government considers him qualified to hold a major charge permanently, and a vacancy in the sanctioned cadre actually exists. If so promoted, his pay will be regulated under clause (*ii*) of this paragraph.

(*iii*) Officers who are already Extra Deputy Conservators will be brought on to the new scale as Extra Deputy Conservators, and draw pay according to the length of time which has elapsed since they were first permanently appointed Extra Deputy Conservators, provided they are considered fit to hold major charge; and that vacancies in the sanctioned cadres actually exist, provided also that they will not draw more than Rs. 650 a month unless the Local Government considers them fit for the higher rates of pay. If these conditions are not satisfied, the existing permanent Extra Deputy Conservators will receive Rs. 550 or their existing pay whichever is greater.

3. The new arrangements will be introduced from such date not earlier than the 1st March 1911, as the Local Government may in each instance determine.

ORDERED, that a copy of the above Resolution be forwarded, for information and guidance, to the Local Governments and Administrations noted in the margin, the Inspector-General of Forests, and the Comptroller, India Treasuries.

GAZETTE OF INDIA.

NOTICE.

The 22nd March 1911.

From the 8th April next till further notice, Parts I, IV, V and VI of the *Gazette of India* and the Weather and Crop Report will be published at Simla. After the 1st April all notifications and other matter intended for publication in those Parts should be addressed to the Officiating Publisher at Simla.

Attention is invited to the following Circular Memorandum of the Government of India, Home Department, of August 1901 :—

" It has been brought to the notice of this Department that matter for the *Gazette of India* is sometimes sent to the Press late on Friday evenings for publication in the next day's *Gazette*, and that this involves considerable inconvenience to the Press and expense to Government. In the Circular Memorandum of this Department, No. 777—79, dated 9th February 1870, the Government of India directed that all notifications or other matter intended for insertion in the *Gazette of India* should be delivered at the Press not later than 2 P.M. on Friday, and that any papers sent thereafter must be certified to be extremely urgent in order to ensure their appearance in the next day's *Gazette*. The undersigned is directed to request that these orders may be more strictly observed in future, and that Departments will refrain from sending to the Press as extremely urgent any papers which can without harm or inconvenience be held over for the next *Gazette*."

J. P. HEWETT,
Secretary to the Government of India.

NOTIFICATION.

The 6th June 1911.

No. 1806-*L A*.—The following is published for general information.

J. G. CUMMING,
Secretary to the Government of Bengal.

Articles of Agreement made this 29th day of May one thousand nine hundred and eleven between the Calcutta Steam Navigation Company Limited a company incorporated under the Indian Companies Act No. VI of 1882 having its registered office at No. 38 Strand Road in the town of Calcutta hereinafter called the Company of the one part and the Secretary of State for India in Council hereinafter called the Secretary of State of the other part whereas the Company has applied to the Government of Bengal to acquire on behalf of the Company under the provisions of Act I of 1894 of the Governor-General of India in Council (hereinafter referred to as "the said Act") the land described and delineated in the Schedule and plan hereto annexed and situate and being at mauza Bally in district Hooghly pargana Boro sub-registry and Registry Howrah thana Baly for the construction of a workshop and repairing yard of the Company wherein the steamers in the service of the Company are to be fitted and repaired and Whereas the Government of Bengal being satisfied by an enquiry held under its order pursuant to section 40 of the said Act that the said acquisition is needed for the construction of the said works and that such works are likely to prove useful to the public has consented to the said acquisition pursuant to the provisions of the said Act and has required the Company under the section 41 of the said Act to enter into the Agreement hereinafter contained now these presents witness that it is hereby agreed and declared as follows —

The Company shall and will pay and reimburse to Government within such time as may be fixed and notified to the Company by the Collector the entire cost of acquiring the said land in accordance with the provisions of the said Act including all compensation, damages and expenses which may have been or may be paid or incurred in respect of or on account of such acquisition, and all law cost which have been or may be incurred by Government upon or in respect of or incidental to the said acquisition, including the costs and expenses of any litigation arising thereout either in the original or appellate courts and also the cost of the establishment and the salary of the officer or officers of Government employed or to be employed by Government in connection with or for the purposes of such acquisition

2. Upon such payment by the Company the Secretary of State shall execute and do all such acts deeds matters and things as may be necessary or proper for effectually vesting the said land in the Company subject to the conditions hereinafter contained.

3. The Company shall construct upon the said land one or more permanent sheds godowns or other necessary erections or excavate necessary ditches or trenches on the said plot of land for such workshop and repairing yard as aforesaid and the Company shall use the said land and hereditaments for no other purpose and shall not assign, transfer or part with the possession thereof or of any part thereof without the previous consent in writing of the Secretary of State or his officer duly authorised in that behalf first had or obtained.

4 That the said workshop and repairing yard shall be completed and fit for use within one year from the date when the said land and premises are transferred to the Company and that the Company so long as they shall use the buildings and erections to be so erected and the trenches and ditches to be so excavated as aforesaid as much workshop and repairing yard as aforesaid shall be bound to maintain and keep the said building or buildings or erections trenches or ditches in proper repair and condition.

5 That the public subject to the provisions of the Acts and bye-laws regulating the Company and the rules framed and to be framed by the Company from time to time shall

be entitled to the use of the steamers in the service of the Company to be repaired and fitted in the workshop and repairing yard so to be constructed as aforesaid.

6. The Company shall at any time permit the Local Government or any officer, deputed by the Government in that behalf, to inspect all works of the Company upon the said land, whether in the course of construction or otherwise and shall furnish to the Local Government, from time to time, on demand correct statements of the money expended by the Company in the construction of the works of the Company upon the said land.

7. In case the Company shall not erect upon the said land the works referred to in clause 3 hereof, within the period mentioned in clause 4, then it shall be lawful for the Local Government at any time within six calendar months after the expiry of the said period, to enter upon and to take possession of the said land or any part therof, and the said land shall *ipso facto* vest in the Secretary of State upon the following terms :—

(1) The Secretary of State shall forthwith pay to the Company a sum equal to the amount of compensation awarded under the provisions of the Land Acquisition Act and paid by the Company for such acquisition, including the amount awarded under section 23 (2) of the said Act.

(2) The Company shall be at liberty, within 12 calendar months after the said land shall have become so vested in the Secretary of State, or within such time as the Local Government shall consider reasonable and shall prescribe, to enter upon the said land and pull down, remove and carry away all or any buildings, works and other property belonging to the Company and standing and being upon the said land, at the cost of the Company. Provided, that any property of the Company which may remain on the said land after the expiry of the said period may be sold by the Local Government either by public auction or otherwise as the Local Government shall think fit and the proceeds of such sale, after deduction of the expenses of and incidental to the sale, shall be paid by the Local Government to the Company.

8. If at any time or times, any part or parts of the said land, not directly utilised by the Company for the purposes of the manufactory, shall be considered necessary to be possessed by the Government for the revenue administration or for the purposes of the public safety, health or necessity (of which the Local Government shall be the sole judge), the Company shall transfer the said part or parts of the land to the Secretary of State; and the Secretary of State shall pay to the Company a sum equal to the amount of compensation awarded for the said part or parts of land upon the acquisition thereof for the Company including the amount awarded in respect of the same under section 23 (2) of the said Act.

In witness whereof the Company has hereunto set its common seal and the said Secretary of State has through the hand of one of his Principal officers hereunto set his hand.

FINANCE DEPARTMENT.

NOTIFICATION.

ACCOUNTS AND FINANCE,
PUBLIC DEBT.

No. 1095 F.

THREE-AND-A-HALF PER CENT. LOAN.

His Excellency the Right Honourable the Governor General in Council has resolved to borrow two hundred lakhs of rupees for the public service in the following manner :

2. Promissory Notes will be issued for the said amount in the Form annexed to this Notification, being the form of the notes of *the Three-and-a half Per Cent. Loan of 1900-01*, of which loan the notes to be now issued will form a part. All the conditions which apply to notes of *the Three-and-a-half Per Cent. Loan of 1900-01*, will apply to the notes to be now issued The interest on the notes of that loan is payable half-yearly on the 30th day of June and the 31st day of December.

Tenders.

3. Tenders for the whole or any part of the said amount of Rs. 2,00,00,000 will be received by the Comptroller General from this date to noon, standard time,* of Wednesday, the 19th July 1911. Tenders must be for sums of 100 Rupees or multiples of that sum.

4. Each tender must be addressed, in the form annexed to this Notification, to the Comptroller General, Calcutta, and enclosed in a closed cover, superscribed "*Tender for the Three-and-a-half Per Cent. Loan.*" If the tenderer is not resident in India, he must name an agent resident in India to

* Noon, standard time, corresponds to 12-24 P.M., Calcutta time.

whom an allotment-certificate may be issued, if any part of the loan is allotted to such tenderer.

NOTE (1)—Tenders made in accordance with these instructions will also be received by the Accountants General at Madras, Bombay and Rangoon on account of the Comptroller-General, Calcutta, on the 18th July and up to noon, standard time,* on the 19th July; provided that—

(a) they are delivered personally or by clerk or messenger at the Accountant General's Office (where a receipt will be given for them);

(b) they are made on printed forms, to be obtained at the same office or at the local Presidency Bank;

(c) each tender is for not less than Rs 10,000;

(d) the deposit is either a promissory note or a Treasury Receipt from the local office of the Presidency Bank, or a cheque on a local Bank in favour of the Accountant General;

(e) the amount of the tender is made payable at the place of tender, *viz.*, Madras, Bombay or Rangoon (as the case may be) or in Calcutta,

and the Accountant General will return deposits on non-accepted tenders and will issue allotment-certificates so far as the tenders are payable in Madras, Bombay or Rangoon.

5. The rate at which each tender is made must be specified in rupees or rupees and annas: a tender in which no rate is thus specified, but a subscription is offered in some other terms—as, for example, at the recorded minimum, or at some specified percentage in addition to the recorded minimum, or at the average of the accepted tenders—will be rejected as null and void.

6. The rate at which a tender is made must not contain a fraction of an anna: if a rate containing a fraction of an anna is inserted in any tender, such fraction will be struck out and the tender treated as if the rate did not contain such fraction of an anna.

Deposits.

7. Each tender must be accompanied by a deposit of not less than one-hundredth or, if the tender be for less than Five Lakhs of Rupees, then for not less than one-fiftieth part of the tender. The deposit must be in one of the following forms: (*a*) a receipt for the amount from the Head Office of the Bank of Bengal, or Madras, or Bombay, or one of their Branches, or from an officer in charge of some Public Treasury, or (*b*) a cheque drawn in favour of the Comptroller General on a Bank in Calcutta, Madras, Bombay or Rangoon, or (*c*) Government Promissory Notes[1] standing in the name of, or endorsed to, the tenderer or the person making the deposit.

[1] *It is particularly requested that such Promissory Notes may NOT be endorsed to the Comptroller General.*

8. (*a*) Deposits, not being promissory notes, will, in the case of accepted tenders, be credited proportionately in part payment of the allotment-certificates issued in respect of the tender, and will bear interest for the purpose of clause 16 below from the date of the opening of tenders. When a tender is not accepted in full, the deposits, when they are not in the form of promissory notes, will be credited as far as possible proportionately in part payment of the allotment-certificates issued in respect of it. If any allotment-certificate is not fully taken up, the deposit credited in respect of it will be forfeited.

(*b*) Promissory notes deposited in respect of any accepted tender will be held until all the allotment-certificates issued in respect of the tender are paid up, and will, if the allotment-certificates are not fully taken up, be appropriated by the Government and cancelled.

Opening of Tenders.

9. The minimum rate at which tenders will be accepted will be recorded under the signature of the Comptroller General, and, before the tenders are opened, placed upon the table in a sealed envelope, but will not be declared unless some tender is rejected only because it is below the recorded minimum.

10. Tenders will be opened publicly by the Comptroller General at the Treasury Buildings, Calcutta, at noon, standard time,* on Wednesday, the 19th July next, and those received under the terms of note (1) to clause 4 will be similarly opened by the Accountants General at Madras, Bombay and

* Noon, standard time, corresponds to 12-24 P.M., Calcutta time.

Rangoon, at noon, standard time,* on the same day; but the contents of the tenders will not be disclosed otherwise than as provided in clause 12.

11. Tenders at rates not below the minimum rate will be accepted in the order of the rates tendered, beginning with the highest rate. The amount allotted at the lowest rate at which tenders are accepted will be divided amongst those who have tendered at this rate in proportion, as nearly as may be found convenient, to the amounts of their tenders; provided that no allotment will be issued if the amount distributable on any tender is less than Rs. 100 : preference will however be given to small tenders, not exceeding Rs. 2,000, at the lowest accepted rate, such tenders receiving allotments in full as far as possible.

Allotment-Certificates.

12. To each tenderer (or to his agent) whose tender is accepted in whole or in part, such number of allotment-certificates as may be necessary to make up the aggregate amount allotted to him will be issued by the Comptroller General[1] as soon as possible after the 19th July and an alphabetical list of the names of those to whom such allotment-certificates are issued will be posted for general information at the Head Offices of the Banks of Bengal, Madras and Bombay, and at the Branch Office of the Bank of Bengal at Rangoon.

[1] For tenders received by the Accountant General at Madras, Bombay or Rangoon, and payable at those places, the Accountant General will issue the allotment-certificates.

13. If the allotment made on any tender is less than Rs. 3,000, then the whole of the allotment-certificates [after credit of the deposit under clause 8 (a)] will be made payable upon the 4th September.

Otherwise, the whole amount of each allotment will be divided into two instalments as follows :—

Instalment I.—As near as convenient to 50 per cent., but not less than 50 per cent., payable upon the 7th August.

Instalment II.—The balance payable upon the 4th September

and allotment-certificates will be issued for each instalment separately.

But the whole or any part of any accepted tender may be paid at any time after receipt of the allotment-certificates.

The words "as near as convenient" refer to the necessity for making each instalment an exact multiple of Rs. 100.

14. Any allotment-certificates will, on application to the Comptroller General, be exchanged for an equivalent amount of allotment-certificates of smaller denominations; provided that if any payment (beyond the deposit) is recorded upon the cancelled certificate, it can be taken against, and recorded upon, only one of the certificates issued in exchange.

15. Payment of any allotment-certificate may be made to the account of the Government in the Head Office of the Bank of Bengal, or Madras, or Bombay, or in any Branch of these Banks or into any Public Treasury or Treasuries in India which may be named in the tender in respect of which it was issued. Receipts for such payments will be given by the Banks of Bengal, Madras, and Bombay, or their Branches, or by the officers in charge of the Government Treasuries at which payment is made, by enfacement upon the relative certificate.

Issue of Promissory Notes.

16. (a) When any allotment-certificate is fully paid up, the holder will, on presenting it duly receipted at the place where it was paid, obtain from the Public Debt Office, Calcutta, promissory notes of such values as he may desire (each note being in even hundreds and not less than Rs. 100) bearing interest from the 31st December 1911, and he will also receive interest at 3½ per cent. per annum from the dates on which he may have made payment till the 30th December 1911.

* Noon, standard time, corresponds to 12-24 P.M., Calcutta time

(*b*) Or he may, at his option, by paying interest at the said rate from the 30th June 1911 to the dates on which he may have made payment, obtain promissory notes as above, bearing interest from the 30th June 1911.

FORM OF PROMISSORY NOTE (see Clause 2).

Fort William, the .

Promissory Note No. *Government Rupees* *at 3½ per cent. of 1900-01.*

The Governor General of India in Council does hereby acknowledge to have received from the sum of Government Rupees One Hundred only as a loan to the Secretary of State in Council for India, and does hereby promise, for and on behalf of the said Secretary of State in Council, to repay the said loan by paying the said sum of Government Rupees One Hundred only to the said , his Executors, or Administrators, or his or their Order, on demand, at the General Treasury, at Fort William, after the expiration of Three Months' Notice of Payment, to be given by the Governor General of India in Council, in the *Government Gazette*, and to pay the interest accruing on the said sum of Government Rupees One Hundred only from the at the rate of three-and-a-half per cent. per annum, by half-yearly payments, at the General Treasury, at Fort William, to the said , his Executors, or Administrators, or his or their Order, until the expiration of three months after such notice of payment as aforesaid, when the amount of interest due will be payable with the principal, and (such notice being considered as equivalent to a tender of payment at the period appointed for the discharge of this Note) all further interest shall cease.

The Governor General in Council hereby further engages that Notice of Payment as aforesaid shall not be given before the Thirtieth day of September 1920, and that this Note shall not be discharged before the Thirty-first day of December 1920.

FORM OF TENDER (see Clause 4).

The Comptroller General requests the attention of tenderers to the following arrangements :—

Filling up Tenders.

(1) They are requested to use only the printed forms of tender, which will be available at his Office and at the Currency Office on application to the Darwan on duty, at all the Provincial Account Offices, and at the Banks of Bengal, Madras and Bombay, and will also be supplied to the Principal Treasuries.

(2) If the deposit is in the form of Promissory Notes or of Currency Notes, their number should be quoted in detail in the tender.

Presentation of Tenders.

(3) For all tenders presented to him in his office upon the last fixed day, or the two days preceding it, he will give the bearer a receipt bearing a number and initialled by himself or an assistant specially deputed for the purpose. The Accountants General at Madras, Bombay and Rangoon will do likewise in respect of tenders presented to them under note (1) to clause 4 of the Government Notification.

Return of Deposit in case of Non-acceptance.

(4) The reverse of this receipt is a form in which, in the event of the tender not being accepted, the tenderer may give to the Comptroller General or Accountant General a receipt for the deposit accompanying it. This form should, on the third day after the opening of the tenders, be filled up, signed with the same signature as the tender, and be presented at the Office of the Comptroller General or Accountant General. The deposit will then be returned to the bearer in exchange for the receipt.

(5) Deposits upon tenders presented personally, as described in No. (3) above, will be returned only in this way, and will not be sent by post or otherwise. Deposits upon other unsuccessful tenders will be returned by post or by the hands of a clerk.

Accepted Tenders.

(6) The Comptroller General and the Accountant General at Madras, Bombay or Rangoon (in the case of tenders received by such Accountant General and payable in Madras, Bombay or Rangoon), will issue allotment-certificates to successful tenderers. These certificates will be for the following amounts :—Rs. 100, Rs. 300, Rs. 500, Rs. 1,000, Rs. 2,000, Rs. 5,000, Rs. 10,000, Rs. 20,000, Rs. 50,000, Rs. 1,00,000, making up the full value accepted; and the deposit on the tender will be divided among them; they will be substantially of the following form :

This is to certify that, in accordance with the terms of Notification No. 4095-F., dated the 5th July 1911 (Gazette of India, Extraordinary, dated the 5th July 1911), the above-named tenderer has engaged to take up Rs. 2,000 of the 3½ Per Cent. Loan of 1900-01 at the rate above mentioned on or before ; and that on the said payment being completed, he is entitled on endorsing and delivering up this certificate to receive a promissory note or notes of the Government of India for Rs. 2,000 bearing interest from .

PUBLIC DEBT.

No. 4095-F.

THREE-AND-A-HALF PER CENT LOAN.

His Excellency the Right Honourable the Governor General in Council has resolved to borrow two hundred lakhs of rupees for the public service in the following manner :

2. Promissory Notes will be issued for the said amount in the Form annexed to this Notification, being the form of the notes of *the Three-and-a-half Per Cent Loan of 1900-01*, of which loan the notes to be now issued will form a part. All the conditions which apply to notes of *the Three-and-a-half Per Cent Loan of 1900-01*, will apply to the notes to be now issued. The interest on the notes of that loan is payable half-yearly on the 30th day of June and the 31st day of December.

Tenders.

3. Tenders for the whole or any part of the said amount of Rs. 2,00,00,000 will be received by the Comptroller General from this date to noon, standard time,* of Wednesday, the 19th July 1911. Tenders must be for sums of 100 Rupees or multiples of that sum.

4. Each tender must be addressed in the form annexed to this Notification, to the Comptroller General, Calcutta, and enclosed in a closed cover, superscribed "*Tender for the Three-and-a-half Per Cent Loan.*" If the tenderer is not

* Noon, standard time, corresponds to 12-24 P.M. Calcutta time.

resident in India, he must name an Agent resident in India, to whom an allotment-certificate may be issued, if any part of the loan is allotted to such tenderer.

NOTE (1).—Tenders made in accordance with these instructions will also be received by the Accountants General at Madras, Bombay and Rangoon on account of the Comptroller General, Calcutta, on the 18th July and up to noon, standard time,* on the 19th July provided that

(a) they are delivered personally or by clerk or messenger at the Accountant General's Office (where a receipt will be given for them);
(b) they are made on printed forms, to be obtained at the same office or at the local Presidency Bank;
(c) each tender is for not less than Rs. 10,000;
(d) the deposit is either a Promissory Note or a Treasury Receipt from the local office of the Presidency Bank, or a cheque on a local Bank in favour of the Accountant General;
(e) the amount of the tender is made payable at the place of tender, *viz.*, Madras, Bombay or Rangoon (as the case may be) or in Calcutta;

and the Accountant General will return deposits on non-accepted tenders and will issue allotment-certificates so far as the tenders are payable in Madras, Bombay or Rangoon.

5. The rate at which each tender is made must be specified in rupees or rupees and annas: a tender in which no rate is thus specified, but a subscription is offered in some other terms—as, for example, at the recorded minimum, or at some specified percentage in addition to the recorded minimum, or at the average of the accepted tenders—will be rejected as null and void.

6. The rate at which a tender is made must not contain a fraction of an anna: if a rate containing a fraction of an anna is inserted in any tender, such fraction will be struck out and the tender treated as if the rate did not contain such fraction of an anna.

Deposits.

7. Each tender must be accompanied by a deposit of not less than one-hundredth or, if the tender be for less than Five Lakhs of Rupees, then for not less than one-fiftieth part of the tender. The deposit must be in one of the following forms: (*a*) a receipt for the amount from the Head Office of the Bank of Bengal, or Madras, or Bombay or one of their Branches, or from an officer in charge of some Public Treasury, or (*b*) a cheque drawn in favour of the Comptroller General on a Bank in Calcutta, Madras, Bombay or Rangoon, or (*c*) Government Promissory Notes† standing in the name of, or endorsed to, the tenderer or the person making the deposit.

†*It is particularly requested that such Promissory Notes may NOT be endorsed to the Comptroller General.*

8. (*a*) Deposits, not being Promissory Notes, will, in the case of accepted tenders, be credited proportionately in part payment of the allotment-certificates issued in respect of the tender, and will bear interest for the purpose of clause 16 below from the date of the opening of tenders. When a tender is not accepted in full, the deposits, when they are not in the form of Promissory Notes, will be credited as far as possible proportionately in part payment of the allotment-certificates issued in respect of it. If any allotment-certificate is not fully taken up, the deposit credited in respect of it will be forfeited.

(*b*) Promissory Notes deposited in respect of any accepted tender will be held until all the allotment-certificates issued in respect of the tender are paid up, and will, if the allotment certificates are not fully taken up, be appropriated by the Government and cancelled.

Opening of Tenders.

9. The minimum rate at which tenders will be accepted will be recorded under the signature of the Comptroller General, and, before the tenders are opened, placed upon the table in a sealed envelope, but will not be declared unless some tender is rejected only because it is below the recorded minimum.

10 Tenders will be opened publicly by the Comptroller General at the Treasury Buildings, Calcutta, at noon, standard time,* on Wednesday, the 19th July next, and those received under the terms of note (1) to clause 4 will be similarly opened by the Accountants General at Madras, Bombay and Rangoon at noon, standard time,* on the same day; but the contents of the tenders will not be disclosed otherwise than as provided in clause 12.

* Noon, standard time, corresponds to 12-24 P.M. Calcutta time.

11. Tenders at rates not below the minimum rate will be accepted in the order of the rates tendered, beginning with the highest rate. The amount allotted at the lowest rate at which tenders are accepted will be divided amongst those who have tendered at this rate in proportion, as nearly as may be found convenient, to the amounts of their tenders, provided that no allotment will be issued if the amount distributable on any tender is less than Rs. 100: preference will however be given to small tenders, not exceeding Rs. 2,000, at the lowest accepted rate, such tenders receiving allotments in full as far as possible.

Allotment-Certificates.

12. To each tenderer (or to his agent) whose tender is accepted in whole or in part, such number of allotment-certificates as may be necessary to make up the aggregate amount allotted to him will be issued by the Comptroller General[1] as soon as possible after the 19th July and an alphabetical list of the names of those to whom such allotment-certificates are issued will be posted for general information at the Head Offices of the Banks of Bengal, Madras, and Bombay, and at the Branch Office of the Bank of Bengal at Rangoon.

1. For tenders received by the Accountants General at Madras, Bombay or Rangoon, and payable at those places, the Accountant General will issue the allotment-certificates.

13. If the allotment made on any tender is less than Rs. 3,000, then the whole of the allotment-certificates [after credit of the deposit under clause 8 (*a*)] will be made payable upon the 4th September.

Otherwise the whole amount of each allotment will be divided into two instalments as follows:—

Instalment I.—As near as convenient to 50 per cent, but not less than 50 per cent, payable upon the 7th August.

Instalment II.—The balance payable upon the 4th September and allotment-certificates will be issued for each instalment separately.

But the whole or any part of any accepted tender may be paid at any time after receipt of the allotment-certificates.

The words "as near as convenient" refer to the necessity for making each instalment an exact multiple of Rs. 100.

14. Any allotment-certificates will, on application to the Comptroller General, be exchanged for an equivalent amount of allotment-certificates of smaller denominations; provided that if any payment (beyond the deposit) is recorded upon the cancelled certificate, it can be taken against, and recorded upon, only one of the certificates issued in exchange.

15. Payment of any allotment-certificate may be made to the account of the Government in the Head Office of the Bank of Bengal, or Madras, or Bombay, or into any Branch of these Banks or into any Public Treasury or Treasuries in India which may be named in the tender in respect of which it was issued. Receipts for such payments will be given by the Banks of Bengal, Madras and Bombay, or their Branches, or by the officers in charge of the Government Treasuries at which payment is made, by enfacement upon the relative certificate.

Issue of Promissory Notes.

16. (*a*) When any allotment-certificate is fully paid up, the holder will, on presenting it duly receipted at the place where it was paid, obtain from the Public Debt Office, Calcutta, Promissory Notes of such values as he may desire (each note being in even hundreds and not less than Rs. 100) bearing interest from the 31st December 1911, and he will also receive interest at 3½ per cent per annum from the dates on which he may have made payment till the 30th December 1911.

(*b*) Or he may, at his option, by paying interest at the said rate from the 30th June 1911 to the dates on which he may have made payment, obtain Promissory Notes as above, bearing interest from the 30th June 1911.

FORM OF PROMISSORY NOTE (see Clause 2).

PUBLIC DEBT.

Simla, the 5th July, 1911.

THREE-AND-A-HALF PER CENT LOAN.

No. 4095-F.—His Excellency the Right Honourable the Governor General in Council has resolved to borrow two hundred lakhs of rupees for the public service in the following manner:

2. Promissory Notes will be issued for the said amount in the Form annexed to this Notification, being the form of the notes of *the Three-and-a-half Per Cent Loan of 1900-01,* of which loan the notes to be now issued will form a part. All the conditions which apply to notes of *the Three-and-a-half Per Cent Loan of 1900-01,* will apply to the notes to be now issued. The interest on the notes of that loan is payable half-yearly on the 30th day of June and the 31st day of December.

Tenders.

3. Tenders for the whole or any part of the said amount of Rs. 2,00,00,000 will be received by the Comptroller General from this date to noon, standard time,* of Wednesday, the 19th July 1911. Tenders must be for sums of 100 Rupees or multiples of that sum.

4. Each tender must be addressed in the form annexed to this Notification, to the Comptroller General, Calcutta, and enclosed in a closed cover, superscribed "*Tender for the Three-and-a-half Per Cent Loan.*" If the tenderer is not resident in India, he must name an Agent resident in India, to whom an allotment-certificate may be issued, if any part of the loan is allotted to such tenderer.

NOTE (1).—Tenders made in accordance with these instructions will also be received by the Accountants General at Madras, Bombay and Rangoon on account of the Comptroller General, Calcutta, on the 18th July and up to noon, standard time,* on the 19th July provided that—

(*a*) they are delivered personally or by clerk or messenger at the Accountant General's Office (where a receipt will be given for them);
(*b*) they are made on printed forms, to be obtained at the same office or at the local Presidency Bank;
(*c*) each tender is for not less than Rs. 10,000;
(*d*) the deposit is either a Promissory Note or a Treasury Receipt from the local office of the Presidency Bank, or a cheque on a local Bank in favour of the Accountant General;
(*e*) the amount of the tender is made payable at the place of tender, *viz.*, Madras, Bombay or Rangoon (as the case may be) or in Calcutta;

and the Accountant General will return deposits on non-accepted tenders and will issue allotment-certificates so far as the tenders are payable in Madras, Bombay or Rangoon.

5. The rate at which each tender is made must be specified in rupees or rupees and annas: a tender in which no rate is thus specified, but a subscription is offered in some other terms—as, for example, at the recorded minimum, or at some specified percentage in addition to the recorded minimum, or at the average of the accepted tenders—will be rejected as null and void.

(*b*) Promissory Notes deposited in respect of any accepted tender will be held until all the allotment-certificates issued in respect of the tender are paid up, and will, if the allotment certificates are not fully taken up, be appropriated by the Government and cancelled.

Opening of Tenders.

9. The minimum rate at which tenders will be accepted will be recorded under the signature of the Comptroller General, and, before the tenders are opened, placed upon the table in a sealed envelope, but will not be declared unless some tender is rejected only because it is below the recorded minimum.

10. Tenders will be opened publicly by the Comptroller General at the Treasury Buildings, Calcutta, at noon, standard time,* on Wednesday, the 19th July next, and those received under the terms of note (1) to clause 4 will be similarly opened by the Accountants General at Madras, Bombay and Rangoon at noon, standard time,* on the same day; but the contents of the tenders will not be disclosed otherwise than as provided in clause 12.

11. Tenders at rates not below the minimum rate will be accepted in the order of the rates tendered, beginning with the highest rate. The amount allotted at the lowest rate at which tenders are accepted will be divided amongst those who have tendered at this rate in proportion, as nearly as may be found convenient, to the amounts of their tenders, provided that no allotment will be issued if the amount distributable on any tender is less than Rs. 100: preference will however be given to small tenders, not exceeding Rs. 2,000, at the lowest accepted rate, such tenders receiving allotments in full as far as possible.

Allotment-Certificates.

12. To each tenderer (or to his agent) whose tender is accepted in whole or in part, such number of allotment-certificates as may be necessary to make up the aggregate amount allotted to him will be issued by the Comptroller General as soon as possible after the 19th July and an alphabetical list of the names of those to whom such allotment-certificates are issued will be posted for general information at the Head Offices of the Banks of Bengal, Madras, and Bombay, and at the Branch Office of the Bank of Bengal at Rangoon.

1. For tenders received by the Accountants General at Madras, Bombay or Rangoon, and payable at those places, the Accountant General will issue the allotment-certificates.

* Noon, standard time, corresponds to 12-24 P.M. Calcutta time.

13. If the allotment made on any tender is less than Rs. 3,000, then the whole of the allotment-certificates [after credit of the deposit under clause 8 (*a*)] will be made payable upon the 4th September.

Otherwise the whole amount of each allotment will be divided into two instalments as follows :—

Instalment I.—As near as convenient to 50 per cent, but not less than 50 per cent, payable upon the 7th August.

Instalment II.—The balance payable upon the 4th September and allotment-certificates will be issued for each instalment separately.

But the whole or any part of any accepted tender may be paid at any time after receipt of the allotment-certificates.

The words "as near as convenient" refer to the necessity for making each instalment an exact multiple of Rs. 100.

14. Any allotment-certificates will, on application to the Comptroller General, be exchanged for an equivalent amount of allotment-certificates of smaller denominations; provided that if any payment (beyond the deposit) is recorded upon the cancelled certificate, it can be taken against, and recorded upon, only one of the certificates issued in exchange.

15. Payment of any allotment-certificate may be made to the account of the Government in the Head Office of the Bank of Bengal, or Madras, or Bombay, or in any Branch of these Banks or into any Public Treasury or Treasuries in India which may be named in the tender in respect of which it was issued. Receipts for such payments will be given by the Banks of Bengal, Madras and Bombay, or their Branches, or by the officers in charge of the Government Treasuries at which payment is made, by enfacement upon the relative certificate.

Issue of Promissory Notes.

16. (*a*) When any allotment-certificate is fully paid up, the holder will, on presenting it duly receipted at the place where it was paid, obtain from the Public Debt Office, Calcutta, Promissory Notes of such values as he may desire (each note being in even hundreds and not less than Rs. 100) bearing interest from the 31st December 1911, and he will also receive interest at $3\frac{1}{2}$ per cent per annum from the dates on which he may have made payment till the 30th December 1911.

(*b*) Or he may, at his option, by paying interest at the said rate from the 30th June 1911 to the dates on which he may have made payment, obtain Promissory Notes as above, bearing interest from the 30th June 1911.

FORM OF PROMISSORY NOTE (see Clause 2).

Fort William, the

Promissory Note *Government Rupees* *at $3\frac{1}{2}$ per cent*

No. *of 1900-01.*

The Governor General of India in Council does hereby acknowledge to have received from

the sum of Government Rupees One Hundred only as a loan to the Secretary of State in Council for India, and does hereby promise, for and on behalf of the said Secretary of State in Council, to repay the said loan by paying the said sum of Government Rupees One Hundred only to the said

his Executors, or Administrators, or his or their Order, on demand, at the General Treasury, at Fort William, after the expiration of Three months' Notice of payment, to be given by the Governor General of India in Council, in the *Government Gazette*, and to pay the interest accruing on the said sum of Government Rupees One Hundred only from the

at the rate of three-and-a-half per cent per annum, by half-yearly payments, at the General Treasury, at Fort William, to the said , his Executors or Administrators, or his or their Order, until the expiration of three months after such notice

of payment as aforesaid, when the amount of interest due will be payable with the principal, and (such notice being considered as equivalent to a tender of payment at the period appointed for the discharge of this Note) all further interest shall cease.

The Governor General in Council hereby further engages that Notice of Payment as aforesaid shall not be given before the Thirtieth day of September 1920, and that this Note shall not be discharged before the Thirty-first day of December 1920.

FORM OF TENDER (see Clause 4).

I, *A. B.*, hereby tender for Rupees (X) of *The Three-and-a-half Per Cent Loan* advertised in the Notification published in the *Gazette of India, Extraordinary*, dated the 5th July 1911, and agree to pay for the same, subject to the conditions notified, at the rate of Rupees (Y) Annas (Z) for every hundred rupees allotted to me.

I enclose a *deposit receipt** for Rupees (XX) and engage, if my offer be accepted, to pay to the account of the Government at the *Bank of*† *or at the*† *Branch of the Bank of* † ; *or into the Public Treasury at*† ; *as the case may be*—

* Or Cheque or Government Promissory Note.

† Here enter the name of Bank, Branch Bank or Treasury.

The first instalment, as near as convenient to 50 per cent, but not less than 50 per cent, on or before the 7th August.

The balance on or before the 4th September.

Or, if the amount allotted to me be less than Rs. 3,000, then the whole amount on or before the 4th September.

Any allotment made to me may be communicated to *C. D.* at ‡

‡ Here insert *C. D's.* address which must be in India. This paragraph should only be inserted if *A. B.* does not reside in India, or if residing in India, he wishes the allotment communicated to an agent or desires to pay the instalments elsewhere than at the place where the tender is submitted, and wishes the allotment-certificates to be given to an agent at that place.

NOTE.—(1) *A separate tender must be made at each rate tendered. The rate tendered should be the whole amount per centum, not the premium or discount: thus "One hundred and two" or "One hundred" or "Ninety-nine", not "Two per cent premium" or "Par" or "One per cent discount".*

By order of the Governor General in Council,

J. S. MESTON,

Secretary to the Government of India.

NOTIFICATION BY THE COMPTROLLER GENERAL.

The Comptroller General requests the attention of tenderers to the following arrangements :

Filling up Tenders.

(1) They are requested to use only the printed forms of tender, which will be available at his Office and at the Currency Office on application to the Darwan on duty, at all the Provincial Account Offices, and at the Banks of Bengal, Madras, and Bombay, and will also be supplied to the principal Treasuries.

(2) If the deposit is in the form of Promissory Notes or of Currency Notes, their number should be quoted in detail in the tender.

Presentation of tenders.

(3) For all tenders presented to him in his office upon the last fixed day, or the two days preceding it, he will give the bearer a receipt bearing a number and initialled by himself or an assistant specially deputed for the purpose. The Accountants General at Madras, Bombay and Rangoon will do likewise in respect of tenders presented to them under Note (1) to clause 4 of the Government Notification.

Return of Deposit in case of Non-acceptance.

(4) The reverse of this receipt is a form in which, in the event of the tender not being accepted, the tenderer may give to the Comptroller General or Accountant General a receipt for the deposit accompanying it. This form should, on the third day after the opening of the tenders, be filled up, signed with the same signature as the tender, and be presented at the Office of the Comptroller General or Accountant General. The deposit will then be returned to the bearer in exchange for the receipt.

(5) Deposits upon tenders presented personally, as described in No. (3) above, will be returned only in this way, and will not be sent by post or otherwise. Deposits upon other unsuccessful tenders will be returned by post or by the hands of a clerk.

Accepted Tenders.

(6) The Comptroller General and the Accountant General at Madras, Bombay or Rangoon (in the case of tenders received by such Accountant General and payable in Madras, Bombay or Rangoon), will issue allotment-certificates to successful tenderers. These certificates will be for the following amounts :—Rs. 100, Rs. 300, Rs 500, Rs. 1,000, Rs. 2,000, Rs. 5,000, Rs. 10,000, Rs. 20,000, Rs. 50,000, Rs. 1,00,000, making up the full value accepted ; and the deposit on the tender will be divided among them ; they will be substantially of the following form :

This is to certify that, in accordance with the terms of Notification No. 4095-F., dated the 5th July 1911, (Gazette of India Extraordinary, *dated the 5th July 1911*), *the above-named tenderer has engaged to take up Rs. 2,000 of the 3½ Per Cent Loan of 1900-01 at the rate above mentioned on or before ; and that on the said payment being completed, he is entitled on endorsing and delivering up this certificate to receive a Promissory Note or Notes of the Government of India for Rs. 2,000 bearing interest from*

Indian Military Service Family Pension Regulations.

No. 863-*P.*—In continuation of Finance Department (Military Finance) Notification No. 398-P., dated the 7th April 1911, published in the *Gazette of India* dated the 8th April 1911, the Governor-General in Council directs the publication of the following revised regulations, regarding the Indian Military Service Family Pensions.

J. B. BRUNYATE,

Joint Secretary to the Government of India.

INDIA OFFICE, LONDON,

2nd June 1911.

Financial (Funds),

No. 5.

To His Excellency the Right Honourable the Governor General of India in Council.

MY LORD,

Indian Military Service Family Pensions. Revised Regulations.

With reference to paragraph 5 of my Despatch, Financial (Funds), No. 3, dated 3rd March 1911, I now enclose twenty-four copies of a revised edition (1st May 1911) of the Indian Military Service Family Pension Regulations. This edition embodies all alterations sanctioned to date.

2. The Regulations, as revised, should be published in the *Gazette of India* for the information of all concerned.

I have the honour to be,

My Lord,

Your Lordship's most obedient humble Servant,

(Signed) CREWE.

The following regulations are designed to secure suitable provision for the widows and orphans of officers of the Indian Army, officers of the Indian Medical Service, and Chaplains on the Indian Establishment, not being subscribers to the late Military and Medical Funds; also officers and engineers of the Royal Indian Marine, and continuous service Royal Artillery and Royal Engineer officers, as well as Royal Engineer officers under the 1904 conditions of service, who elect to subscribe.

Such pensions and compassionate allowances as are, by Royal Warrant, granted to the widows and families of British military officers, are already granted from Indian revenues, to the widows and families of military officers in the service of the Government of India, who are excluded from the advantages of the late Military and Medical Funds; and it is to be clearly understood that the Government of India does not intend by these present supplementary regulations to sanction any further expenditure for this object from the Indian revenues. On the other hand, the Government of India does not, of course, wish that the Indian revenues should in any way profit by these regulations.

The Secretary of State for India in Council has reserved to himself the absolute right to regulate from time to time the contributions to be required from officers, in accordance with these principles, under these regulations, and to make any alterations in the regulations themselves that may appear to him equitable: provided always, that the scale of pensions fixed thereby shall not be reduced in the case of actual incumbents. The Secretary of State in Council will endeavour to adjust the contributions to be levied from officers exactly, so that they shall neither be too large nor too small to supply the pensions provided for by these regulations. But if it should appear on experience that they have been fixed too low, the Government will not require any supplementary retrospective payments; and if they are found to have been fixed too high, no claim to refund will be admitted.

No insurance fund is established by these regulations. The contributions will be credited and the pensions charged directly to the Indian revenues as military receipts and charges But in order to adjust the rates of contribution from time to time to what is necessary to supply the pensions provided for by these regulations and no more, a separate *pro formâ* account will be kept of all contributions levied and all payments made under these regulations, and of the interest which would have been allowed upon such contributions if a mutual insurance fund had actually been established.

In accordance with the principle announced in this notification, that the Government does not intend that the pensions provided by these regulations shall be any charge to the Indian revenues, the rates of interest and of exchange with England, to be allowed in this *pro formâ* account, will be the rates which may be fixed from time to time by the Secretary of State in Council, upon a consideration of the market rates of the day.

All needful statistics of ages, births, deaths, and marriages will be carefully registered, and these statistics, with the *pro formâ* accounts, will be submitted at such periods as may be determined by the Secretary of State in Council to such actuary or actuaries as he may select, with instructions to investigate and ascertain whether the rates of contribution are such as will, at the rate of interest and exchange then to be reconsidered and refixed, supply the pensions payable under these regulations, and no more. The expense of such actuarial enquiries and reports shall be debited in the *pro formâ* accounts reported upon.

Upon the report of the actuary or actuaries the Secretary of State in Council will order any necessary alterations in the rates of contribution.

The report of the actuary or actuaries, with the orders of the Secretary of State in Council thereupon, shall be published in the *Gazette of India*, and any alteration ordered in the rates of contribution will take effect from the beginning of the month following the date of such publication. No retrospective adjustments will be made.

REGULATIONS FOR THE PROVISION OF PENSIONS FOR THE WIDOWS AND ORPHANS OF MILITARY, MEDICAL, MARINE, AND ECCLESIASTICAL OFFICERS IN THE SERVICE OF THE GOVERNMENT OF INDIA.

1. Pensions will be provided under these regulations for the widows and orphans of the following officers on the Indian Establishment, not being entitled to the benefits of any of the late Military and Medical Funds :—

Officers of the Indian Army.*

Officers of the Indian Medical Service, including natives who avail themselves of the option given to them of becoming subscribers.

Chaplains, including probationary Chaplains.†

2. Any officer who has entered the service before the 1st of January 1873 may provide pensions for his family under these regulations or not, at his option. (*See Appendix, Form A.*)‡

3. Every officer who enters the service on and after the 1st January 1873 must, as a condition of his appointment, provide pensions for his family under these regulations.

4. Any officer with whom, by Regulation 2, it is optional to provide pensions for his family under these regulations but who does not, before the 1st of July 1873, intimate his intention to make such provision will thereafter be allowed to do so only on production of a medical certificate of sound bodily health. An officer who does not, before the 1st of July 1874, announce his intention to provide pensions for his family under these regulations, will not be allowed to do so save under the special order of the Governor-General in Council.

5. For the purposes of these regulations officers are *classed* as follows (for Marine officers *see* 5B) :—

Class I.—Lieutenant-Colonels in receipt of Colonels' Allowances and Surgeon-Generals. (*See also* Article 9.)

---

* Officers of the Indian Army become subscribers from the date of the "Gazette of India" announcing their admission to that army, Medical Officers and Chaplains from the date of their arrival in India, or, in the case of a Chaplain resident in India, from the date of his appointment.

† A probationary Chaplain is required to subscribe, but in the event of his not being appointed a junior Chaplain on completion of probation, or on his resigning while on probation, he will be granted a refund, if married, under the provisions of Regulation 26, and if unmarried, of the amount of his contributions, without interest.

‡ Officers who elect to become subscribers must pay their subscriptions and donations from the date of the establishment of the fund, with interest.

Class II.—Officers of the Indian Army, Royal Artillery, and Royal Engineers of 26 years' service,* Archdeacons and Officers of the Medical Service of 20 years' service.

Class III.—Officers of the Indian Army, Royal Artillery, and Royal Engineers of 18 years' service,* Senior Chaplains, and Officers of the Medical Service of 12 years' service.

Class IV.—Officers of the Indian Army, Royal Artillery, and Royal Engineers of nine years' service,* Junior and probationary Chaplains, and Officers of the Medical Service of six years' service.

Class V.—Officers of the Indian Army, Royal Artillery, and Royal Engineers under nine years' service,* and Officers of the Medical Service of less than six years' service.

NOTE.—No Officer of the Indian Army, Royal Artillery, or Royal Engineers will be compelled to subscribe in Classes II, III, or IV, who has not attained the rank of Lieutenant Colonel, Major, or Captain, as the case may be. Such an Officer must elect, within three months from the date of completing the qualifying service, whether he will (i) subscribe in the Class in which his length of service places him or (ii) continue to subscribe in the lower Class. If he elects (i) he will be charged the donation and increased subscription from the date of completing the prescribed service; if (ii) he will, in the event of subsequent promotion, be charged the donation and increased subscription from the date of such promotion.

An Officer cannot enter a higher Class unless he has previously subscribed in the Class immediately below it.

5A. Royal Artillery and Royal Engineer officers who have been selected, or who have elected, for continuous service in India have the option of subscribing under these regulations, in accordance with the conditions laid down in the Appendix (*see* pages 20 and 21).

Royal Engineer officers under the 1904 conditions of service must elect within three months of their arrival in India whether they desire to subscribe for benefits under these Regulations, and they must submit a satisfactory medical certificate. On payment of the prescribed donations (*see also* Appendix, pages 20 and 21), according to their rank at the time of their application, they will be allowed to subscribe for so long as they remain on the Indian Establishment. On reversion to the Imperial Establishment, such officers cannot continue subscribers; but they will be entitled to receive back such portion of their contributions as may be in excess of the risk borne during the term of their membership. In the event of an officer retiring while subscribing, he may continue to subscribe, provided that he has not less than 20 years' service for Indian pension, reckoned as in paragraph 720, Army Regulations, India, Volume I (1909 edition), at the date of his retirement, or provided that he retires on an Indian invalid pension; or he may withdraw, receiving back such portion of his contributions as may be in excess of the risk borne during the term of his membership.

5B. Officers and engineers who entered the Royal Indian Marine prior to the 1st January 1893 were allowed the option of subscribing under these regulations from that date. Those who elected to do so will not be permitted to discontinue their subscription so long as they remain in the service, neither will those who declined to subscribe be allowed at any future time to become subscribers.

Officers and engineers admitted to the Royal Indian Marine subsequently to the 1st January 1893 must subscribe under these regulations as a condition of their appointment to the Service.

Classification.

Class III.—First Grade Commanders.

" IV.—Second and Third Grade Commanders and Chief Engineers.

" V.—Lieutenants, Engineers, Sub-Lieutenants, and Assistant Engineers.

Any officer holding a first-class port appointment, or the appointment of Deputy Director of the Royal Indian Marine, may at his option subscribe in the next higher class to that in which he is placed according to his grade as Commander, provided that such option is exercised within three months from the date on which the officer could first avail himself of it, and that arrears of subscription from that date, with interest, if any, are paid by him.

An officer who has elected to subscribe in a superior class will not subsequently be allowed to revert to a lower class.

6. The pensions provided under these regulations are payable monthly in India, and quarterly in England, and to date of death.

* Reckoned from date of first Commission.

7. The amounts of the pensions provided are as follow, in addition to any pensions or compassionate allowances granted under Royal Warrant.

TABLE I.—*Pension to a Widow during Widowhood according to the Class of her Husband at the time of his death.*

	Class of Husband at death.				
	I.	II.	III.	IV.	V.

TABLE II.—*Pensions to the Orphan Children of all classes alike.*

—	From birth till age of 6 years.	From age of 6 till age of 12 years.	From age of 12 till age of 21 years.	To females only from age of 21 years for life, or till marriage.
	£	£	£	£
Amount of pension to each orphan per annum	10	20	30	45

NOTE—Annuitants residing in India may either receive their pensions in Indian currency at the official rate of exchange, or in England in sterling, but having once exercised the option any subsequent change can only be permitted at the commencement of the official year.

8. The pension of a minor orphan will be paid to his or her mother, or other duly appointed or recognized guardian.

Contributions.

9. The contributions for pensions under these regulations, and the pensions of widows will be regulated by the class of the contributing officer. An officer cannot secure a higher pension for his widow by contributing as if he belonged to a higher class.

As an exception to this rule, the option of subscribing in Class I, is allowed as follows:—

(i) To an officer of the Indian Army, also to an officer of the Royal Artillery or Royal Engineers who is a subscriber under these Regulations, at the time of completing 31 years' service on full pay from date of first commission provided he has previously subscribed in Class II.

(ii) To a medical officer at the time of completing 25 years' full pay service, provided he has not previously been promoted to the rank of Surgeon-General, but has previously subscribed in Class II.

(iii) To an Archdeacon at the time of completing 5 years' service as such (excluding any officiating period), provided he has attained the age of 49 years.

To secure these benefits without medical examination the decision of the officer must be notified within three months of the date of completing the qualifying service, but the option can be exercised at any subsequent period during active service on the production of a certificate of health signed by two qualified medical practitioners.

10. Contributions will be deducted by paymasters or other disbursing officers from the pay abstracts of officers contributing.

10A. The circumstance that an officer is not in receipt of pay does not relieve him from the necessity of paying his contributions.

11. *Donations* may be paid in one sum, or in 12 equal monthly instalments as per Tables III., IIIA, and V. The balance of any contribution due at an officer's death will be recovered rateably, without interest, from the pensions of his widow and orphans, in 12 monthly instalments.

Arrears.

13. Interest at the rate of 4 per cent per annum will be charged on arrears. Donations will become due from the date on which the liability is incurred, *viz.*, on marriage, on promotion,† or on the birth of a child; but interest will not be charged on sums paid within one month from the date on which they become due.

Reports of Marriages, Births, and Deaths.

14. An officer who is married at the date of his admission into the service must report the fact of his marriage at the time, and the names and dates of birth of his children, if any have been born to him. A member in the service must report his marriage, or the birth of a child born in wedlock, or the death of a wife or child within one month of the occurrence. These reports must be made in accordance with the instructions given in the Appendix.

15. The birth of every child born alive must be reported; but if a child die before it is 30 days old, no payment in respect to it will be required.

16. If the report of a marriage, or of the birth of a child, be not made within one month of the occurrence, the donation payable in each case will be increased 2½ per cent and interest thereon charged from the date of marriage, or birth of the child. After six months' delay, donations will be increased 5 per cent, and interest charged as above. After 12 months' delay, medical evidence as to the state of the subscriber's health must be furnished.

17. In the event of the report of a marriage, or the birth of a child, not being made by a subscriber during his lifetime, in accordance with the rules, the widow or child will not be entitled to any benefits.

Posthumous Child.

18. A pension will be granted to a posthumous child on payment of the donation prescribed in Table V, which may be recovered by 12 monthly instalments without interest. The report of the birth of a posthumous child must be made in Form D., the last sentence being omitted, and a certificate of the child's birth furnished.

Duration of pensions.

19. If a widow re-marry, her pension will cease during coverture, but if she again become a widow she will be entitled to revert to her pension as widow of her first husband, or, if her last husband have been a contributor, to receive a pension at her option as the widow of her last husband. A widow can only receive one pension.

20. The pension of a male orphan is payable until he attains the age of 21 years.

20A. Subscribers can make special provision for pension to sons under the age of 21 years who may become permanently incapacitated from earning a livelihood.

The pensions so provided for will commence at the age of 21, if the son be then fatherless, or, after that age, on his becoming fatherless, and as regards the amount of such pensions, and the subscriptions to be paid to secure them, each case will be considered and determined on its merits.

21. The mother or guardian of a male orphan who has completed the age of 16 may, with the sanction of the Secretary of State for India in Council, at any time thereafter (on application in Forms F. to H. annexed to these regulations), have the residue of his pension commuted into a single payment, for the due application of which the mother or guardian will be held responsible. When the pension is being drawn in India from a Government

22. The pension of a female orphan continues until her marriage, and then ceases absolutely. It does not revive on widowhood.

Good Conduct.

23. The pensions provided under these regulations shall, in all cases, be held during good behaviour only, and will be withheld if any pensioner is found to be leading an immoral life, or on proof of any gross misconduct. The order of the Secretary of State for India in Council or, when the pension is being drawn in India from a Government Treasury there, the order of the Government of India in any such case shall be final and conclusive.

Alienation of Pension.

24. A pension paid under these regulations may not be transferred or assigned, or in any way alienated from the pensioner to whom or for whose benefit it is payable.

Passage Money.

25. An officer may, by a special contribution, provide passage money from India for his widow and orphans. The amount so secured will be paid to the widow, or to any children of the deceased officer, for the provision of their passage money and contingent expenses If, however, the surviving members of the deceased officer's family are not in India, or do not wish to leave India for any other country, the money will be credited to the deceased officer's estate, and payment can be made in India in rupees, or in England at the official rate of exchange, according to the election of the person or persons entitled to receive the money. The amount secured must not exceed Rs. 3,000, and a health certificate must in every case be furnished by the subscriber.

25A. This insurance may be effected by an immediate payment in one sum, or, if the subscriber so desires it, by instalments extending over four years subject to interest on arrears at the rate of 3½ per cent per annum, and in the event of a subscriber dying before completion of the payment, the balance due at the date of his death will be deducted from the sum assured.

25B. On the permanent departure of a subscriber from India with his family, or at any time thereafter, he may take the surrender value of his insurance.

Officers transferred to British Army and Officers who resign.

26. Officers who may be transferred from the Indian Army to the British Army, officers of the Indian Medical Service who may be transferred to the Royal Army Medical Corps, officers of the Royal Artillery and the Royal Engineers who revert to the Imperial Establishment, and officers who resign the Service, will be entitled, if married and with or without children, or on account of their children, if widowers, to receive back such portion of their contributions as may be in excess of the risk borne during their membership, but no refund will be made in respect of unmarried subscriptions, nor for risks that have terminated by death or otherwise. None of the above officers can continue subscribers.

As an exception to this rule, an officer who is granted a compassionate allowance on resigning the service may continue to subscribe at the half rate of subscription.

Half-pay.

27. Married officers on temporary half-pay must continue to subscribe for full benefits, but while in receipt of half-pay they will have the option of paying only half rates for their wives. In the latter case, however, they will, on retirement, or reversion to full pay, be required to pay arrears, with interest; and in the event of the death of a subscriber while on temporary half-pay or before the arrears have been paid the amount due will be recovered from the pension granted to the widow. Unmarried officers must continue to subscribe at the half rate of subscription.*

Retired Officers.

28. Married officers who retire from the service on a pension may continue to subscribe at the half rate of subscription, or they may withdraw, receiving back such portion of their contributions as is in excess of the risk borne during the term of their membership; but the usual subscription will be deducted from the pension of all such officers until they shall have intimated in writing their intention of withdrawing. The refund of the excess risk applies also to children, whether officers are married or widowers. Unmarried officers may continue their subscriptions on the same terms as married officers, but will not be entitled to any refund in the event of their withdrawal.

* This regulation applies also to officers and engineers of the Royal Indian Marine who are temporarily transferred to the Retired List.

No refund is made in any case in respect of risks that have terminated by death or otherwise.

Dismissed Officers.

29. An officer who is dismissed the service by sentence of a court-martial, or by other competent authority, will cease *ipso facto*, to be a contributor under these regulations, and will have no claim to any refund. His family will not be entitled to any pensions under these regulations.

Certificates.

30. Declarations as to continued widowhood and the survival of children must be furnished to the Accountant-General, India Office, by whom pensions in Europe are paid under the authority of the Director of Funds. When pensions are paid in India similar declarations must be furnished there.

APPENDIX.

Royal Artillery and Royal Engineer Officers who have been selected, or who have elected, for continuous service in India have the option of subscribing under these Regulations in accordance with the following conditions, namely :—

Married Officers.

On payment of the following sums according to their class at time of election in addition to the prescribed ordinary donations * and subscriptions laid down in these regulations :—

Class.	"Rate in aid" towards pension of children.	Additional payment towards pension of wife.	Total.
	£	£	£
V.	80	...	80
IV.	80	17	97
III.	80	33	113
II.	80	78	158

Unmarried Officers.

On payment of unmarried rates of subscription as laid down in these regulations. On marriage the amount paid as unmarried subscription during bachelorhood, with 4½ per cent interest per annum, will be allowed and deducted from the extra donation of 80*l*. to be then paid towards pension of children, together with the extra donation on account of their wives' contingent pensions.

Widowers with children and married officers who, having made other provision for their wives, are allowed to subscribe for children only.

On payment of the extra donation of 80*l*. towards pension of children in addition to unmarried rates of subscription and the ordinary donations* at full† rates and subscriptions laid down in the rules for children.

* In the case of sons, full donation, *viz*., 15*l*., † will be paid up to the age of ten and then as follows :—

Between 10 and 11 years of age	12	†
„ 11 and 12 years of age	10	†
„ 12 and 13 years of age	7	†
„ 13 and 14 years of age	5	†
„ 14 and 15 years of age	2	†
15 years and over	0	

The subscription, however, will be paid up to the age of 21.

† Reduced temporarily 20 per cent.

These extra donations may be paid in one sum or in twenty-four equal monthly instalments, the period during which they may be paid being limited to two years from the date on which the officers elect to subscribe. If payment be made by instalments, interest on the unpaid portion will be levied at the rate of 4½ per cent per annum. The balance of any contribution due at an officer's death will be recovered rateably, without interest, from the pensions of his widow and orphans in twenty-four monthly instalments in India, or eight quarterly instalments in England.

Royal Artillery officers who may be selected, or Royal Engineer officers who elected, for continuous service in India are required to exercise the option of subscribing for their families under these regulations within three months from the date of their election for continuous service. After the expiration of three months they will be required to produce a medical certificate of good health before they can be permitted to do so.

Continuous service officers of Royal Artillery or Royal Engineers will be called upon by the authorities in India to say whether they desire to become subscribers. In the event of their electing to do so, their subscriptions and donations will be due from the date on which they became continuous service officers.

Officers who do not exercise the option of subscribing within three months from the date of their electing for continuous service will not be allowed the advantages in regard to the date of commencing to pay interest, given by Article 13. They will be charged interest from the date on which their donations became due.

N.B.—The extra donations specified above, which are also payable by Royal Engineer officers under the 1904 Conditions of Service, are subject to a temporary reduction of 20 per cent. The rate of interest allowed and levied has been reduced from 4½ to 4 per cent per annum with effect from the 1st May 1911.

Reports and applications under these Regulations should be made :—

1. To the Controller of Military Accounts, Eastern Circle, Lucknow, when the subscriber (except Royal Indian Marine) is drawing pay or pension in India or at a colonial station (including China) where a unit of the Indian Army is stationed.

2. To the Examiner* of Marine Accounts, Calcutta, in the case of officers of the Royal Indian Marine drawing pay or pension in India.

* Controller.

3. To the Director of Funds, India Office, Whitehall, London, S.W., if the subscriber is drawing his pay or pension elsewhere than above, or if the subscriber, after receiving in India or at a colonial station in advance the pay for the privilege leave portion of combined leave, proposes to draw his furlough pay elsewhere.

GOVERNMENT OF INDIA.

DEPARTMENT OF REVENUE AND AGRICULTURE.

Rainfall summary for the seven days ending at 8 hrs. on Thursday, the 6th July 1911, based on the Indian Daily Weather Reports of the period.

1. The break in the Arabian Sea monsoon persisted throughout the week and rainfall in the Peninsula and northwest India consisted chiefly of thundershowers. The Bay current was also feeble: rain was almost confined to Burma and northeast India and even there was below the average. Towards the end of the week there were indications of a renewed advance of the Arabian Sea monsoon, while in the field of the Bay current rainfall had increased in Burma.

2. Temperature was very high in the central parts of the country during the whole week. Elsewhere no very large persistent departures from the normal were reported.

3. *Burma.*—Rain fell only locally until the 3rd, but on the 4th and 5th increased largely.

Northeast India, including Orissa.—Rain fell fairly generally in Eastern Bengal and Assam, and locally in Bihar. A few falls occurred in Bengal and in Chota Nagpur.

The United Provinces, Central India and the Central Provinces.—Light scattered rainfall was reported in the United Provinces, the Central Provinces and Central India East until the 5th, on which date falls became fairly general in the Central Provinces.

Northwest India.—Light rain fell at a few places in Kashmir, the Punjab, Rajputana and east Gujarat.

The Peninsula.—Rainfall on the west coast was on the whole intermittent and scanty, but increased markedly towards the end of the week. Over the inland districts the total rainfall was in parts very largely above the normal.

GOVERNMENT OF INDIA.

DEPARTMENT OF REVENUE AND AGRICULTURE.

Season and Crop Prospects for the week ending Saturday, 1st July 1911.

Burma.—The rainfall was fairly general. It was light in the dry zone and mostly moderate elsewhere. Ploughing and sowing of both autumn and winter rice and sowing of sesamum, cotton and groundnut are progressing satisfactorily. The price of unhusked rice continues high in most places.

Eastern Bengal and Assam.—The rainfall during the week was heavy, the heaviest fall being 25 inches at Sunamganj. Reaping of *aus* rice and preparation for transplantation of winter rice are in progress. Cutting of jute has commenced. Harvesting of millet and potato has commenced in the hills. The average price of common rice has risen by about 1 per cent. Cattle disease prevails in Mymensingh, Cachar, Goalpara, Kamrup, the Naga Hills, Darrang, Sibsagar and Lakhimpur.

Bengal.—Rain fell in all districts except Patna, Gaya, Saran, Puri and Palamau. The fall was heavy in Cooch Behar and in parts of Midnapore, Muzaffarpur and Darjeeling, moderate in parts of the 24-Parganas, Nadiâ, Murshidabad, Jessore, Darbhanga, Bhagalpur, Purnea and Angul and generally light in the rest of the Province. Sowings of autumn crops and weeding of jute are going on. Transplantation of paddy has commenced in Burdwan, Midnapore, Nadia, Muzaffarpur, Cuttack and Singhbhum. More rain is needed in Burdwan, Bankura, Howrah and the Sonthal Parganas The sugarcane crop is doing well. The price of common rice has risen in Burdwan, the 24-Parganas, Bhaga pur and Darjeeling and has fallen in Midnapore, Murshidabad, Khulna, Patna, Gaya, the Sonthal Parganas, Angul and Palamau. Cattle disease is reported from Midnapore, Jessore, Patna, Darbhanga, Bhagalpur, the Sonthal Parganas, Angul, Sambalpur, Hazaribagh and Ranchi. Fodder is reported to be insufficient in parts of Murshidabad. The supply of water is sufficient throughout the Province.

United Provinces.—The week was practically rainless except for light showers in a few districts. Want of rain is retarding autumn sowings and beginning to cause anxiety in places. Preparation of fields for sowing and irrigation of sugarcane and standing crops are in full swing. Cattle are in good condition, disease being reported only in eight districts. Fodder and supplies are ample everywhere. Prices have risen in nineteen districts in consequence of the delay in the establishment of the monsoon.

Punjab.—Good rain was received in parts of Lahore and light to moderate rain elsewhere except in Multan. More rain is wanted in Hissar, Gurgaon and Sialkot. Wheat is being harvested in Shahpur and tobacco in Sialkot. Sowings of autumn crops continue. Standing crops are in good condition Prices are easy but have risen slightly in some districts. The condition of cattle is generally good. Fodder is sufficient.

North-West Frontier Province—Rain fell in the Dera Ismail Khan district and the Marwat tahsil of Bannu, the quantity varying from 9 cents in Tank to 50 cents in Marwat. There was no rain elsewhere. The condition of standing crops is from average to fair. Sowing of cotton and rice is practically finished in Bannu. The public health is good. Cattle disease is reported in one village each of the Mardan and Nowshera tahsils of the Peshawar district and in the Marwat tahsil of the Bannu district. The Kurram and Tochi rivers are in flood. Irrigation from the Paharpur canal continues. The fodder and water supply is sufficient but drinking water continues to be reported scarce in certain *Daman* villages of Dera Ismail Khan. Prices are slightly falling. Prices:—Wheat $15\frac{1}{4}$ to $21\frac{9}{16}$, maize $15\frac{1}{16}$ to $30\frac{5}{16}$, gram $18\frac{7}{8}$ to 34 and *bajra* $22\frac{5}{16}$ to $28\frac{7}{16}$ seers per rupee.

Jammu.—Slight rain fell during the week. Prices are fluctuating. Wheat sells from 11 to 19 and maize from 16 to 30 seers per rupee. The condition of standing crops is fair. Cattle disease of mild type prevails in the Basohli tahsil of the Province. Fodder is sufficient.

Kashmir.—Harvesting of spring crops is going on. Autumn crops are in fair condition except that of maize on high lands. There is no disease among cattle. Prices are unchanged. Fodder is sufficient.

Rajputana.—Forty five cents of rain fell in one district of Alwar. The fall was slight in Shahpura. Rain is needed in the Hilly Tracts of Mewar, Banswara, Alwar and Bharatpur. Ploughing and sowing are in progress except in Karauli and Dungarpur where operations are stopped for want of rain. Cattle disease prevails in Banswara. Fodder is sufficient. Prices have risen by 1 seer 8 chataks in Dungarpur, by 1 seer each in Banswara, Shahpura and Kotah by 12 chataks in Dholpur and slightly in Bundi, Jaipur and Karauli. They have fallen by 1 seer each in Marwar and Partabgarh, by $1\frac{1}{2}$ seer in Mewar, by 1 seer 2 chataks in Tonk and slightly in Alwar and are steady elsewhere.

Central India.—The rainfall was *nil* in Indore, Bhopal, Bundelkhand and Malwa and partial in Gwalior and Baghelkhand. Slight showers were received in Dhar and Barwani. The fall was insufficient everywhere. Rain is urgently needed. The weather is very hot. Land is under preparation for autumn crops. Sowings have been suspended generally owing to the cessation of rain. Standing crops are beginning to suffer from drought but the early rain of which there is now some prospect will save the situation. Scarcity of water and fodder is reported in two parganas of Gwalior. Cattle disease prevails in parts of Bundelkhand and Bhopawar. Prices are normal in Bhopal, continue high in Baghelkhand, have risen slightly in Malwa, are fluctuating in Indore and Bhopawar and are steady elsewhere.

Central Provinces.—During the week Seoni, Balaghat, Drug, Bilaspur and Yeotmal had rain amounting to between 1 and 2 inches and Jubbulpore and Betul received *nil*. Elsewhere the quantity registered at head-quarters ranged from 3 cents in Hoshangabad to 92 cents in Amraoti. More rain is urgently required everywhere. Sowing of autumn crops is retarded for want of rain and in places germination is reported to be defective. Pasturage and water are adequate. Cattle are doing well. Prices:—*Juar* rose in Wardha and fell in Yeotmal by 3 seers per rupee. Variations are unimportant elsewhere.

Feudatory States.—During the week nine States received rain ranging from 15 cents in Kanker to 9 inches in Sirguja. Sowing of autumn crops is in progress. Fodder and water are sufficient. Prices are almost steady.

Bombay.—Moderate rain fell during the week in parts of Thana, Colaba, Dharwar and Kolhapur and slight elsewhere except in Karachi, Sukkur, Hyderabad, Thar and Parkar, Broach and Baroda. More rain is needed throughout the Presidency. Seedlings have been damaged by caterpillars in the Panch Mahals, are suffering owing to insufficient moisture in Thana, Nasik and Ahmednagar and are generally in good condition elsewhere. Preparation of lands for autumn cultivation are progressing in parts. Sowing is retarded for want of rain in parts of Ahmedabad, the Panch Mahals, Kaira, Ratnagiri, the Deccan, Belgaum, Kathiawar, Rewa Kantha and Kolhapur. Transplantation continues in parts of Sind but is retarded for want of rain in the Konkan, Nasik and Savantvadi. The fodder supply is adequate. Agricultural stock is generally in good condition but is deficient in parts of the Deccan. Water for drinking and irrigation is generally adequate. Grain stocks are sufficient. Prices have risen in Hyderabad, Sholapur and Dharwar, have fallen in Colaba, East Khandesh and Satara and are stationary elsewhere. The quantity purchasable per rupee is in Sind 3 to 33 per cent, in the Konkan 13 to 26 per cent, in the Deccan 11 to 28 per cent and in the Karnatak 22 to 29 per cent less than the normal. In Gujarat prices ranged from 17 per cent more to 6 per cent less than the normal.

Hyderabad.—The rainfall was good in the Raichur district and slight and isolated in other parts of the Dominions The weather has changed. The average rainfall for the Dominions was 25 cents After the close of the week the rainfall was 3 inches 45 cents in Nizamabad and 1 inch 82 cents in Hyderabad City. The highest falls recorded were:—3 inches 36 cents in Alampur, 2 inches 45 cents in Ahmadpur and 2 inches 15 cents in Deodrug. Cotton and other autumn sowings are progressing but are suspended in parts for want of rain. Cattle disease prevails in five and fodder scarcity in three talukas. Prices:—wheat 8½, coarse rice 7½ and *juar* 14 seers per rupee. White *juar* is selling at 11½ seers in Hyderabad City and yellow *juar* at 13 seers. The highest price in the districts is 10 seers in Warangal, Adilabad and Karimnagar and the lowest 22 seers in Parbhani.

Mysore.—The rainfall was good in Bangalore and Kolar and slight elsewhere. Prices of food grains are steady. Markets are well supplied. Standing crops are in good condition except in parts of Shimoga where rain is badly needed. Prospects of the season are good. Cattle are generally healthy. Water and fodder are available.

Coorg.—Rainfall 1 inch 81 cents. Ploughing for rice continues. Transplanting of rice has commenced. Prices of food grains have risen slightly. The public health is fair. Water and fodder are ample.

Madras.—The rainfall was good in South Canara, Kurnool, Anantapur, South Arcot, North Arcot, Trichinopoly, Salem, Ramnad and the Nilgiris, *nil* in Madras and light to fair elsewhere. Irrigation supplies are sufficient in Vizagapatam, Godavari, Guntur, Cuddapah, Coimbatore, Malabar and the Nilgiris and insufficient in parts of other districts. Ploughing, sowing, manuring, weeding and transplanting are in progress in parts. Standing crops are fair to good but coffee in parts of the Nilgiris is affected by bug. Harvests continue except in the Circars, Kurnool, Tanjore, Ramnad, Malabar and South Canara with outturn fair to normal generally. Pasture is sufficient in Ganjam, Vizagapatam, Madras, Chittoor, Salem, Coimbatore, Tanjore, Madura, Malabar, South Canara and the Nilgiris. Fodder is available except in parts of Godavari and Madura. The condition of cattle is generally good. The price of rice is stationary in nineteen districts, has fallen in two and has risen in four. The prices of millets have fluctuated as follows:—*Ragi* is stationary in twelve districts, has fallen in five and has risen in six. *Cholam* is stationary in seven districts, has fallen in three and has risen in five. *Cumbu* is stationary in seven districts, has fallen in three and has risen in seven. The public health is generally good. Prospects are generally fair. The condition of the labouring classes is satisfactory and employment is available. Grain stocks are generally sufficient.

GOVERNMENT OF INDIA.

DEPARTMENT OF REVENUE AND AGRICULTURE.

Rainfall summary for the seven days ending at 8 hrs. on Thursday, the 20th July 1911, based on the Indian Daily Weather Reports of the period.

1. The monsoon proved fitful during the week, and rainfall which was at first fairly general in the United Provinces, the central parts of the country and the north of the Peninsula had practically ceased in these areas by the 15th, weather thereafter remaining dry. Rainfall was fairly general on the west coast, in northeast India and Burma, but even in these regions, excluding Lower Burma, it was somewhat variable. At the close of the week there were indications in the pressure distribution over northern India of a weakening of the adverse conditions which were accountable for the break in the rains.

2. Temperature was largely above normal in the northcentral parts of the country during the greater part of the week, but in the Peninsula comparatively cool conditions prevailed. Elsewhere there was no considerable persistent departure from normal.

3. *Burma.*—Rainfall was nearly general in Lower Burma and fairly general in the northern districts, but in the central parts falls were only local.

Northeast India, including Orissa.—Until the 16th rainfall was nearly general except in Orissa: it was fairly general during the rest of the week in Eastern Bengal and Assam, but elsewhere was light and unimportant.

The United Provinces, Central India and the Central Provinces.—Falls were very nearly general on the 13th in the Central Provinces and fairly general in the United Provinces and Central India East; by the 15th, however, rainfall had practically ceased, and subsequently only scattered falls were reported.

Northwest India.—Dust and thunderstorms were numerous in the Punjab East and North on the 13th, and a few falls of rain were reported there and in Kashmir later in the course of week.

The Peninsula.—Rainfall progressively diminished on the west coast until the 15th, but subsequently increased and was on the whole fairly general and moderately heavy. In the northern inland districts rainfall gradually decreased in the early days of the week and had ceased by the 17th, but in Mysore and the neighbouring parts it showed a marked increase simultaneously with the improvement along the coast.

4. The most important falls reported were as follows :—

5. Rainfall during the week was in defect almost everywhere, the deficiency being most marked in the United Provinces, Orissa, the central parts of the country and the northern districts of the Peninsula. In Eastern Bengal, Bihar and Mysore only was there a large excess. During the period 28th April to 20th July the amount was in moderate excess in Eastern Bengal and Mysore, and in moderate to large defect in northwest India, the central parts of the country and the United Provinces: elsewhere it was on the whole in slight defect.

DEPARTMENT OF REVENUE AND AGRICULTURE.

Season and Crop Prospects for the week ending Saturday, 15th July 1911.

Burma.—The rainfall was heavy in Arakan and Tenasserim, mostly light in the central region and moderate elsewhere. Pakokku, Mandalay, Sagaing and Myingyan report no rain. Ploughing and sowing of autumn and winter rice are in progress. Sowing of sesamum, groundnut and cotton has been practically completed. Standing crops require more rain in Minbu and Sagaing. The price of unhusked rice has risen considerably in Bassein and has fallen slightly at five centres. It is above the normal for the most part.

Eastern Bengal and Assam.—The rainfall during the week was heavy in parts of the Chittagong, Rajshahi and Assam Valley divisions and the Sylhet district and moderate elsewhere. More sun is wanted for tea in Lakhimpur. Harvesting of *aus* rice and transplantation of winter rice are in progress. Jute on lowlands is being cut. Notwithstanding the slight damage by floods harvest prospects seem favourable. The average price of common rice has risen by about 1½ per cent. Cattle disease prevails in Mymensingh, Cachar, Sylhet, the Khasi, Naga and Garo Hills, Goalpara, Kamrup, Nowgong, Sibsagar and Lakhimpur.

Bengal.—Rain was general over the Province. The fall was heavy in Darjeeling, Purnea, Khulna and Monghyr, light in Shahabad, Palamau, Manbhum, Singhbhum, Cooch Behar and in the districts of the Orissa division and generally moderate in the remaining districts. Transplantation of winter paddy continues. More rain is wanted in parts of Burdwan, Howrah, Murshidabad, Jessore, Gaya, Shahabad, Saran, the Sonthal Parganas, Balasore, Sambalpur, Palamau and Manbhum. Weeding of jute is going on. Standing crops are generally doing well. Some injury has been done by excessive rain to the autumn crops in the Sonthal Parganas and to jute in parts of Khulna. Floods have also done some damage to jute in parts of Murshidabad. The price of common rice has risen in Burdwan, Midnapur, the 24-Parganas, Murshidabad, Khulna, Patna, Gaya, Puri and Hazaribagh and has fallen in Purnea. Cattle disease is reported from Howrah, Khulna, Champaran, Darbhanga, Angul, Sambalpur, Hazaribagh, Manbhum and from all the districts of the Patna and Bhagalpur divisions except Darjeeling. Fodder is reported to be insufficient in parts of Murshidabad. The supply of water is sufficient throughout the Province.

United Provinces.—The rainfall throughout the Provinces averaged about 2 inches per district except in the Lucknow and several Doab districts which received only 1 inch or less. In many other districts the fall was unevenly distributed. Sowing operations have been resumed in most districts, but good general rain is urgently wanted over the greater part of the Provinces. Standing crops are generally in a satisfactory condition. Sporadic cattle disease exists in eleven districts but the general state of agricultural stock is good. Fodder and supplies are ample. Prices have risen in twelve and have fallen in five districts. They are stationary elsewhere.

Punjab.—Moderate to light rain has fallen in all districts except Lyallpur and Multan. More rain is generally wanted everywhere. The condition of standing extra spring crops is good and that of autumn crops generally good to average. Sowings of autumn crops continue. Cotton has withered in Ambala. Worms are damaging cotton in parts of Rohtak and indigo and *moth* in Multan. Prices have risen slightly in some districts. Fodder and water are scarce in parts of Mianwali.

North-West Frontier Province.—Rain varying from 22 to 78 cents fell in the Marwat tahsil of the Bannu district. Rain is badly wanted in Dera Ismail Khan. The condition of standing crops on irrigated areas is fair and on unirrigated areas normal. Sowings of maize and *chari* are in progress in Peshawar and also of maize in irrigated and of *bajra*, *moth* and *juar* in unirrigated areas of Bannu. The public health is good. Cattle

disease is reported in the Marwat tahsil of Bannu. Irrigation from the Paharpur canal continues. The fodder and water supply is sufficient but drinking water is still scarce in certain *Daman* villages of Dera Ismail Khan. Prices are rising slightly. Prices:—Wheat 14⅝ to 21½, gram 19$\frac{1}{16}$ to 34, maize 15⅝ to 26½ and *bajra* 22⅛ to 28½ seers per rupee.

Jammu.—Slight rain fell during the week. Prices are fluctuating. Wheat sells from 13 to 19 and maize from 14 to 28 seers per rupee. The condition of standing crops is ordinary. Cattle disease of mild type prevails in the Basohli tahsil of the Province. Fodder is sufficient.

Kashmir.—The weather was bright and warm. No rain fell during the week. Some crops are being sown. The condition of standing crops except that of maize is good. There is no disease among cattle. Fodder is sufficient.

Rajputana.—The rainfall in cents was:—Udaipur and Dholpur each 99, the Hilly Tracts and Mewar each 114, Dungarpur 191, Banswara 329, Partabgarh 380, Bundi 111, Kotah and Jhalawar varying from 139 to 431 and 210 to 480 respectively, Jaipur 278, Alwar 79, Karauli 128, Bharatpur 55 and Ajmer 75. Rain also fell in two tahsils of Shahpura, the districts of Bikaner, Marwar, Tonk, Jaipur and Bharatpur. The fall was slight in Bikaner, Kishangarh and Merwara. More rain is wanted in Mewar, Dungarpur, Kotah, Jhalawar, Bharatpur, Ajmer and Merwara. Sowings have been retarded in the Hilly Tracts, Ajmer and Merwara. Crops are withering in Marwar, Kotah, two Nizamats of Jaipur, Kishangarh, Alwar, Ajmer and Merwara. High winds are doing damage to crops in Marwar. Cattle disease prevails in Banswara and in one tahsil of Jhalawar. Fodder is sufficient in Karauli and Ajmer. Prices have risen by 1 seer each in Bikaner, Sirohi, and Dungarpur, by 1½ seers in Marwar, by 1 seer 9 chataks in Jaisalmer, by 11 chataks in Mewar, by 3½ seers in Partabgarh, by 1 seer 2 chataks in Bundi, by ½ seer each in Kishangarh, Alwar, Bharatpur and Merwara, by 1¼ seers in Karauli and by 4 chataks in Dholpur. They have fallen by 3 seers in Banswara and are steady elsewhere. The cotton crop is withering in Kotah and Kishangarh.

Central India.—The rainfall was general in Indore, Bhopal, Bundelkhand and Malwa and partial in Gwalior and Bhopawar. Prospects have improved generally but more rain is badly needed, especially in Gwalior and parts of Bundelkhand and Bhopawar. The weather is cool with high winds. Autumn sowings are proceeding. Early sowings are generally in good condition but are withering in parts of Gwalior and Ali Rajpur. Scarcity of water and fodder is reported from certain places in Gwalior. Cattle disease prevails in parts of Indore, Baghelkhand and Bundelkhand. Prices are normal in Bhopal, are rising in Gwalior and Baghelkhand, are steady in Indore, Mehidpur, Bundelkhand and Malwa and are fluctuating elsewhere.

Central Provinces.—During the week Balaghat had the heaviest rainfall amounting to 9 inches. Jubbulpore and Mandla received 6 and 5 inches, respectively. Elsewhere the quantity registered at headquarters ranged from 19 cents in Buldana to 3 inches each in Hoshangabad and Chanda. The rainfall was fairly well distributed in most of the districts. More rain, however, is still required in Damoh, Jubbulpore, Mandla, Seoni, Betul, Chhindwara, Chanda, Balaghat, Drug and Bilaspur. Sowing of autumn crops is in rapid progress everywhere and germination is satisfactory. Some re-sowing was necessary in parts of Hoshangabad, Betul and Chhindwara. Fodder and water are adequate. Cattle are doing well. Prices are almost steady.

Feudatory States.—Light to moderate rain was received in eleven States ranging from 9 cents in Korea to 6 inches in Chhuikhadan. More rain is needed in Nandgaon, Raigarh and Sarangarh. Sowing of autumn crops is in progress and germination is successful. The supply of fodder and water is sufficient. Prices are almost stationary.

Bombay.—Good rain fell during the week in parts of the Konkan, Nasik, Satara, Belgaum, Baroda, Rewa Kantha, Savantvadi and Kolhapur; moderate in Surat, Khandesh, Ahmednagar, Poona, Dharwar, Kathiawar and Mahi Kantha, and slight elsewhere except

in Sind, Palanpur and Cutch. More rain is generally needed. Seedlings have been damaged by insects in Karachi and the Upper Sind Frontier, are suffering owing to insufficient moisture in Sukkur, Larkana, the Upper Sind Frontier, Ahmedabad, Kaira and Thana and are generally in good condition elsewhere. Preparation of lands for autumn cultivation is progressing in parts. Sowing continues in Karachi, Larkana, Thar and Parkar, Kaira, Broach, Ratnagiri, Kanara, the Deccan, the Karnatak, Kathiawar, Baroda, Mahi Kantha, Rewa Kantha, Savantvadi and Kolhapur. Transplantation continues in parts of Karachi, Larkana, the Konkan, Nasik, Poona, Belgaum and Savantvadi. The fodder supply is adequate except in Hyderabad, Thar and Parkar, Ahmedabad and Palanpur. Agricultural stock is generally in good condition but is deficient in parts of the Deccan. Drinking water is sufficient. Irrigation water is adequate except in the irrigation canals in Sukkur, Larkana and the Upper Sind Frontier. Grain stocks are sufficient. Prices have risen in the Panch Mahals, Kaira, Sholapur, Bijapur and Belgaum, have fallen in Sukkur, Nasik and Dharwar and are stationary elsewhere. The quantity purchasable per rupee is in the Konkan 13 to 26 per cent, in the Deccan 9 to 23 per cent and in the Karnatak 17 to 26 per cent less than the normal. In Sind prices ranged from 3 per cent more than the normal to 33 per cent less and in Gujarat from 10 per cent more to 26 per cent less.

Hyderabad.—The rainfall during the week was somewhat heavy in parts of the Warangal and Aurangabad districts and in some isolated parts, fair and even in other parts of the Dominions and very light in Raichur. The average fall for the Dominions was 2 inches 12 cents. The highest falls recorded were :—8 inches 90 cents in Khuldabad and 5 inches 98 cents in Aurangabad. Seven talukas received between 4 and 5 inches, fourteen between 3 and 4 inches, twenty-five between 2 and 3 inches, twenty-six from 1 to 2 inches and nineteen under 1 inch. Sowings of cotton and other autumn crops are proceeding, sprouts being fair to good. Cattle disease prevails in six talukas. Prices :—wheat 8½, coarse rice 7½ and *juar* 14½ seers per rupee. White *juar* is selling at 11½ seers in Hyderabad City and yellow *juar* at 12 seers. The highest price in the districts is 10 seers in Warangal and Karimnagar and the lowest 22 seers in Parbhani and Nander.

Mysore.—The rainfall was good in Hassan, Kadur and Shimoga and slight elsewhere. Prices of food grains are steady. Markets are well supplied. Standing crops are in good condition. Prospects of the season are good. Cattle are generally healthy. Water and fodder are available.

Coorg.—Rainfall 12 inches 62 cents. Ploughing for and transplanting of rice continue. Prices of food grains have risen slightly. The public health is fair. Water and fodder are ample.

Madras.—The rainfall was very heavy in South Canara and Malabar, heavy in Godavari, Kistna, the Vizagapatam Agency and the Nilgiris, good in Guntur, the Vizagapatam littoral and Kurnool, *nil* in Trichinopoly and Ramnad and light to fair elsewhere. Irrigation supplies are sufficient in Vizagapatam, Godavari, Kistna, Guntur, Cuddapah, Coimbatore, Malabar and the Nilgiris and insufficient in parts of other districts. Ploughing, sowing, manuring, weeding and transplanting are in progress in parts. Standing crops are fair to good, but some in parts of the Nilgiris are affected by bug. Harvests continue except in Godavari, Kistna, Guntur, Kurnool, Tinnevelly, Malabar and South Canara with outturn fair to normal generally. Pasture is sufficient in Madras, Chittoor, North Arcot, Salem, Tanjore, Ramnad, Malabar, South Canara, the Nilgiris and the Circars except Guntur. Fodder is available except in parts of Godavari. The condition of cattle is generally good. The price of rice is stationary in twenty-one districts, has fallen in one and has risen in three. The prices of millets have fluctuated as follows :—*Ragi* is stationary in thirteen districts, has fallen in four and has risen in six. *Cholam* is stationary in five districts, has fallen in seven and has risen in three. *Cumbu* is stationary in eight districts, has fallen in six and has risen in three. The public health is generally good. Prospects are generally fair. The condition of the labouring classes is satisfactory and employment is available. Grain stocks are sufficient.

RESOLUTION.

THE Government of India have had under consideration the question of making provision in the form of lascar agreement for enabling the transfer of lascars between vessels lying at different ports in the United Kingdom. After consulting the maritime Local Governments concerned on the subject, the Governor General in Council is pleased to direct that the following additional stipulations shall be substituted for the second additional stipulation at the foot of the first page of the form of lascar agreement prescribed in Finance and Commerce Department Resolution No. 1096-S.R., dated the 25th March 1903, as amended by the Resolution in the Department of Commerce and Industry, No. 4352—4358-27, dated the 6th June 1906 :—

"Additional stipulation which must be entered into and signed by the crew in the event of an agreement of the nature specified by section 125 of the Merchant Shipping Act, 1894 :—

And the said crew agree on arrival at any port in the United Kingdom to enter into a further agreement, approved in the manner prescribed in section 125 (3) of the Merchant Shipping Act, 1894, to serve as seamen in any ship which may happen to be at any port in the United Kingdom and to be bound to any port in British India provided that, in the case of transfer from a ship in one port to a ship in another port, the crew shall not suffer any loss of wages nor shall they be called upon to pay the cost of conveyance or other expenses incidental to such transfer."

"Additional stipulation which must be entered into and signed either by the owner of the vessel, or by the master in his behalf :—

I hereby further agree that, in the event of discharge at a port not in British India and not in the United Kingdom, if the employment offered to the said lascars or other natives whose names are subscribed on the other side of this sheet is in a ship sailing from a port in the United Kingdom, or in the event of a transfer from a vessel at the port of arrival in the United Kingdom to a vessel at any other port in the said United Kingdom, then in either of those cases I will provide and pay in advance to the said lascars or other natives the charges to which they may be put on account of the journey to such port, and their wages for the time during which they may be in transit, and make good to them any loss or damage which they may suffer in transit, and I further agree that they shall be transferred only on the terms of an agreement approved in the manner prescribed in section 125 (5) of the Merchant Shipping Act, 1894, and otherwise in accordance with the terms of that sub-section, and that the fee or fees for such approval shall be paid by me.

GAZETTE OF INDIA.

NOTICE.

The 22nd March 1911.

From the 8th April next till further notice, Parts I, IV, V and VI of the *Gazette of India* and the Weather and Crop Report will be published at Simla. After the 1st April all notifications and other matter intended for publication in those Parts should be addressed to the Officiating Publisher at Simla.

Attention is invited to the following Circular Memorandum of the Government of India, Home Department, of August 1901 :—

" It has been brought to the notice of this Department that matter for the *Gazette of India* is sometimes sent to the Press late on Friday evenings for publication in the next day's *Gazette*, and that this involves considerable inconvenience to the Press and expense to Government. In the Circular Memorandum of this Department, No. 777—79, dated 9th February 1870, the Government of India directed that all notifications or other matter intended for insertion in the *Gazette of India* should be delivered at the Press not later than 2 P.M. on Friday, and that any papers sent thereafter must be certified to be extremely urgent in order to ensure their appearance in the next day's *Gazette*. The undersigned is directed to request that these orders may be more strictly observed in future, and that Departments will refrain from sending to the Press as extremely urgent any papers which can without harm or inconvenience be held over for the next *Gazette*."

J. P. HEWETT,

Secretary to the Government of India.

GOVERNMENT OF INDIA.

DEPARTMENT OF REVENUE AND AGRICULTURE.

Rainfall summary for the seven days ending at 8 hrs. on Thursday, the 13th July 1911, based on the Indian Daily Weather Reports of the period.

1. Both branches of the monsoon were more vigorous than during the previous week, and information from the South Indian Ocean indicated that favourable conditions had developed there: reports from the Arabian Sea however showed that monsoon conditions were still feeble in the east of that area.

2. Temperature continued very high in the central parts of the country until the 8th, and weather was somewhat warmer than usual in the northwest from the 7th onwards. In the Peninsula well marked cool conditions prevailed.

3. ***Burma.***—Rainfall was nearly general in Lower Burma and fairly general in Upper Burma.

Northeast India, including Orissa.—Falls were fairly general except in the western and northwestern districts where they were few and light.

The United Provinces, Central India and the Central Provinces.—Rainfall was confined to Central India and the Central Provinces until the 9th, but then became fairly general over the whole division.

Northwest India.—A few falls occurred in Gujarat, Rajputana, and the east and north Punjab.

The Peninsula.—Rainfall was nearly general and fairly heavy in the western half, and local in other parts.

DEPARTMENT OF REVENUE AND AGRICULTURE.

Season and Crop Prospects for the week ending Saturday, 8th July 1911.

Burma.—The rainfall was heavy in Tenasserim, light in the dry zone and moderate elsewhere. Ploughing and sowing of autumn and winter rice are proceeding normally. Sowing of sesamum, groundnut and cotton is approaching completion. The price of unhusked rice has risen considerably in Bassein, Myaungmya and Yamethin and is high generally.

Eastern Bengal and Assam.—Frequent showers have been general. In Sylhet, Jalpaiguri and Lakhimpur the rainfall has been heavy. The rivers and *jhils* are at high level, but the damage to crops is not great. Some immature jute has been cut. Much progress has been made with the harvesting of *aus* rice and the transplanting of winter rice. Owing to the favourable season transplanting is being done earlier than usual. The price of common rice has fallen by nearly 1 per cent on an average. Cattle disease prevails in Mymensingh, Cachar, the Khasi, Naga and Lushai Hills and throughout the Assam Valley.

Bengal.—Rain fell all over the Province. The fall was heavy in Darjeeling, Cooch Behar and in parts of Muzaffarpur, Darbhanga, Purnea, Balasore and Sambalpur, moderate in parts of Burdwan, Bankura, Hooghly, the 24-Parganas, Murshidabad, Khulna, Bhagalpore, the Sonthal Parganas, Angul, Puri, Ranchi and Manbhum and generally light in the rest of the Province. Sowings of autumn crops and transplantation of paddy are in progress. More rain is wanted in Burdwan, Birbhum, Howrah, Murshidabad, Jessore, Saran, Champaran, the Sonthal Parganas and in all the districts of the Patna and Chota Nagpur divisions except Hazaribagh. Some damage to paddy is reported from parts of Sambalpur for want of sufficient rain. Standing crops are doing well. The price of common rice has risen in Burdwan, Murshidabad, Patna, Monghyr, Hazaribagh, Manbhum and Cooch Behar and has fallen in Midnapore only. Cattle disease is reported from Birbhum, Midnapore, Jessore, Patna, Champaran, Darbhanga, Bhagalpur, Purnea, the Sonthal Parganas, Angul, Sambalpur, Hazaribagh and Manbhum. The supply of fodder and water is sufficient throughout the Province.

United Provinces.—The week was practically rainless except for light showers in a few districts at the end of the week. Rain was urgently needed throughout the Provinces. Standing crops in the areas protected by irrigation are doing well but elsewhere the early autumn crops are withering and sowing operations are at a standstill. A few districts report good rain since the close of the week. Agricultural stock is generally in good condition, but twelve districts report sporadic cattle disease. Fodder and supplies are ample. Prices have risen in twenty districts and are stationary elsewhere.

Punjab.—Slight rain has fallen in parts of Hissar, Gurgaon, Ambala, Amritsar and Sialkot. There is a general want of rain everywhere. Standing extra spring and autumn crops are generally in good condition. Sowings of autumn crops continue, but have been stopped for want of rain in Rohtak, Gurgaon and Ambala where crops are withering. Prices show an upward tendency. The condition of cattle is generally good. Fodder and water are scarce in Rohtak and Mianwali.

North-West Frontier Province.—Rain fell in the Bannu district only, the amount recorded being 22 cents in Bannu and 17 cents in Marwat. The condition of standing crops on irrigated areas is fair and on unirrigated areas normal. Sowings of *bajra*, moth and *juar* are in progress in Bannu, also those of maize and *chari* in the Nowshera and Peshawar districts. The public health is good. The condition of cattle is good except in the Marwat tahsil of the Bannu district. Irrigation from the Paharpur canal continues. The fodder and water supply is sufficient but drinking water is still scarce in certain *Daman* villages of Dera Ismail Khan. Prices are fluctuating. Prices:—Wheat $15\frac{1}{2}$ to $21\frac{3}{4}$, maize $15\frac{1}{16}$ to 28, gram $17\frac{7}{8}$ to 34 and *bajra* $22\frac{1}{2}$ to $28\frac{1}{2}$ seers per rupee.

Jammu.—Slight rain fell during the week. Prices are fluctuating. Wheat sells from 12 to 19 and maize from 16 to 30 seers per rupee. The condition of standing crops is fair. Cattle disease of mild type prevails in the Basohli tahsil of the Province. Fodder is sufficient.

Kashmir.—The weather was bright. Sowings were finished in time. Spring crops are below the average. Prices are unchanged. Slight rain fell during the week and did good to standing crops. There is no disease among cattle. Fodder is sufficient.

Rajputana.—The rainfall in cents was :—Mewar 22, the Hilly Tracts 36, Alwar 20 and Ajmer 25. The fall was slight in Bikaner, Banswara, Kotah, Bharatpur and Merwara. Agricultural operations in Karauli and Bharatpur and sowing in Ajmer and Merwara have been retarded for want of rain. Crops are suffering in places in Tonk, Jhalawar, Kishengarh, Ajmer and Merwara. Slight damage has been done to early crops, maize and cotton in Kotah, Jhalawar and Bharatpur, respectively. Cattle disease prevails in Banswara and Jhalawar. Fodder is sufficient. Prices have risen by 1 seer each in Sirohi, Jhalawar, Karauli and Bharatpur, by 1½ seers each in Mewar and Kishengarh, by 2 seers 7 chataks in the Hilly Tracts, by 4 seers in Banswara, by 2 seers in Partabgarh, by 1 seer 2 chataks in Tonk and by 1¼ seers in Marwar. They have fallen by 10 chataks each in Bundi and Alwar and are steady elsewhere.

Central India.—The rainfall was *nil* in Gwalior and Bundelkhand, general in Bhopal, partial in Bagbelkhand, slight in Indore, Malwa and Bhopawar and insufficient everywhere. The weather is cool. Land is under preparation for autumn sowings. Crops have withered in parts of Rutlam by a break in the rains. Scarcity of water is reported in two parganas. Cattle disease prevails in parts of Bundelkhand and Bhopawar. Prices are normal in Bhopal, continue high in Baghelkhand, are fluctuating in Indore and Bhopawar and are steady elsewhere.

Central Provinces.—Agricultural operations have been resumed with the advent of rain and satisfactory reports have been received from most districts. The quantity of rain registered in inches at headquarters amounted to :—Balaghat 7, Bilaspur 6, Chanda and Akola each 5, and Saugor, Seoni, Bhandara and Hoshangabad each 4. In the remaining districts the rainfall ranged from 36 cents in Yeotmal to 3 inches in Narsinghpur. The supply of fodder and water is sufficient. Agricultural stock is in good condition. Prices show no marked variations.

Feudatory States.—During the week nine States had rain ranging from 19 cents in Korea to 6 inches in Sakti. More rain is needed in Raigarh and Sirguja. Sowing of autumn crops continues and germination is good. Pasturage and fodder are adequate. Prices are almost steady.

Bombay.—Good rain fell during the week in parts of Surat, the Konkan, the Deccan, the Karnatak, Savantvadi and Kolhapur, moderate in Ahmedabad, the Panch Mahals, Kaira, Broach, Kathiawar, Baroda, Mahi Kantha and Rewa Kantha and slight in Sukkur, Palanpur and Cutch. More rain is needed in parts of Karachi, Thar and Parkar, Guzarat, the Konkan, Nasik, Poona, Satara, Belgaum, Palanpur, Cutch and Rewa Kantha. Seedlings have been damaged by insects in the Upper Sind Frontier, are suffering owing to insufficient water in the canals in Sukkur and the Upper Sind Frontier and are generally good elsewhere. Preparation of lands for autumn cultivation is progressing in parts. Sowing continues in Karachi, Larkana, Thar and Parkar, Gujarat, Ratnagiri, Kanara, East Khandesh, Poona, Sholapur, Satara, the Karnatak, Baroda, Mahi Kantha, Rewa Kantha, Savantvadi and Kolhapur. Transplantation continues in parts of Sind, Surat, the Konkan, Poona and Savantvadi. The fodder supply is adequate. Agricultural stock is generally in good condition but is deficient in parts of the Deccan. Drinking water is sufficient. Irrigation water is adequate except in the canals in Sukkur, Larkana and the Upper Sind Frontier. Grain stocks are sufficient. Prices have risen in Larkana and Satara, have fallen in Hyderabad, East Khandesh, Sholapur and the Karnatak and are stationary elsewhere. The quantity purchasable per rupee is in Sind 3 to 33 per cent, in the Konkan 13 to 25 per cent, in the Deccan 7 to 23 per cent and in the Karnatak 15 to 26 per cent less than the normal. In Gujarat prices ranged from 17 per cent more than the normal to 6 per cent less.

Hyderabad.—There was fair and general rainfall during the week ranging from 79 cents to 3 inches 21 cents in Telingana and from 1 inch 49 cents to 5 inches 17 cents in Mahratwara. The average fall for the Dominions was 2 inches 47 cents. The heavy rainfall in the Raichur, Usmanabad and Karimnagar districts resulted in the breach of the Anagundi canal in Raichur and of a few large and many small tanks in Karimnagar. The highest falls recorded were :—7 inches 35 cents in Manir, 7 inches 30 cents in Kalam, 6 inches 15 cents in Usmanabad and 6 inches 64 cents in Makhtal. Four talukas received between 5 and 6 inches, seven from 4 to 5, eight between 3 and 4, twenty-eight between 2 and 3, twenty-three from 1 to 2 and seventeen under 1 inch. General prospects are fair. Weeding has commenced in places. Cattle disease prevails in 7 talukas. Prices :—wheat 8¼, coarse rice 7½ and *juar* 14½ seers per rupee. White *juar* is selling at 11½ seers in Hyderabad City and yellow *juar* at 13 seers. The highest price in the districts is 10 seers in Warangal, Adilabad and Karimnagar and the lowest 22 seers in Parbhani and Nander.

Mysore.—The rainfall was good in Bangalore, Kolar, Kadur and Shimoga and slight elsewhere. Prices of food grains are steady. Markets are well supplied. Standing crops are in good condition. Prospects of the season are good. Cattle are generally healthy. Water and fodder are available.

Coorg.—Rainfall 7 inches 94 cents. Ploughing for and transplanting of rice continue. Prices of food grains have risen slightly. The public health is fair. Water and fodder are ample.

Madras.—The rainfall was very heavy in South Canara, heavy in Malabar and Guntur, good in Kurnool, the Nilgiris, Kistna, Bellary, South Arcot, North Arcot, Godavari, Chingleput, Cuddapah, Vizagapatam, Ganjam and Anantapur and light to fair elsewhere. Irrigation supplies are sufficient in Vizagapatam Godavari, Kistna, Guntur, Cuddapah, Coimbatore, Malabar and the Nilgiris and insufficient in parts of other districts. Ploughing, sowing, manuring, weeding and transplanting are in progress in parts. Standing crops are fair to good but coffee in parts of the Nilgiris is affected by bug. Harvests continue except in Vizagapatam, Godavari, Kistna, Guntur, Kurnool, Tanjore, Ramnad, Malabar and South Canara with outturn fair to normal generally. Pasture is sufficient in Ganjam, Vizagapatam, Godavari, Madras, Chittoor, North Arcot, Salem, Tanjore, Madura, Malabar, South Canara and the Nilgiris. Fodder is available except in parts of Godavari. The condition of cattle is generally good. The price of rice is stationary in fifteen districts, has fallen in three and has risen in seven. The prices of millets have fluctuated as follows:—*Ragi* is stationary in fifteen districts, has fallen in six and has risen in two. *Cholam* is stationary in eight districts, has fallen in three and has risen in four. *Cumbu* is stationary in four districts, has fallen in six and has risen in seven. The public health is generally good. Prospects are generally fair. The condition of the labouring classes is satisfactory and employment is available. Grain stocks are generally sufficient.

PART V.

Bills introduced in the Council of the Governor General of India for making Laws and Regulations, Reports of Select Committees presented to the Council, and Bills published under Rule 23.

GOVERNMENT OF INDIA.

LEGISLATIVE DEPARTMENT.

The following Bill was introduced in the Council of the Governor General of India for the purpose of making Laws and Regulations on the 11th September, 1911 :—

No. 16 of 1911.

A Bill to modify certain provisions of the Calcutta Improvement Act, 1911.

Ben. Act of 1911.

WHEREAS it is expedient to modify the provisions of the Calcutta Improvement Act, 1911, so as to provide in certain cases for an appeal to the High Court from the awards of the Tribunal constituted under that Act; It is hereby enacted as follows :—

Short title.

1. This Act may be called the Calcutta Improvement (Appeals) Act, 1911.

Definitions.

2. In this Act—

(*1*) "Court" means the High Court of Judicature at Fort William in Bengal: and

(*2*) "Tribunal" has the same meaning as in the Calcutta Improvement Act, 1911.

Ben. Act of 1911.

Ben. Act of 1911.

Appeal from awards of the Tribunal.

3. (*1*) Notwithstanding anything contained in the Calcutta Improvement Act, 1911, an appeal shall lie to the Court in any of the following cases, namely :—

(*a*) where the decision is that of the President of the Tribunal sitting alone in pursuance of clause (*b*) of section 77 of the said Act :

(*b*) where the decision is that of the Tribunal, and

(i) the President of the Tribunal grants a certificate that the case is a fit one for appeal, or

(ii) the Court grants special leave to appeal :

Provided that the Court shall not grant such special leave unless the President has refused to grant a certificate under sub-clause (i) and the amount in dispute is five thousand rupees or upwards.

(*2*) An appeal under clause (*b*) of sub-section (*1*) shall only lie on the following grounds, namely :—

(i) the decision being contrary to law or to some usage having the force of law ;

(ii) the decision having failed to determine some material issue of law or usage having the force of law ;

(iii) a substantial error or defect in the procedure provided by the said Act which may possibly have produced error or defect in the decision of the case upon the merits.

Procedure in such appeals.

4. Subject to the provisions of section 3, the provisions of the Code of Civil Procedure, 1908, with respect to appeals from original decrees shall, so far as may be, apply to appeals under this Act.

V of 1908.

Execution of orders of Court.

5. The Chief Judge of the Court of Small Causes of Calcutta shall, on application, execute any order passed by the Court on appeal as if it was a decree made by himself.

Period of limitation for such appeals.

6. An appeal under section 3 shall be deemed to be an appeal under the Code of Civil Procedure, 1908, within the meaning of No. 156 of the First Schedule to the Indian Limitation Act, 1908.

[Act XIV of 1904, s. 3.]

V of 1908.

IX of 1908.

STATEMENT OF OBJECTS AND REASONS.

THE Calcutta Improvement Act, 1911, passed by the Legislative Council of the Lieutenant-Governor of Bengal, constitutes a Tribunal for the purpose of performing the functions of "the Court" in reference to the compulsory acquisition of land for the Board of Trustees for the Improvement of Calcutta. The Act, as first introduced in the Council of the Lieutenant-Governor in the form of a Bill, contained clauses providing for appeals to the High Court from awards of the Tribunal, it being intended that those clauses should be validated by an Act of the Legislative Council of the Governor General on the lines of Act XIV of 1904, which validated and supplemented an appeal clause in the City of Bombay Improvement Act, 1898 (Bombay Act IV of 1898). This Act was passed in consequence of the decision of the High Court of Bombay in the case of *Hari Pandurang* v. *Secretary of State for India in Council* (I L R., 27 Bom, 424). While the Calcutta Improvement Bill was under the consideration of the Bengal Council it was felt that it would be more suitable for the Legislative Council of the Governor General to deal exclusively with the question of appeals to the High Court rather than for the local Legislature to enact clauses to be afterwards confirmed by the supreme Legislature. Accordingly the appeal clauses were struck out of that Bill, and the present Bill has been prepared to take their place.

2. Clause 3 of the Bill declares the cases in which an appeal shall lie to the High Court. These are—

(*a*) cases in which the President of the Tribunal determines the persons to whom compensation is payable, or the apportionment of compensation, in the absence of the assessors, who, with him, constitute the Tribunal,

(*b*) cases in which the President of the Tribunal grants a certificate authorizing an appeal, and

(*c*) where the High Court grants special leave to appeal in any case in which the amount in dispute Rs. 5,000 and upwards, and the President refuses a certificate.

Clause 3 (2) limits all appeals from the full Tribunal to grounds of law as in section 100 of the Code of Civil Procedure, 1908.

3. Clauses 4, 5 and 6 of the Bill contain provisions, based on those in Act XIV of 1904, providing for procedure, execution and limitation.

"Will the Government be pleased to say whether, when the number of administrative appointments in the Postal Department was last raised from

* *Vide* Appendix A.

eight to twelve, the number of such appointments for which departmental officers were eligible was also proportionately raised, and whether departmental officers of good character with efficient service records and seniority claims have received promotion to administrative rank in preference to outsiders?"

The Hon'ble Mr. Clark replied :—

"It was decided in 1891, on the recommendation of the Public Service Commission, that three of the administrative appointments in the Post Office of India should ordinarily be filled by departmental officers. The total number of such appointments was then seven and is now eleven—the Director General and 10 Postmasters General (including two Deputy Directors General).

"No change has been made in the minimum number of appointments to be held by suitable departmental officers. The number, however, is not limited to three, and in practice this minimum has nearly always been exceeded. At the present time four out of the eleven appointments mentioned above are held by departmental officers."

INDIAN CHRISTIAN MARRIAGE (AMENDMENT) BILL.

The Hon'ble Mr. Butler : "I beg leave to introduce the Bill further to amend the Indian Christian Marriage Act, 1872. The Bill is entirely formal in character, and provides for facilitating the transmission and disposal of statistics under the present Indian Christian Marriage Act. It has already been published, and I propose, with Your Lordship's permission, to ask Council at the next meeting to take it into consideration and pass it into law."

The motion was put and agreed to.

COURT-FEES (AMENDMENT) BILL.

The Hon'ble Mr. Jenkins : "My Lord, I introduce the Bill further to amend the Court-fees Act, 1870. The purport of the Bill may be explained in a very few words. At present, when parties to litigation desire to obtain copies of documents from Civil Courts which are to be sent to them by post, the exact cost of the postage has to be calculated, and that leads to some correspondence, delay and also to a certain amount of trouble in keeping accounts of small and broken sums. It is now proposed that in all such cases a uniform fee of twelve annas shall be charged. This fee has been calculated on the average cost which has been incurred in a great number of cases. The result will be that some people will pay an anna or two more than the actual cost of the postage; others will pay a few annas less; but the general result will be that less trouble will be caused, and there will be, upon the whole, a great increase of convenience to the parties."

The motion was put and agreed to.

INDIAN FOREST (AMENDMENT) BILL.

The Hon'ble Mr. Maclagan : "My Lord, I beg to introduce a Bill for the amendment of the Indian Forest Act, 1878. The main object of the Bill is to allow Local Governments to carry out certain functions under the Act without having to obtain the previous sanction of the Government of India. The Bill is in general accord with the ascertained wishes of Local Governments, and it was published last month in the Gazette of India. I propose to bring it forward again at a later meeting, so that it may be taken into consideration and passed by the Council."

The motion was put and agreed to.

BENGAL, AGRA AND ASSAM CIVIL COURTS (AMENDMENT) BILL.

The Hon'ble Mr. Jenkins : "My Lord, I introduce the Bill to amend the Bengal, North-Western Provinces and Assam Civil Courts Act, 1887. The purpose of the Bill has been so clearly stated in the Statement of Objects and Reasons that it appears to me to require no further elucidation."

The motion was put and agreed to.

INDIAN AIRSHIPS BILL.

The Hon'ble Mr. Jenkins : "My Lord, I introduce the Bill to control the manufacture, possession, use, sale, import and export of airships. This Bill has already been published, and, as far as I am aware, the one criticism of any importance which has been directed against it is that we are in a great hurry to deal with the prospective dangers of airships, while we are slow to deal with the more pressing dangers of ill-regulated insurance societies. There may perhaps be some sort of analogy between certain classes of airships and certain kinds of insurance societies ; but that reproach will at any rate be presently removed ; and I think that this Bill may be considered upon its merits, without regard to the prior claims of pending legislation. As to the Bill being premature, I doubt whether at the present moment there is a single airship in India. At the same time, it would not be safe to assume that this condition of affairs will continue. Already there are complaints in England of the nuisance caused by airships flying low over inhabited localities ; and we hear of a postal service between Windsor and London. Those who have watched the astonishing progress made during the last few years towards the conquest of the air would be slow to set any limits to possible future developments. At any time some discovery may be made, or some invention may be perfected, which will enable airships to be used as ordinary means of locomotion ; and it is quite within the bounds of possibility that within the next few years the more adventurous Members of this Council may be winging their way to Simla in aeroplanes instead of coming up in a corkscrew railway. And in any case there is a certain advantage in taking our measures beforehand instead of waiting until vested interests have been established. It must, however, be admitted that the sole practical utility of airships at the present time consists in their use as instruments of warfare, and it is principally with regard to the possibility of their employment as such that this Bill has been framed, although I think that this side of the question has possibly received undue prominence in the Statement of Objects and Reasons. The provisions of the Bill have been borrowed from the corresponding provisions of the Indian Arms Act and from the English Act, which was lately passed upon the occasion of the Coronation in London. The only provision of the Bill which is in any way novel is that contained in clause 5, which empowers the Government, in certain cases, to take possession of airships and to pay compensation for those which may be used for Government purposes. Now, it is a well-recognized rule that in times of great emergency the whole resources of a country are absolutely at the disposal of the Government, upon the principle that the safety of the State overrides all other considerations. The object of this clause is therefore to give legal effect to this principle in the case of machines the principal, if not the sole, utility of which at the present time is use for warlike purposes. In these circumstances, I think that no reasonable objection can be taken to this clause. I now move that the Bill be referred to a Select Committee consisting of His Excellency the Commander-in-Chief, the Hon'ble Mr. Syed Ali Imam, the Hon'ble Mr. Mazharul Haque, the Hon'ble the Raja of Dighapatia, the Hon'ble Sardar Partab Singh, the Hon'ble Mr. Sachchidananda Sinha, the Hon'ble Mr. Macpherson, the Hon'ble Major General Grover and myself, with instructions to report at the next meeting of the Council."

The motion was put and agreed to.

CALCUTTA IMPROVEMENT (APPEALS) BILL.

The Hon'ble Mr. Syed Ali Imam : "My Lord, I beg to move for leave to introduce a Bill to modify certain provisions of the Calcutta Improvement Act of 1911. This Improvement Act of 1911 was taken up by the Legislative Council of the Lieutenant-Governor of Bengal and was passed. As the Bill was originally introduced into that Council, it provided for certain appeals that might be preferred to the High Court from the awards of the Tribunal that would be constituted under that Act. It was at that time considered that, should the Bill be passed as it was introduced,

the Legislative Council here would take up a validating Bill and validate the provisions in reference to the appeals contained in that Bill. Later on we thought it necessary that, instead of having a Validation Act, it would be far better to cut out those provisions from the Calcutta Improvement Act and take up a separate Bill here in this Council with a view to modify that Bill. The necessity for this action arose in this way. A similar enactment was taken up in Bombay. The Bombay Improvement Act, as in the case of the Calcutta Improvement Bill, had taken upon itself to introduce similar provisions regarding the appeals. But it was later on found, on the strength of a decision of the Bombay High Court, that there was a necessity to legislate. The Chief Justice held in that case that local Legislative Councils had not the power to confer such jurisdictions upon the High Courts. The Government of India had consequently to take up in this Council a validating Act. It has therefore been considered desirable that instead of asking Local Councils to deliberately take action, knowing that they had not jurisdiction to take such action, the Imperial Legislative Council here should do what is right for them.

"This is a small Bill, my Lord, and I suggest that its discussion may be postponed till the Bill is further taken up for consideration in this Council."

The motion was put and agreed to.

The Hon'ble Mr. Syed Ali Imam introduced the Bill and moved that the Bill, together with the Statement of Objects and Reasons relating thereto, be published in English in the Gazette of India and the Calcutta Gazette.

The motion was put and agreed to.

The Council adjourned to Monday, the 18th September 1911.

GOVERNMENT OF INDIA.

DEPARTMENT OF REVENUE AND AGRICULTURE.

Rainfall summary for the seven days ending at 8 hrs. on Thursday, the 14th September 1911, based on the Indian Daily Weather Reports of the period.

1. A low pressure area developed in Burma at the end of the previous week, but disappeared on the 7th after giving extensive rainfall in the central parts of that province. On the 8th a depression began to form at the head of the Bay and on the 9th an area of slightly low pressure appeared near Allahabad. The former crossed the coast south of Balasore on the 11th and gave moderately heavy rain in west Bengal; while the latter gave heavy rain in the east of the United Provinces and parts of Central India. Both of them disappeared on the 12th, but simultaneously a fresh low pressure area formed over Burma and on the 13th this passed into the Bay. On the 13th also a slight depression appeared in the Punjab.

2. Temperature continued low in the central and north-central parts of the country and somewhat high in the northwest, until the 12th when the cool conditions began to extend over the extreme north.

3. *Burma.*—Rainfall was fairly general until the 11th when it diminished largely.

Northeast India, including Orissa.—Rainfall was fairly general until the 10th when the depression at the head of the Bay caused its practical cessation except in west Bengal. Falls however became fairly general again on the following day.

The United Provinces, Central India and the Central Provinces.—Rainfall was nearly general in the United Provinces and fairly general in Central India East and the west Central Provinces; while a few falls were reported from the rest of the division.

Northwest India.—Rainfall occurred chiefly in the hills of the east Punjab until the 10th; but subsequently rain fell in east and south Rajputana and in the plains of the Punjab East and North.

The Peninsula.—Falls were few and somewhat light.

4. The most important amounts reported were :—

DEPARTMENT OF REVENUE AND AGRICULTURE.

Season and Crop Prospects for the week ending Saturday, 9th September 1911.

Burma.—The rainfall was heavy in Arakan, Tenasserim, parts of the delta and in the Northern districts of Upper Burma and moderate to light elsewhere. Harvesting of autumn rice and early sesamum has begun. Transplanting of winter rice is well advanced. Standing crops are on the whole in good condition but in the dry zone more rain is still needed. The price of unhusked rice has risen further at Rangoon and Akyab. Prices are high elsewhere.

Eastern Bengal and Assam.—Frequent heavy showers continue. A little more sunshine would be beneficial to crops. Prospects of winter rice are generally good though insect pests and *ufra* disease are causing much damage. Owing to the early season the transplanted area is larger than usual. The outturn and prospects of tea are satisfactory except in Lakhimpore where the weather is wet and cold. A good crop is anticipated in the ensuing mulberry silkworm instalment. The average price of common rice is nearly 1 per cent less than that of the last week. Cattle disease prevails in the Surma Valley, Malda, Goalpara, Kamrup, Nowgong, Sibsagar and the Khasi and Jaintia Hills.

Bengal.—Rain fell in all districts. The fall was heavy in Cooch Bihar, parts of Darjeeling, Purnea, the Sonthal Parganas, Darbhanga and in the greater part of Shahabad, Saran and Monghyr. It was moderate in Midnapore, Murshidabad, Patna, Gaya, Bhagalpur, Ranchi, Balasore and in parts of Birbhum, Muzaffarpur, Cuttack and Hazaribagh but light elsewhere. Transplantation of paddy has been almost completed in Bihar and still continues in most districts of Lower Bengal and Orissa More rain is wanted in Midnapore, Hooghly, Howrah, the 24-Parganas and Angul. Prospects have improved in Cuttack and Balasore owing to the recent rainfall. The condition of standing crops is on the whole fair. The newly transplanted paddy in parts of Hooghly is suffering for want of rain. The price of common rice has risen in Burdwan, Bankura, Howrah, Nadia, Jessore, Khulna, Monghyr and Bhagalpur and has fallen in Murshidabad, Saran, Purnea, Hazaribagh and Cooch Bihar. Cattle disease is reported from Midnapur, Murshidabad, Patna, Gaya, Darbhanga, Monghyr, Bhagalpur, Angul, Sambalpur and from all the districts of the Chota Nagpur division except Singhbhum. The supply of fodder and water is sufficient throughout the Province.

United Provinces.—The rainfall throughout the Provinces was copious except in the Upper Doab which again received insufficient rain. Even in this tract the position has improved. Elsewhere standing crops are generally flourishing and prospects are hopeful. Belated autumn sowings still continue in a few of the districts recently affected by drought and weeding of standing crops and ploughing for spring crops are in progress. In the eastern districts early autumn crops are being harvested and transplantation of rice is being completed. Sporadic cattle disease is reported from nineteen districts but the general condition of stock is good. Scarcity of fodder has now almost disappeared. Supplies are ample. Prices have fallen in eight districts and are generally stationary elsewhere.

Punjab.—Good rain has fallen in Kangra, and light to moderate rain elsewhere except in Hoshiarpur, Jullundur, Ludhiana, Ferozepur, Amritsar and the districts of the Multan division. More rain is wanted. Sowings of autumn and fodder crops continue. Rice is being harvested in Shahpur. The outturn is average. The condition of standing irrigated crops is generally fair and that of unirrigated crops is poor. Ploughings for and sowings of spring crops are in progress. Grasshoppers are damaging crops in Ferozepore, Amritsar, Sialkot, Gujranwala, Gujrat and Jhang and rats are doing damage in Montgomery. Boll worms are reported from all districts except Gurgaon, Delhi, Karnal, Kangra, Hoshiarpur, Gurdaspur, Sialkot, Gujrat, Jhelum, Rawalpindi, Mianwali, Muzaffargarh and Dera Ghazi Khan. Preventive measures are being taken. Cattle are generally healthy but are weak from overwork and scarcity of green fodder in certain districts. Prices have risen slightly in some districts and are at warning scale in Hissar, Rohtak, Ludhiana, Gujranwala, Gujrat, Jhelum and Rawalpindi Fodder is scarce except in Ambala, Hoshiarpur, Gurdaspur, Shahpur. Attock and Lyallpur. Water is insufficient in parts of Rohtak, Gujrat and Mianwali. The canal water-supply is deficient in Montgomery and Multan.

North-West Frontier Province.—No rain fell during the week excepting 15 cents in the Mardan tahsil of the Peshawar district. Rain is badly needed everywhere. The condition of standing crops is generally below the average on irrigated areas and bad on unirrigated areas where the crops have survived. Sowings of maize are still being attempted in Bannu. The water-supply is sufficient in Kurram and Tochi. The Paharpur canal has

again ceased to flow. The public health is generally good. There is no disease among cattle but their condition is poor in Dera Ismail Khan. Fodder and water are generally adequate though in many *Daman* villages in Dera Ismail Khan fodder and drinking water are not procurable. Prices:—Wheat 11½ to 16¾, maize 11 1/16 to 25½, gram 15⅛ to 26 and *bajra* 15 5/16 to 18¾ seers per rupee.

Jammu.—The rainfall during the week was ordinary. Prices are fluctuating. Wheat sells from 9 to 15 and maize from 10 to 24 seers per rupee. The condition of standing crops is promising. Fodder is sufficient except in some parts of the Province.

Kashmir.—The weather is generally bright. It rained several times during the week. The rain benefited standing crops. Zamindars are busy in harvesting *shali* and maize crops. Prices are rising slowly. Prospects of autumn crops are good except on *karewa* fields. Sowings for the next spring crops have commenced. There is no disease among cattle. Fodder is average.

Rajputana.—There was useful rain in almost all States and in Ajmer-Merwara, the more favoured areas being Udaipur, Banswara, Partabgarh, Bundi, Kotah, Jhalawar, Bharatpur and Dholpur where between 1½ and 4½ inches of rain were registered. The rainfall was light in parts of Jaisalmer, Jodhpur, Sirohi and Shahpura. Surviving crops have been improved generally and *til*, *moth* and fodder crops are being sown in many places. Cattle are suffering in Shahpura and disease is prevalent in a few places in Dungarpur. Otherwise cattle are in fair to good condition. Pasturage is expected to improve but is still deficient in Marwar, Mewar, Shahpura, Jaipur and Ajmer-Merwara. Prices have fallen by ½ to 2 seers in six States, have risen by ½ to 2½ seers in three States and are steady elsewhere. Good rain is reported in many places, especially in Kishangarh and Ajmer-Merwara since the close of the week and general prospects are now much better.

Central India.—Heavy and general rain fell during the week, averaging over 2 inches in Gwalior, from 4 to 7 inches over the greater portion of Indore, 4 to 9 inches in Bhopal, 4 to 8 inches in Baghelkhand, 2 to 20 inches in Bundelkhand and 2 to 6 inches in Malwa. Bhopal had an average of 1 inch. More rain is badly wanted in the north of Gwalior, the south of Indore and throughout Bhopawar where prospects are still poor and in Dhar, Jhabua, Ali Rajpur, Jobat and Barwani and in the States embracing most of the Bhil tracts. Elsewhere a break is required. Harvesting of autumn crops and preparation of land for spring crops, which should be unusually large, are in progress. Crops and pasturage have been much improved by the recent rains. The area in which serious scarcity was feared has been reduced from one-third to one-ninth of the Agency with a population of about a million. Cotton and *juar* promise exceptionally well. Cattle are in good condition except in parts of Indore, Bhopal, Baghelkhand and Bhopawar where disease is prevalent. Green fodder is now generally available except in parts of Bhopawar and Indore. Prices are above the normal in Bhopal, continue high in Baghelkhand, are falling in Malwa and in parts of Bundelkhand, are steady in Gwalior and are fluctuating elsewhere. No distress or movements of population are apparent.

Central Provinces.—During the week light to moderate rain fell all over the Provinces ranging from 9 cents in Bhandara to 5½ inches in Saugor. A break is required in Jubbulpore and in the Vindhyan district. Amraoti and Yeotmal need more rain. Standing crops are in good condition. The supply of fodder and water is sufficient except in parts of Nimar, Chhindwara, Amraoti and Yeotmal. Prices are almost steady.

Feudatory States.—Eight states had rain ranging between 53 cents and 4½ inches. Standing crops are in good condition. Prices show no important variations.

Bombay.—Good rain fell during the week in Colaba, Ratnagiri, Nasik, Kathiawar, Mahi Kantha and Savantvadi, moderate in Thana, Kanara and Rewa Kantha and slight elsewhere except in Sind excluding Larkana. More rain is urgently needed throughout the Presidency. Standing crops are generally in good condition except in parts of Sind, North Gujarat, West Khandesh, Ahmednagar, Poona, Belgaum, Dharwar, Baroda and Rewa Kantha where they are suffering for want of sufficient moisture. The recent rains have enabled sowings to be resumed in parts of Ahmedabad, the Panch Mahals and Rewa Kantha. Lands are being prepared for spring cultivation in parts of Sukkur, Larkana, the Upper Sind Frontier, West Khandesh, Ahmednagar, Poona and Rewa Kantha. The fodder supply is adequate except in parts of Sind, Gujarat, Khandesh, Satara and the Gujarat Native States. Agricultural stock is generally in good condition but is deficient in parts of the Deccan. Drinking water is generally adequate. Irrigation water is deficient in parts of Larkana, Hyderabad, Gujarat and Kathiawar. Grain stocks are sufficient. Prices have risen in parts of Sukkur, Hyderabad, the Upper Sind Frontier, Gujarat, East Khandesh, Nasik, Satara and Belgaum, have fallen in Thar and Parkar and are stationary elsewhere. The quantity purchasable per rupee is in Sind 23 to 45 per cent, in Gujarat 20 to 47 per cent, in the Konkan 18 to 34 per cent, in the Deccan 9 to 44 per cent and in the Karnatak 25 to 36 per cent less than the normal. One test work was opened in Ahmedabad during the week ending 2nd September and the number of workers on the last day of that week was 58. There were seven test works in the Panch Mahals with 1,364 persons on the last day of the week ending 9th September 1911.

Hyderabad.—During the week very little rain fell in the Dominions except in the districts of Adilabad, Nander, Medak and Nizamabad. The average for the Dominions was 39 cents. The highest falls were:—2 inches 25 cents in Nizamabad and 2 inches 20 cents in Ahmadpur. Eight talukas received from 1 to 2 inches of rain, twenty-three from ½ to 1 inch, thirty under ½ inch and twenty-one *nil*. Present prospects are satisfactory but rain is required throughout the Dominions. Autmun crops are withering in parts. Early rice sowings continue, but the area is limited owing to the deficient rainfall and inadequacy of the tank water supply. Lands for spring crops are under preparation and sowings are progressing. Cattle disease prevails in eleven talukas. Prices:—wheat 8, coarse rice 7½ and *juar* 14 seers per rupee; showing a rise of ½ seer in the price of *juar* and wheat. White *juar* is selling at 11½ seers in Hyderabad City and yellow *juar* at 12. The highest price in the districts is 10 seers in Medak, Warangal and Karimnagar and the lowest 24 seers in Nander.

Mysore.—The rainfall during the week was slight in some parts of the State. Prices of food grains are generally steady. Markets are well supplied. Standing crops are in fair condition in Kolar, Mysore, Hassan and Shimoga. Want of rain is keenly felt throughout the State. Prospects of the season are otherwise good. Cattle are healthy. Water and fodder are available.

Coorg.—Rainfall 2 inches 11 cents. Picking of cardamoms continues. Prices of food grains are slightly above the normal. The public health is fair. Water and fodder are ample.

Madras.—The rainfall was heavy in South Arcot, good in North Arcot, the Vizagapatam Agency, Chingleput, South Canara, Ganjam, Salem, the Nilgiris, Trichinopoly, Madura and the Vizagapatam littoral and light to fair elsewhere. Irrigation supplies are sufficient in Kistna, South Canara and the Nilgiris and insufficient in parts of other districts. Ploughing, sowing, weeding and transplanting are in progress in parts but more rain is required for transplanting in Vizagapatam. Agricultural operations in Nellore have been retarded for want of rain. Standing crops are fair to good generally but some in parts of Vizagapatam, Godavari, Guntur, Bellary, Anantapur, Nellore and Coimbatore require more rain, some in parts of Vizagapatam, Guntur, Kurnool, Cuddapah, Nellore, Chittoor, North Arcot, Salem, Coimbatore, Madura, Tinnevelly and Malabar are withering or have withered and paddy in parts of Kistna has been attacked by disease. Early crops in parts of Bellary have been affected by grasshoppers and coffee in parts of the Nilgiris is affected by bug. Harvests continue except in Kurnool and Tanjore with outturn fair to normal generally. Pasture is sufficient in Ganjam, Kistna, Kurnool, Anantapur, Madras, South Arcot, Salem, Tanjore, Malabar, South Canara and the Nilgiris but is scarce in Guntur, Trichinopoly, Ramnad and Tinnevelly. Fodder is insufficient in parts of Vizagapatam, Godavari, North Arcot and Madura. The condition of cattle is generally good. The price of rice is stationary in seven districts and has risen in eighteen. The prices of millets have fluctuated as follows:—*Ragi* is stationary in seven districts, has fallen in five and has risen in ten. *Cholam* is stationary in two districts, has fallen in two and has risen in eleven. *Cumbu* is stationary in one district, has fallen in two and has risen in fourteen. The rise is most noticeable in the price of paddy in Kurnool, of *ragi* in Guntur and of dry grains generally except in Kistna. The public health is generally good. Prospects are generally fair but are unfavourable in Vizagapatam. More rain is urgently wanted in Kurnool, Cuddapah, Nellore, Chingleput, Chittoor, Salem, Coimbatore, Madura and in parts of Vizagapatam, Godavari, Bellary, Anantapur, North Arcot and Malabar. The condition of the labouring classes is satisfactory and employment is available. Grain stocks are sufficient.

Notifications by High Court, Comptroller General, etc.

GAZETTE OF INDIA.

NOTICE.

The 22nd March 1911.

From the 8th April next till further notice, Parts I, IV, V and VI of the *Gazette of India* and the Weather and Crop Report will be published at Simla. After the 1st April all notifications and other matter intended for publication in those Parts should be addressed to the Officiating Publisher at Simla.

Attention is invited to the following Circular Memorandum of the Government of India, Home Department, of August 1901 :—

"It has been brought to the notice of this Department that matter for the *Gazette of India* is sometimes sent to the Press late on Friday evenings for publication in the next day's *Gazette*, and that this involves considerable inconvenience to the Press and expense to Government. In the Circular Memorandum of this Department, No. 777—79, dated 9th February 1870, the Government of India directed that all notifications or other matter intended for insertion in the *Gazette of India* should be delivered at the Press not later than 2 P.M. on Friday, and that any papers sent thereafter must be certified to be extremely urgent in order to ensure their appearance in the next day's *Gazette*. The undersigned is directed to request that these orders may be more strictly observed in future, and that Departments will refrain from sending to the Press as extremely urgent any papers which can without harm or inconvenience be held over for the next *Gazette*."

J. P. HEWETT,

Secretary to the Government of India.

(1) Foreign Department Notification No. 5041-I.C., dated the 20th December 1906.
(2) Home Department Notification No. 2256, dated the 22nd December 1906.

PLAGUE MANUAL FOR RAJPUTANA AND AJMER-MERWARA, 1911.

PART I.

General Administration.

1. The general supervision of the arrangements for dealing with plague in the District of Ajmer-Merwara, and those connected with the observation and examination of travellers by railway in Rajputana, is in the hands of the Residency Surgeon and Chief Medical Officer in Rajputana, under the control of, and subject to report to, the Agent to the Governor-General in Rajputana, and Chief Commissioner, Ajmer-Merwara.

2. The District Magistrates, Ajmer and Merwara, and the Cantonment Magistrates, Nasirabad and Deoli, are responsible for the plague arrangements within their respective districts and cantonments. They may, respectively, within such limits issue such orders as may appear necessary, provided that they do not conflict with the general principles of these rules, and that an immediate report is made to the Head of the Department concerned, in any important case in which such order affects any officer not immediately under the control of the District or Cantonment Magistrate.

3. The Civil Surgeon of Ajmer, as Chief Health Officer of the district, will co-operate with, and advise the District Magistrate in all plague matters, and will be in direct charge of the necessary medical arrangements. He will be Inspecting Medical Officer in respect of the precautionary measures relating to travellers by railway within the limits of the district.

If a medical officer is specially appointed for plague work, he will perform the duties mentioned above, in lieu of the Civil Surgeon, but he should consult the Civil Surgeon freely whenever necessary.

The Staff Surgeon, Nasirabad, and the Agency Surgeon, Deoli, will be in direct charge of the necessary medical arrangements within their respective cantonments and will similarly co-operate with and advise the Cantonment Magistrates.

4. The term "Medical Officer" in these rules means and includes:—

(*a*) the Civil Surgeon, Ajmer; the Staff Surgeon, Nasirabad; the Agency Surgeon, Deoli; the Assistant Surgeon, Beawar;

(*b*) a Plague Inspecting Medical Officer at a Railway Inspecting Station, who is a medical officer appointed for the examination of railway passengers and connected precautions against the importation of plague;

(*c*) any other person appointed by the Agent to the Governor-General in Rajputana, and Chief Commissioner, Ajmer-Merwara, to be a medical officer for the purposes of these rules.

5. The term "Medical Assistant" includes all other medical practitioners in Government employ.

6. All the above officers are invested with powers to enforce the rules made by the Government of India and the Agent to the Governor-General, Rajputana, and Chief Commissioner, Ajmer-Merwara, under the Epidemic Diseases Act, and to issue such orders in any particular case as may be necessary for the carrying out of these rules,

7. Every effort must be made to enlist the services of influential non-official representatives of the native community. No measure can have any prospect of success unless the co-operation of the people be secured. The best means of securing such co-operation is to be found in the real and practical, not merely nominal, association of natives of ability and standing with the work of officials.

8. Any orders issued or action taken, of special importance or general application, by any person exercising authority under these rules, shall be immediately reported to the Residency Surgeon and Chief Medical Officer in Rajputana, and the Agent to the Governor-General in Rajputana, and Chief Commissioner, Ajmer-Merwara.

9. Any general orders issued by the Residency Surgeon and Chief Medical Officer in Rajputana to the Civil Surgeon of Ajmer in connection with plague operations, shall be forwarded through the Commissioner, and a copy shall at the same time be sent to the Chief Commissioner.

10. All expenses incurred in carrying out these rules shall, in the first instance, be paid (*a*) in the case of Ajmer-Merwara, if in a Municipality or Cantonment, from the Municipal or Cantonment Fund, otherwise from the District Fund or from any general allotment or special grant made for the purpose by the Government of India ; (*b*) in the case of railway lands in Native States, either by the Darbar concerned or from any special fund or allotment to which the amount may, by order, be made debitable.

PART II.

Precautions against importation of Plague by Railway.

11. *There will be such stations for medical inspection of passengers on the line of railway as may from time to time be appointed by the Hon'ble the Agent to the Governor-General in Rajputana, and Chief Commissioner, Ajmer-Merwara.

At each of these stations the medical examination of passengers will be conducted by one or more Plague Inspecting Medical Officers.

12. The Residency Surgeon and Chief Medical Officer in Rajputana will supply to all officers concerned, a list of the areas which may from time to time be declared infected, and also notify all changes which may from time to time be made in such list.

13. Every train coming from the direction of any area which may be notified from time to time as infected for the purpose of this rule, may be detained at such stations so long as may be necessary for the medical examination of the passengers. The Railway authorities may detain the train so long as the Medical Officer may consider necessary for the purpose. On the arrival of the train at these stations, no passenger may alight from the train without the permission of a Railway Police or Medical official.

14. Any passenger shall, on being requested to do so, by any Railway Police or Medical official, alight from the train, and proceed for the purpose of medical inspection to any spot that may be indicated by such official.

15. No passenger shall depart from the spot so indicated without the permission of the Medical Officer

16. The examination of females shall be effected under the orders of the Medical Officer by women only.

17. If, on inspection, and after due observation, the Medical Officer is satisfied that a passenger is suffering from plague, the Medical Officer shall immediately remove such person to a temporary hospital established for the purpose, and shall arrange for the detention, dieting and medical treatment of such person therein for so long as he (the Medical Officer) may consider necessary. It is advisable for passengers who have travelled in company with a plague infected patient, to have themselves and their personal effects disinfected at once.

18. Subject to any instructions issued by the Agent to the Governor-General and Chief Commissioner, the Medical Officer has authority to detain any passenger who after a summary medical examination is found to be suffering from any suspicious symptoms. The Medical Officer shall remove any person so detained to the observation shed erected in the vicinity of the railway station. He may also arrange for the detention, dieting and medical treatment of such person in the observation shed for so long as he (the Medical Officer) may consider necessary.

19 In any case, a person removed to a temporary hospital may be accompanied by a companion or attendant, such attendants need not be detained but should, with their effects, be periodically disinfected during their attendance on the patient.

20. A person dealt with under the foregoing rules shall comply with any directions that may be given to him by the Medical Officer with regard to his removal to, and his

*At the present time Abu-Road is the only station appointed for Medical inspection under Rule 11.

detention and treatment in, an observation shed, or temporary hospital, and with respect to the disinfecting of his personal effects, to the disposal of any corpse, or any other similar matters. He shall not depart from any such place of detention without the permission of the Medical Officer.

21. The luggage and clothing of passengers detained under Rules 17 and 18 shall be disinfected in accordance with Annexure I.

22. Persons other than those mentioned above who alight from the train, and who come from an infected area, shall be brought under surveillance. Their names and addresses shall be ascertained, and they shall be ordered to report themselves daily for 5 days to such officer as the Medical Officer may direct. The officer will be furnished by the Medical Officer with a daily list of persons ordered to report themselves to him. He shall record in a register the daily attendance of such persons, and shall at once bring any case of failure to attend to the notice of the local authority concerned, who shall thereupon take necessary action to have the case promptly investigated.

23. Every case of suspected plague or of a death occurring in a case where the existence of plague was known or suspected, or of a corpse being found in a train, shall be telegraphed direct by the Medical Officer, Railway Police or Station Master, to whose knowledge it comes, to the Residency Surgeon and Chief Medical Officer, and also, in Ajmer-Merwara, to the Commissioner, and to the Magistrate of the district in which the case occurs, and in the Native States, to the Resident or Political Agent, and the Residency or Agency Surgeon.

24. Railway vehicles in which suspected or declared cases of plague have occurred, should be stopped at, and not allowed to run further than either the station at which such cases are removed from the carriage or the nearest medical inspection station; and such vehicles should be disinfected in accordance with the instructions contained in Annexure III.

PART III.

Spread of Plague.

25. It has been scientifically proved that plague is essentially a rat disease, and there is no doubt that the disease is communicated chiefly from rats to man through the medium of the rat-fleas. The presence of dead rats is a warning that a human epidemic may be expected. It has been shown that in places where a vigorous campaign against rats has been conducted, the prevalence of plague has been very much reduced, and were it possible to exterminate the rats, plague would be at once arrested. Unfortunately this is no easy task.

It is useless to try and break down the prejudice that exists amongst certain castes against the destruction of rats but everything that is possible by means of persuasion and warning and demonstration should be done by officers, superintendents and others to secure the co-operation of these castes in effecting a diminution of the number of rats by any method which is found to be acceptable to them.

26. If permitted, persistent and careful rat destruction should be undertaken, *vide* Part VIII.

27. There is evidence that well-devised measures persistently carried out will largely reduce the rat population and thus retard, if not prevent, the spread of plague.

28. Spasmodic ill-directed efforts, as rats breed rapidly, can have little effect on plague and may do harm by discrediting not only rat destruction but other measures also

29. A diminution of the food supply of rats by protection of grain stores, the careful removal of all garbage, manure heaps, stable and other refuse has a direct effect on the rat population which normally is only limited by the available food supply.

PART IV.

Rules relating to Municipal Towns and Cantonments.

(1)—Preventive Action.

30. The employment of volunteer agency such as the Municipal Ward Superintendents in Ajmer for discovering cases of plague, is to be resorted to as far as possible, though caution must be used in the acceptance of the results arrived at by it. Owners and occupiers of houses, resident heads of families, employers of factory labour, and medical practitioners should be encouraged to bring to the notice of the authorities, cases of suspected plague and the arrival of persons from an infected area. In towns, the practice of dividing into circles or wards and of arranging for the working in each of prominent inhabitants of that quarter as volunteers, may, as a rule, usefully be adopted. Householders and medical practitioners will sometimes give to such persons information

which they would hesitate to communicate to a Government official. The case of employers of factory labour is different, it may often be found more convenient for them to work directly with the authorities. Compulsory notification is not to be enforced, but voluntary notification must in every possible way be encouraged. Where volunteer agency is available, it must not be allowed to work spasmodically, on the contrary it is of the first importance that arrangements should be made for its systematic employment. All persons of whatever position should bring to the notice as early as possible (of the authorities), every case of the discovery of dead rats—also of plague cases and the arrival of persons from infected areas.

31. For the purpose of checking the occurrence of deaths, the District Magistrate or Cantonment Magistrate may post Police Officers or other officials at burial and burning grounds. Such officials may enquire of the mourners the place and cause of death, but shall not delay or interfere with the cremation or burial in any way. Compulsory corpse inspection by Medical Officers must not be resorted to, but during an outbreak of plague all deaths the cause of which cannot be determined should be treated as deaths from plague.

32. The Civil Surgeon, or authorised Medical Officer shall issue to the owner and occupier of a house such instructions as he may consider necessary with regard to the disinfection and cleaning of the building, the disinfection or destruction of personal effects, the disposal of any corpses, the improvement of the sanitary condition of the premises, and with regard to other similar matters. Pamphlets in vernacular containing simple instructions for the general public should be distributed.* The Medical Officer shall, if he considers it necessary, with the sanction—or in the absence of the owner—himself take measures for the disinfection of a house and for the other matters referred to in this rule.

33. Occupants of a house in which a case of plague has occurred, should submit to disinfection of themselves and effects when the house is evacuated for cleansing.

(2 —Action to be taken when an outbreak of Plague has occurred or is likely to occur.

34. When there is reason to believe that cases of plague are occurring in a town, or are likely to occur owing to the discovery of dead rats, each quarter or mahalla should be placed, as far as possible, under the charge of an official to be called the Superintendent; these ward superintendents may be selected from members of a Municipal Committee, influential residents, or any persons of social standing.

35. They will assist in obtaining information regarding sickness and mortality in the areas respectively allotted to them. Under each superintendent will be a gang of coolies, varying in numbers to suit the requirements of each locality.

36. It should be clearly understood that on no account should any house be entered without the consent of the occupiers.

37. As a sound system of surveillance is one of the most useful means of preventing a healthy place from becoming infected, the people should be encouraged everywhere to carry out the work themselves, but the exact methods to be adopted will be determined by the authorities on the spot, with reference to local conditions and the resources at their disposal.

38. The Superintendent will exercise a general supervision over all the operations and will issue orders for the necessary action to be taken by each section of the gang of coolies. He should also explain the value of inoculation as a protection and rat extermination (as at paragraph 26) as a precautionary measure. In addition he should report any insanitary condition in his circle to the Health Officer.

39. On a report being received by a superintendent of the occurrence of a case of plague, he shall at once proceed to the house or other place where it is reported to have occurred. If the case is an undoubted case of plague, and is admitted to be such, he shall endeavour to arrange for the immediate removal of the patient to the Plague Hospital. No compulsion should be resorted to and no moribund person removed, but plague cases with no person to look after them should be treated in a plague hospital.

40. The other occupants of the place where the person suffering from plague resides, must not be compulsorily removed, but should be encouraged to evacuate the house and be inoculated themselves, and have their effects disinfected.

41. No houses vacated on account of plague should be re-occupied for at least one month, and only then if thoroughly cleaned and cleared of rats and vermin, and the Superintendent may cause a notice to that effect to be affixed to each vacated house. He should place a seal on boxes containing valuable property left in houses which have been evacuated on account of plague. Such property may be removed by the owner, but if he declines to remove it, it will remain at his risk. Property of any value belonging to the poorer classes which it may be considered necessary or advisable to destroy as being infected, should be appraised by two or more respectable natives, and the value paid to the owner by the Superintendent of the Circle. Compensation should also be given without delay to the very poor for the destruction of clothes, etc., which although they may be of no marked value yet serve a useful purpose to the owners.

42. The District Magistrate, if requested to do so, may provide depôts where boxes and bundles of property could be stored in safe custody.

43. After evacuation of a house the walls and floors of all rooms with their contents, except articles of food which it is not intended to destroy and of all enclosures, should be disinfected in the manner indicated in Annexure I. All rags and refuse found in the house or enclosure should be burnt. It is always advisable to disinfect not only the one house in which a case of sickness has occurred or dead rats have been found, but those in the immediate neighbourhood as well.

44. The coolies engaged in the work of disinfection, etc., should, when possible, be inoculated also, *vide* Annexure I.

45. Experience has abundantly proved that the evacuation of an infected house or houses is seldom in itself sufficient to stamp out the disease. When plague manifests itself in one house in an indigenous form, the rats in neighbouring houses are already infected, and it usually follows that cases subsequently appear in them. It is therefore always a wise and prudent course on the occurrence of an indigenous case, to evacuate not only the one house, but also all those in the immediate neighbourhood.

46. It may be advisable, owing to the occurrence of several cases in one area, and while there is still some hope of stamping out the outbreak, to vacate a group of houses or a whole sub-division, and heads of mohallas, chowdries and influential residents should persuade the inmates to evacuate temporarily. The inhabitants of non-infected houses should be allowed the option of going where they please.

47. On the evacuation of the houses in the infected area, all the inhabitants of the non-infected portion of the town should be encouraged to leave the town and any obstacles which may tend to delay their departure should, if possible, be removed.

48. The inhabitants of an evacuated house should be advised to remove sufficient grain for their personal consumption after it has been exposed to the sunlight so as to remove all danger of infection. If in any case it is desired to remove grain for sale from an infected area, it must first be spread out, under the direction of the Superintendent, and exposed to air and sunlight for 48 hours.

49. Where cases of plague have occurred all grain godowns or places where grain is stored or sold shall be open at all times for inspection; all grain godowns in which dead rats have been found shall be declared unwholesome and unfit for use until thoroughly cleaned, disinfected and put in good repair—the grain should be opened out and exposed to the sun and all bags disinfected and sunned freely.

50. In the event of a death occurring from plague, the disposal of the body shall be arranged for in accordance with the religious practices of the deceased, and the instructions noted hereafter. In the case of a European or Muhammadan, the body shall be buried; the place of burial, if not an authorised cemetery, should be well away from habitations and sources of water-supply. In the case of a Hindu, the body shall be completely and thoroughly burnt in an isolated locality.

51. The District or the Cantonment Magistrate (as the case may be) shall provide suitable conveyances for the free carriage of persons suffering, or suspected to be suffering, from plague, and it shall be lawful to drive or carry such conveyances through any public or private thoroughfare.

52. Any conveyance, public or private, used for the carriage of a person infected with plague, or suspected of being infected, shall be thoroughly disinfected and exposed to air and sunlight previous to being again brought into general use and compensation should be given to the owner for loss entailed thereby.

(3)—General Precautions when plague has become epidemic.

53. Evacuation and inoculation, as far as at present known, are the only reliable safeguards during an outbreak; and every endeavour should be made to instruct the inhabitants of their advantages.

54. As infected rats are not believed to travel spontaneously any great distances, camps can be arranged in fairly accessible sites so as to render attending to offices, business, and other occupations as convenient as possible.

55. Assistants in the form of material, money grants, or as locally deemed advisable might be given under the authority of the District Magistrate to persons asking for help and willing to evacuate their dwellings and camp out.

56. The advantages of inoculation should be fully explained, and all classes should be given every facility and encouragement to adopt this measure. Poorer persons, coolies, etc., might be given a small allowance to cover any loss by illness or inability to work after they have been inoculated.

57. As far as at present known, there is no evidence that the plague bacillus survives for more than a few days outside the body of men, animals, or fleas.

58. Disinfection of houses or rooms can be of little permanent use, if reinfection by fresh corps of infected rat fleas occur; therefore efforts should be made to organise

rat-drives, trap rats, syringe, and sluice out rat runs and holes, with a pulicide disinfectant; followed up by the careful filling up or blocking with tar, concrete or plaster of all visible holes.

59. Houses should be kept as free from fleas as possible. The destruction of fleas can best be effected by thoroughly washing floors and walls with crude oil emulsion, Sanitary fluid, 10 per cent, or ordinary kerosine oil emulsion 20 per cent., in water, as explained under disinfection (An. I.). Freely oiling the body is a useful precaution against fleas; and persons exposed to their bites should be encouraged to adopt this simple precaution, especially at night.

PART V.

Rules relating to Non-Municipal Towns and Villages.

60. The inhabitants of small towns and villages should as far as possible prevent persons from infected areas entering their limits, but should keep them outside for a certain time while their clothing, etc., is spread in the sun or otherwise disinfected.

61 In villages and non-municipal towns it is the duty of every Patwari, Bhumia, Lambardar, Patel, Court of Wards official, Kamdar or Havildar to at once report any suspected death or unusual sickness to the nearest Police station, and the Officer in charge of the Police station, on receiving report of such sickness, shall carefully inquire and report as to symptoms.

62. The Officer in charge of the Police station shall report immediately to the Tahsildar, the District Superintendent of Police, the Assistant Commissioner, the nearest Medical subordinate and the Civil Surgeon, any case of plague, actual or suspected, brought to his notice.

63. On receipt of a report of a case of plague from the Police under the preceding rule, the Tahsildar or, in his absence, the Naib-Tahsildar shall at once proceed to the spot, and if he finds that the death was due to plague, and that no other persons in the house in which the death occurred are ill, he shall proceed to dispose of the body (if not already disposed of), and to disinfect the house, clothes, and bedding of the deceased, as directed in Annexure I, at the same time reporting the result of his inquiry to the District Magistrate

64. Officers of other departments when on tour shall, if they have reason to think that any case of plague has occurred, at once inform the Tahsildar, and send a copy of their report to the District Magistrate.

65 The nearest Medical subordinate to receive information of cases of plague from the Officer in charge of a Police station, will ordinarily be the Sub-Assistant Surgeon of a Branch Dispensary. The Sub-Assistant Surgeon on receiving a report of a case shall, if possible, at once visit the spot with the Tahsildar, and see that the necessary sanitary measures are taken. He shall communicate the result forthwith to the Civil Surgeon.

66. In places in which a Branch Dispensary is situated, the Sub-Assistant Surgeon shall, on report from Police or local authority, inspect arrivals and report any suspicious symptoms to the Civil Surgeon of the district. The Officer in charge of the station in whose circle the dispensary is situated, shall at once communicate to such Sub-Assistant Surgeon all particulars received by him under rule 62.

67 The Civil Surgeon or Plague Medical Officer will arrange to proceed or send a Medical subordinate to places reported infected and advise means in accordance with general instructions.

68. Should the Civil Surgeon consider it necessary that the inhabitants of a village in which plague has broken out, should temporarily camp out in the open or under trees at a distance from the village, he shall make a report to that effect to the District Magistrate, and the latter may advise the inhabitants to vacate their houses accordingly. The houses shall in this case be not again occupied till they are thoroughly ventilated and disinfected

69. For the purpose of segregation, the District Magistrate or officer specially authorised by him in this behalf, may take possession of and occupy any vacant ground or building, such compensation being afterwards made to the owner or occupier thereof as may be fixed under rule.

70. The Civil Surgeon may advise any building to be vacated on suspicion of its being infected by plague, or on the ground of its being in a dangerously insanitary condition, and such building shall not be re-occupied without his permission.

71. In the case of villages badly infected, the whole of the inhabitants should be encouraged to entirely evacuate the village and to undergo inoculation. Villagers are accustomed to erecting shelters for themselves, but, if necessary, materials for hutting should be supplied. The sick and suspected villagers should be as far as possible separated from the healthy, without breaking up families, and an officer should be appointed to examine the daily health of the population and discourage migration to other villages. All chowkidars left in charge of evacuated buildings or villages should be inoculated, if willing.

PART VI.

General.

72. The general principle of all plague administration must be that no pressure or compulsion, in any shape or form is brought to bear on the people. Encouragement, persuasion and the provision of facilities for carrying out the measures advocated are the only legitimate means of influencing and guiding public opinion in the direction desired. The importance of avoiding any action which excites the opposition of the people, is to be clearly recognised, they must not be coerced, but on the other hand, they must be given the fullest help and guidance.

73. All prevenitve measures depend for their success upon the hearty co-operation of the people themselves, and every effort must be made to enlist their sympathies and bring home to them through their natural leaders that it mainly rests with themselves to bring about, by their own action, the cessation of plague. This end can only be attained by carrying out thoroughly whatever measures it may be decided to introduce and by impressing on all officers concerned in plague administration that, when a decision has been arrived at, there must be no hesitation in giving effect to the policy approved by the Local Administration.

74. All Government servants and officers should give their most cordial support to all measures accepted by Government and unite in advising and persuading the people to accept them. The people cannot be expected to place confidence in measures if the servants of Government are apathetic or in opposition.

75. All Government servants and officers should co-operate towards the formation from the natural leaders of the people of a staff auxiliary to the special executive, and their education in all plague measures that can be carried out by the people themselves, so that every locality, that is in danger, shall have at hand a local plague officer to teach the people how to escape infection and how to deal with the disease, should it appear, and help them to do so.

Every assistance and guidance should be given by the Executive and Medical Staff in encouraging and developing this auxiliary staff of local plague officers.

76. It is very necessary that the efforts of this non-official auxiliary staff, and of all local notables, native hakims and others who work and assist should receive recognition. These persons have already been of the greatest use and in their intelligent development lies the chief hope of securing the co-operation of the people in plague measures. Where plague occurs severely, rewards should be given on a graduated basis, the best most active and painstaking workers getting really substantial rewards whilst every one of the non-official agency who has done plague work should receive some recognition.

77. The exact scale of rewards is for the District Magistrate to decide, the actual distribution to be made as soon as possible after the conclusion of the outbreak. Rewards should take the form of money grants, khillats, special sanads, and for the humbler workers printed certificates which might be issued on the spot by plague medical officers to those who have rendered ready assistance.

Temporary staff who have done good work might be given chances of permanent employment.

PART VII.

Miscellaneous.

Inoculation.

78. On an outbreak of plague occurring, the Residency Surgeon and Chief Medical Officer should at once place himself in communication with the Officer in charge of the Plague Research Laboratory in Bombay, with a view to obtaining a supply of lymph and syringes for inoculation, and instructions of their use. Inoculation should then be started under the personal supervision of the Civil Surgeon or a trained medical subordinate, and inoculation certificates granted, free of charge, to all who voluntarily undergo the process.

79. No person will be allowed to inoculate without the special sanction of a Commissioned Medical Officer.

80. An inoculator should be sent when possible to any infected village to enable the inhabitants to resort to this valuable means of protection.

81. No person shall be inoculated without his own express consent, but it is highly desirable that all officials, European and Native, leaders of Native Society and employers of labour should do all in their power by precept and example to render the measure popular, and to overcome any prejudice that may still exist against it. If any fact has been elicited by the experience of the recent epidemics of Plague in India and elsewhere, as

well as by scientific research and experiment, it is that Haffkine's inoculation confers a very sensible, although not absolute, protection against attack, with a diminished case mortality among the few of the inoculated who happen to become infected, while its use is unattended with more than a few days' discomfort.

Every person who holds a certificate that he has been inoculated by Haffkine's process within the preceding twelve months, shall not be liable to detention when travelling, except for such time as may be necessary to disinfect such of his baggage or clothing as may be considered suspicious or for surveillance. Inoculation does not preclude the necessity for disinfection of person's clothing and bedding which may harbour sources of infection.

The inoculation certificate shall be as far as possible in the following form :—

NOTE.—This certificate exempts the holder from detention when travelling, and from surveillance under the passport rules It does not, however, exempt him from liability to evacuate an infected house, except in the case where all the occupants of the house have been inoculated, or to have his clothes disinfected when travelling. The certificate is valid for a period of twelve months.

* Not always possible in district.

Passes.

82. Persons who have been disinfected, with clothes, bedding, etc., or who have been under surveillance for plague in Rajputana, including Ajmer-Merwara, may on departure be furnished with a certificate to this effect giving name, caste, age, occupation, address, destination and date of departure, signed by the Observing Officer.

83. Persons travelling from an infected area who hold a certificate signed by a Medical Officer of having undergone surveillance or had themselves and their effects disinfected, need not be again placed under surveillance unless it appears that they have subsequently been exposed to fresh infection.

Compensation.

84. The Commissioner may, in his discretion, pay compensation to any person who has sustained substantial loss or damage by reason of anything done under the powers conferred by these regulations, provided, however, that no person shall be entitled as of right to claim any compensation whatsoever.

PART VIII.

Miscellaneous.

85. Methods for the Destruction of rats.

(1) *By trapping.*—The "wonder trap" sold by Messrs. Eroom & Co., Calcutta, and a similar trap sold by the Army Navy Stores, Bombay, are very efficient and will capture 10 or 15 rats at a time. For baiting traps *chapatis* of Bajra, Maize or any kind of grain dipped in ghi may be employed.

(2) *By Rat poison,* which should be spread on pieces of *chapatis* or bread and then cut up into small squares. These are deposited in the evening in drains, culverts and

places likely to be frequented by rats. The untaken baits are collected in the morning, search is then made for dead or dying rats and for three or four days subsequently. Both traps and poison should be laid down in drains and places where rats frequent during the night. Rats soon become suspicious and should then be left alone for a time, when another sudden onslaught should be made in the same way. Traps before being set should be washed in hot water or exposed to the sun. They should never be set unless in perfect working order.

Rats captured in traps are best killed by being dropped and drowned in barrels containing kerosine oil emulsion; which destroys their fleas at the same time. Dead rats should be thoroughly cremated. When rats have been killed all their holes should be stopped so as to imprison any fleas that may be in them. Pouring coal-tar into their runs is also a useful measure. It is most essential that all garbage that might serve as food for rats, be removed from houses and their neighbourhood.

(3) Rat destruction efforts may be taken in hand at any time but the most favourable periods for the attempts are August and September and again in February and March with the object of anticipating the breeding season. Special attention should be given to grain stores, Chumar's quarters and houses near rubbish heaps.

(4) During a plague epidemic destruction of rats otherwise than by trapping should not be attempted.

ANNEXURE I.

Disinfection.

The principle of the methods of disinfection that have been employed in the past has been the destruction of the specific germ of the disease. The investigations of the Plague Research Commission have thrown a new light on the subject, and experiment have shown that the infectivity of houses is mainly due to the presence of the infected rat flea, and that the contamination of soil, food, clothing, etc., with the plague bacillus is of secondary importance in the direct infection of men. This knowledge explains the failure, partial or complete, of the methods hitherto employed and indicates how they should be modified. Any system of disinfection should ensure the destruction, firstly of fleas and secondly of the plague bacillus.

2. Disinfection is applied in three different sets of condition :—

(*a*) To prevent the importation of plague into a healthy locality, the process involving the disinfection of clothing and property of persons coming from infected areas.

(*b*) After importation into a healthy locality, to prevent the spread of infection from the imported case to other persons and particularly to the rat. In this case disinfection of the human habitation must be added to that of clothes and property. When information is obtained sufficiently early, this is possible, and should always be attempted.

(*c*) After infection has passed to the rat from the imported cases or when a recrudescence occurs and the epizootic has begun. Here the process, to be perfect, must attack not only clothes, property and the human habitation, but the rat habitat in addition. It is evident that, however perfectly it may be carried out, it cannot prevent the spread of the epidemic through the locality by the agency of the rat, and it is, therefore, applied merely to render infected rooms and houses free from further risk to its occupants.

3. Disinfection may be carried out by heat or by chemicals :—

(*a*) *Heat.*—Exposure to superheated steam is an absolutely effective method for the disinfection of clothes and similar property. An expensive apparatus, which is difficult to transport, is required, and consequently it cannot be utilized, except in special circumstances. For clothing, etc., immersion in boiling water is an effective method and, being very simple, is particularly adopted for use in villages. Disinfection of rooms, with mud floors, may be carried out by burning fires on the floor, and spreading the hot ashes entirely over the floor, up to the walls and into the corners. This simple procedure is also eminently suitable for villages, as the materials are always at hand and the principle of disinfection by heat is in accordance with the ideas and customs of the people.

(*b*) *Chemicals.*—For a chemical disinfection to be effective for the prevention of plague, it must be an insecticide and a bactericide. The Imperial Entomologist says that the absolute destruction of fleas can generally be effected best by thoroughly washing floors and walls with a suitable insecticide and recommends crude "oil" emulsion as the best insecticide known. It should be used in a dilution of one part added to nine parts of water. "Sanitary fluid" 1 in 10 is as effective as crude oil emulsion. Kerosine oil emulsion as readily

procurable is to be recommended, any of them may be used for disinfecting houses ; immersion in a mixture of phenyl one part and water eighty parts for five minutes is reliable method for clothing and similar property.

4. Whatever the method of disinfection employed, it will not be complete unless combined with the necessary treatment of the patient and his excreta, which should be carried out on the usual lines, this is particularly important in dealing with pneumonic plague. The rat as the principal carrier of infection through a locality must also be dealt with, and rat destruction carried out as soon as possibe. Where the epizootic and epidemic is in progress, the rat has, however, usually left the houses in which plague has occurred, but in order to diminish further risk of infection in infected houses, in addition to the destruction of fleas and bacilli in the room by disinfectants, an attempt must be made to attack the rat habitat. Short of actual demolition of the houses, it is manifestly impossible to disinfect rat and burrows and nests, but to provide, as far as possible, against a further irruption of fleas into rooms from the rat nests, rat holes should be searched for and stopped up ; before stopping, the introduction of a little kerosine oil or tar is advisable.

5 In villages, reliance should be placed on the simpler methods, boiling water, fire, and exposure of property to the sun's rays not only because the materials needed are at hand in every village and are cheap, but also because the procedure can be carried out by the people themselves and is more readily accepted and adopted than methods involving the use of apparatus and materials they are not familiar with, and which consequently may cause suspicion and alarm. In towns, where intelligent supervision is usually at hand and where the people are more educated, chemical disinfection is preferable to heat especially as with more than one story and wooden floors there would be risk of fire, if the latter was employed.

6 The disinfection of a room with chemical disinfectants should be carried out in the following manner :—The door is thoroughly washed down with disinfectant, it is then opened, and the disinfectant syringed all over the floor of the room, all contents are then removed and disinfected out-side and allowed to dry in the sun. The walls and roof of the room are then thoroughly syringed with the disinfectant, care being taken to attack all crevices, recesses, cup-boards and receptacles, and a stream of the disinfectant should be directed into any rat holes that can be found ; the rat hole should then be stopped.

7. *Equipment*—For the simpler methods of disinfection by heat no special apparatus is required. For chemical disinfection, the following is necessary : a bucket, a bottle or two of the pure disinfectant, a tin measure of such a capacity that the addition of this measure of the pure disinfectant to the bucketful of water will make the proper dilution, and a syringe to distribute it. Thus equipped, water only is required to enable one man to disinfect several rooms Where men are specially engaged for disinfection purposes, the usual precautions should be taken to guard them against risk of infection ; they should be inoculated on engagement and provided with coarse clothing and protection for the legs and feet, to be used while at work only, and disinfected on completion of the day's duty.

8 The value of the free admission of light and air and the disinfection and flea-killing power of the direct rays of the sun should not be lost sight of. Dirt, damp and darkness are favourable to vermin life and for the plague bacillus ; the rat and rat flea are nocturnal in their habits, preferring dark ill-ventilated dwellings ; desiccation destroys the bacillus. The removal of such conditions are, therefore, a most important part of plague prophylaxis, and stress should consequently be laid on general sanitary improvements, the widening of streets, the provision of windows and good ventilation in houses, the removal of rubbish, cowdung and other moist accumulations and gradual substitution of brick and masonry floors and walls for the ordinary mud ones, so that buildings, especially those in which grain and other food stuffs are stored, should be rendered rat-proof.

9. Formula for kerosine oil emulsion :—

Country or Sunlight Soap	1	seer
Boiling water	6½	seers
Dissolve the soap in the water and then gradually add kerosine oil	30	,,

Stirring and shaking well.

Hydro-carbon, Crude oil, petroleum, or presterine may be similarly used.

10. "Sanitary fluid" or crude creosote mixes with water easily to be used in 1 in 10 dilution.

Carbolic acid 5 per cent. or acid solution of perchloride of mercury 1 in 1,000 should be used for disinfecting excreta, sputum or other discharges, especially in pneumonic cases

11. Sulphurious acid, and other sulphur products produced by the combustion of sulphur at a high temperature has been recommended as efficient and satisfactory for disinfecting houses and the property in them, and for destroying germs, insects and rats. Probably owing to the construction of the bulk of Indian houses it has not attained any great popularity.

ANNEXURE II.

Simple directions to guard against Plague.

Plague is an infectious disease, more dangerous than either cholera or small-pox. To avoid plague attacking your villages and homes :—

1. Do your best not to admit persons from places where plague is prevalent either in your homes or villages, but keep them outside for ten days.
2. Plague is spread by rats and fleas which infect rats, so try and guard all your grain stores so as to try and prevent rats getting at them and thus increasing in number in your villages, or if possible kill rats when you can.
3. If you notice dead rats about or in your dwellings, evacuate your houses at once and live outside for ten days or more, and have your houses thoroughly cleaned and your clothing spread out in the sun.
4. Directly a case of plague occurs in your village, have the person removed outside, and evacuate all houses in the neighbourhood of the infected house, and act as in (3).
5. If plague is prevalent in your village do not go about in bare feet.
6. In no case, should you conceal a case of plague, because it will be the means of infecting others, and for your own safety and to give a chance to the patient, move out of the house into the open. Also report any suspicious case at once.
7. When plague is in the neighbourhood you will find difficulty in being allowed to go about from one place to another without being detained, if you wish to avoid this and to be protected in a large degree from plague, you should apply to be inoculated with anti-plague vaccine. This is done something in the same way as your children are vaccinated to protect them from small-pox, and is of great value.
8. All persons who are inoculated will be given a pass which will prevent them being detained anywhere and they will be comparatively safe from the disease, even in a plague affected district.
9. All persons wishing to avail themselves of this protection from plague have only to send in their request to the local authorities when arrangements to help them with inoculation will be at once made.
10. Whenever plague or suspicious cases of plague occur in a village or district every assistance will be given by the local authorities in helping with material for Chappers, huts, etc., and with Chowkidars for the protection of your evacuated houses. So you should report cases at once and apply for assistance
11. Finally to help the authorities in combating this disease and for the protection of yourselves and your families, the co-operation of every man is essential. Let every man watch and report at once any and every suspicious case of Plague, as the sooner precautionary measures are taken, the less danger is there to other members of the community, and thus by helping the authorities in this way you are also helping to protect yourselves.

Copies of above should be translated in vernacular and freely distributed and explained in all towns, villages, etc., where an outbreak is feared. (Government of India, Home Department, 1517 of 1907, ordered such leaflets.)

ANNEXURE III.

Instructions for the disinfection of Railway carriages.

1. Any railway compartment in which a plague patient or a suspicious case has travelled, should be emptied, all doors and windows opened to admit air and sunlight and the whole interior treated by brushing, washing—carbolic soap, and water—and all floors and crevices treated with kerosine oil emulsion.

2. After disinfection, the carriages should be kept out in the open for 4 hours. They can then be brought into use again.

3. In the case of first and second class carriages, which afford greater facilities than third class compartments for the harbouring of plague germs or fleas, it will be necessary, if the carriages are contaminated, to apply kerosine oil emulsion to the cushions and to disinfect the woodwork in the manner indicated above.

By order,

F. B. PRIDEAUX, Major,

First Assistant to the Agent to the Governor General, Rajputana, and Chief Commissioner, Ajmer-Merwara.

MEDICAL.

The 7th September, 1911.

No. 948.—The services of Captain J. G. G Swan, M.B., I.M.S., are placed permanently at the disposal of the Government of the Punjab.

PUBLIC.

Simla, the 6th September, 1911.

No. 3580.—The Governor General in Council directs that the following rules regarding the use of uniform by officers in civil employ shall be published for general information, in supersession of all previous orders on the subject.

Rules regarding the use of uniform by officers in civil employ.

[These rules do not apply to officers holding political appointments, whose uniform will continue to be regulated by the orders issued in the Foreign Department.]

I.—The uniform to be worn by officers in civil employ will be that shown in the schedule appended to these rules.

II.—Civil officers who do not hold purely political appointments, but merely have some political work to do in addition to the ordinary duties of their office, are not entitled to wear political uniform.

III.—An officer is not entitled to continue to wear the uniform of an office which he has ceased to hold.

IV.—(*a*) A military officer who is appointed substantively to any civil office for which uniform is prescribed shall wear the uniform of that office.

(*b*) On all State and other occasions when military officers wear uniform, military officers who are in permanent civil employ but who do not hold an appointment which carries the right to wear civil uniform (except officers of the Survey of India or Cantonment Magistrates who must continue to wear military uniform), may at their option wear either military uniform or plain clothes.

(*c*) Military officers who are temporarily in civil employ shall wear their military uniform, but may, if they desire, wear plain clothes instead of mess uniform, on occasions when the latter is worn by officers in military employ.

V.—An officer appointed temporarily to an office, for which a uniform is prescribed, need not wear that uniform.

VI.—Retired civil officers, who, when last on duty in India, were entitled to wear uniform, will be permitted to wear their uniform at the Court of His Majesty the King-Emperor; such officers will, when living in India, be permitted to wear their uniform at Government Houses and on any occasion on which, before their retirement, they would have worn it.

VII.—Civil officers whose retirement is due to misconduct will not enjoy the privilege conferred by rule VI.

VIII.—Members of the Indian Civil Service, when on leave in England or otherwise present there during their service, will be permitted to wear their uniform at the Court of His Majesty the King-Emperor.

SCHEDULE.

Hat.—
Sword.— } The same as for full dress.
Sword Knot.—

Sword Belt.—White web, with blue cloth frog.

Gloves.—Kid, white.

For Mourning.—A black crepe band 3¼ inches wide, worn above the elbow on the left arm.

NOTE—(i) On certain ceremonial occasions in England Full Dress is sometimes worn with trousers, *viz.*, at Royal Weddings and when His Majesty opens Parliament. It may similarly be so worn in India when specially ordered, *e.g.*, at Durbars, etc.

The two classes of uniform should be worn on the following occasions respectively :—

Full Dress.—State Balls and Drawing Rooms, and all State ceremonies in the evening at which ladies are present.

Levée Dress.—State dinners, Levées, and Official arrivals and departures.

(ii) The hat described under Full Dress should not be worn in the day time; but the helmet described under Undress below.

UNDRESS—(*Morning*).

Coat.—Blue cloth (frock) with black silk lining; black velvet collar and cuffs, and gilt mounted buttons of Royal Arms (without supporters) surmounted by the Imperial Crown; 3 buttons on each side of coat, 4 on cuffs, 2 at waist behind, none at bottom of back skirts.

Waistcoat.—White marsala, single-breasted, with 5 or 6 small buttons as above.

Hat.—Helmet, white Wolseley regulation, with white top button, and white silk puggree with gold fringe: gilt chin-chain, lined with white leather, with rose-hook fixed on first seam of crown from centre of back on right side about 3 inches from centre of top button, according to sealed pattern.

Trousers.—Blue cloth, or white, according to circumstances, with gold oak-leaf lace one inch wide, straps and gilt swan-necked spurs.

Sword.—Mameluke pattern. Brass scabbard.

Sword Belt.—One-and-a-half inches wide. Lining of red Morocco leather. Sling Russia leather one inch wide on red Morocco leather, covered with gold oak-leaf lace.

Forage Cap.—As for staff officers in the Army, blue cloth with gold embroidered peak on black patent leather, and band of gold oak-leaf lace 1⅜ inches wide round the cap. The cap to be fitted with a removable white piqué cover, which should always be worn.

Great Coat and Cape.—Blue milled cloth; double-breasted, two rows of gilt buttons down front, six in each row; stand and fall collar of black velvet, four inches deep, with fly to cover band of cape. Loose round cuffs six inches deep, pockets at sides with flaps. Two openings at side-seams, with pointed flap 11 inches long, and three gilt buttons. Sword slit on left side. Opening behind about 25 inches long, and a gusset extending to bottom with a tab and button to close it when worn on foot. Cloth back strap with gilt buckle, 2 inches wide, to confine the coat at waist. Cape of same cloth as coat. Four small gilt buttons down front to fasten at neck with small strap and buckle; lined black.

Boots.—Plain Wellington.

Spurs.—Box, brass, swan-necked.

Gloves.—White dogskin.

NOTE.—The helmet described above should be worn with Full Dress and Levée Dress in the day time, and not the hat described under Full Dress.

Officers, who provide themselves with undress uniform, need not, unless they so desire, also provide themselves with the great coat and cape described in these Regulations.

MESS DRESS.

Coat.—Blue cloth evening coat, black lining; velvet collar and cuffs; facings plain black silk; buttons as in morning undress, 3 on each side of coat, 2 at waist behind, 4 on cuffs, none at bottom of back skirts.

Sleeves plain with pointed cuffs 5 inches high at point and 2½ inches behind.

Rank will be designated by shoulder cords and number of buttons on cuffs as follows:—

Shoulder cords.—Of gold wire Lancer shoulder strap cord, on each shoulder.

For Lieutenant-Governors and Ordinary Members of the Council of the Governor General :—4 cords twisted.

For officers entitled to wear 3rd class uniform :—2 cords twisted.

For officers entitled to wear 5th class uniform :—2 ,, straight.

Buttons on cuffs—For Lieutenant-Governors and Ordinary Members of the Council of the Governor General—4 buttons.

For officers entitled to wear 3rd class uniform:—3 buttons.

,, ,, ,, ,, ,, 5th ,, ,, —2 buttons.

Trousers.—White cotton drill over-alls with black leather foot straps.

Buttons.—Lieutenant-Governors and Ordinary Members of the Council of the Governor General will wear gilt mounted buttons with the Royal Arms, with supporters. The buttons to be worn with the other two classes of uniform should be gilt mounted bearing the Royal Arms without supporters, surmounted by the Imperial Crown.

Helmet, boots, spurs, forage cap, sword and sword belt.—As for undress. Belt to be worn under the coat.

NOTE.—This uniform will be worn in substitution either for the full dress or undress uniform during such periods of the year as the local Government may prescribe. Local Governments are authorised to declare that officers need not provide themselves with it unless an occasion arises when they will require it. When the uniform is worn as full dress, medals and decorations will be worn. When it is worn as undress, ribbons only will be worn. No separate mess dress is prescribed for the hot weather.

No. 5471-C.S.R.

The 6th September, 1911.

RESOLUTION—By the Government of India, Finance Department.

READ—

Resolution by the Government of India in the Finance Department, No. 2998-P., dated the 16th May 1907.

Despatch from His Majesty's Secretary of State, No. 91-Public, dated the 18th June 1909.

The Government of India consider it desirable to call attention to the orders of the Secretary of State for India requiring officers on leave out of India to obtain his sanction before taking up private employment. They have further decided to extend the authority granted to Local Governments in the Resolution above cited to permit officers on leave to

accept employment outside Government service. The Governor-General in Council is accordingly pleased to revise as follows the orders contained in that Resolution.

2. The Government of India desire to repeat that inasmuch as leave is intended as a period of recreation and rest and is granted to an officer for the purpose of recruiting his health, it follows that taking up employment during leave is not permissible save in exceptional circumstances and with special sanction.

3. A gazetted officer who is in receipt of furlough or leave allowances must obtain, if he is resident out of India, the previous sanction of the Secretary of State, or if resident in India, that of the Local Government, or (if he is serving under the Government of India) of the Government of India, before taking service under an employer other than Government or accepting any employment, not being under Government, which involves the receipt of a fee or honorarium. In the case, however, of a non-gazetted officer resident in India the special permission of the officer empowered to appoint him may be accepted as sufficient authority.

NOTE.—This condition is not to be held to apply to the receipt of fees for literary work, or for service as an Examiner, or to similar employment.

4. The orders contained in the preceding paragraphs refer to the acceptance of employment of any description whatever, not being employment of the kind for which the Foreign Service Rules in Part VII of the Civil Service Regulations provide. An officer in receipt of leave allowances cannot take up an appointment which is such as should, for public reasons and not merely in his own interests, be filled by a servant of Government, unless he has been transferred thereto in the regular way by the authority empowered to authorise his transfer under the rules regulating transfers to Foreign Service. An officer who has been so transferred ceases, from the date on which he takes up the appointment, to be on leave and is no longer entitled to draw leave allowances from Government. He becomes an officer in active service drawing from his employer pay fixed in accordance with rule.

ORDERED that this Resolution be published in the *Gazette of India*.

Secretary to the Government of India.

Secretary to the Government of India.

GOVERNMENT OF INDIA.

DEPARTMENT OF REVENUE AND AGRICULTURE.

Rainfall summary for the seven days ending at 8 hrs. on Thursday, the 7th September 1911, based on the Indian Daily Weather Reports of the period.

1. The monsoon was of about its normal strength during the week. A shallow depression which formed over Bihar and the east of the United Provinces at the beginning of the week remained stationary for several days and then moved slowly northwestwards up the Gangetic plain and northwards as far as Lucknow giving fairly general rain except in northwest India.

2. Temperature was low in the northwest at the beginning of the week, but rose steadily and was above normal on the last three days. In the central parts of the country, it fell from normal to about four degrees below normal during the latter half of the week.

3. *Burma.*—Rainfall was fairly general.

Northeast India, including Orissa.—Rainfall was fairly general in the eastern half of the division; but in the western half, except on the 1st when the depression gave nearly general rain in Bihar, only local rain occurred.

The United Provinces, Central India and the Central Provinces.—Rainfall varied from local to nearly general, and was moderately heavy.

Northwest India.—Rainfall occurred over Gujarat, Rajputana, the east Punjab and the North-West Frontier Province at the beginning of the week. It then rapidly diminished and on the 3rd practically no rain was reported: a renewal occurred subsequently in Rajputana.

The Peninsula.—Falls were only light and scattered in the early part of the week. They increased from the 2nd to the 4th, diminishing later.

4. The most important amounts reported were:—

August 31st. Moulmein 2·38", Diamond Island 3·44", Akyab 3·05", Gauhati 1·62", Silchar 2·04", Bogra 1·53", Saugor Island 1·03", Naya Dumka 1·95", Meerut 0·95", Neemuch 3·13", Delhi 0·80", Jodhpur 1·33", Kotah 0·50", Udaipur 0·67", Mount Abu 1·78", Deesa 0·74" and Rajkot 0·73".

5. Rainfall during the week was in large excess in Assam, the United Provinces, Central India and the Central Provinces West; in moderate excess in Lower Burma and Rajputana; about normal in Upper Burma, the Central Provinces East, and Hyderabad North; in slight to moderate defect in the remaining parts of the northeast and the northwest; and in marked defect over the rest of the Peninsula. During the period 28th April to 7th September it was in large defect over almost the whole of northwest India, and in the United Provinces; in slight to moderate defect in Bengal, Orissa, the central parts of the country and the greater part of the Peninsula; and about normal elsewhere, excepting Eastern Bengal where there was a slight excess.

DEPARTMENT OF REVENUE AND AGRICULTURE.

Season and Crop Prospects for the week ending Saturday, 2nd September 1911.

Burma.—The rainfall decreased during the week in Lower Burma except in the Pegu division where it increased. About 2,50,000 acres under crop are reported to have been damaged by floods and it is feared the greater part of this area cannot be replanted. In Upper Burma good rain was received in most districts and prospects have improved but more rain is wanted in the dry zone. The price of unhusked rice remains high.

Eastern Bengal and Assam.—The rainfall was frequent and the total fall adequate. Harvesting of *aus* rice and jute is approaching completion. The outturn of jute is generally reported to be good. Some districts report a small crop of *aus* rice owing to the damage done by floods. Transplanting of winter rice on *aus* and jute lands has been nearly finished. Several districts report damage to paddy by insect pests. *Ufra* disease is spreading. The outturn and prospects of tea are generally good. The average price of common rice is higher than that of the last week and of the corresponding week of the last year by about one per cent in each case. Cattle disease prevails in Sibsagar, Nowgong, Kamrup, Goalpara, and the Khasi, Jaintia and Garo Hills.

Bengal.—Rain fell in all districts. The fall was moderately heavy in Balasore and in the greater part of Darjeeling. It was moderate in parts of Burdwan, Midnapore, the 24-Parganas, Jessore, Patna, Shahabad, the Sonthal Parganas, Cuttack, Angul, Puri and Palamau and light in the rest of the Province. Transplantation of winter rice is in rapid progress in Balasore as a result of the recent good rainfall. It still continues in several districts. More rain is wanted in Burdwan, Midnapore, Hooghly, Howrah, the 24-Parganas, Angul and parts of Purnea and the Sonthal Parganas. Harvesting of autumn crops is going on. Standing crops are generally doing well. Some damage has been done by floods in parts of Puri. Agricultural prospects are improving in the flooded tracts of Cuttack owing to the subsidence of floods and favourable rainfall The price of common rice has risen in Burdwan, Birbhum, Bankura, the 24-Parganas. Nadia, Murshidabad, Khulna, Gaya, Saran, Balasore, Angul and Sambalpur and has fallen in Jessore, Champaran, Bhagalpur, Hazaribagh and Manbhum. Cattle disease is reported from Midnapur, Patna, Gaya, Muzaffarpur, Darbhanga, Bhagalpur, Purnea, Cuttack, Angul, Sambalpur, Palamau and Manbhum. Fodder is reported to be insufficient in parts of Murshidabad. The supply of water is sufficient throughout the Province.

United Provinces.—The rainfall throughout the Provinces was sufficient except in the Upper Doab which continues to suffer from drought. In the rest of the area recently affected great improvement in prospects reported last week has been maintained and sowings of *bajra* still continue here on a large scale. If rains last long enough these sowings should largely redeem failure of early autumn crops In the rest of the Provinces prospects are generally good. Lands are being prepared for spring crops everywhere. In the eastern districts transplantation of rice is nearing completion and harvesting of early autumn crops has begun. Agricultural stock is generally in good condition though sporadic disease is reported from twenty districts. The recent rain has largely remedied the deficiency of fodder which is still dear and scarce in the Upper Doab. Supplies and water are ample. Prices are generally stationary with a slight tendency to fall.

Punjab.—Good rain was received in Kangra, Karnal, Ambala, Hoshiarpur, Jullundur, Amritsar, Gujranwala, Rawalpindi and Jhang and light to moderate in other districts. More rain is wanted. Sowings of autumn and fodder crops continue in certain districts and those of spring crops have commenced in a few. Standing crops have been benefited slightly by the recent rains. They are in fair condition in irrigated tracts and poor in unirrigated tracts. Grasshoppers are damaging crops in some districts and rats are doing damage in Montgomery. Damage to cotton by boll worms is reported from Hissar, Jullundur, Lahore, Amritsar, Shahpur, Montgomery, Jhang and Multan. The recent rain is however reported to have decreased the amount of boll worms and preventive measures are generally being taken. River flood has also damaged crops in parts of Mianwali. Prices have fallen slightly in some districts but they are at the warning scale in Hissar, Rohtak, Ambala, Ludhiana, Gujranwala, Gujrat, Shahpur, Jhelum and Rawalpindi. Cattle are generally healthy but they are weak from overwork and scarcity of green fodder in Jullundur, Lahore, Sialkot, Gujrat, Jhelum, Montgomery and Multan. Fodder is scarce except in Ambala, Hoshiarpur, Ludhiana, Gurdaspur and Lyallpur. The recent rain is however causing green grass to appear. Water is sufficient except in parts of Rohtak and Mianwali. The canal water-supply is sufficient in Montgomery and Multan.

North-West Frontier Province.—Rain fell all over the Province varying from 4 cents in the Tank tahsil of Dera Ismail Khan to 2 inches 14 cents in Bannu. More rain is still needed. The condition of crops is practically unchanged but may improve now. Hail fell in some villages of the Mardan tahsil of the Peshawar district but did no considerable damage. Harvesting of rice and picking of cotton continue in the Peshawar tahsil. There is no abnormal disease among cattle. Irrigation from the Paharpur canal recommenced on the 28th ultimo. The Tochi and Kurram Rivers are in flood. Fodder and water are generally sufficient but fodder and drinking water are still not procurable in many *Daman* villages of Dera Ismail Khan. Prices continue rising. Prices:—Wheat $11\frac{9}{16}$ to $17\frac{1}{4}$, maize $11\frac{3}{8}$ to 24, gram $15\frac{5}{16}$ to 25 and *bajra* 16 to 19 seers per rupee.

Jammu.—The rain during the week was slight. Prices are fluctuating. Wheat sells from 8 to 14 and maize from 8 to 24 seers per rupee. The condition of standing crops is promising. Fodder is sufficient except in some parts of the Province.

Kashmir.—The weather was generally clear. It rained twice during the week. The rain benefited standing crops. Prices are rising slowly. Prospects of autumn crops are good except those on *karewa* fields. Zamindars are busy in sowing spring crops. There is no disease among cattle. Fodder is average.

Rajputana.—The rainfall in cents was:—Bikaner about 1 inch and Marwar from 24 to 625 throughout except one district, Sirohi 31 and in 5 places more than 200, Mewar 129, the Hilly Tracts 315, Dungarpur 245 varying from 200 to 300 throughout and in some parts more, Banswara 250, the average of districts being 492, Partabgarh 194, Bundi 215, Tonk 168, Shahpura 35, the average of districts being 90, Kotah 143 ranging from 4 to 581 in different districts, Jhalawar 208 ranging from 116 to 326 in five districts, Jaipur 77, rain being general except in one district, Kishangarh 39, Karauli 47 ranging from 9 to 64 in four districts, Bharatpur 36, rain being general in outstations where more rainfall was recorded subsequently, Dholpur 73, Ajmer 36 and Merwara 118. Til, *moth* and fodder crops are being sown in places where rain is sufficent. Standing crops have been much benefited by rain in Mewar, Banswara, Partabgarh, Tonk, Bundi, Kotah, Jhalawar, Dholpur, Alwar, Marwar, Sirohi, the Hilly Tracts, Jaipur and Ajmer-Merwara, but the area under crop is much below the normal. Standing crops in Bharatpur, Karauli and Kishangarh are reported to be fair. Cattle disease continues in a few places of Dungarpur. Agricultural stock is suffering in Mewar and Shahpura. Fodder is reported to be sufficient for the present needs in Marwar, Jaisalmer, Sirohi, Banswara, Partabgarh, Shahpura, Bharatpur and Dholpur. Grass prospects have been greatly improved by the recent rains. Prices have risen by 10 chataks in Jaisalmer, by 2 seers 6 chataks in Mewar, by 2 seers 15 chataks in the Hilly Tracts, by 8 chataks in Partabgarh, by 2 seers 9 chataks in Tonk, by 1 seer in Dholpur, by 12 chataks in Ajmer and slightly in Shahpura and Karauli, have fallen by 4 chataks in Marwar and Jaipur and are steady elsewhere. The recent general rain has much improved the position in Rajputana but it has not given enough to Ajmer-Merwara, Shahpura and Kishangarh where conditions are still causing anxiety.

Central India.—Prospects in Central India have been improved by the rainfall during the last week, varying from 1 to 4 inches in parts of Gwalior which is still suffering from drought. Bhopal and Baghelkhand had an average of 3 inches. From 2 to 12 inches of rain fell in Bundelkhand, 2 to 8 inches in Malwa and from 1 to 2 inches in Bhopawar. More rain is badly wanted in parts of Indore, Gwalior and Bhopawar. Weeding and preparation of land for spring crops are in progress. Cattle are still in fair condition except in parts of Indore, Baghelkhand and Bhopawar where disease is prevalent. Pasturage is insufficient in Indore, parts of Dhar and Barwani and in the Bhopawar Agency. Prices are above the normal in Bhopal, continue high in Baghelkhand, have fallen slightly in Malwa, are steady in Gwalior and Bundelkhand and are fluctuating in Indore and Bhopawar. No signs of distress or movement of the population are apparent.

Central Provinces.—Good rain fell during the week. Crops are in a satisfactory condition. Damoh, Jubbulpore, Hoshangabad, Chhindwara, Bhandara and Balaghat had from 7 to 10 inches of rain, Narsinghpur received $5\frac{1}{2}$ inches and in the remaining districts the rainfall was between 1 inch in Amraoti and 4 inches in Betul. Harvesting of minor crops began in five districts. Fodder and water are adequate except in a few places.

Feudatory States.—Nandgaon had 7 inches of rain and a few other States between $1\frac{1}{2}$ and $5\frac{1}{2}$ inches. Prospects are favourable.

Bombay.—Good rain fell during the week in the Konkan, Mahi Kantha, Belgaum, Savantvadi and Kolhapur, moderate to slight in the Deccan, moderate in Gujarat, Kathiawar, Baroda and Palanpur and slight elsewhere except in Sind. The rainfall was beneficial to standing crops especially in Gujarat and Kathiawar, but more rain is generally needed. Standing crops are suffering from insufficient moisture in parts of Sukkur, the Upper Sind Frontier, Thar and Parkar, West Khandesh, Poona, Belgaum, Dharwar, Baroda and Kolhapur but are generally in fair condition elsewhere. Sowings have been resumed in parts of Gujarat and Mahi Kantha owing to the recent rains. Lands are being prepared

for spring cultivation in parts of Larkana, the Upper Sind Frontier, the Deccan and Belgaum. The fodder supply is adequate except in parts of Sind, Gujarat, Khandesh, Satara, Kathiawar, Baroda and Palanpur. Agricultural stock is generally in good condition but is deficient in parts of the Deccan. Drinking water is generally adequate. Irrigation water is deficient in parts of Larkana, Hyderabad, Gujarat and Kathiawar. Grain stocks are sufficient. Prices have risen in parts of Sind, Broach, Surat, Khandesh, Ahmednagar and Bijapur, have fallen in the Panch Mahals and Kaira and are stationary elsewhere. The quantity purchasable per rupee is in Sind 22 to 40 per cent, in Gujarat 17 to 39 per cent, in the Konkan 18 to 34 per cent, in the Deccan 9 to 44 per cent and in the Karnatak 13 to 36 per cent less than the normal. There were five test works in the Panch Mahals with 938 persons on the last day of the week.

Hyderabad.—The rainfall was fair to good in parts of Telingana and fair to light in parts of Mahratwara. The highest falls were :—5 inches 28 cents in Sultanabad, 5 inches 5 cents in Pakhal, 4 inches 79 cents in Khammamett, 4 inches 76 cents in Cherial, 4 inches 75 cents in Adilabad and 4 inches 54 cents in Jamikunta. Five talukas received from 3 to 4 inches, thirteen from 2 to 3 inches, twenty-eight between 1 and 2 inches, twelve from ½ to 1 inch and fourteen under ½ inch. The average for the Dominions was 1 inch 56 cents. After the close of the week Nizamabad received 1 inch 89 cents and Usmanabad 1 inch 9 cents. The early rice crop is fair to good but rain is required in parts of the Kodangal taluka where lands are lying fallow in parts. Lands for spring crops are under preparation and sowings have commenced. Cattle disease prevails in 9 talukas. Prices :—wheat 8½, coarse rice 7¼ and *juar* 14¼ seers per rupee. White *juar* is selling at 11½ seers in Hyderabad City and yellow *juar* at 12 seers. The highest price in the districts is 10 seers in Warangal and Karimnagar and the lowest 24 seers in Nander.

Mysore.—The rainfall was good in Kadur and slight elsewhere. Prices of food grains have risen slightly in Kadur and Kolar and are steady elsewhere. Markets are well supplied. Standing crops are in good condition but rain is badly needed throughout the State. Prospects of the season are fair. Cattle are generally healthy. Water and fodder are available.

Coorg.—Rainfall 2 inches 99 cents. Transplanting of rice has been completed. Picking of cardamoms has been commenced. Prices of food grains are slightly above the normal. The public health is fair. Water and fodder are ample.

Madras.—The rainfall was heavy in South Canara and the Vizagapatam Agency, good in Ganjam, Kistna, Anantapur, Bellary, Kurnool, Madras, Malabar, Chingleput, the Vizagapatam littoral and Cuddapah and light to fair elsewhere. Irrigation supplies are sufficient in Kistna, Malabar, South Canara and the Nilgiris and insufficient in parts of other districts. Ploughing, sowing, manuring, weeding and transplanting are in progress in parts but more rain is required for transplanting in parts of Ganjam and Vizagapatam and agricultural operations in Nellore have been retarded for want of rain. Standing crops are fair to good generally but some in parts of Vizagapatam, Godavari, Guntur, Bellary, Cuddapah, Nellore, Coimbatore and Ramnad require more rain, some in parts of Vizagapatam, Guntur, Kurnool, Nellore, Chittoor, North Arcot, Salem, Coimbatore, Madura and Tinnevelly are withering or have withered and paddy in parts of Kistna has been attacked by disease. Some crops in parts of Bellary have been affected by grasshoppers or caterpillars and coffee in parts of the Nilgiris is affected by bug. Harvests continue except in Guntur, Kurnool and Tanjore with outturn fair to normal generally. Pasture is sufficient in Ganjam, Vizagapatam, Kistna, Kurnool, Anantapur, Madras, Salem, Tanjore, Malabar, South Canara and the Nilgiris. Fodder is insufficient in parts of Vizagapatam, Godavari and North Arcot. The condition of cattle is generally good. The price of rice is stationary in eleven districts and has risen in fourteen. The prices of millets have fluctuated as follows:—*Ragi* is stationary in eight districts, has fallen in six and has risen in nine. *Cholam* is stationary in five districts, has fallen in two and has risen in eight. *Cumbu* is stationary in six districts, has fallen in one and has risen in ten. The public health is generally good. Prospects are generally fair but more rain is urgently wanted in Ganjam, Guntur, Anantapur, Cuddapah, Nellore, Chingleput, Chittoor, Salem, Trichinopoly, Madura, Ramnad and in parts of Vizagapatam, Godavari, Kurnool, Bellary, North Arcot and Coimbatore. The condition of the labouring classes is satisfactory and employment is available. Grain stocks are sufficient.

NOTICE.

The 22nd March 1911.

From the 8th April next till further notice, Parts I, IV, V and VI of the *Gazette of India* and the Weather and Crop Report will be published at Simla. After the 1st April all notifications and other matter intended for publication in those Parts should be addressed to the Officiating Publisher at Simla.

Attention is invited to the following Circular Memorandum of the Government of India, Home Department, of August 1901 :—

" It has been brought to the notice of this Department that matter for the *Gazette of India* is sometimes sent to the Press late on Friday evenings for publication in the next day's *Gazette*, and that this involves considerable inconvenience to the Press and expense to Government. In the Circular Memorandum of this Department, No. 777—79, dated 9th February 1870, the Government of India directed that all notifications or other matter intended for insertion in the *Gazette of India* should be delivered at the Press not later than 2 P.M. on Friday, and that any papers sent thereafter must be certified to be extremely urgent in order to ensure their appearance in the next day's *Gazette*. The undersigned is directed to request that these orders may be more strictly observed in future, and that Departments will refrain from sending to the Press as extremely urgent any papers which can without harm or inconvenience be held over for the next *Gazette*."

J. P. HEWETT,
Secretary to the Government of India.

Secretary to the Government of India.

GOVERNMENT OF INDIA.

DEPARTMENT OF REVENUE AND AGRICULTURE.

Rainfall summary for the seven days ending at 8 hrs. on Thursday, the 27th July 1911, based on the Indian Daily Weather Reports of the period.

1. Although a strong monsoon was reported as prevailing over the Arabian Sea at the beginning of the week, conditions in India did not improve appreciably and rainfall was almost confined to the west coast, northeast India and Burma. Falls along the west coast were very light throughout the week.

2. Temperature continued high over the central and north-central parts of the country, but was rather low in Burma.

3. *Burma.*—Rainfall was nearly general in the north and in Lower Burma, and fairly general in the central districts.

Northeast India, including Orissa.—Rainfall varied considerably from day to day but on the whole was fairly general in Eastern Bengal and Assam: scattered falls occurred in Bengal proper and in Chota Nagpur.

The United Provinces, Central India and the Central Provinces.—A few light falls were reported.

Northwest India.—Thunderstorms were fairly numerous in the west Himalayas and the submontane districts on the 21st, but during the remainder of the week rainfall was scattered and light.

The Peninsula.—Rainfall was only light. In Malabar it was fairly general, but along the remainder of the west coast was of a local character: a few falls were reported in the interior.

4. The most important falls reported were as follows:—

July 20th. Tavoy 5·20", Moulmein 3·41", Bassein 2·55", Kyaukpyu 3·88", Akyab 3·38", Cherrapunji 2·59", Shillong 1·36", Bogra 2·16", Jalpaiguri 3·31", Murree 1·04" and Mercara 2·09".

„ 21st. Tavoy 2·60", Diamond Island 2·75", Kyaukpyu 2·56", Akyab 1·88", Lashio 1·53", Cherrapunji 1·74", Chittagong 1·45", Darjiling 1·26", Sialkot 1·70", Khushab 0·69" and Mercara 1·24".

„ 22nd. Tavoy 5·70", Moulmein 2·16", Bassein 2·55", Diamond Island 3·82", Toungoo 2·59", Kyaukpyu 3·19", Akyab 1·49", Mandalay 1·18", Bhamo 1·99", Tezpur 1·79", Silchar 3·63", Cherrapunji 2·49" and Jalpaiguri 1·57".

„ 23rd. Victoria Point 1·83", Diamond Island 1·66", Monywa 1·23", Lashio 2·36", Tezpur 1·94", Dhubri 2·36", Barisal 3·54", Jessore 2·08", Mymensingh 1·27", Bogra 1·37", Jalpaiguri 3·35", Darjiling 1·49", Karwar 1·52" and Mercara 1·15".

„ 24th. Diamond Island 1·22", Minbu 2·10", Dhubri 1·50", Shillong 1·73", Chittagong 1·76", Bogra 1·42", Jalpaiguri 1·08", Darjiling 1·06" and Mercara 1·62".

„ 25th. Moulmein 1·78", Thayetmyo 1·50", Sibsagar 2·00", Barisal 1·94", Narayanganj 1·27", Mymensingh 3·61", Bogra 1·30", Gorakhpur 0·35", Nowgong 0·46", Khushab 1·01", Ludhiana 0·24" and Mercara 2·88".

„ 26th. Monywa 2·18", Silchar 0·98", Chaibassa 1·17", Naya Dumka 1·15", Jhansi 0·65" and Jagdalpur 0·57".

5. Except in Burma, Eastern Bengal and Assam, and the Punjab Southwest rainfall during the week was in large defect. In Upper Burma, and in Eastern Bengal, however, falls were much heavier than is normally the case. During the period 28th April to 27th July, rainfall was in moderate excess in Eastern Bengal and Mysore, but was below normal in most other parts. The defect was very marked in the central parts of the country, the United Provinces and northwest India.

DEPARTMENT OF REVENUE AND AGRICULTURE.

Season and Crop Prospects for the week ending Saturday, 22nd July 1911.

Burma.—The rainfall was heavy in Lower Burma and moderate in Upper Burma outside the dry zone. In the dry zone the fall was very light. Transplanting of the autumn and winter rice crops has begun. Cultivation of sesamum, groundnut and cotton is in progress. Crops in the dry zone are suffering from want of rain. The price of unhusked rice remains high.

Eastern Bengal and Assam.—Heavy rain fell in every part of the Province. Some damage has been done by floods in Sibsagar and Nowgong. Harvesting of *aus* rice continues with outturn good on highlands but poor on lowlands owing to the continual rain preventing weeding. Jute is now flowering and steady progress is being made with cutting and steeping. Transplanting of winter rice is mostly finished and present prospects are good. The average price of common rice has again risen by about 1 per cent. Cattle disease prevails in the Surma Valley, Lakhimpur, Sibsagar, Kamrup, the Naga, Garo and Khasi Hills and Mymensingh.

Bengal.—Rain fell in all districts except Gaya, Palamau and Manbhum. The fall was heavy in Cooch Behar and Darjeeling and also in the Chuadanga and Meherpur subdivisions of Nadia and the Sitamarhi subdivision of Muzaffarpur. It was generally light in the rest of the Province. More rain is badly wanted in many districts for transplantation of winter rice. Transplantation also is being retarded in many districts for want of rain. Paddy in parts of Shahabad and Puri, jute in parts of Murshidabad and standing crops in Gaya and Palamau are suffering owing to insufficient rainfall. The price of common rice has risen in Burdwan, Bankura, Midnapur, Murshidabad, Khulna, Purnea, Ranchi and Palamau and has fallen in Champaran, Monghyr and Puri. Cattle disease is reported from Birbhum, Midnapur, Nadia, Murshidabad, Khulna, Patna, Gaya, Shahabad, Muzaffarpur, Darbhanga, Monghyr, Bhagalpur, Purnea, Angul, Sambalpur and Hazaribagh. The supply of fodder and water is insufficient in parts of Midnapur.

United Provinces.—The week was practically rainless. Only two hill districts received more than an inch. Elsewhere only light showers were received. Sowing came to a standstill and in most districts unprotected crops are withering away owing to drought and north-westerly winds and good general rain is most urgently needed throughout the Provinces to save them. Cattle are in good condition though sporadic disease is reported in fifteen districts. Fodder and supplies are generally ample but the former is becoming scarce in Bundelkhand. Prices show a marked rise in most districts.

Punjab.—Light rain has fallen in parts of Ambala, Amritsar, Sialkot, Shahpur, Rawalpindi, Mianwali and Lyallpur. There is a general want of rain everywhere. The condition of standing unirrigated crops is perilous and that of irrigated crops good. Sowings of autumn crops continue generally, but have been stopped for want of rain in Rohtak. Crops on unirrigated areas are withering in Rohtak, Gurgaon, Ambala, Lahore and Sialkot. Boll worm has appeared throughout the Province. Prices show an upward tendency. Cattle are generally in good condition. Fodder is sufficient except in parts of Rohtak.

North-West Frontier Province.—Eighteen cents of rain fell in the Tank tahsil of the Dera Ismail Khan district. No rain fell elsewhere. It is badly wanted. The condition of standing crops on the whole is fair on irrigated areas and normal on unirrigated areas. Sowings of maize and *chari* in Peshawar and of *bajra*, *moth* and *juar* in Bannu continue. The public health is good. Cattle disease appeared in one village of the Nowshera *tahsil* of the Peshawar district, but otherwise the condition of cattle is good. Irrigation from the Paharpur canal continues. The fodder and water supply is sufficient but drinking water is still scarce in certain *Daman* villages of Dera Ismail Khan. Prices are steadily rising. Prices:—Wheat $14\frac{5}{16}$ to $21\frac{3}{4}$, gram $18\frac{11}{16}$ to 34, maize $14\frac{5}{16}$ to $26\frac{3}{4}$ and *bajra* $25\frac{1}{2}$ to $28\frac{1}{2}$ seers per rupee.

Jammu.—Slight rain fell during the week. Prices are fluctuating. Wheat sells from 1[illegible] to 19 and maize from 14 to 28 seers per rupee. The condition of standing crops is ordinary. Cattle disease of mild type prevails in the Basohli tahsil of the Province. Fodder is sufficient.

Kashmir.—The weather was bright. It rained slightly on two occasions during the week. The rain was beneficial to standing crops. Autumn crops are being sown. Prices are unchanged. The condition of autumn crops except in the *Kandi Ilaqas* is good. Weeding is going on. There is no disease among cattle. Fodder is average.

Rajputana.—Rain specifically stated in reports to be urgently required in Marwar, Jaisalmer, Kotah, Karauli, Bharatpur, Dholpur, Ajmer and Merwara. Operations have been retarded for want of rain in Marwar, Mewar, the Hilly Tracts, Jaipur, Alwar, Karauli, Ajmer and Merwara. Standing crops are withering in Marwar, Dungarpur, Shahpura, Tonk, Bundi, Kishangarh, Alwar, Bharatpur, Ajmer and Merwara and in parts of Mewar, the Hilly Tracts and Jaipur. Cattle disease prevails in Banswara. Fodder is deficient in Mewar, the Hilly Tracts, Dungarpur, Shahpura, Tonk, Bundi, Jhalawar, Karauli, Dholpur and Merwara. Prices have risen by 3 seers each in Bikaner and Shahpura, by 1 seer in Marwar, by 13 chataks in Jaisalmer, by 5 seers 1 chatak in Mewar, by 1¼ seers in Dungarpur, by 5 seers in Bundi, by 3½ seers in Kotah, by 12 chataks in Jhalawar, by 1¾ seers in Jaipur, by 2½ seers in Kishangarh, by 2 seers 10 chataks in Alwar, by 1 seer 14 chataks in Karauli, by 4½ seers in Bharatpur, by 1 seer 7 chataks in Ajmer and by 1 seer 9 chataks in Merwara. They have fallen by 1½ seers in Partabgarh and are steady elsewhere.

Central India.—The rainfall was *nil* in Indore, Bundelkhand and Malwa and partial and insufficient in Gwalior, Bhopal and Baghelkhand. More rain is badly needed everywhere and unless it falls within the next week the situation will become serious. The weather is cool with high dry winds. Autumn sowings have been retarded in Gwalior, Bhopal and Bundelkhand for want of rain and the crops sown have failed to germinate in parts of those Agencies. Scarcity of water and fodder is reported from certain places in Gwalior. Cattle disease prevails in parts of Indore and Bundelkhand. Prices are steady in Indore and are rising elsewhere.

Central Provinces.—During the week only the Vindhyan, Satpura and Nerbudda Valley districts (except Nimar) and Bhandara, Balaghat, Chanda and Buldana had light showers ranging from 99 cents in Narsinghpur to 2 cents in Mandla. Sowing of autumn crops and transplantation of rice are suspended in most districts and rain is urgently required throughout the Provinces for these operations. The break is regarded with anxiety in some districts, but very little withering of crops has occurred. Germination is good to indifferent in places and it is apprehended that seedlings will begin to wither if the break continues any longer. The supply of fodder and water is sufficient. Agricultural stock is in good condition. Prices:—The prices of staple food grains exhibit a tendency to rise.

Feudatory States.—Jashpur received 4½ inches of rain during the week. Kanker, Sarangarh and Sakti also had light showers not exceeding 30 cents. More rain is required urgently to push on sowing of autumn crops and transplantation of rice. Germination so far is reported to be satisfactory. Fodder and water is adequate. Prices show a slight tendency to rise.

Bombay.—Good rain fell during the week in parts of Ratnagiri, Kanara, Belgaum, Savantvadi and Kolhapur, moderate in Colaba and Dharwar and slight elsewhere except in Sind, the Panch Mahals, Sholapur and Cutch. More rain is generally needed. Seedlings have been damaged by insects in Sukkur, Hyderabad and the Upper Sind Frontier, are suffering owing to insufficient moisture in Sukkur, the Upper Sind Frontier, Thar and Parkar, Ahmedabad, Kaira, Surat, Nasik and the Gujarat Native States and are generally in good condition elsewhere. Autumn sowings continue in Karachi, Larkana, Thar and Parkar, Sholapur, Satara, the Karnatak, Baroda, Cutch, Savantvadi and Kolhapur but has been retarded for want of rain in Ahmedabad, the Panch Mahals, Kanara, Khandesh, Nasik, Ahmednagar, Kathiawar and Rewa Kantha. Transplantation continues in parts of Karachi, Larkana, Hyderabad and Savantvadi, but has been retarded for want of rain in Surat, the Konkan and Nasik. The fodder supply is adequate except in Hyderabad, Thar and Parkar, Ahmedabad, Broach, Nasik, Baroda, Palanpur and Mahi Kantha. Agricultural stock is generally in good condition but is deficient in parts of the Deccan. Drinking water is generally adequate except in Baroda and Cutch. Irrigation water is deficient in Sukkur, the Upper Sind Frontier, Surat, Kathiawar and Baroda. Grain stocks are sufficient. Prices have risen in Hyderabad, Ahmedabad, the Panch Mahals, Ratnagiri and East Khandesh, have fallen in Satara and Bijapur and are stationary elsewhere. The quantity purchasable per rupee is in the Konkan 13 to 26 per cent, in the Deccan 6 to 28 per cent and in the Karnatak 16 to 22 per cent less than the normal. In Sind prices ranged from 3 per cent more than the normal to 33 per cent less and in Gujarat from 10 per cent more to 32 per cent less.

Hyderabad.—The rainfall was fair in the Warangal and Nalgonda districts, light in other parts of Telingana and light to *nil* in Mahratwara. The highest falls recorded were:—2 inches 11 cents in Suriapet, 2 inches 10 cents in Huzurnagar and 2 inches 5 cents in Nalgonda, all situated in the Nalgonda district, and 2 inches 6 cents in Mahbubnagar. The average fall for the Dominions was 53 cents. Autumn crops are fair but rain is urgently needed in many parts where crops have suffered somewhat for want of sufficient rain. Autumn crops have been injured somewhat by insects and rats in parts of the Raichur district. Land is still under preparation for autumn crops. Cotton and other autumn sowings are proceeding. Weeding of crops has begun in places. Land is under preparation for early rice, and sowings continue. Cattle disease prevails in 6 talukas.

Prices:—Wheat 8½, coarse rice 7½ and *juar* 14½ seers per rupee. White and yellow *juar* are selling in Hyderabad City at 11½ and 13 seers respectively, showing a fall of 1 seer in the price of the latter. The highest price in the districts is 10 seers in Warangal, Adilabad and Karimnagar and the lowest 23 seers in Nander.

Mysore.—The rainfall was good in Mysore, Hassan, Kadur and Shimoga and slight elsewhere. Prices of food grains are generally steady. Markets are well supplied. Sowing operations are in progress. Prospects of the season are good. Cattle are generally healthy. Water and fodder are available.

Coorg.—Rainfall 17 inches 4 cents. Ploughing for and transplanting of rice continue. Prices of food grains are slightly above the normal. The public health is fair. Water and fodder are ample.

Madras.—The rainfall was very heavy in Malabar, South Canara and the Nilgiris, good in Coimbatore and Kistna, *nil* in the Vizagapatam littoral and light to fair elsewhere. Irrigation supplies are sufficient in Godavari, Kistna, Guntur, Cuddapah, Coimbatore, Malabar, South Canara and the Nilgiris and insufficient in parts of other districts. Ploughing, sowing, manuring, weeding and transplanting are in progress in parts. Standing crops are fair to good, but paddy in parts of Ganjam is withering. Some crops in parts of Vizagapatam require rain, some in parts of Trichinopoly and Malabar have been damaged by floods and coffee in parts of the Nilgiris is affected by bug. Harvests continue except in Godavari, Kistna, Guntur, Kurnool, Ramnad, Tinnevelly, Malabar and South Canara with outturn fair to normal generally. Pasture is sufficient except in parts of Guntur, the Deccan, the Carnatic and South Trichinopoly. Fodder is available except in parts of Godavari and Madura. The condition of cattle is generally good. The price of rice is stationary in sixteen districts, has fallen in four and has risen in five. The prices of millets have fluctuated as follows:—*Ragi* is stationary in eleven districts, has fallen in five and has risen in seven. *Cholam* is stationary in five districts, has fallen in five and has risen in five. *Cumbu* is stationary in four districts, has fallen in six and has risen in seven. The public health is generally good. Prospects are generally fair. The condition of the labouring classes is satisfactory and employment is available. Grain stocks are sufficient.

Nepal.—*Report for the quarter ending 15th July 1911.*—The rainfall for the period was 22·62 inches against 27·18 inches for the corresponding period of the last year.

April 1911.—Barley and peas, also the second crop of potatoes were harvested, the outturn being good. Sowing of early rice and chillies has been completed.

May 1911.—Indian corn was sown. Wheat was harvested in the hills and valleys. The outturn was good.

June 1911.—Plums and peaches began to ripen and transplanting of rice commenced.

July 1911.—Plums and peaches were gathered in, the harvest being good. Apples and pears began to ripen. The standing crop of maize is in a flourishing condition and promises to yield a good harvest. The transplanting of rice is still in progress.

The market is well stocked and the price of food grains continues normal. The health of the live stock is good.

GAZETTE OF INDIA.

NOTICE.

The 22nd March 1911.

From the 8th April next till further notice, Parts I, IV, V and VI of the *Gazette of India* and the Weather and Crop Report will be published at Simla. After the 1st April all notifications and other matter intended for publication in those Parts should be addressed to the Officiating Publisher at Simla.

Attention is invited to the following Circular Memorandum of the Government of India, Home Department, of August 1901 :—

"It has been brought to the notice of this Department that matter for the *Gazette of India* is sometimes sent to the Press late on Friday evenings for publication in the next day's *Gazette*, and that this involves considerable inconvenience to the Press and expense to Government. In the Circular Memorandum of this Department, No. 777—79, dated 9th February 1870, the Government of India directed that all notifications or other matter intended for insertion in the *Gazette of India* should be delivered at the Press not later than 2 P.M. on Friday, and that any papers sent thereafter must be certified to be extremely urgent in order to ensure their appearance in the next day's *Gazette*. The undersigned is directed to request that these orders may be more strictly observed in future, and that Departments will refrain from sending to the Press as extremely urgent any papers which can without harm or inconvenience be held over for the next *Gazette*."

J. P. HEWETT,
Secretary to the Government of India.

NOTICE TO TENDERERS.

Sealed Tenders are invited for the supply during the period of five years beginning 1st April 1912 and ending 31st March 1917, and also during the period of the ten years beginning 1st April 1912 and ending 31st March 1922, of British Army boots and shoes, magazine boots and shoes, gymnasium shoes, canvas ropesoled shoes, leather slippers for Hospitals and leather gaiters for the use of Troops in British India, in accordance with the schedule and specifications to be seen at the Office of the Director of Army Clothing, India, at Alipore, Calcutta, on any week day between the hours of 11 A.M. and 3 P.M., *separate* tenders *for each* of the two periods may be furnished.

2. Tenders must be delivered at the Office of the Director of Army Clothing, India, before 12 o'clock noon on 18th September 1911 at which time they will be opened.

3. Tenders must be sent in a strong cover, securely fastened, sealed with a distinctive device, and conspicuously marked " Tender for foot gear —British Troops " and addressed to the Director of Army Clothing, India, and not to any Officer by name.

When made by a firm they must be signed by each individual member of the firm, or, in his name, by his constituted Attorney under Power of Attorney for the purpose, annexed to the Tender, and the address of each signatory must be appended to his signature.

4. Forms of tender, Schedule, and Specifications may be had on application, in writing, to the Director of Army Clothing, India, on and after the 25th July 1911 on payment of rupee one per set of forms.

4-A. Standard patterns of boots, shoes, etc, may be seen at the Office of the Government Inspector of Army Boots, Cawnpore, or may be had on loan on application to that Officer.

5. Tenders from *bonâ fide* manufacturers having Factories in India only (and no others) will be considered.

6. Any manufacturer or firm of manufacturers tendering may do so for all or any of the classes detailed in the schedule, and shall tender both for the whole quantity stated in the schedule of any class or classes selected and for three-fourths, one-half and one-quarter of such quantity, and a tender may be accepted for any one or more of the class or classes of article or articles or for any specified portion or portions as aforesaid for which it is made without the other or others.

7. Delivery of the goods, a tender for which is accepted, will be taken, and examination made at the Government Boot Depôt, Cawnpore, or at Bombay or Madras, whichever place may be nearest to Contractor's Factory, such place to be determined in case of doubt or dispute by the Director of Army Clothing, India, whose decision thereof shall be final.

8. The acceptance, or rejection, of tenders rests solely with the Government of India who reserve to themselves the right of rejecting any tender or any items in a tender without cause assigned. The lowest tender will not of necessity be accepted.

9. Each Tenderer must deposit in Presidency Bank or Treasury Receipt or Government Promissory Notes as Earnest money a sum representing 2 per cent. of the total value of the maximum quantities of the articles tendered as entered in the Schedule of requirements which sum shall be forfeited to the Secretary of State on withdrawal or attempted withdrawal of any tender before the same shall have been accepted or rejected or on failure on the part of the tenderer to make such deposit in accordance with the conditions of Contract of the Security thereby required.

GOVERNMENT OF INDIA.

DEPARTMENT OF REVENUE AND AGRICULTURE.

Rainfall summary for the seven days ending at 8 hrs. on Thursday, the 3rd August 1911, based on the Indian Daily Weather Reports of the period.

1. Both branches of the monsoon were more active than during the previous week. Falls were heavier along the west coast and in the north of the Peninsula, and light rainfall extended into Bihar, the United Provinces and along the western Himalayas: on some days nearly general light falls were reported in the central parts of the country.

2. Temperature continued very high in the northcentral parts and was markedly above normal in the northwest and extreme north. No other persistent and marked departures were reported.

3. *Burma.*—Rainfall was nearly general in Lower Burma, but in Upper Burma falls were few and for the most part light.

Northeast India, including Orissa.—Rain fell over the greater part of the division in the middle of the week, and scanty falls occurred at other times.

The United Provinces, Central India and the Central Provinces.—Falls were nearly general in the Central Provinces and Central India East on the 27th and 28th, and on the 28th had extended into the United Provinces. Rain continued to be reported during the remainder of the week, but consisted chiefly of scattered falls in the United Provinces and local falls in the Central Provinces. For the week as a whole it was fairly general in the Central Provinces, but scanty in Central India and the United Provinces.

Northwest India.—Light rain fell in the Punjab hills and Kashmir during the latter half of the week.

The Peninsula.—Rainfall was fairly general in the northern parts and along the west coast, but elsewhere was only local; it was everywhere light.

4. The most important falls reported were as follows:—

5. Rainfall during the week was again almost generally in marked defect: areas of excess occurred, however, in the north of the Peninsula, the northern parts of Madras, and in Kashmir. For the period 28th April to 3rd August the amount was practically normal in Burma, Assam, Chota Nagpur, Bihar and the greater part of the Peninsula; in Eastern Bengal and Mysore there was a moderate excess; while the defect was most marked in Orissa, the United Provinces, northwest India and the central parts of the country.

SIMLA ;
The 3rd August 1911.

Memorandum on the monsoon conditions prevailing during June and July, with a forecast for August and September 1911.

WEATHER IN INDIA DURING JUNE AND JULY.

1. *June.*

(*a*) The Bay current arrived in northeast India a few days before its normal date, but failed to advance westwards beyond Bihar.

(*b*) The rains were slightly delayed in arrival on the west coast, but extended rapidly into the interior and into upper India.

(*c*) An almost complete break in the rains began on the 18th over the area served by the Arabian Sea monsoon, and on the 26th over the area of the Bay current, excluding Burma. The advance of the monsoon in June was therefore of a purely temporary nature.

(*d*) The total rainfall of the month was 5 per cent in excess of the normal, the excess occurring chiefly in the field of the Bay current.

2. *July.*

(*a*) On the 5th a fresh advance of the Arabian Sea monsoon current occurred, and extending rapidly into the interior terminated, except for northwest India, the break in the rains which had persisted since the 18th June.

(*b*) By the 15th the monsoon had again begun to weaken, and a second but shorter break set in, to terminate about the 27th with the reappearance of light to moderate rainfall over the central parts of the country.

(*c*) An unusual feature of the month was the occurrence about the 21st of heavy snowfall in Kulu and Chamba down to very low levels. Some snow is also reported to have fallen about this time in Kashmir.

(*d*) The total rainfall of the month fell short of the normal by about 4″ or 34 per cent, the defect being almost general.

3. The aggregate rainfall of the two months in the plains of India was in defect of the normal by 18 per cent: the chief features of the local distribution are shown by the tables below:—

4. Some of the extra-Indian influences referred to in the June forecast continue to operate throughout the monsoon, and their present condition may therefore be summarised here:—

(a) SOUTH AMERICA.

5. Pressure at Buenos Ayres was in excess by ·087" in June, and by ·052" in July. At Santiago pressure in May was in excess by ·036", and in June by ·020".

(b) AUSTRALIA.

6. Pressure in June was ·005" in excess of the normal, and in July in defect by ·003".

(c) THE INDIAN OCEAN.

7. *Mauritius.*—In June pressure was below normal by ·040", and in July in excess by ·030".

Zanzibar.—In June pressure was high by ·030" and in July by ·050". Winds were strong throughout, but were variable in direction during the last week in July. Rainfall was in excess in June, but was 50 per cent in defect in July.

Seychelles.—Pressure was about ·040" in excess during June and July. Wind directions were very variable, especially in June, and wind strength was small in June but increased later. Rainfall was below normal in both months.

Logs of vessels.—The more important abnormal features over the Arabian Sea consisted of comparative freedom from cloud, and of unfavourable wind directions near the coast.

(e) NORTHEAST AFRICA.

Monsoon rainfall in German East Africa during June was in defect, but in the Sudan the normal quantity of rain fell during the first half of July. Pressure was in excess.

(f) SNOWFALL IN THE MOUNTAIN REGIONS TO THE NORTH AND WEST OF INDIA DURING JUNE AND JULY.

8. Local falls of snow were reported from the western Himalayas and the hill districts of the North-West Frontier Province in June and July, the most important occurring about the 21st July in Kulu and Chamba and in Kashmir. The snow line descended to about 11,000′ in both Kulu and Chamba.

Information regarding accumulations of snow is very incomplete, but as far as it goes it shows that over a large part of the mountain zone there still lies a very much greater quantity than is usual at the end of July.

SUMMARY OF FACTS; AND INFERENCES.

9. The pressure conditions in South America which were nearly normal in May became definitely favourable in June, and remained so, but to a less extent, in July.

In *Mauritius* the favourable feature of low pressure reported for May became less emphasized in June, and was replaced in July by a decided and unfavourable excess.

The high pressure of Mauritius appears to have extended northwards across the equatorial belt into India as far as Lat. 20° N.: it was pronounced also at Aden, and is believed to have been so in Egypt, but does not appear to have extended eastwards into Australia. Such a widespread excess of pressure during the monsoon period has rarely been recorded.

In the absence of information about the upper atmosphere, which might be expected to elucidate matters to some extent, it is not possible to do more than conjecture the causes of this excess of pressure or to say how persistent a feature it is likely to prove: the character, however, of recent barometric changes over India tends to indicate that it is hardly likely to disappear soon.

The general conditions of snow accumulation also are not encouraging, and their adverse influence has been accentuated by the heavy falls in Kulu and Chamba which occurred about July 21st. The occurrence of these falls indicates an abnormal condition in the upper air strata between the levels of 4½ and 7 miles, about the probable persistence of which no conclusions can be drawn from surface observations.

The improvement since May of the pressure conditions in South America should more than counterbalance, in its effect on the monsoon, the prejudicial changes that have occurred in the Indian Ocean. This consideration, coupled with the recent indications that somewhat favourable changes in the pressure distribution over India are imminent, points to the conclusion that, although the monsoon currents are likely to remain weak for some time at least there is little ground for fearing that they will continue as unsatisfactory as in July.

FORECAST.

10. (a) The monsoon may be expected to continue unsteady and weak.

(b) The drought which, with slight interruptions, has prevailed over the greater part of the country since the middle of June, is likely to become less general as the season progresses. The combined rainfall, however, of August and September will probably fall short of the normal, particularly in parts of central and northwest India.

DEPARTMENT OF REVENUE AND AGRICULTURE.

Season and Crop Prospects for the week ending Saturday, 29th July 1911.

Burma.—The rainfall was moderate all over Burma including the dry zone. Transplanting of the winter rice crop continues. Cultivation of millets, sesamum, cotton and groundnut is progressing normally. The rain has improved crop prospects in the dry zone. The price of unhusked rice is steady but much above the normal.

Eastern Bengal and Assam.—Moderately heavy rain fell throughout the Province. Some damage has been done to standing crops by floods in Tippera, Noakhali and the districts on the banks of the Brahmaputra. Prospects of winter rice are generally good. Insect pests are causing injury in Bakarganj and Lakhimpur. The average price of common rice has again risen by 2 per cent. Cattle disease still continues in Mymensingh, Cachar, Kamrup, Sibsagar, Lakhimpur and the Khasi, Garo and Naga Hills.

Bengal.—Rain fell in all districts of the Province. The fall was heavy in Darjeeling, Puri and Cooch Behar and moderate in Purnea and Bhagalpur. In Burdwan, the 24-Parganas Nadia, Murshidabad, Jessore, Khulna and Darbhanga there was good rain in parts only and the rainfall elsewhere was insufficient. More rain is urgently wanted in almost all districts for transplantation of winter paddy. The recent rainfall has been beneficial to standing crops in Saran, Champaran and Purnea. Standing crops and paddy seedlings are suffering for want of rain in Gaya, Shahabad, Cuttack, Angul, Sambalpur, Hazaribagh and Palamau. The price of common rice has risen in Burdwan, Bankura, Midnapur, Hooghly, Nadia, Murshidabad, Patna, Gaya, Muzaffarpur, the Sonthal Parganas, Balasore, Angul, Sambalpur, Hazaribagh, Ranchi and Manbhum and has fallen in the 24-Parganas, Jessore and Khulna. Cattle disease is reported from Midnapur, Murshidabad, Patna, Shahabad, Muzaffarpur, Darbhanga, Bhagalpur, Purnea, Angul and Sambalpur. The supply of fodder and water is sufficient except in parts of Midnapur.

United Provinces.—The rainfall throughout the Provinces was very scanty. Only Jhansi and two hill districts received an average of over an inch while elsewhere the falls averaged less than a quarter of an inch. A few eastern districts report good rain since the close of the week but elsewhere the situation is critical and good general rain is most urgently needed. Sowing operations are at a standstill and early sown crops in unprotected tracts have withered, irrigation being used wherever possible. Cattle disease is reported in sixteen districts but the condition of agricultural stock is still good on the whole. Fodder is becoming scarce in the Doab and Bundelkhand and in the latter tract water also is running short. Prices continue to rise in nearly every district.

Punjab.—Light rain has fallen in parts of Hissar, Ambala, Jullundur, Sialkot, Shahpur, Rawalpindi and Lyallpur. Rain is badly wanted everywhere. The condition of standing irrigated crops is good to average. Unirrigated crops are withering throughout the Province and their condition is poor in Rohtak, Delhi, Rawalpindi, Mianwali and parts of Shahpur. Sowings of autumn crops continue. Damage to crops by grasshoppers is reported from Shahpur and Mianwali. Prices are generally rising. Cattle are generally in good condition. Fodder is scarce in parts of Rohtak, Gurgaon, Amritsar and Mianwali. Water is insufficient in parts of Mianwali.

North-West Frontier Province.—One inch and 50 cents of rain fell in the Bannu tahsil of Bannu. Rain is much needed in the Peshawar and Dera Ismail Khan districts. The condition of standing crops on the whole is average. Sowings of maize and *chari* in Peshawar and those of maize in Bannu are in progress. Sowings of *bajra*, *juar* and *moth* have been completed in Bannu. There is abnormal disease among cattle. Irrigation from the Paharpur canal continues. The fodder and water supply is generally sufficient but drinking water is still scarce in certain *Daman* villages of Dera Ismail Khan. Prices are fluctuating. Prices:—Wheat $12\frac{1}{16}$ to $22\frac{1}{4}$, gram $16\frac{3}{16}$ to 37, maize $14\frac{1}{4}$ to $26\frac{1}{4}$ and *bajra* $22\frac{3}{4}$ to 25 seers per rupee.

Jammu.—Slight rain fell during the week. Prices are fluctuating. Wheat sells from 12 to 19 and maize from 12 to 38 seers per rupee. The condition of standing crops is ordinary. Cattle disease of mild type prevails in the Basohli tahsil of the Province. Fodder is sufficient.

Kashmir.—The weather was bright. It rained on two occasions during the week. The rain was beneficial to standing crops. Prices are unchanged. The condition of autumn crops is good. Weeding is going on. There is no disease among cattle. Fodder is average.

Rajputana.—The rainfall in cents was :—Mewar and Banswara each 42, the Hilly Tracts 54, the Sironj Pargana in Tonk 147, one tahsil in Bharatpur 100, Abu 98, and one tahsil in Kotah 92 Light rain fell at Jhalawar and Dholpur. Rain is reported to be urgently required everywhere except in Partabgarh and Jhalawar. Agricultural operations have been retarded in Marwar, the Hilly Tracts, Jaipur, Alwar, Dholpur, Ajmer and Merwara. No operations are reported from Jaisalmer, Sirohi, Banswara, Shahpura, Tonk and Bundi. Crops are suffering in Bikaner, Marwar, Kotah, Kishangarh, Alwar, Karauli, Bharatpur, Dholpur, Ajmer-Merwara, parts of Mewar and the Hilly Tracts and Banswara. Slight damage is reported in Jaipur. Cattle disease continues in Banswara. Agricultural stock is suffering in Jaipur. Fodder is becoming deficient or scarce in Mewar, the Hilly Tracts, Banswara, Shahpura, Tonk, Bundi, Kotah, Kishangarh, Alwar, Karauli, Dholpur, Ajmer-Merwara and parts of Jhalawar. Prices have risen by 2 seers in Sirohi, by 6 seers in Banswara, by 3 seers in Partabgarh, by 1⅝ seers in Tonk, by 2½ seers in Bundi, by 2¼ seers in Jhalawar, by ½ seer in Jaipur, and by 11 chataks each in Alwar and Merwara. They have fallen by 2 seers in Bikaner, by 13 chataks in Jaisalmer, by ½ seer in Kishangarh, by 1 seer each in Karauli and Dholpur and by 1½ seers in Bharatpur. Prices show slight variations in Marwar and Ajmer and are steady elsewhere.

Central India.—Rainfall *nil* in the Gwalior and Panna States and partial but insufficient elsewhere. Need for rain is felt everywhere. The weather is cool. Crops are withering in Gwalior, Indore, Bundelkhand and parts of Bhopawar and sowing operations have been retarded in those Agencies for want of rain. Seeds sown have failed to germinate in parts of Bundelkhand. Cattle disease prevails in parts of Indore, Bundelkhand and Bhopawar.. Scarcity of water is making itself felt. Prices are rising generally. Fodder is scarce and dear. One inch of rain has just fallen in Indore and is believed to be general throughout Malwa. Conditions now indicate further rain.

Central Provinces.—During the week Yeotmal had the heaviest rainfall amounting to 8 inches. Mandla, Seoni, Balaghat, Drug, Bilaspur and Akola each received 4 to 5 inches. Elsewhere the quantity registered at headquarters ranged from 31 cents in Nimar to 3 inches in Chanda. The rainfall though not evenly distributed in several districts was most opportune and revived the crops which were in danger of withering. It has also facilitated resumption of sowing of autumn crops and of transplantation and thinning of rice. More rain is required in most districts. Sowing of autumn crops has been restricted in some districts owing to the irregular rainfall. Fodder and water are adequate. Prices show unimportant variations.

Feudatory States.—During the week six States had rain ranging from 6 cents in Chhuikhadan to 5 inches in Sirguja. More rain is required for purposes of transplanting and thinning and to save the crops from withering in places in Kawardha, Chhuikhadan, Nandgaon, Kanker, Raigarh and Sarangarh. The supply of fodder and water is sufficient. Prices are steady.

Bombay.—Good rain fell during the week in parts of Kanara, Savantvadi and Kolhapur, moderate in Colaba, Ratnagiri, Ahmednagar, Sholapur and Mahi Kantha and slight elsewhere except in Sind, Ahmedabad, Kaira, Broach, Palanpur and Cutch. More rain is generally needed. Seedlings have been damaged by insects in Hyderabad, the Upper Sind Frontier, Thar and Parkar and West Khandesh, are suffering owing to insufficient moisture in parts of Sind, Gujarat, Thana, West Khandesh, Ahmednagar, Poona, the Gujarat Native States and Kolhapur and are generally in good condition elsewhere. Autumn sowings continue in Larkana, Thar and Parkar, Broach, Sholapur, Satara, the Karnatak, Baroda, Cutch, Savantvadi and Kolhapur but have been retarded for want of rain in the Upper Sind Frontier, Ahmedabad, the Panch Mahals, Kaira, Kanara, Khandesh, Nasik, Ahmednagar, Poona, Kathiawar and Rewa Kantha. Transplantation continues in parts of Hyderabad and Colaba but has been retarded for want of rain in Larkana, the Panch Mahals, Kaira, parts of the Konkan, Nasik and Poona. The fodder supply is adequate except in Hyderabad, Thar and Parkar, Gujarat, Khandesh, Nasik and the Gujarat Native States. Agricultural stock is generally in good condition but is deficient in parts of the Deccan. Drinking water is generally adequate except in Baroda and Cutch. Irrigation water is deficient in parts of Sukkur, Larkana, the Upper Sind Frontier, Gujarat, Kathiawar and Baroda. Grain stocks are sufficient. Prices have risen in Sukkur, Larkana, the Upper Sind Frontier, Gujarat and Bijapur, have fallen in Thar and Parkar, East Khandesh and Belgaum and are stationary elsewhere. The quantity purchasable per rupee is in Sind 14 to 32 per cent, in Gujarat 3 to 35 per cent, in the Konkan 13 to 16 per cent, in the Deccan 6 to 23 per cent and in the Karnatak 13 to 22 per cent less than the normal.

Hyderabad.—The rainfall during the week was very scanty. The highest fall was 1 inch 25 cents in the Basmat taluka. The average for the Dominions was 16 cents. After the close of the week the rainfall was fairly general, Aurangabad receiving 1 inch 45 cents, Hingoli 4 inches 59 cents, Parbhani 2 inches 97 cents, Nander 1 inch 26 cents, Nizamabad 99 cents, Gulbarga 3 inches 80 cents, Raichur 70 cents, Mahbubnagar 1 inch 18 cents and Warangal 1 inch 57 cents. Crops are fair except in Nizamabad. Crops have been damaged somewhat by insects in parts of the Mahbubnagar district. Lands are under preparation for spring crops in some places. Cattle disease prevails in 6 talukas.

Prices :—Wheat 8¼, coarse rice 7½ and *juar* 14 seers per rupee, showing a rise of one-fourth seer in the price of *juar*. White *juar* is selling at 11½ seers in Hyderabad City and yellow *juar* at 13 seers. The highest price in the districts is 10 seers in Aurangabad, Medak, Warangal, Adilabad and Karimnagar and the lowest 23 seers in Nander.

Mysore.—The rainfall was good in Kadur and Shimoga and slight elsewhere. Prices of food grains are generally steady. Markets are well supplied. Standing crops are generally in good condition. Cattle are generally healthy. Water and fodder are available.

Coorg.—Rainfall 8 inches 13 cents. Transplanting of rice continues. Prices of food grains are slightly above the normal. The public health is fair. Water and fodder are ample.

Madras.—The rainfall was very heavy in South Canara, heavy in Malabar, good in the Nilgiris, *nil* in Nellore and light to fair elsewhere. Irrigation supplies are sufficient in Godavari, Kistna, Guntur, Cuddapah, Coimbatore, Malabar, South Canara and the Nilgiris and insufficient in parts of other districts. Ganjam reports that want of rain is keenly felt throughout the district. Ploughing, sowing, manuring, weeding and transplanting are in progress in parts. Standing crops are fair to good, but some in parts of Ganjam and Vizagapatam are withering and some in parts of Guntur, Cuddapah and Salem require rain. Yellow *cholam* in parts of Bellary has been attacked by grasshoppers. *Cumbu* in parts of Cuddapah has been damaged by caterpillars, some crops in parts of Tanjore and Malabar have been damaged by floods or heavy rains and coffee in parts of the Nilgiris is affected by bug. Harvests continue except in Godavari, Kistna, Guntur, Kurnool, Ramnad, Malabar and South Canara with outturn fair to normal generally. Pasture is sufficient except in Trichinopoly, parts of Guntur, the Deccan, and South Carnatic. Fodder is available except in parts of Godavari and Madura. The condition of cattle is generally good. The price of rice is stationary in thirteen districts, has fallen in three and has risen in nine. The prices of millets have fluctuated as follows :—*Ragi* is stationary in twelve districts, has fallen in five and has risen in six. *Cholam* is stationary in seven districts, has fallen in seven and has risen in one. *Cumbu* is stationary in six districts, has fallen in seven and has risen in four. The public health is generally good. Prospects are generally fair. The condition of the labouring classes is satisfactory and employment is available. Grain stocks are sufficient.

RESULT OF THE MEASURES ADOPTED IN THE DIFFERENT PROVINCES FOR THE DESTRUCTION OF WILD ANIMALS AND VENOMOUS SNAKES DURING THE YEAR 1910.

Nos. 3066—3078.

GOVERNMENT OF INDIA.

HOME DEPARTMENT.

PUBLIC.

Simla, the 27th July 1911.

RESOLUTION.

The total number of persons killed by wild animals in 1910 was very little less than the number reported in the previous year, namely 2,400 as compared with 2,496. A decrease is noticeable in the United Provinces, the Central Provinces and Berar, and Eastern Bengal and Assam, where the figures as compared with those for 1909 are, respectively, 183, 179 and 379 against 237, 220 and 546. The mortality in the Madras Presidency rose from 369 in 1909 to 414 and in Bengal from 1,004 to 1,130 where it continues to be the highest on record. The increase in this province occurred chiefly in the Presidency Division, where the number of deaths caused by tigers increased from 57 in 1909 to 126 in the year under report: of these Khulna alone contributed 80 and the 24-Parganas the rest. Man-eating tigers were more aggressive in the Sundarbans portion of the Khulna District, and this fact is attributed to the diminution of their natural food supply owing to the drowning of large numbers of deer in the storm wave which accompanied the cyclone of 1909. The total number of deaths caused by tigers in Bengal rose from 383 to 449. There was also a marked increase (from 167 to 218) in the number of deaths caused by wolves, no less than 130 deaths from this cause having occurred in the Darbhanga District. In the Madras Presidency the number of deaths caused by tigers fell from 253 to 194, and those caused by leopards rose from 78 to 104. Wolves are reported to have killed 71 persons in the United Provinces or one more than in the previous year. In the Central Provinces and Berar tigers accounted for 67 victims as compared with 102 in the preceding year. Six known man-eating tigers and two panthers were destroyed during the year in these provinces. The abnormal number of deaths due to wild pig in 1909 in Eastern Bengal and Assam—126—was happily not maintained, though 50 persons fell victims to these animals.

2. The total mortality amongst human beings caused by snake-bite rose from 21,364 to 22,478. The greatest number of deaths, as usual, occurred in Bengal and the United Provinces where the figures were 7,767 and 5,436, as compared with 7,202 and 4,814, in the previous year, respectively. The next highest mortality occurred in Eastern Bengal and Assam with 2,915 deaths. The greatest variation in the mortality was in Bengal, the United Provinces and Eastern Bengal and Assam. In Bengal the increase is particularly noticeable in the Tirhut and Presidency Divisions. The increase in Eastern Bengal and Assam is attributed to snakes being driven by high floods to take refuge in the raised village sites. Both in this province and in the United Provinces a considerable number of cases were treated with the Brunton lancet and permanganate of potash, and a high proportion of them are reported to have recovered. No reliable deduction can, however, be drawn from the use of this lancet, owing to the lack of proof that the bites it was used upon were really those of poisonous snakes.

3. The number of cattle killed by wild animals was 93,074 against 94,207 in 1909. There was a decrease in the number destroyed in all provinces except in the United Provinces, the North-West Frontier Province, the Central Provinces and Berar, and Ajmer-Merwara, but in the United Provinces alone is the increase at all

striking, the number destroyed having risen from 11,098 to 12,918. The Government of the United Provinces, however, again expresses a doubt as to the trustworthiness of the figures submitted. In the Madras Presidency there is some decrease in the number of cattle destroyed by tigers and leopards, which fell respectively from 2,729 and 8,393 to 2,452 and 8,037. In the Bombay Presidency, wolves again destroyed a large number of cattle—5,738 as compared with 6,301 in the previous year. In Bengal the number destroyed by tigers, leopards, wolves and hyenas were respectively 6,310, 8,580, 3,428 and 2,530, as compared with 7,050, 8,176, 4,311 and 3,006 destroyed in 1909. This province as usual exhibits the greatest mortality, the total number of cattle destroyed being 22,348 against 23,624 in 1909, Eastern Bengal and Assam coming next with 15,906. The destruction in Bengal occurred chiefly in the Chota-Nagpur Division where 10,792 head of cattle were killed. The number of cattle killed in the United Provinces by tigers rose from 1,460 to 1,631. There is a most noticeable variation in these provinces under the head "other animals", the figures being 1,577, as compared with 312 in 1909. In the Punjab leopards accounted for 1,671 head of cattle as compared with 1,863 in 1909. In Burma, tigers and leopards destroyed respectively 4,733 and 2,965 head of cattle as compared with 4,571 and 3,232 in 1909. No marked variations occurred in the Central Provinces and Berar where the total number of cattle destroyed amounted to 12,084 against 12,059 in 1909. In Eastern Bengal and Assam, tigers destroyed 9,103 head of cattle as compared with 9,649, and leopards destroyed 5,505 as compared with 4,816 in 1909. The death roll in this Province was heaviest in the Assam Valley districts where the number was 10,977 as compared with 11,146 in 1909, and 11,617 in 1908. The number of cattle killed by snake-bite was 10,989 as compared with 10,642 in 1909.

4. The total number of wild animals destroyed during the year was 19,282 as compared with 17,356 in 1909, and includes 1,421 tigers, 5,029 leopards, 2,292 bears, 3,114 wolves, 414 hyenas. A sum of Rs. 1,44,289 was paid as rewards for the destruction of wild animals, as compared with Rs. 1,42,176 paid in 1909. The total number of snakes killed is reported as 91,104 as compared with 88,503 in 1909 and the rewards paid for their destruction rose from Rs. 2,499 to Rs. 2,875.

5. The number of licenses issued during the year under the Indian Arms Act, 1878, in forms XVI, XVII and XVIII, was 25,909 as compared with 30,900 in 1909. The total number of licenses in force during the year was 189,448 against 190,805 in 1909.

Order.—Ordered that a copy of this Resolution (and annexures) be forwarded to local Governments and Administrations* and that it be published in the *Supplement to the Gazette of India* for general information; also that a copy be forwarded to the Director General of Commercial Intelligence.

* Including the Hon'ble the Chief Commissioners of the North-West Frontier Province and Ajmer-Merwara and the Hon'ble the Resident in Mysore.

A. EARLE,

Secretary to the Government of India.

(a) Increase is due to the conversion of licenses in Form VIII (new Form XVI) to those in Form XI (new Forms XVII and XVIII).

NOTE.—Figures for the years previous to 1908 represent the number of licenses issued for destruction of wild animals or protection of crops in Form XI only (new Forms XVII and XVIII) except in Burma where licenses in Form VIII (new Form XVI) were shown. From 1908 licenses issued for sport, protection or display in Form VIII (new Form XVI) have been included and combined totals shown.

NOTICE.

The 22nd March 1911.

From the 8th April next till further notice, Parts I, IV, V and VI of the *Gazette of India* and the Weather and Crop Report will be published at Simla. After the 1st April all notifications and other matter intended for publication in those Parts should be addressed to the Officiating Publisher at Simla.

Attention is invited to the following Circular Memorandum of the Government of India, Home Department, of August 1901:—

" It has been brought to the notice of this Department that matter for the *Gazette of India* is sometimes sent to the Press late on Friday evenings for publication in the next day's *Gazette,* and that this involves considerable inconvenience to the Press and expense to Government. In the Circular Memorandum of this Department, No. 777—79, dated 9th February 1870, the Government of India directed that all notifications or other matter intended for insertion in the *Gazette of India* should be delivered at the Press not later than 2 P.M. on Friday, and that any papers sent thereafter must be certified to be extremely urgent in order to ensure their appearance in the next day's *Gazette*. The undersigned is directed to request that these orders may be more strictly observed in future, and that Departments will refrain from sending to the Press as extremely urgent any papers which can without harm or inconvenience be held over for the next *Gazette*."

J. P. HEWETT,
Secretary to the Government of India.

C. STEWART-WILSON,
Director-General of the Post Office of India.

THE HON'BLE THE RESIDENT IN MYSORE.

NOTIFICATION.

Bangalore, the 31st July 1911.

No. 42.—In exercise of the powers conferred by Sections 5 and 13 of the Opium Act, 1878 (I of 1878), as applied to the Civil and Military Station of Bangalore, and with the previous sanction of the Governor General in Council, the Resident in Mysore is pleased to make the following rules in supersession of the rules contained in Residency notification No. 983, dated the 27th February 1900.

PRELIMINARY.

I. These rules shall come into force on, and with effect from, the 1st day of September 1911.

II. In these rules, unless there is anything repugnant in the subject or context :—

'The Resident' means the Resident in Mysore ;

'The Collector' means the Collector of the Civil and Military Station of Bangalore ;

'Farmer' means a person who has obtained a farm from the Collector under Rule XIII ;

'Licensed Vendor' means a person who has obtained a license for sale by retail under Rule X or XIV ;

'Pharmacist' means a person to whom a special license has been granted under Rule V ;

'Opium' does not include poppy heads, preparations or admixtures of opium and intoxicating drugs prepared from the poppy ;

'Poppy heads' means the heads or capsules of the poppy plant which have been lanced and dried or from which the juice has been extracted ;

Sale 'by retail' means the sale in a single transaction of opium and intoxicating drugs prepared from the poppy in any quantity not exceeding three tolas in weight, of preparations and admixtures of opium, other than morphia and its preparations and those used for smoking, in any quantity not containing more than three tolas of crude opium, and of morphia and its preparations in any quantity not exceeding ten grains in weight ;

'Tola' means a weight of one hundred and eighty grains Troy ; and 'Seer' means a weight of eighty tolas.

MANUFACTURE.

III (i) Preparations of admixtures of opium or intoxicating drugs prepared from the poppy, other than preparations or admixtures of opium used for smoking, may be manufactured :—

(*a*) On account of the Government ;

(*b*) By a farmer or licensed vendor for wholesale or retail sale in accordance with these rules and with the conditions of his farm or license ;

(*c*) By a Pharmacist, duly licensed, or by any person for his own domestic use provided that such manufacture is in quantities not exceeding those in which the possession of the said articles is permitted by these rules, and is from opium of which the possession is similarly permitted.

(ii) Preparations or admixtures of opium used for smoking may be manufactured by any person for his own domestic use, but not for sale, in any quantity not exceeding one tola in weight from opium of which he is permitted by these rules to be in possession.

POSSESSION.

IV (i) Any person may possess —

(*a*) Opium and intoxicating drugs prepared from the poppy in any quantity no exceeding three tolas in weight, preparations or admixtures of opium, other than morphia and its preparations and those used for smoking, in any quantity not containing more than three tolas of crude opium and morphia and its preparations in any quantity not exceeding ten grains in weight :

Provided that the said articles have been purchased from a farmer, licensed vendor or licensed pharmacist, or have been manufactured from opium so purchased ;

Provided also that the Collector may specially authorize the possession by any person of any or all of the said articles in any quantity not exceeding one quarter seer in weight ;

(*b*) Preparations or admixtures of opium used for smoking to the extent of one tola, provided that such preparations have been manufactured by the possessor for private consumption and not for sale under the conditions of Rule III (ii) above.

(ii) Subject to the conditions of his farm or license, a farmer or licensed vendor may possess opium, preparations or admixtures of opium or intoxicating drugs prepared from the poppy, other than preparations or admixtures of opium used for smoking, in any quantity; and a pharmacist may possess them in any quantity not exceeding one quarter seer of opium and one quarter seer of preparations or admixtures of opium or intoxicating drugs prepared from the poppy at one time.

Provided that the said articles have been purchased from the Government or from a farmer, licensed vendor or pharmacist as prescribed in the possessor's farm or license or otherwise in these rules, or have been manufactured from opium so purchased :

Provided also that the Collector may, in any special case, authorize the possession by a pharmacist of any or all of the said articles in any quantity.

V. The Collector may grant to any pharmacist a special license, in such form as may be prescribed by the Resident, for the possession in accordance with the provisions of the last preceding rule and sale by retail, for medical purposes only, of opium, preparations or admixtures of opium, or intoxicating drugs prepared from the poppy, other than preparations or admixtures of opium used for smoking.

Provided that a pharmacist may, without any license, possess or sell recognised medical preparations containing opium.

TRANSPORT.

VI. Any person may transport opium and preparations or admixtures of opium and intoxicating drugs prepared from the poppy, of which he is lawfully in possession, from a place where he has purchased any or all of the said articles or manufactured the preparations or admixtures of opium or intoxicating drugs prepared from the poppy, to a place where he is licensed to manufacture or sell the said articles or where he may lawfully consume them.

IMPORT.

VII. (i) The import of opium on account of the Government shall be permitted on the condition that the opium is covered by a pass granted by the Collector.

(ii) A pharmacist may, with the special permission of the Collector and subject to such conditions as the Collector may prescribe, import such preparations or admixtures of opium or intoxicating drugs prepared from the poppy (other than preparations or admixtures of opium used for smoking), as are not locally procurable, to the extent of the quantities of the said articles of which he is permitted by these rules to be in possession.

SALE.

VIII. Opium, preparations or admixtures of opium, and intoxicating drugs prepared from the poppy, other than preparations or admixtures of opium used for smoking may be sold by retail to any person legally authorized to possess the same by a person holding a license in that behalf; and may also be sold for medical purposes only, by a pharmacist holding a license granted to him under Rule V, to the extent and subject to the conditions specified in such license.

IX. (i) Opium in quantities of not less than one-fourth seer shall, on prepayment at such rates as the Resident may prescribe by notification in the official gazette, be supplied by the Collector to any farmer, licensed vendor or pharmacist.

(ii) No opium shall be sold by wholesale or retail which has not been bought from the Collector or from a licensed vendor.

(iii) No opium, or preparation or admixture of opium, or intoxicating drug prepared from the poppy shall be sold wholesale, except under special order from the Collector, or as next hereinafter provided.

(iv) A licensed vendor or farmer may sell any quantity of opium, or preparations or admixtures of opium or intoxicating drugs prepared from the poppy, other than preparations or admixtures of opium used for smoking, which he is authorized under the conditions of his license or farm to deal in, to another licensed vendor or farmer ; and a quantity not exceeding one-fourth seer of each of the said articles or one half seer of them in the aggregate to a pharmacist.

(v) A pharmacist may sell to another pharmacist a quantity not exceeding one quarter seer of preparations or admixtures of opium or intoxicating drugs prepared from the poppy, other than preparations or admixtures of opium used for smoking.

X (i) Licenses for the sale by retail of opium, or preparations or admixtures of opium, or intoxicating drugs prepared from the poppy, other than preparations or admixtures of opium used for smoking, may be granted by the Collector.

(ii) Such limited number of shops for the retail vend of opium or preparations or admixtures of opium or intoxicating drugs prepared from the poppy as aforesaid, as the Resident may from time to time decide, shall be allowed, and the monopoly of retail vend at such shops shall be sold for such fee as the Resident may fix, or it may be put up to auction at the commencement of each official year. The shops shall be disposed of singly or in groups, as the Resident may direct.

XI. Licenses for the sale by retail of opium, or preparations or admixtures of opium, or intoxicating drugs prepared from the poppy, other than preparations or admixtures of opium used for smoking, shall be in such form as may be prescribed by the Resident.

XII. Licenses for the sale by retail of opium, or preparations or admixtures of opium, or intoxicating drugs prepared from the poppy, other than preparations or admixtures of opium used for smoking, shall be granted for one year only, unless the Resident otherwise specifically directs.

XIII. (*i*) With the sanction of the Resident, and subject to such conditions (if any) as may be imposed as hereinafter provided, the Collector may farm the duties leviable on the sale by retail of opium, or preparations or admixtures of opium or intoxicating drugs prepared from the poppy, other than preparations or admixtures of opium used for smoking, for a term not exceeding five years.

(*ii*) The Resident may prescribe conditions :—

(*a*) for the invitation and acceptance of tenders for the farm of such duties ;

(*b*) as to the forms and conditions of the farms ; and

(*c*) for the requisition of security for the due fulfilment of the engagements entered into by the farmers.

(*iii*) Any breach of the conditions of a farm granted under this rule shall, over and above any other penalty, subject the farm to annulment by the authority by whom it was granted.

XIV. When duties are farmed under the last foregoing rule, the farmer may issue, within the limits of his farm, licenses for the sale by retail of opium, or preparations or admixtures of opium, or intoxicating drugs prepared from the poppy, other than preparations or admixtures of opium used for smoking Such licenses shall be countersigned by the Collector and shall then have the force of licenses issued by the Collector under Rule X and shall contain such of the conditions of the said licenses as the Collector may prescribe, and may be cancelled at the discretion of the Collector for the breach of any of these conditions.

XV. Before entering into engagement for the farm of such duties, the Collector may make such reservations or restrictions with respect to the grant of licenses by the farmer as he thinks fit.

XVI. Every farmer shall file in the Collector's office, in such form as may from time to time be prescribed by the Collector, a list of all licenses granted by him.

XVII. With the sanction of the Resident, the Collector may cancel any farm granted under Rule XIII, or may within the period of such farm impose any new reservation or restriction on the farmer.

XVIII. If a farm is cancelled for any cause other than a breach of the conditionss imposed under Rule XIII upon the farmer, or if any reservation or restriction in respect of the grant of licenses is imposed under the last foregoing rule during the term of the farm, the Resident may award to the farmer compensation for any loss thereby caused to him.

XIX. If any license vendor or farmer, on the expiry of his license or farm, has in his possession any opium or preparations or admixtures of opium or intoxicating drugs prepared from the poppy, other than preparations or admixtures of opium used for smoking which he is authorised under the conditions of his license or farm to sell, but is unable to dispose of to the satisfaction of the Collector by private sale to other licensed vendors or farmers, he shall surrender the same to the Collector; and the incoming licensed vendor or farmer, or, if the expired license or farm is not renewed, any licensed vendor or farmer within the station shall, when required by the Collector, be bound to purchase the articles aforesaid to the extent of two months' supply, at such price and in such quantities as the Collector shall adjudge :

Provided that the price thus adjudged shall in no case exceed the rate at which opium can be procured from the Government.

Provided also that, if such articles are declared by the Residency Surgeon to be unfit for use, the Collector shall cause the same to be destroyed.

GENERAL.

XX. Except where otherwise specially provided in the foregoing rules, the possession, transport, import, or sale of opium, and preparations and admixtures of opium or intoxicating drugs prepared from the poppy, other than preparations or admixtures of opium used for smoking, by or on behalf of the Government shall be unrestricted.

DISPOSAL OF THINGS CONFISCATED.

XXI. Opium, or any preparation or admixture of opium or intoxicating drugs prepared from the poppy confiscated under the Opium Act, 1878, shall be examined by the Residency Surgeon, and, if declared by him to be fit for use, shall be sent to the Resident's Treasury, and be disposed of as the Collector may direct. If declared to be unfit for use, it shall be immediately destroyed.

XXII. All property, other than opium, or any preparation or admixture of opium or intoxicating drugs prepared from the poppy, which is confiscated under the Opium Act, 1878, shall be sold under the orders of the Magistrate or other officer by whom the confiscation was adjudged.

REWARDS.

XXIII. Any Magistrate convicting an offender under Section 9 or any Magistrate or other authorized officer ordering the confiscation of opium, or any preparation or admixture of opium or intoxicating drug prepared from the poppy, under Section 12 of the Opium Act, 1878, may grant a reward, not exceeding the value of the article or articles confiscated in addition to the amount of any fine realized, in such proportions as he may think fit to any person or persons who have contributed to the seizure of the article or articles or the conviction of the offender.

XXIV. If in any case the fine or forfeiture is not realized the Collector may sanction such reasonable reward, not exceeding the amount of the fine and forfeiture, as may seem appropriate. The Resident may also by general order declare what class of Excise Officers shall receive rewards, and what classes shall have no title to share therein.

XXV. The powers referred to in the third paragraph of Section 12, Section 19 and Section 24, respectively, of the Opium Act, 1878, may be exercised by the Collector.

Circular Order.

ISSUED BY AUTHORITY OF THE HIGH COURT OF JUDICATURE AT FORT WILLIAM IN BENGAL.

CIVIL.

NO. 7 OF 1911.

After Rule 82, Chapter I, page 31, Volume I, of the High Court's General Rules and Circular Orders, Civil, *insert* the following :—

Execution in British India of Decrees of the Civil Courts of the Baroda Estate (Section 44, C. C. P.)

Section 44 of the Code of Civil Procedure, 1908 (Act V of 1908).

82A. [Notification of the Government of India in the Foreign Department, No. 2684 I. A., dated the 3rd July, 1908].—"In exercise of the powers conferred by section 229 B* of the Code of Civil Procedure (Act XIV of 1882), the Governor General in Council is pleased to declare that the decrees of the Civil Courts situate in the territories of His Highness the Gaekwar of Baroda which have not been established or continued by the authority of the Governor General in Council, may be executed in British India as if they had been made by the Courts of British India."

Note.—Similar and reciprocal orders have been passed by the Baroda Durbar permitting, for a period of six years from the 18th July 1908, the execution by the Courts of that State of decrees made by the Civil Courts of British India. Such decrees should be transmitted for execution direct to the particular Court in Baroda within the local limits of whose jurisdiction execution is sought.

By order of the High Court,

(Illegible),
for Registrar.

ORDERS BY THE LOCAL ADMINISTRATION OF RAJPUTANA.

NOTIFICATION.

Mount Abu, the 1st August 1911.

No. 3132-527.—In supersession of orders No. 803-C, dated the 29th August 1910, and in exercise of the powers conferred upon him by Article 1139 of the Civil Service Regulations, the Hon'ble the Agent to the Governor-General in Rajputana is pleased to double the amount of travelling allowance ordinarily admissible under the Civil Service Regulations in the case of all officers, in respect of the single journey between Mount Abu and Abu Road, a distance of 17 miles 5 furlongs (the allowances drawn by non-gazetted ministerial officers and menial servants being limited to actual expenses supported by vouchers, but not exceeding double the rate for their respective classes).

2. An officer, who in addition to the journey between Mount Abu and Abu Road makes a further journey by road on the same day, so that the total distance travelled by road exceeds 20 miles, will be entitled to draw double the amount of ordinary travelling allowance for the journey between Mount Abu and Abu Road, as prescribed in paragraph 1 above, and at the ordinary rates for the remainder of the journey by road. This restriction is not, however, applicable to the case of non-gazetted ministerial officers nor of menials, whose travelling allowance will be regulated by paragraph 1 above and rule 1 under Article 1065 (ii), Civil Service Regulations.

3. The above orders are applicable to journeys af all kinds. In the case of journeys on tour, the daily allowance, or mileage limited to daily allowance under Article 1065 (iii) of the Civil Service Regulations, under these orders shall not exceed Rs. 10 as laid down in Article 1139 (i) of the Civil Service Regulations, except in the case of officers whose *ordinary* daily allowance is more than Rs. 10 when the limit of their ordinary daily allowance will apply.

4. The officers entitled under Note 3 to Article 1067 of the Civil Service Regulations to draw mileage for a road journey in combination with a railway journey, will draw for the journey between Mount Abu and Abu Road either—

(i) mileage at the ordinary rate, under Article 1067, Note 3, Civil Service Regulations, or

(ii) double mileage limited to the amount of double their ordinary daily allowance or Rs. 10, whichever is less. This does not affect the daily allowance for the journey by railway admissible under Article 1067, Civil Service Regulations.

By order,

F. B. PRIDEAUX, Major,
First Assistant to the Agent to the Governor General, Rajputana, and Chief Commissioner, Ajmer-Merwara.

Secretary to the Government of India.

LOCAL CELEBRATIONS IN HONOUR OF THE CORONATION OF HIS MAJESTY THE KING-EMPEROR.

NOS. 3264-3288.

GOVERNMENT OF INDIA.

HOME DEPARTMENT.

(PUBLIC.)

Simla, the 9th August 1911.

RESOLUTION.

IN a Royal Proclamation dated the 22nd day of March 1911 His Majesty the King-Emperor declared his Royal intention to hold at Delhi on the twelfth day of December, one thousand nine hundred and eleven, an Imperial Durbar for the purpose of making known the solemnity of his Coronation. The Governor-General in Council is now pleased to issue the following orders for local celebrations of this unique, most solemn and auspicious event throughout the rest of His Majesty's Indian Dominions, except the cities of Bombay and Calcutta, on the above mentioned date. In accordance with the dictates of fitness and the wishes of the Governments of Bombay and Bengal, the celebrations at Bombay and Calcutta will be timed to coincide with the presence in those cities of Their Majesties.

2. The Governor-General in Council directs that Thursday, the 7th December 1911, the date appointed for the State Entry of Their Majesties into Delhi, and Tuesday, the 12th December 1911, the date appointed for the Imperial Durbar, shall be notified as public holidays throughout India under the Negotiable Instruments Act. In view of the fact that the Christmas holidays, from December the 23rd to the 1st January, will follow so closely upon the celebrations at Delhi, and that Their Majesties' presence in Bombay and Calcutta will be celebrated by other public holidays in those cities and throughout the Bombay Presidency and the Province of Bengal, the Governor-General in Council considers that the notification throughout India of any other days than the two specified as holidays under the Act would result in serious dislocation of public business and inconvenience to the mercantile community and to the large number of visitors to India who may be expected on the occasion. His Excellency is however pleased to direct that, subject to the condition that arrangements are made for the despatch of urgent business, all public offices under the Government of India, except those which must remain open for the proper transaction of commercial business, shall be closed upon the dates intervening between the State Entry of Their Majesties into Delhi and the celebration of the Imperial Durbar, namely, the 8th to the 11th December inclusive, and desires local Governments and Administrations to issue similar orders with regard to the offices under their control.

3. It is the wish of the Governor-General in Council that the local celebrations of the most auspicious occasion of Their Majesties' visit to India, should, save in the matter of the enjoyment of the holidays directed above, be concentrated upon the solemn date of the Imperial Durbar, the 12th December, and that some formal celebration of this unique occasion should, as far as practicable, be held in every village of the Indian Empire. With this object, it is directed that the Royal Proclamation, which will be read at the Imperial Durbar at Delhi, and which will be communicated to local Governments and Administrations in due season, shall be publicly read out not only at the headquarters of each local Government and Administration and at each district headquarters, but at the headquarters of every sub-division, tahsil and taluk, and, as far as practicable, at every village throughout India. The Proclamation shall be read in English and

the vernacular by the senior civil officer present at midday on the 12th December 1911 at the headquarters of each local Government and Administration and of each district and sub-division, and in the vernacular at the headquarters of each taluk and tahsil by the officer in administrative charge thereof. In villages it shall be read in the vernacular by the patwari or headman of the village to be selected in this behalf by the local authorities. The Governor-General in Council desires in this connexion to commend to the consideration of local Governments a suggestion which has been made to him that a portrait of His Majesty should be supplied to the reader of the proclamation in each village, who should be directed to exhibit it to the people assembled at the time.

4. At the headquarters of local Governments and of districts, and wherever else this can conveniently and suitably be arranged (possibly for instance at the headquarters of sub-divisions, and, in some cases, of tahsils and taluks) the reading of the Proclamation should take place in a formal Durbar to be convened and arranged by the officer reading the Proclamation, and at this Durbar any honours that may have been conferred on residents of the locality by His Majesty the King-Emperor or His Excellency the Viceroy and Governor-General should be announced. The Governor-General in Council desires that the occasion should further be marked by the distribution at such Durbars of certificates of honour to be granted by local Governments and Administrations in the form annexed to this Resolution to Indian gentlemen of distinction. These certificates should, as on the three previous occasions when they have been granted, be distributed with discrimination, and be reserved for those who have actually rendered services meriting recognition by Government and capable of being distinctly specified in the body of the certificate.

5. At the time of the reading of the Proclamation a Royal Salute of 101 guns should be fired wherever this is practicable.

6. The Governor-General in Council directs that on the evening of the 12th December the District and Court Houses, Telegraph Offices and Post Offices, and, so far as this is practicable, all Government buildings throughout India shall be illuminated; and invites all local bodies to arrange for the illumination of their public buildings at the same time. His Excellency is confident that private persons will readily co-operate in this respect and will use every endeavour to illuminate their dwelling houses and business premises in a manner fitted to mark the great occasion.

7. It has already been stated that it is the desire of the Governor-General in Council—and he does not doubt that his wish will be shared by all classes of His Majesty's subjects in India—that celebrations on the occasion of Their Majesties' presence at the Imperial Durbar at Delhi should, as far as practicable, be held in every village in the Indian Empire. Besides the reading of the Proclamation and the exhibition of His Majesty's portrait referred to above, which may be regarded as of the nature of ceremonial, the Governor-General in Council trusts that the feeding of the poor, athletic sports, the display of fire-works and other like events, which formed so marked and well appreciated a feature of the local celebrations in honour of the Durbar at Delhi on the 1st January 1903, will take place on the present occasion on a still greater and more widespread scale. As on the occasion of the last Durbar the Governor-General in Council will look mainly to the loyal feeling, liberality, kind-heartedness and energy of local bodies and of the public, assisted by private individuals, to carry out his wishes in these respects, and he is confident that his hopes will not be disappointed, and that the celebrations will be of such a nature as to bring home as far as possible to every subject of His Majesty, young and old, rich and poor, throughout the country the great event of the first personal visit of a King-Emperor and of his Consort to his Indian Empire in order to announce to his Indian subjects the solemnity of his Coronation. To this end it is particularly desirable that entertainments for school children should be given an important place in the local celebrations, but with regard to this matter the wishes of the Governor-General in Council have been separately made known.

ORDER.—Ordered that this resolution be communicated to all local Governments and Administrations* and the Superintendent of Port Blair for information and guidance, and to all Departments of the Government of India and the offices subordinate to the Home Department for information; and that it be published in the *Supplement to the Gazette of India* for general information.

Simla, the 11th August 1911.

RESOLUTION.

IN the Home Department resolution nos. 9—1342-1352-Public, dated the 21st April 1892, the Governor General in Council declared that two posts of district and sessions judge should be placed in the list of appointments open to the members of the Provincial Civil Service in the Bombay Presidency. In that resolution the post of Registrar of the High Court, Bombay, was also declared as open to the Provincial Service. His Excellency in Council, with the sanction of the Secretary of State, is now pleased to announce that the Registrarship of the High Court, Bombay, shall be removed from the list of appointments declared as open to the Bombay Provincial Civil Service, and that a third district and sessions judgeship shall be added to the list in its place.

ORDER.—Ordered that a copy of this resolution be forwarded to the Government of Bombay for information, and that it be published in the *Supplement to the Gazette of India.*

DEPARTMENT OF REVENUE AND AGRICULTURE.

Rainfall summary for the seven days ending at 8 hrs. on Thursday, the 10th August 1911, based on the Indian Daily Weather Reports of the period.

The Arabian Sea branch of the monsoon continued during the week to give rain in the central parts of the country and the United Provinces. Falls were fairly well distributed and heavy in the Central Provinces, but in the United Provinces remained scattered. During the first half of the week a shallow depression which developed at the head of the Bay caused a temporary increase of rainfall in the western parts of northeast India, and rain had again become heavy there at the close of the week. Monsoon rainfall as a whole continued however relatively light.

2. Temperature was again very high in the northcentral parts and the extreme north, but was markedly low in the north of the peninsula and neighbouring districts.

3. *Burma.*—Rainfall was nearly general but light in Lower Burma and local in the north, while in the central parts only a few falls were reported.

Northeast India, including Orissa.—Rain was fairly general and locally heavy. It was however variable in distribution and amount, more especially in the western parts.

The United Provinces, Central India and the Central Provinces.—Rainfall was fairly general in the Central Provinces and a few falls occurred in Central India, but in the United Provinces only scattered falls were reported.

Northwest India.—Occasional falls occurred locally.

The Peninsula.—Rainfall was rather light on the west coast and was scanty in the southern inland districts. Local to fairly general falls were reported in the north.

4. The most important falls reported during the week were as follows:—

August 3rd. Tavoy 2·68", Diamond Island 1·96", Kyaukpyu 3·05", Akyab 1.68", Sambalpur 1·30", Nowgong 1·41", Jubbulpore 1·10", Seoni 2·34", Nagpur 3·49", Raipur 2·60", Chanda 2·14", Jagdalpur 1·40" and Nizamabad 1·55".

GOVERNMENT OF INDIA.

DEPARTMENT OF REVENUE AND AGRICULTURE.

Season and Crop Prospects for the week ending Saturday, 5th August 1911.

Burma.—Ploughing for winter rice is approaching completion and sowing and transplanting are in progress. Sowings of millets, pulses and late sesamum have commenced. Standing crops are generally in good condition. The price of unhusked rice has risen slightly at four centres and is for the most part much above the normal.

Eastern Bengal and Assam.—Moderate rain fell in all districts. Floods have subsided considerably without much damage. Insect pests are causing injury to rice in Cachar, the Assam Valley, Bakarganj and Noakhali. Considerable progress has been made in harvesting of *aus* rice and jute. A good outturn is being obtained on high lands. Low land crops are fair. Prospects of tea are favourable. Sraban instalment of silk worms in Rajshahi is very successful. The average price of common rice is unchanged. Cattle disease prevails in the Surma Valley, Mymensingh, Kamrup, Darrang, Sibsagar, Malda, the Naga, Khasi and Garo Hills and the Chittagong Hill Tracts.

Bengal.—Rain fell in all districts of the Province. There was good rain in Saran, Muzaffarpur and in parts of Patna, Shahabad, Darbhanga, Monghyr, Purnea, Darjeeling, Cuttack, Puri, Sambalpur, Hazaribagh, Ranchi and Manbhum but elsewhere the rainfall was generally light. The recent rainfall has been beneficial to standing crops in Patna, Saran, Champaran, Ranchi and Palamau. More rain is urgently needed for transplantation of paddy in many districts. Some of the standing crops are suffering from insufficient rainfall in parts of Sambalpur, Hazaribagh and Ranchi. The price of common rice has risen in Bankura, Midnapur, the 24-Parganas, Khulna, Monghyr, Balasore, Manbhum and Singhbhum and has fallen in Nadia and Hazaribagh. Cattle disease is reported from Midnapur, Nadia, Patna, Shahabad, Muzaffarpur, Darbhanga, Monghyr, Purnea, Hazaribagh, Manbhum and from all the districts of the Orissa division except Balasore. The supply of fodder and water is sufficient throughout the Province except in parts of Midnapur.

United Provinces.—The rainfall was very scanty throughout the whole Doab, Bundelkhand and western submontane districts and most of Southern Oudh. In these tracts good general rain is most urgently needed for standing crops and to enable further sowings. In the central, submontane and most of the eastern districts good rain has much improved the situation. Sowing operations have been resumed wherever sufficient rain has fallen. Cattle disease is reported from ten districts. The general condition of stock is fair but fodder is running short in the Doab, Bundelkhand and parts of Oudh. Supplies are ample. Prices have again risen in twenty districts but elsewhere the general rise has stopped and in nine districts prices have fallen.

Punjab.—Light and almost useless rain has fallen in parts of Hissar, Rohtak, Gurgaon, Ambala, Jullundur, Amritsar, Sialkot, Rawalpindi, Karnal, Kangra, Gurdaspur, Gujranwala and Gujrat. Rain is badly wanted everywhere. Ploughings for spring crops and sowings of autumn crops continue on irrigated areas in certain districts. Sowings on unirrigated areas are extremely small. The condition and prospects of irrigated crops are generally fair and those of unirrigated crops which have almost withered are very poor. Damage to *juar*, sugarcane and cotton by insects and boll worm is reported from Hissar, Rohtak, Sialkot, Lyallpur and Karnal. Grasshoppers are injuring standing crops in Sialkot, Mianwali, Gujranwala, Jhelum and Muzaffargarh. Prices are rising. Cattle are generally healthy. Fodder is scarce in Rohtak, Gurgaon, Delhi, Lahore, Amritsar, Shahpur, Rawalpindi, Mianwali, Kangra, Gujranwala, Gujrat and Jhang. Water is insufficient in Rohtak, Gujranwala and Jhelum. Fodder distress is certain in the very near future.

North-West Frontier Province.—Rain fell in the Peshawar and Bannu districts varying from 5 cents in Bannu to 36 cents in Swabi in the Peshawar district. More rain is needed everywhere especially in Dera Ismail Khan. The condition of standing crops is average in Peshawar and Bannu and below average on irrigated areas in Dera Ismail Khan. Sowings of maize and *chari* in Peshawar and of maize in Bannu continue. Sowing of *bajra* is restricted in the Marwat tahsil of the Bannu district for want of rain. The public health is good. Cattle disease prevails in one village of the Charsadda tahsil in Peshawar and also in certain villages of the Tank and Dera Ismail Khan tahsils of the Dera Ismail Khan district. Irrigation from the Paharpur canal continues. The Kurram and Tochi rivers are in flood. The fodder and water supply is generally sufficient but drinking water is still scarce in *Daman* villages of Dera Ismail Khan. Prices are steadily rising. Prices:—Wheat $12\frac{3}{16}$ to $19\frac{1}{4}$, maize 13 to $26\frac{1}{2}$, gram $16\frac{5}{16}$ to 31 and *bajra* $20\frac{1}{4}$ to $23\frac{3}{4}$ seers per rupee.

Jammu.—Slight rain fell during the week. Prices are fluctuating. Wheat sells from 12 to 17 and maize from 12 to 24 seers per rupee. The condition of standing crops is ordinary. Cattle disease of mild type prevails in the Kathua and Ranbirsinghpura tahsils of the Province. Fodder is sufficient.

Kashmir.—The weather was bright. No rain fell during the week. Prices are higher. Autumn crops are in good condition. Weeding is going on. There is no disease among cattle. Fodder is average.

Rajputana.—The rainfall in cents was :—Aligarh 135, Chhabra 154, Bundi 186, Kotah 320, ranging in 18 Nizamats from 3 to 311, in Jhalawar from 40 to 246 and in South and East Jaipur from 58 to 284. Mewar, Alwar, Karauli, Bharatpur and Dholpur report slight falls. Rain is urgently required everywhere. Agricultural operations have been retarded or are at a standstill in other States. Unirrigated crops have withered or are withering everywhere except in Jhalawar and Pertabgarh. Cattle disease continues in Banswara. Cattle mortality is reported in one Parganah of Tonk and cattle disease in some villages of Jhalawar. Cattle are beginning to emigrate in search of fodder of which the scarcity is felt everywhere especially in the Northern States. Prices have risen by 1 seer in Jaisalmer, by 2 seers in Sirohi, by 10⅝ seers in the Hilly Tracts, by 6½ seers in Banswara, by 1 seer in Karauli, by 12 chataks in Bharatpur, by 1½ seers in Dholpur, by 8 chataks in Ajmer and by 1 seer in Merwara. They are showing a tendency to rise in Bikaner, Marwar, Jaipur, Tonk and Jhalawar and are steady in Bundi and Kishangarh. Prices have fallen by 1 chatak in Alwar and by 8 chataks in Kotah.

Central India.—Crop prospects have improved over two States of Central India by rains of the last week. The rainfall was good in Bhopal and over the greater part of Indore and Baghelkhand and partial and insufficient elsewhere. More rain is needed everywhere. A very small area has been sown in Gwalior and the Basohli, Samthar and Dattia States of Bundelkhand. Crops are in fair condition in Indore and Bhopawar (excluding the Nerbudda Valley), Rewa, Malwa and some Bundelkhand States but are withering in parts of Gwalior, Bundelkhand and the Nerbudda portion of Indore and Bhopawar. Agricultural operations are stopped in parts of Gwalior and Bhopawar for want of rain. Fodder is scarce everywhere and fodder prospects are very poor. Partial exodus of cattle is reported from Bhopawar. Prices are rising in Gwalior, Bhopal, Malwa and parts of Bundelkhand and are fluctuating elsewhere. Stocks are believed to be partly full. Movements of people from Bhind and Tonwargarh in Gwalior are likely owing to want of fodder. Distress is apprehended over a considerable area in Gwalior, certain Bundelkhand States and the Nerbudda tracts of Indore and Bhopawar.

Central Provinces.—During the week moderate to heavy rain fell all over the Provinces. The principal falls in inches at head-quarters were :—Nagpur, Bhandara and Balaghat each 8, Seoni and Drug 7, Jubbulpore, Narsinghpur, Mandla, Chanda and Bilaspur 6, Amraoti and Raipur 5, Damoh, Hoshangabad and Betul 4, Chhindwara, Wardha and Yeotmal 3, in the remaining districts the rainfall did not exceed 2 inches. In the Bilaspur district the rainfall was excellent and well distributed ranging from 5 cents in Janjgir to 7½ in Pendra. The rainfall was general all over the Provinces and much benefited standing crops. In the northern districts only Saugor needs more rain. Transplantation of rice, *biasi* and weeding are in full swing. Sowing of autumn crops still continues in parts of a few districts and germination is generally satisfactory. Prospects at present are favourable. The supply of pasturage and water is sufficient and cattle are in good condition. Prices :—*Juar* became cheaper by 2 seers per rupee in Wardha. Elsewhere there are no marked fluctuations.

Feudatory States.—During the week Nandgaon received the heaviest rainfall amounting to 16 inches. Five other States had rain ranging between 58 cents and 6 inches. More rain is required in Raigarh, Sarangarh, Sakti, Jashpur and Korea to facilitate transplanting of rice and to revive the withering crops in places. Fodder and water are adequate. There are unimportant variations in prices.

Bombay.—The rain during the week was good in parts of Surat, the Konkan, East Khandesh, Nasik, Ahmednagar, Poona, Rewa Kantha, Savantvadi and Kolhapur, moderate in Broach, West Khandesh, Sholapur, Satara, Belgaum and Baroda and slight elsewhere except in Sind and Palanpur. More rain is needed generally and in Gujarat urgently. Standing crops have been damaged by insects in the Upper Sind Frontier, Dharwar and Kolhapur, by severe winds in Hyderabad and Thar and Parkar and are suffering from insufficient moisture in parts of Sind, Gujarat, Poona, Belgaum, the Gujarat Native States and Kolhapur and are generally in good condition elsewhere. Sowing of autumn crops continues in parts of Karachi, Larkana, Thar and Parkar, the Deccan, Baroda, Savantvadi and Kolhapur but is retarded for want of rain in the Upper Sind Frontier, Ahmedabad, Kaira, Kanara, Kathiawar and Rewa Kantha. Transplantation continues in parts of the Konkan but is retarded for want of rain in Sukkur and Kaira. The fodder supply is adequate except in parts of Sind, Gujarat, Khandesh and the Gujarat Native States. Agricultural stock is generally in good condition but deficient in parts of Thar and Parkar,

the Deccan and Mahi Kantha. Drinking water is generally adequate except in Ahmedabad, the Panch Mahals, Palanpur, Cutch and Rewa Kantha. Irrigation water is deficient in parts of Hyderabad, Gujarat, Kathiawar, Palanpur and Rewa Kantha. Grain stocks are sufficient. Prices have risen in Thar and Parkar, the Panch Mahals, Kaira, Thana, Colaba, Satara and Belgaum, have fallen in East Khandesh, Poona and Bijapur and are stationary elsewhere. The quantity purchasable per rupee is in Sind 14 to 33 per cent, in Gujarat 17 to 39 per cent, in the Konkan 16 to 34 per cent, in the Deccan 5 to 23 per cent and in the Karnatak 16 to 22 per cent less than the normal.

Hyderabad.—Rain fell throughout the Dominions. The fall was good in Mahratwara and fair to scanty in parts of Telingana. The highest falls were :—9 inches 11 cents in Mirialguda, 8 inches 51 cents in Seram, 8 inches 64 cents in Usmanabad, 8 inches 37 cents in Kandi and 8 inches 2 cents in Tuljapur. One taluka received from 7 to 8 inches, three from 6 to 7 inches, five from 5 to 6 inches, ten from 4 to 5 inches, eighteen from 3 to 4 inches, eleven from 2 to 3 inches, sixteen from 1 to 2 inches and thirteen under 1 inch. The average for the Dominions was 3 inches 65 cents. The condition of crops is satisfactory except in isolated parts. Cattle disease prevails in 9 talukas. Prices :—Wheat 8¼, coarse rice 7½ and *juar* 14½ seers per rupee, showing a fall of ¼ seer in the price of *juar*. White *juar* is selling at 11½ seers per rupee in Hyderabad City and yellow *juar* at 13. The highest price in the districts is 10 seers in Warangal, Adilabad and Karimnagar and the lowest 22 seers in Parbhani and Bidar.

Mysore.—The rainfall was good in Kadur and Shimoga and slight elsewhere. Prices of food grains are generally steady. Markets are well supplied. Standing crops are in good condition. Prospects of the season are generally good. Cattle are generally healthy. Water and fodder are available.

Coorg.—Rainfall 2 inches 70 cents. Transplanting of rice continues. Prices of food grains are slightly above the normal. The public health is fair. Water and fodder are ample.

Madras.—The rainfall was heavy in South Canara, good in Ganjam, Kistna, the Vizagapatam Agency, Kurnool, Guntur, Malabar and Godavari, *nil* in Anantapur, Madras, Chittoor, Coimbatore, Ramnad and Tinnevelly and light to fair elsewhere. Irrigation supplies are sufficient in Kistna, Guntur, Cuddapah, Malabar and the Nilgiris and insufficient in parts of other districts. Ploughing, sowing, manuring, weeding and transplanting are in progress in parts. Standing crops are fair to good, but some in parts of Vizagapatam, Salem and Coimbatore require rain or water, some in parts of Bellary and Cuddapah have been attacked by caterpillars, some in parts of Bellary have been affected by grasshoppers and some in parts of Tanjore have been damaged by floods. Coffee in parts of the Nilgiris is affected by bug. Harvests continue except in Godavari, Kistna, Guntur, Kurnool, Bellary, Madura, Ramnad, Malabar and South Canara with outturn fair to normal generally. Pasture is sufficient except in parts of Godavari, Guntur, Bellary, Cuddapah, Chittoor, Trichinopoly and South Carnatic. Fodder is available except in parts of Godavari and Madura. The condition of cattle is generally good. The price of rice is stationary in eighteen districts, has fallen in two and has risen in five. The prices of millets have fluctuated as follows :—*Ragi* is stationary in ten districts, has fallen in seven and has risen in six. *Cholam* is stationary in four districts, has fallen in six and has risen in five. *Cumbu* is stationary in seven districts, has fallen in six and has risen in four. The public health is generally good. Prospects are generally fair but rain is urgently wanted in parts, especially in Vizagapatam, Cuddapah, Bellary, Chingleput and Chittoor. The condition of the labouring classes is satisfactory : and employment is available. Grain stocks are sufficient.

GAZETTE OF INDIA.

NOTICE.

The 22nd March 1911.

From the 8th April next till further notice, Parts I, IV, V and VI of the *Gazette of India* and the Weather and Crop Report will be published at Simla. After the 1st April all notifications and other matter intended for publication in those Parts should be addressed to the Officiating Publisher at Simla.

Attention is invited to the following Circular Memorandum of the Government of India, Home Department, of August 1901 :—

" It has been brought to the notice of this Department that matter for the *Gazette of India* is sometimes sent to the Press late on Friday evenings for publication in the next day's *Gazette*, and that this involves considerable inconvenience to the Press and expense to Government. In the Circular Memorandum of this Department, No. 777—79, dated 9th February 1870, the Government of India directed that all notifications or other matter intended for insertion in the *Gazette of India* should be delivered at the Press not later than 2 P.M. on Friday, and that any papers sent thereafter must be certified to be extremely urgent in order to ensure their appearance in the next day's *Gazette*. The undersigned is directed to request that these orders may be more strictly observed in future, and that Departments will refrain from sending to the Press as extremely urgent any papers which can without harm or inconvenience be held over for the next *Gazette*."

SANITARY.

The 15th August, 1911.

No. 1457.—In exercise of the powers conferred by section 58 of the Pilgrim Ships Act, 1895 (XIV of 1895), the Governor General in Council is pleased to make the following addition to rule 54 (1) of the rules under the Act published with the Home Department notification no. 1902, dated the 14th October 1910, namely:

"Every pilgrim ship shall be provided with mattresses and blankets in the proportion of one blanket and one mattress for every 50 pilgrims. These articles shall as a rule be used only for non-infectious cases, and in the event of their being used at any time for infectious cases, they shall be immediately destroyed."

L. PORTER,

Secretary to the Government of India.

And whereas by treaty, grant, usage, sufferance, and other lawful means His Majesty has power and jurisdiction within the said territories.

And whereas by an Order of His late Majesty King Edward the Seventh in Council bearing date the 11th day of August, 1902, and entitled " The Uganda Order in Council, 1902, provision was made for the exercise of His Majesty's jurisdiction within the said Protectorate.

And whereas by Article 15 of the said Uganda Order in Council, 1902, it was ordered that there should be a Court of Record in the Protectorate with full jurisdiction, civil and criminal, over all persons and over all matters in the Protectorate, and that such civil and criminal jurisdiction should, so far as circumstances admitted, be exercised in conformity with the Civil Procedure, Criminal Procedure, and Penal Codes of India, except so far as might be otherwise provided by law.

And whereas before the commencement of the said Uganda Order in Council, 1902, the territories or some part or parts of the territories thereunder constituting the Uganda Protectorate were constituted a local jurisdiction under the Africa Order in Council, 1889.

And whereas by Article 13 of the said Africa Order in Council, 1889, it was ordered that, subject to the other provisions of that Order, all His Majesty's civil and criminal jurisdiction exercisable in any local jurisdiction constituted under that Order should, so far as circumstances admitted, be exercised upon the principles of and in conformity with the substance of the law for the time being in force in and for England and with the powers vested in and according to the course of procedure and practice observed by and before Courts of Justice and Justices of the Peace in England according to their respective jurisdictions and authorities.

And whereas by Article 110 of the said Africa Order in Council, 1889, it was ordered that where by virtue of any Imperial Act or of that Order or otherwise any provisions of any Imperial Acts or of any law or of any Orders in Council other than that Order were applicable within any local jurisdiction or district constituted under that Order, or any form, regulation, or procedure prescribed or established under any such Act or law were or was so applicable, the same should be deemed applicable so far only as the constitution and jurisdiction of the Courts acting under that Order and the local circumstances permitted and for the purpose of facilitating application might be construed or used with such alterations and adaptations as might be necessary, subject to the further provisions contained in the said Article.

And whereas by Article 28 of the said Uganda Order in Council, 1902, it was ordered that on the commencement of that Order the said Africa Order in Council, 1889, should cease to apply to Uganda, provided that, where other provision was not made by Ordinance, any law, practice or procedure established by or under the said Africa Order in Council, 1889, and not superseded by the said Uganda Order in Council, 1902, should remain in force until such other provision was made.

And whereas doubts have arisen respecting the extent to which the law of England is in force in the Uganda Protectorate under the above-recited provisions, and it is expedient to remove such doubts and to amend Article 15 of the said Uganda Order in Council, 1902, in such a manner as to supersede Articles 13 and 110 of the said Africa Order in Council, 1889:

Now, therefore, His Majesty, by virtue and in exercise of the powers on that behalf by the Foreign Jurisdiction Act, 1890, or otherwise, in His Majesty vested, is pleased, by and with the advice of His Privy Council, to order, and it is hereby ordered, as follows :—

1. This Order may be cited as the Uganda Order in Council, 1911.

2. Sub-Article (2) of Article 15 of the Uganda Order in Council, 1902, is hereby revoked without prejudice to anything lawfully done thereunder, and in place of the said sub-article the following shall be substituted :—

> " (2) Subject to the other provisions of this Order, such civil and criminal jurisdiction shall, so far as circumstances admit, be exercised in conformity with the Civil Procedure, Criminal Procedure, and Penal Codes of India in force at the date of the commencement of this Order, and subject thereto and so far as the same shall not extend or apply shall be exercised in conformity with the substance of the common law, the doctrines of equity, and the statutes of general application in force in England on the 11th day of August, 1902, and with the powers vested in and according to the procedure and practice observed by and before Courts of Justice and Justices of the Peace in England according to their respective jurisdictions and authorities at that date, save in so far as the said Civil Procedure, Criminal Procedure, and Penal Codes of India, and the said common law doctrines of equity and statutes of general application, and the said powers, procedure, and practice

may at any time before the commencement of this Order have been, or hereafter may be, modified, amended, or replaced by other provision in lieu thereof, by or under the authority of any Order of His Majesty in Council, or by any Ordinance or Ordinances passed in and for the Protectorate. Provided always that the said common law doctrines of equity and statutes of general application shall be in force in the Protectorate so far only as the circumstances of the Protectorate and its inhabitants, and the limits of His Majesty's jurisdiction permit and subject to such qualifications as local circumstances render necessary."

3. This Order shall be published in the Uganda Government Gazette, and shall thereupon commence and come into operation.

And the Right Honourable Lewis Harcourt, one of His Majesty's Principal Secretaries of State, is to give the necessary directions herein.

No. 1559-*G.*—With reference to the Notification of the Government of India in the Foreign Department, No. 2168-E., dated the 24th October, 1902, the following Order of His Majesty the King in Council, which has been published at pages 4927-4928 of the "*London Gazette*" of the 4th July 1911, is republished for general information:—

At the Court at *Buckingham Palace*, the 7th day of *March*, 1911.

PRESENT,

The KING'S Most Excellent Majesty,

Lord President.

Lord Knollys.

Sir William Carington.

Sir Arthur Bigge.

WHEREAS the territories of Africa situate within the limits of this Order are under the protection of His Majesty the King, and are known as the East Africa Protectorate:

And whereas by treaty, grant, usage, sufferance, and other lawful means His Majesty has power and jurisdiction within the said territories:

And whereas by an Order of His late Majesty King Edward the Seventh in Council bearing date the 11th day of August, 1902, and entitled "The East Africa Order in Council, 1902," provision was made for the exercise of His Majesty's jurisdiction within the said Protectorate:

And whereas by Article 15 of the said East Africa Order in Council, 1902, it was ordered that there should be a Court of Record in the Protectorate with full jurisdiction, civil and criminal, over all persons and over all matters in the Protectorate, and that such civil and criminal jurisdiction should, so far as circumstances admitted, be exercised in conformity with the Civil Procedure, Criminal Procedure, and Penal Codes of India, and the other Indian Acts which were in force in East Africa at the commencement of that Order, except so far as might be otherwise provided by law:

And whereas before the commencement of the said East Africa Order in Council, 1902, it was (amongst other things) provided by Article 11 of the East Africa Order in Council, 1897, that, subject to the other provisions of that Order, so far as the enactments, procedure, and practice of India therein specified were inapplicable, Her Majesty Queen Victoria's criminal and civil jurisdiction in the Protectorate should be exercised under and in accordance with the common and statute law of England in force at the commencement of that Order:

And whereas the said Order commenced and had effect on the 12th day of August, 1897:

And whereas by Article 28 of the said East Africa Order in Council, 1902, it was ordered that on the commencement of that Order the said East Africa Order in Council, 1897, should be repealed, provided that, where other provision was not made by Ordinance, any law, practice, or procedure established by or under the said repealed Order should remain in force until such other provision was made:

And whereas doubts have arisen respecting the extent to which the law of England is in force in the East Africa Protectorate under the above-recited provisions, and it is expedient to remove such doubts and to amend Article 15 of the said East Africa Order in Council, 1902:

Now, therefore, His Majesty, by virtue and in exercise of the powers on that behalf by the Foreign Jurisdiction Act, 1890, or otherwise, in His Majesty vested, is pleased, by and with the advice of His Privy Council, to order, and it is hereby ordered, as follows:—

1. This Order may be cited as the East Africa Order in Council, 1911.

2. Sub-Article (2) of Article 15 of the East Africa Order in Council, 1902, is hereby revoked without prejudice to anything lawfully done thereunder and in place of the said Sub-Article the following shall be substituted :—

"(2) Subject to the other provisions of this Order, such civil and criminal jurisdiction shall, so far as circumstances admit, be exercised in conformity with the Civil Procedure, Criminal Procedure and Penal Codes of India and the other Indian Acts which are in force in East Africa at the date of the commencement of this Order and subject thereto and so far as the same shall not extend or apply shall be exercised in conformity with the substance of the common law the doctrines of equity and the statutes of general application in force in England on the 12th day of August, 1897, and with the powers vested in and according to the procedure and practice observed by and before Courts of Justice and Justices of the Peace in England according to their respective jurisdictions and authorities at that date, save in so far as the said Civil Procedure, Criminal Procedure, and Penal Codes of India and the other Indian Acts in force as aforesaid and the said common law doctrines of equity and statutes of general application and the said powers, procedure, and practice, may at any time before the commencement of this Order have been, or hereafter may be, modified, amended or replaced by other provision in lieu thereof by or under the authority of any Order of His Majesty in Council, or by any Ordinance or Ordinances passed in and for the Protectorate. Provided always that the said common law doctrines of equity and statutes of general application shall be in force in the Protectorate so far only as the circumstances of the Protectorate and its inhabitants and the limits of His Majesty's jurisdiction permit, and subject to such qualifications as local circumstances render necessary."

3. This Order shall be published in the Official Gazette of the East Africa Protectorate, and shall thereupon commence and come into operation.

And the Right Honourable Lewis Harcourt, one of His Majesty's Principal Secretaries of State, is to give the necessary directions herein.

Almeric FitzRoy.

No. 1562-*G.*—With reference to notification No 391-G., dated the 27th February 1911, Mr. E. Steiner, Consul for Austria-Hungry at Madras, vacated his office on the 18th August 1911.

No. 2359-*Est.-A.*—Mr. J. L. Maffey, a Political Assistant of the 1st class, is granted privilege leave for 40 days, with effect from the 31st July, 1911.

No. 2360-*Est.-A.*—Major A. L. Bickford, Commandant, Khyber Rifles, is appointed to hold charge of the current duties of the office of the Political Agent, Khyber, in addition to his own duties, with effect from the 31st July, 1911, and until further orders.

No 1766-*I.B.*—In exercise of the powers conferred by the Indian (Foreign Jurisdiction) Order in Council, 1902, and of all other powers enabling him in that behalf, the Governor General in Council is pleased to direct that the Mhow, Neemuch and Nowgong Excise Law, 1898, shall be further amended as follows :—

1. For section 2, sub-section (*1*), clause (*e*), the following clause shall be substituted, namely :—

"(*e*) 'intoxicating drug' means—

(*i*) opium and its alkaloids and capsules of the poppy plant which have not been dried or from which the juice has not been extracted ;

(*ii*) the leaves and flowering tops of the hemp plant (*Cannabis sativa*) and ganja, bhang, charas and every similar preparation made therefrom ;

(*iii*) the leaves of the coca plant (*Erythroxylum coca*), and cocaine and every other preparation and derivative of the said plant ;

(*iv*) any other intoxicating drink or substance which the Local Government may by notification specify in this behalf ; and

(*v*) every preparation or admixture of any article mentioned in sub-clauses (*i*) to (*iv*) above."

2. For section 15 the following section shall be substituted, namely :—

"15. (*1*) No person shall have in his possession any quantity of any preparation or admixture of opium used for smoking in excess of one tola.

(*2*) Subject to the provisions of sub-section (*1*), no person shall have in his possession any quantity of any spirit, fermented liquor or intoxicating drug in excess of that specified in section 2, sub-section (*1*), clause (*i*), in respect of such spirit, liquor or drug,

except under the authority and in accordance with the terms and conditions of a license or permit granted by the Cantonment Magistrate in that behalf.

(3) Nothing in sub-section (2) shall apply to—

(a) any foreign liquor other than denatured spirit in the possession of any common carrier or warehouseman as such, or

(b) any foreign liquor lawfully procured by, and in the possession of, any person for his own *bonâ fide* private consumption and not for sale, or

(c) *tari* intended to be used solely for the manufacture of *gur* or molasses.

(4) Notwithstanding anything contained in sub-sections (2) and (3), the Agent to the Governor General in Central India may from time to time by notification in the *Gazette of India* prohibit the possession by any person or class of persons, either in the whole of the territories to which this law extends or in any specified local area therein, of any spirit, fermented liquor or intoxicating drug, either absolutely or subject to such conditions as he may prescribe, and may by a like notification cancel or vary any such prohibition."

3. After section 15, the following section shall be added, namely :—

"15-B. The Agent to the Governor General in Central India, with the previous sanction of the Governor General in Council, may from time to time by notification in the *Gazette of India* prohibit, throughout the territories to which this law extends or in any specified local area therein, the import, export or transport of any spirit or fermented liquor or intoxicating drug, either absolutely or subject to conditions, and may by a like notification cancel or vary any such prohibition.

4. For section 27, sub-section (1), clause (b), the following shall be substituted, namely :—

"(b) in contravention of this law, or any rule, notification, order or pass made, issued, given or granted thereunder, imports, transports or exports any spirit or fermented liquor or intoxicating drug."

5. In section 31, for the words "spirit or liquor" where they occur for the second time the words "spirit, liquor or intoxicating drug" shall be substituted.

6. In section 42, for the words "within any specified area" the words "either in the whole of the territories to which this law extends or in any specified local area therein" shall be substituted.

No. 1767-*I.B*.—In exercise of the powers conferred by the Indian (Foreign Jurisdiction) Order in Council, 1902, and of all other powers enabling him in that behalf, the Governor General in Council is pleased to direct that the Indore Residency Bazaars Excise Law, 1904, shall be further amended as follows :—

1. For section 2, sub-section (1), clause (e), the following clause shall be substituted, namely :—

"(e) 'intoxicating drug' means—

(i) morphia and all alkaloids, preparations and admixtures of opium, but not opium in an unprepared state or the capsules of the poppy plant ;

(ii) the leaves and flowering tops of the hemp plant (*Cannabis sativa*) and ganja, bhang, charas and every similar preparation made therefrom ;

(iii) the leaves of the coca plant (*Erythroxylum coca*), cocaine and every other preparation and derivative of the said plant ;

(iv) any other intoxicating drink or substance which the Local Government may by notification specify in this behalf, and

(v) every preparation or admixture of any article mentioned in sub-clauses (i) to (iv) above."

2. For section 15 the following section shall be substituted, namely :—

"15. (1) No person shall have in his possession any quantity of any preparation or admixture of opium used for smoking in excess of one tola

(2) Subject to the provisions of sub-section (1), no person shall have in his possession any quantity of any spirit, fermented liquor or intoxicating drug in excess of that specified in section 2, sub-section (1), clause (i), in respect of such spirit, liquor or drug, except under the authority and in accordance with the terms and conditions of a license or permit granted by the Second Assistant to the Agent to the Governor General in that behalf.

(3) Nothing in sub-section (2) shall apply to—

(a) any foreign liquor other than denatured spirit in the possession of any common carrier or warehouseman as such, or

(*b*) any foreign liquor lawfully procured by, and in the possession of, any person for his own *bonâ fide* private consumption and not for sale, or

(*c*) *tari* intended to be used solely for the manufacture of *gur* or molasses.

(*4*) Notwithstanding anything contained in sub-sections (*2*) and (*3*), the Agent to the Governor General in Central India may from time to time by notification in the *Gazette of India* prohibit the possession by any person or class of persons of any spirit, fermented liquor or intoxicating drug, either absolutely or subject to such conditions as he may prescribe, and may by a like notification cancel or vary any such prohibition."

3. After section 15 the following section shall be added, namely:—

" 15-B. The Agent to the Governor General in Central India, with the previous sanction of the Governor General in Council, may from time to time by notification in the *Gazette of India* prohibit the import, export or transport of any spirit or fermented liquor or intoxicating drug, either absolutely or subject to conditions, and may by a like notification cancel or vary any such prohibition."

4. For section 27, sub-section (*1*), clause (*b*), the following shall be substituted, namely:—

" (*b*) in contravention of section 15-B or section 16, imports, transports or exports any spirit or fermented liquor or intoxicating drug."

In sub-section (*2*) of the same section the words " or preparations or admixtures of opium " are hereby repealed.

DEPARTMENT OF REVENUE AND AGRICULTURE.

Rainfall summary for the seven days ending at 8 hrs. on Thursday, the 17th August 1911, based on the Indian Daily Weather Reports of the period.

1. The monsoon during the week was somewhat more active than previously; a distinct improvement in the pressure distribution accompanied by an extension of light rainfall over the greater part of the country, excluding northwest India, occurred during the latter half of the period.

2. Temperature was again very high in the north-central and extreme northern parts, but elsewhere it was in general somewhat below normal.

3. *Burma.*—Falls were nearly general in Lower Burma, but were few in Upper Burma except on the 13th when general rainfall occurred.

Northeast India, including Orissa.—Rainfall was nearly general in the northern half of the division and fairly general in the southern half; it diminished considerably towards the end of the week.

The United Provinces, Central India and the Central Provinces.—Rainfall was at times nearly general in the east United Provinces, the east of Central India and along the Himalayas. In the course of the week rain was recorded at most stations in the division, exclusive of Central India West.

Northwest India.—Rainfall was again very sparsely distributed: a few falls were reported from the hill districts and in Gujarat.

The Peninsula.—Rainfall was on the whole light: during the early part of the week it occurred chiefly in the south.

4. The most important daily falls were as follows:—

August 10th. Moulmein 1·05", Cherrapunji 7·35", Chittagong 7·14", Saugor Island 1·40", Darbhanga 1·72", Patna 2·03", Darjiling 2·19", Gorakhpur 1·13", Mukteswar 1·58" and Jagdalpur 1·20".

" 11th. Tavoy 5·59", Akyab 4·29", Sibsagar 2·73", Chittagong 5·17", Dinajpur 1·45", Jalpaiguri 1·38", Balasore 1·77", Gorakhpur 1·50", Mukteswar 2·16", Chakrata 4·47", Simla 1·01", Karwar 1·39" and Mangalore 1·47".

" 12th. Moulmein 1·35", Akyab 5·98", Tezpur 1·97", Jalpaiguri 2·90", Purnea 2·23" and Raipur 2·10".

" 13th. Moulmein 2·45", Bassein 1·55", Akyab 2·74", Myitkyina 1·55", Silchar 3·48", Darjiling 1·88", Jessore 1·71", Sambalpur 3·83", Raipur 2·06", Jagdalpur 1·30", Chakrata 0·88" and Vizagapatam 1·09".

" 14th. Tavoy 4·04", Rangoon 2·46", Gauhati 4·10", Silchar 1·34", Saugor Island 3·50", Raipur 3·40" and Gorakhpur 0·85".

" 15th. Moulmein 2·93", Diamond Island 2·11", Kyaukpyu 2·22", Dibrugarh 2·74", Sambalpur 2·09", Hazaribagh 1·48", Bahraich 1·40", Saugor 1·08", Ratnagiri 2·10", Goa 2·75" and Belgaum 2·23".

" 16th. Moulmein 2·30", Toungoo 2·35", Kyaukpyu 2·33", Shillong 1·78", Gaya 0·98", Bahraich 0·73", Bareilly 1·55", Chakrata 0·80", Simla 1·56" and Karwar 1·07".

5. Rainfall during the week was in moderate excess in Lower Burma, and in Eastern Bengal and Assam; in slight excess in Bihar and the Central Provinces East; about normal in Bengal and Orissa, and in defect elsewhere. The defect was large in the United Provinces, the northwest and central parts of the country, and over the greater part of the Peninsula. During the period 28th April to 17th August amounts were above normal in Eastern Bengal and Mysore, and about normal in Burma, Assam, Chota Nagpur, Bihar, the Bombay Deccan and Hyderabad North. The defect continued to be very marked in the United Provinces and in the northwest and central parts of the country.

GOVERNMENT OF INDIA.

DEPARTMENT OF REVENUE AND AGRICULTURE.

Season and Crop Prospects for the week ending Saturday, 12th August 1911.

Burma.—The rainfall was heavy in the Arakan and Tenasserim littoral and moderate elsewhere except in the dry zone where it was insufficient. Transplanting of winter rice continues. Floods have destroyed the young crops in Amherst and Thaton. Reaping of the autumn rice crop has begun. Cultivation of sesamum, cotton, *juar* pulses and groundnut is in progress but over much of the dry zone these crops are suffering from want of rain. The price of unhusked rice remains high.

Eastern Bengal and Assam.—Fairly good rain has fallen throughout the Province facilitating transplantation of winter rice on high lands. Insects are causing injury to early rice in Sibsagar and Cachar. Harvesting of *aus* rice and jute is still in progress and a good outturn is being obtained. Crops on low lands only are fair. Prospects of tea are favourable. More sun is needed in Jalpaiguri. Mosquito blight is reported in Cachar. The average price of common rice shows a tendency to rise. Cattle disease prevails in Mymensingh, Cachar, the Khasi, Garo and Naga Hills, Kamrup, Nowgong and Sibsagar.

Bengal.—Rain was general all over the Province. The fall was heavy in Cooch Behar, Darjeeling, Sambalpur and in all the districts of Bihar except Purnea, Shahabad and parts of Gaya In Birbhum, Bankura, Midnapore, Nadia, Murshidabad and Gaya the rainfall was heavy in parts only. In Purnea, most districts of Lower Bengal, parts of Puri and in Chota Nagpur the rainfall was moderate but in parts of Hooghly, Howrah and in some parts of Cuttack and Balasore the rainfall was light. The recent rainfall has been beneficial and has facilitated transplantation which is going on briskly. More rain however is wanted in Shahabad and in most districts of Orissa, Chota Nagpur and Lower Bengal. Standing crops are on the whole doing well. The recent rain has improved prospects. The price of common rice has risen in Howrah, Murshidabad, Jessore, Patna, Darjeeling, Balasore, Angul, Sambalpur and Hazaribagh and has fallen in Hooghly, Manbhum and Singhbhum. Cattle disease is reported from Midnapur, Champaran, Darbhanga, Monghyr, Purnea, Cuttack, Angul, Puri, Sambalpur, Hazaribagh, Palamau and Manbhum. The supply of fodder and water is sufficient throughout the Province.

United Provinces.—The area suffering from drought comprising the western submontane districts, the Doab, Bundelkhand and a few districts in Southern Oudh has again received wholly inadequate rain. Sowing in this area is practically at a standstill and rain is urgently needed to save crops and prevent fodder famine. In the rest of the Provinces the rainfall is generally sufficient for the present and prospects have improved. In the eastern districts transplantation of rice is in progress but some districts need more rain for this purpose. Sporadic cattle disease is reported from thirteen districts. The general condition of stock is fair except in some of the districts within the area of drought. Prices have risen in seventeen and fallen in four districts. Elsewhere prices remain stationary.

Punjab.—Slight rain has fallen in parts of Hoshiarpur, Sialkot, Gujrat, Rawalpindi and Attock and moderate at the Hill Stations of Simla, Kasauli and Dharmsala. Ploughings for spring crops and sowings of autumn crops on irrigated areas continue in certain districts. There were no sowings on unirrigated areas. The condition and prospects of irrigated crops are generally fair but even they are suffering from drought in most districts. Unirrigated crops have been wiped out. There is a plague of insects of all kinds. Damage to *juar* and sugarcane by insects is reported from Hissar, Rohtak, Karnal, Amritsar, Sialkot, Montgomery, Lyallpur, Jhang and Multan. Locusts are injuring crops in Ambala and rats in Montgomery. Grasshoppers have devoured young crops wholesale. Boll worm has spread over the whole Province and the Imperial Entomologist corroborates the severity of the visitation. Prices are rising and have reached the warning scale in Hissar, Rohtak, Karnal, Jullundur, Ludhiana, Amritsar, Gurdaspur, Gujranwala, Shahpur, Jhelum and Rawalpindi. Cattle are generally healthy but overwork and want of green fodder have begun to tell on them in Karnal, Jullundur, Lahore, Amritsar, Gujranwala and Gujrat. Fodder is scarce in the Delhi division and in Amritsar, Gujranwala, Gujrat, Shahpur, Jhelum, Rawalpindi, Mianwali and Jhang. Water is deficient in Rohtak, Karnal, Hoshiarpur, Shahpur, Jhelum and Mianwali. Prospects could not be gloomier.

North-West Frontier Province.—No rain fell during the week. Crops are suffering everywhere from the continued drought both on irrigated and unirrigated areas particularly on unirrigated lands in Dera Ismail Khan. Sowings of maize and *chari* in Peshawar and of maize in irrigated tracts of the Bannu tahsil continue. Autumn sowings are being attempted on a small scale on irrigated lands in Dera Ismail Khan and in the Bannu and Marwat tahsils but unless there is a good fall of rain in the near future the attempts

will be useless. The public health is good. Cattle disease prevails in one village of the Mardan tahsil in the Peshawar district and in certain villages of the Dera Ismail Khan tahsils, otherwise the condition of cattle is good. Irrigation from the Paharpur canal continues. The fodder and water supply is generally sufficient but drinking water is still scarce in *Daman* villages of Dera Ismail Khan. Prices continue rising. Prices:—Wheat $11\frac{5}{16}$ to $18\frac{1}{4}$, maize 13 to $26\frac{1}{4}$, gram $15\frac{5}{16}$ to 29 and *bajra* 20 to $26\frac{0}{16}$ seers per rupee.

Jammu.—No rain fell during the week. Prices are fluctuating. Wheat sells from 10 to 17 and maize from 10 to 28 seers per rupee. The condition of standing crops is ordinary. Cattle disease of mild type prevails in the Basohli tahsil of the Province. Fodder is insufficient.

Kashmir.—The weather was bright. No rain fell during the week. Prices are higher. Autumn crops except *kare* are in good condition. Weeding is going on. There is no disease among cattle. Fodder is average.

Rajputana.—There was a rainfall of 122 cents in Sirohi. Slight showers were received in some parts of Partabgarh, Tonk, Kotah, Jhalawar, Jaipur, Karauli, Bharatpur, Dholpur, Mewar, the Hilly Tracts, Dungarpur, and Banswara. Rain is urgently required everywhere. Agricultural operations have been retarded or are at a standstill. Crops are reported to the fair only in Kotah and Jhalawar. Elsewhere the greater part of autumn crops is now lost. Cattle disease is prevalent in some villages of Dungarpur but is abating in Banswara. Scarcity of fodder is felt keenly everywhere. Prices have fallen by 4 chataks in Bundi, and are steady in Jaisalmer, Sirohi, the Hilly Tracts, Dungarpur, Banswara, Jaipur, Kishengarh, Bharatpur and Dholpur. They have risen by $2\frac{1}{4}$ seers in Kotah, by 1 seer in Shahpura, by 15 chataks in Karauli, by 12 chataks in Marwar and by 8 chataks in Bikaner and Partabgarh. The rises in prices were less marked in the remaining States and Ajmer-Merwara.

Central India.—Only isolated showers have fallen in the past week. The rainfall was insufficient everywhere. More rain is needed throughout. Crops are in fair condition in Indore, Bhopal, Malwa, part of Bundelkhand and Baghelkhand but are withering in parts of Gwalior and Bhopawar. Only a very small area is sown in Gwalior. Crop prospects have improved in Bundelkhand by recent rains. Agricultural operations are stopped over most of Gwalior and part of Bhopawar for want of rain. Fodder is scarce everywhere and fodder prospects are very poor. The water supply is short in places. There is no sign of serious distress so far and the public health is good. In some places people are moving cattle for want of fodder and water. Prices are rising and are generally above the normal.

Central Provinces.—During the week light to heavy rain was received all over the Provinces except in Saugor and Hoshangabad. The principal falls in inches were:—Drug and Raipur each 8, Bilaspur 5, Bhandara and Chanda each $2\frac{1}{2}$ and Damoh, Nagpur and Balaghat each $1\frac{1}{2}$. In the remaining districts the rainfall ranged from 6 cents in Betul to 56 cents in Seoni. Good rain was also received in the interior of the Bilaspur and Jubbulpore districts. The rainfall was evenly distributed and much improved the condition of standing crops. More rain is however still needed in Jubbulpore, Mandla, Narsinghpur and Chhindwara. Sowings of *til*, *kutki* and rice continue in Damoh, Jubbulpore, Mandla, Seoni, Narsinghpur, Hoshangabad, Betul and Bilaspur. Transplanting, thinning, weeding and preparation of land for sowing of the next spring crops are in rapid progress. Fodder and water are adequate except in parts of Nimar, and Chhindwara. Agricultural stock is in good condition. Prices show unimportant variations.

Feudatory States.—During the week nine States had rain ranging between $2\frac{1}{2}$ and $6\frac{1}{2}$ inches. More rain is still required in Kawardha, Sakti and Jashpur. Transplantation, thinning and weeding are in full swing. Prospects are generally good except in Jashpur. The supply of fodder and water is sufficient. Prices are almost steady.

Bombay.—Good rain fell during the week in parts of the Konkan, Nasik, Poona, Satara, Belgaum, Savantvadi and Kolhapur, moderate in Surat, Dharwar, Kathiawar and Rewa Kantha and slight elsewhere except in Sind. More rain is needed everywhere but especially in Gujarat. Standing crops have been damaged by insects in the Upper Sind Frontier and Belgaum, by rats and insects in Karachi, Dharwar and Kolhapur, by severe winds in Hyderabad and Thar and Parkar and are suffering from insufficient moisture in parts of Sind, Ahmednagar and Kolhapur. They have been mostly lost in northern Gujarat and the Gujarat Native States and are generally in good condition elsewhere. Autumn sowings continue in parts of Sind, the Deccan, Baroda, Savantvadi and Kolhapur, but have been stopped for want of rain in Ahmedabad, Kaira, Kathiawar and Rewa Kantha. Transplantation continues in parts of Larkana, the Konkan, Nasik, Poona and Baroda. The fodder supply is adequate except in parts of Sind, Gujarat, Khandesh, Satara and the Gujarat Native States. Agricultural stock is generally in good condition but deficient in parts of Thar and Parkar, the Deccan and Mahi Kantha. Drinking water is generally adequate except in parts of Ahmedabad, the Panch Mahals and Rewa Kantha.

Irrigation water is deficient in parts of Larkana, Hyderabad, the Upper Sind Frontier Gujarat, Kathiawar and Rewa Kantha. Grain stocks are sufficient. Prices have risen in Sukkur, Larkana, Ahmedabad, Broach, Khandesh, Nasik, Sholapur, Bijapur, Belgaum and are stationary elsewhere. The quantity purchasable per rupee is in Sind 15 to 33 per cent, in Gujarat 17 to 39 per cent, in the Konkan 16 to 34 per cent, in the Deccan 5 to 28 per cent and in the Karnatak 18 to 23 per cent less than the normal.

Hyderabad.—General rain fell throughout the Dominions but the fall was scanty in parts of the Raichur and Nalgonda districts. The highest falls were:—4 inches 35 cents in the Armur taluqa of Nizamabad, 4 inches 34 cents in Parbhani, 4 inches 33 cents in Nirmal, 4 inches 32 cents in Bir, 4 inches 31 cents in Biloli and 4 inches 22 cents in Mangligaon. The average for the Dominions was 1 inch 68 cents. Autumn sowings continue in places. Crops are fair to good though damaged by insects in parts of the Mahbubnagar and Warangal districts. Spring sowings have commenced in parts. Cattle disease prevails in 9 talukas. Prices:—Wheat 8½, coarse rice 7¼ and *juar* 14¼ seers per rupee. White *juar* is selling at 11¾ seers per rupee in Hyderabad City and yellow *juar* at 13 seers showing a rise of one seer in the price of the latter. The highest price in the districts is 10 seers in Warangal and Karimnagar and the lowest 22 seers in Parbhani and Bidar.

Mysore.—The rainfall was good in Kadur and Shimoga and slight elsewhere. Prices of food grains are generally steady. Markets are well supplied. Standing crops are in good condition. More rain is needed in parts of Bangalore, Tumkur, Mysore, Hassan, Kolar and Chitaldrug. Otherwise prospects of the season are good. Cattle are generally healthy. Water and fodder are available.

Coorg.—Rainfall 4 inches 64 cents. Transplanting of rice continues. Prices of food grains are slightly above the normal. The public health is fair. Water and fodder are ample.

Madras.—The rainfall was very heavy in South Canara, heavy in the Vizagapatam Agency, good in Malabar and Ganjam, *nil* in Nellore, Coimbatore, Madura, Ramnad and Tinnevelly and light to fair elsewhere. Irrigation supplies are sufficient in Kistna, Guntur, Malabar and the Nilgiris and insufficient in parts of other districts. Ploughing, sowing, manuring, weeding and transplanting are in progress in parts but transplanting is most backward in parts of Ganjam and Vizagapatam. Standing crops are fair to good, but some in parts of Vizagapatam, Guntur, Bellary, Anantapur, Cuddapah, North Arcot, Salem, Coimbatore and Tinnevelly require more rain, some in parts of Vizagapatam and Chingleput have withered or are withering, some in parts of Bellary and Cuddapah have been attacked by grasshoppers or caterpillars and some in parts of Tanjore have been damaged by floods. Coffee in parts of the Nilgiris is affected by bug. Harvests continue except in Guntur, Kurnool, Bellary, Tanjore, Ramnad, Malabar and South Canara with outturn fair to normal generally. Pasture is sufficient except in parts of Godavari, Guntur, Bellary, Cuddapah, Chittoor, Trichinopoly and South Carnatic. Fodder is scanty in parts of Godavari, North Arcot and Madura. The condition of cattle is generally good. The price of rice is stationary in twelve districts, has fallen in six and has risen in seven. The prices of millets have fluctuated as follows:—*Ragi* is stationary in ten districts, has fallen in six and has risen in seven. *Cholam* is stationary in five districts, has fallen in three and has risen in seven. *Cumbu* is stationary in six districts, has fallen in three and has risen in eight. The public health is generally good. Prospects are generally fair but rain is urgently wanted especially in parts of Ganjam, Vizagapatam, Guntur, Cuddapah, Kurnool, Bellary, Anantapur, Chingleput, Chittoor, North Arcot and Salem. The condition of the labouring classes is satisfactory and employment is available. Grain stocks are sufficient.

GAZETTE OF INDIA.

NOTICE.

The 22nd March 1911.

From the 8th April next till further notice, Parts I, IV, V and VI of the *Gazette of India* and the Weather and Crop Report will be published at Simla. After the 1st April all notifications and other matter intended for publication in those Parts should be addressed to the Officiating Publisher at Simla.

Attention is invited to the following Circular Memorandum of the Government of India, Home Department, of August 1901 :—

"It has been brought to the notice of this Department that matter for the *Gazette of India* is sometimes sent to the Press late on Friday evenings for publication in the next day's *Gazette*, and that this involves considerable inconvenience to the Press and expense to Government. In the Circular Memorandum of this Department, No. 777—79, dated 9th February 1870, the Government of India directed that all notifications or other matter intended for insertion in the *Gazette of India* should be delivered at the Press not later than 2 P.M. on Friday, and that any papers sent thereafter must be certified to be extremely urgent in order to ensure their appearance in the next day's *Gazette*. The undersigned is directed to request that these orders may be more strictly observed in future, and that Departments will refrain from sending to the Press as extremely urgent any papers which can without harm or inconvenience be held over for the next *Gazette*."

J. P. HEWETT,
Secretary to the Government of India.

Simla, the 22nd August, 1911.

No. 3928-M.—I.—His Excellency the Viceroy is commanded to notify that His Majesty the King Emperor will hold a Levée at Government House, Calcutta, at 9-30 P.M., in the first week of January 1912.

II.—Gentlemen, whether European or Indian, who desire to attend the Levée and are eligible to do so by previous presentation at the Court of St. James are requested to make their applications to the Military Secretary to His Excellency the Viceroy, Simla, not later than September 30th, after which date none can be considered.

Gentlemen who have not been presented at the Court of St. James, but who desire to attend the Levée, will be presented by gentlemen who have had the honour of presentation at the Court of St. James, and will submit their applications through them.

III.—Gentlemen who propose, and are entitled to present others, should apply to the Military Secretary to the Viceroy for a form of presentation which, after the necessary particulars have been entered thereon, will be returned to the Military Secretary's Office not later than September the 30th, for submission to His Excellency the Viceroy.

IV.—Gentlemen presenting others must themselves attend the Levée.

V.—In the case of Government officials, or gentlemen engaged in business, the presentor should ordinarily be the Head of the Department, or Firm.

VI.—Admission to Government House will be by tickets only. These will be issued by the Military Secretary to the Viceroy as early as possible to those gentlemen whose names are approved by His Excellency the Viceroy for presentation to His Majesty.

Gentlemen receiving tickets will show them first to the Police at the gates, and secondly will hand them to the Military Secretary to His Majesty the King Emperor in the Levée room.

VII.—All Officers of British and Indian units quartered in Calcutta and Barrackpore on the date of the Levée are invited to attend. Application for tickets in this case may be made up till December 23rd to the Deputy Assistant Adjutant and Quarter Master General, Presidency Brigade, Calcutta, who will also furnish information as to presentations, etc.

VIII.—Dress :—

(*a*) Civil, Naval, and Military Officers—Levée dress (helmets will not be taken to the Levée).

(*b*) Clergymen, being University Graduates and other gentlemen entitled to wear robes or gowns on account of Judicial or Academical office or status and not entitled to wear uniform, will appear in such robes, or gowns.

(*c*) It is desirable that gentlemen not entitled to wear uniform, or robes, or gowns, should appear in Court Dress, but they may, at their option, appear in Evening Dress.

(*d*) The instructions contained in paragraph (*c*) apply to Indian gentlemen not entitled to wear uniform who have adopted European dress. Indian gentlemen, who have not adopted European dress, will wear Choga, Ala or Jubba, and Chapkan, Chilta, Saya, or Kaba, with trousers and their distinctive National head dress, or the ceremonial dress approved for the class by the Local Government.

(*e*) In the case of Bengali gentlemen the head dress should be a Pugree, generally known as Shamla or Mouratta, and not a brimless cap.

(*f*) In the case of Burmese gentlemen the head dress should be a white fillet, the hair being dressed in a top knot.

(*g*) Indian gentlemen who do not appear in the dress prescribed in (*a*), (*b*) or (*c*) should not remove their head dress when they pass His Majesty.

At the Imperial Court only patent leather boots or shoes of an English pattern are allowed to be worn, except in the case of Indian Military Officers who wear the particular style of boot or shoe which forms part of their uniform.

N.B.—*Gentlemen who had intended to be present, but have found themselves unable to attend should submit an explanatory letter to the Military Secretary to the Viceroy before, or as soon as possible after, the Levée.*

By Command,

F. A. MAXWELL, *Lieut.-Colonel,*

Military Secretary to the Viceroy.

No. 1822-I.-B.—In exercise of the power conferred by section 20 of the Indian Mines Act, 1901 (VIII of 1901), as applied to Berar by the notification of the Government of India in the Foreign Department, No. 2100-I.-B., dated the 28th October, 1910, the Governor General in Council is pleased to make the following rules for the whole of Berar.

PART I.

Rules applicable to all Mines.

I.—ANNUAL RETURNS.

1. Forms I, II, III and IV in the Schedule hereto annexed shall be (1) filled up in duplicate by the agent, or, if there is no agent, by the owner or manager of a mine, and one copy of each shall be forwarded to the Chief Inspector of Mines and the other to the District Magistrate not later than the 1st February (2) in each year.

II.—NOTICES TO BE FURNISHED.

2. When a mine, seam or vein has been abandoned for more than one month, or the working thereof discontinued for more than two months, the owner of the mine, seam or vein shall within seven days after the expiry of such period send notice to the Chief Inspector of Mines specifying the name and situation of the mine, the name of the owner and the date and cause of abandonment or discontinuance.

3. When a mine, seam or vein is re-opened after abandonment or discontinuance, the owner shall send notice to the Chief Inspector of Mines within one month after the date of re-opening.

(1) Under section 22 (2) (*b*) of the Indian Mines Act, failure to forward correct returns to the Chief Inspector of Mines not later than 1st February in each year will render the agent, owner or manager liable on conviction to a penalty which may extend to Rs. 500.

(2) It will greatly facilitate the preparation of the Statistics if the returns are despatched as soon as possible after the close of the year.

4. When a change occurs in the name of a mine, or of an owner or agent of a mine, notice of the change shall be sent by the owner, agent or manager to the District Magistrate and to the Chief Inspector of Mines within one month after such change.

5. If the owner, agent or manager of any mine intends to extend any mining operations under his control at or to any point within fifty yards of any railway subject to the provisions of the Indian Railways Act, 1890, as applied to Berar, he shall give the Chief Inspector of Mines and the Railway Administrations concerned notice in writing of his intention so to do sixty days before the commencement of such extension.

6. If the operations in respect of which notice is given under rule 5 are not commenced within twelve months from the expiry of the period of sixty days therein referred to, the notice shall be held to have expired, and a fresh notice shall be given by the owner, agent or manager of the mine, under rule 5.

7. The notice to be given under rule 5 shall specify the position of the working of the mine in relation to the railway in question, the manner in which it is proposed to carry out the intended new operations, the limits to which it is proposed to carry the said operations, and whether the operations are actually in progress, and shall include a plan showing the existing and the intended mining operations in so far as they affect the railway in question.

8. When an accident occurs in or about a mine causing loss of life or serious bodily injury, or when an accidental explosion occurs in a mine, the owner, agent or manager of the mine shall within twenty-four hours of the occurrence of such accident, give notice of the accident to the Chief Inspector of Mines by despatching to the Magistrate of the district or to the Sub-divisional Magistrate, for transmission to the Chief Inspector of Mines, a notice in form V in the schedule hereto annexed.

Explanation.—An injury is said to be serious which involves or will in all probability involve the loss of or permanent injury to any limb, or to the sight or hearing, or fracture of any limb, or enforced absence from work for twenty days, or which is declared by any medical officer to be serious.

9. When any person dies from the result of an injury already reported as serious under rule 8, the owner, agent or manager of the mine shall send notice, within twenty-four hours of his being informed of the death, to the Chief Inspector of Mines, through the Magistrate of the district or the Sub-divisional Magistrate.

III.—APPEALS.

10. From every order passed by the Chief Inspector of Mines under section 6, clause (*d*), an appeal shall lie to the Mining Board, if a Mining Board has been constituted under section 9 of the said Act for the Province or part of the Province where the mine in respect of which the order was made is situate and elsewhere to the Chief Controlling Revenue authority, as defined in section 2, clause (8), of the Indian Stamp Act, 1899 (II of 1899), as applied to Berar.

PART II.

Rules applicable to Coal Mines.

I.—SINGLE SHAFTS AND OUTLETS.

1. (*a*) The owner, agent or manager of a mine shall not employ any person in the mine, or permit any person to be in the mine for the purpose of employment therein, unless there are at least two shafts or outlets with which every seam for the time being at work shall have a communication, so that such shafts or outlets shall afford separate means of ingress and egress available to the persons employed in every such seam.

(*b*) Proper arrangements shall be made for persons to descend to and ascend from the mine at each of such shafts or outlets. If apparatus is necessary, it shall be kept on the works belonging to the mine, and shall be constantly available for use.

(*c*) Such shafts or outlets shall not at any point be nearer to one another than 45 feet, and each shall be connected with the other by means of a communication not less than 4 feet high and 4 feet wide.

(*d*) The foregoing provisions of this rule with respect to shafts and outlets shall not apply—

(i) while a shaft is being sunk or an outlet being made;

(ii) to any working for the purpose of making a communication between two or more shafts or outlets;

(iii) to any working for the sole purpose of searching for or proving mineral;

so long as not more than 40 persons are employed below ground at any one time in the whole of the different seams in connection with a single shaft or outlet.

(*e*) In cases where there are special difficulties which make compliance with the foregoing provisions of this rule not reasonably practicable, the mine may be exempted therefrom by the Local Government, subject to such conditions as it may think fit to impose.

(*f*) So much of this rule as requires two shafts or outlets to be separated by a distance of not less than 45 feet shall not apply to any shafts sunk or commenced to be sunk before this rule comes into force.

II.—RAISING AND LOWERING PERSONS.

2. In every mine which is usually entered by means of machinery the following provisions shall have effect, namely :—

(*a*) A single linked chain shall not be used for lowering or raising persons in any working shaft or plane, except for the short coupling chain attached to a cage, skip, bucket or tub.

(*b*) There shall be attached to every machine worked by steam or mechanical power, and used for lowering or raising persons, an adequate brake or brakes, and a proper indicator (in addition to any mark on the rope) showing, to the person who works the machine, the position of the cage, skip, bucket or tub in the shaft; and, if the drum is not on the crank shaft, there shall be an adequate brake on the drum shaft:

Provided that in the case of a shaft not exceeding 100 feet in depth or of a shaft in course of sinking so much of this rule as requires an indicator shall not apply.

(*c*) Every apparatus on or in which persons ride in every working shaft, shall be provided with a sufficient cover overhead, except in a shaft not exceeding 150 feet in depth where buckets are used for

winding or in a shaft in course of sinking, or where persons are employed at work in a shaft.

(*d*) Every working shaft used for the purpose of drawing mineral, or for lowering or raising persons, shall, if exceeding 150 feet in depth, be provided with proper means of communicating distinct and definite signals from the bottom of the shaft, and from every entrance for the time being in use between the surface and the bottom of the shaft, to the surface, and except in the case of a shaft in course of sinking, from the surface to the bottom of the shaft and to every entrance for the time being in use between the surface and the bottom of the shaft.

(*e*) Every working shaft (except a shaft in course of sinking) used for lowering or raising persons shall, if exceeding 100 feet in depth, be provided with guides.

(*f*) There shall be on the drum of every machine used for lowering or raising persons such flanges or horns or other appliances as may be sufficient to prevent the rope from slipping. The rope shall be securely fastened to the drum, and there shall be at least two turns of the rope on the drum, when the cage, skip, bucket or tub is at the bottom of the shaft. After any stoppage of winding for more than two hours, the cage, skip, bucket or tub shall, before any person is allowed to ride therein, be run a complete trip up and down the working portion of the shaft at least once, to ensure that everything is in good working order.

(*g*) A competent person or persons appointed by the owner, agent or manager for the purpose shall, once at least in every 24 hours, examine the state of the external parts of the machinery and of the head-gear, ropes, chains, and other similar appliances of the mine which are in actual use both above ground and below ground, and shall, once at least in every week, examine the state of the shafts by which persons ascend or descend and the state of the guides and the conductors in the shafts, and shall without delay write or cause to be written a true report of the result of such examination; and every such report shall be recorded in a paged book to be kept at the mine for the purpose, and shall be signed and dated by the person who made the examination.

III.—ROADS AND WORKING PLACES.

3 The roofs and sides of all travelling roads and working places shall be made and kept secure.

4. (*a*) Every part of a mine in or through which any person has to work or pass, shall be inspected at least once during every twenty-four hours by a competent person or persons appointed by the owner, agent, or manager for the purpose of ascertaining the condition thereof so far as the presence of gas, ventilation, roof, sides, and general safety are concerned:

Provided that when a mine has been unworked for more than twenty-four hours, the inspection shall be made within two hours before any workman is allowed to pass a station or stations appointed by the manager at the entrance to the mine or different parts of the mine, as the case may require.

(*b*) Every person who makes such inspection shall without delay write or cause to be written a true report of the result of such inspection either during or at the close of such twenty-four hours, and every such report shall be recorded in a paged book to be kept at the mine for the purpose, and shall be signed and dated by the person who made the inspection.

5. If at any time it is found by the person for the time being in charge of a mine or any part thereof that, by reason of inflammable gases prevailing in the mine or part or of any cause whatever, the mine or part is dangerous, every workman shall be withdrawn from the mine or part, and a competent person appointed for the purpose shall inspect the mine or part, and, if the danger arises from inflammable gas, shall do so with a locked safety-lamp, and

in every case shall make a true report of the condition of the mine or part; and no workman shall, except in so far as is necessary for enquiring into the cause of danger, or for the removal thereof, or for exploration, be readmitted into the mine or part, until the same is stated by the person appointed as aforesaid not to be dangerous. Every such report shall be recorded without delay in a paged book, which shall be kept at the mine for the purpose, and shall be dated and signed by the person who made the inspection.

6. Where a place is likely to contain a dangerous accumulation of water, the working approaching that place shall not at any point within 100 feet thereof exceed 8 feet in width or height, and there shall be constantly kept at a sufficient distance, not being less than 10 feet in advance, at least one bore-hole near the centre of the working, and sufficient bore-holes on each side, and where necessary, above or below.

7. Every entrance to any place, which is not in actual use or course of working and extension, shall be properly fenced across the whole width of the entrance, so as to prevent persons inadvertently entering the same.

8. Every underground plane on which persons travel and which is self-acting or worked by an engine, shall be provided (if exceeding 100 feet in length) with some proper means of communicating distinct and definite signals between the stopping places and the ends of the plane, and shall be provided in every case with sufficient manholes for places of refuge, occurring at intervals of not more than 60 feet, and being not less than 4 feet in height, 2 feet 3 inches in width, and 2 feet in depth.

IV.—PLANS.

9. The owner, agent, or manager of every mine shall keep in the office at the mine an accurate plan of the workings of the mine, on a scale not smaller than 200 feet to the inch, showing the workings up to a date not more than six months previously. It shall also show the shaft openings, and all those important surface marks within the boundaries, such as railways which lie within 600 feet of any part of the mine workings, also the general direction and rate of dip of the strata, together with a statement of the depth of each shaft and a section of the seam or seams being worked:

Provided that the owner, agent or manager of a mine worked in the open and not under cover shall be exempt from the necessity of keeping such plans, unless required to do so by the Chief Inspector of Mines.

10. The owner, agent, or manager of every mine shall, at any time on the request of the Chief Inspector of Mines or of any Inspector of Mines, produce to him at the office at the mine such plan and section, and also, on the like request, mark on such plan and section the then state of the workings of the mine; and the Chief Inspector or Inspector shall be entitled to examine the plan and the section, and for official purposes to make or have a copy made of any part thereof, respectively.

11. If the owner, agent, or manager of a mine fails to keep, or wilfully refuses to produce or allow to be examined, the plan and section aforesaid, or wilfully withholds any portion thereof, or wilfully refuses on request to mark thereon the state of the workings of the mine, or conceals any part of these workings, or produces any imperfect or inaccurate plan or section, he shall (unless he shows that he was ignorant of the concealment, imperfection or inaccuracy) be guilty of an offence against these rules.

12. When a mine or seam is abandoned or the working thereof has been discontinued for more than a year, the owner of the mine or seam shall, within three months after the abandonment or within fifteen months after the discontinuance of working, send to the Chief Inspector of Mines the plan and sections which have been made for the mine or seam in compliance with these rules and showing the nearest surface boundaries in relation to the under-ground workings, or a true and accurate copy of the same; but no person except an Inspector of Mines shall be entitled, without the consent of the owner of the mine or seam, to see the plan when so sent until after the expiration of twelve years from the time of the abandonment.

V.—EXPLOSIVES.

13. No explosive substance shall be used below ground in a mine except under the following conditions, namely:—

(a) It shall not be stored in the mine.

(b) It shall not be taken into the mine except in secure cases or canisters, containing not more than five pounds each, and a workman shall not have in use or keep for use at one time in any one place more than one of such cases or canisters:

Provided that the Chief Inspector may, in special cases and by order in writing, permit, subject to such limitations as he may prescribe, the use at one time in one place of more than one of such cases or canisters.

(c) In the process of charging or stemming for blasting, no person shall use or have in his possession any iron or steel pricker, scraper, tamping-rod, or stemmer, and only clay or other non-inflammable substances shall be used for tamping or stemming.

(d) When a hole has been charged, the explosive shall not be unrammed, and no hole shall be bored at a distance of less than 12 inches from any hole where a charge has missed fire.

(e) No detonator shall be carried or kept in the same case or canister with any other explosive material, or inserted into the priming cartridge until immediately before it is used.

(f) No explosive shall be forcibly pressed into a hole of insufficient size.

(g) In any place which is dry and dusty, or in which the use of a locked safety-lamp is for the time being required by or in pursuance of these rules, no shot shall be fired, except by and under the direction of a competent person appointed by the manager of the mine.

VI.—VENTILATION AND LIGHTING.

14. An adequate amount of ventilation shall be constantly produced in every mine to dilute and render harmless smoke and noxious gases to such an extent that the working places of the shafts, levels, and workings of the mine, and the travelling roads to and from these working places shall be in a fit state for working and passing therein.

15 No lamp or light other than a locked safety-lamp shall be allowed or used—

(a) in any place in a mine in which there is or is likely to be any such quantity of inflammable gas as to render the use of naked lights dangerous; or

(b) in any working approaching near a place in which there is likely to be an accumulation of inflammable gas;

and when it is necessary to work the coal in any part of a ventilating district with safety-lamps, it shall not be allowable to work the coal with naked lights in another part of the same ventilating district situated between the place where such lamps are being used and the return airway.

Explanation.—For the purposes of this rule, the expression "ventilating district" means such part of a seam as has an independent intake commencing from a main intake air course, and an independent return airway terminating at a main return air course.

16. Whenever safety-lamps are used, they shall be so constructed that they may be carried with safety against the air current ordinarily prevailing in the mine.

17. In any mine or part of a mine in which the use of safety-lamps is for the time being required by or in pursuance of these rules, the following provisions shall have effect, namely:—

(a) A competent person shall be appointed by the manager to clean, trim, examine, and securely lock all such lamps before they are

taken into the workings for use, and such lamps shall not be used until they have been so examined and found to be in safe working order and securely locked.

(*b*) No safety-lamp shall be unlocked except at the appointed lamp station, or for the purpose of firing a shot.

(*c*) No person, unless he has been authorised in writing by the manager either for the purpose of examining safety-lamps or for the purpose of firing shots, shall have in his possession any contrivance for opening the lock of a safety-lamp.

Explanation.—For the purposes of this rule the term manager includes an under-manager and any person for the time being carrying on the duties of the manager.

(*d*) No person shall have in his possession any unlocked safety-lamp, naked light, match, smoking apparatus or apparatus of any kind for striking a light, except within a completely closed chamber attached to the fuse of the shot.

18. Where the use of safety-lamps is for the time being required by or in pursuance of these rules, the position of the lamp stations for lighting or relighting the lamps shall not be in the return air.

VII.—MISCELLANEOUS.

19. Every side entrance to a mine from the surface and the top, and all entrances between the top and the bottom including the sump (if any) of every working ventilating, or pumping shaft, shall be properly fenced: but this shall not be taken to forbid the temporary removal of the fence for the purpose of repairs or other operations, if proper precautions are used. Shafts temporarily or permanently out of use shall be properly fenced.

20. Every fly wheel and all exposed and dangerous parts of the machinery used in or about a mine shall be kept securely fenced.

21. Where no enactment for the regulation and inspection of steam-boilers and prime-movers is for the time being in force, every steam-boiler, whether separate or one of range, shall have attached to it a proper safety-valve, and also a proper steam-gauge and water-gauge to show respectively the pressure of steam and the height of water in each boiler.

22. Ambulances or stretchers with splints and bandages shall be kept ready at hand in a convenient place and in good and serviceable order at every mine.

23. Copies of all rules made under the Indian Mines Act, 1901, as applied to Berar, shall be kept at every mine, and shall be produced at any time on the request of an Inspector of Mines.

24. Where the natural strata are not safe, every working or pumping shaft shall be securely cased, lined, or otherwise made secure.

25. If in any mine the winding apparatus is not provided with some automatic contrivance to prevent over-winding, then the cage, skip, bucket or tub shall not, when persons are being raised in it, be wound up at a speed exceeding three miles an hour after it has reached a point in the shaft to be fixed by the special rules made for the mine under section 21 of the Indian Mines Act, 1901, as applied to Berar.

26. Where any person required by these rules, or by any special rule made under section 21 of the Indian Mines Act, 1901, as applied to Berar; to make any report is unable to write, he shall be present when his report is written for him, and shall have it read over to him, and shall attach his thumb-mark to it. The person writing the report shall also sign his name at the end, together with a statement that it has been read over to the person for whom it was written.

VIII.—RULES REGARDING CERTIFICATES, THE CONDITIONS ON WHICH THEY ARE GRANTED, AND THE QUALIFICATIONS WHICH THE MANAGERS OF THE VARIOUS CLASSES OF MINES MUST POSSESS.

27. For the purposes of rules 28 to 54, every system of underground workings interconnected in such a manner that communication is practicable from any one part of the system to any other part by means of underground channels shall be deemed to constitute a mine. If access from one system of underground workings to another such system is not practicable without coming to the surface of the ground, each such system shall be deemed to constitute a separate mine.

28. There shall be constituted a Board of Examiners for the purposes of these rules, which shall consist of the Chief Inspector of Mines for the time being, and of two other persons possessing technical qualifications fitting them to serve on the Board. One of these persons shall be the owner or manager of a mine, the other shall be a mining engineer. They shall be appointed by the Governor General in Council for a term of three years:

Provided that on the expiry of any term for which he has been appointed, any such person shall be eligible for re-appointment. Each such person shall receive such remuneration as the Governor General in Council may fix. The Chief Inspector of Mines shall be, *ex-officio*, President of the Board.

29. Certificates under these rules shall be granted by the Board of Examiners, and their decision regarding the grant of such certificates shall be final. Certificates granted by the Board shall hold good throughout Berar and shall be of two kinds, namely, certificates of competency and certificates of service, and of two classes of each kind, namely, first and second class.

30. Certificates of competency shall be granted to candidates after such examination as the Board of Examiners may from time to time prescribe. The examinations shall be held at such times, and at such centres, as may from time to time be fixed by the Board, and shall be conducted by local examiners, who shall be appointed by the Board. The local examiners as appointed shall be subject to the orders of the Board in respect of all matters relative to the conduct of the examinations, and they shall receive such remuneration as the Board with the sanction of the Governor General in Council may fix. The Board may from time to time make regulations as to the conduct of such examinations; and they shall, so far as this is practicable, take steps, that the standard of knowledge which a candidate must attain before he obtains a certificate of competency of any particular class shall be the same as in British India.

Every regulation made by the Board under this rule shall be published in the local official gazette, no such regulations shall take effect until six months from the date on which it was first so published.

31. Full information regarding the date and place of each examination shall be published, under the orders of the Board of Examiners, in each issue of the local official Gazette, and in such other publications as the Board may consider desirable, for a period of not less than three months prior to the date fixed therefor.

32. No person shall be admitted as a candidate at any examination for a first class certificate of competency unless he has attained the age of 23 years, and has satisfied the Board of Examiners that he has had practical experience in a coal mine for a period of not less than five years:

Provided that this period shall be reduced to four years, and may, if the Board of Examiners think fit, be further reduced to three years, in the case of a candidate who has received a diploma in scientific and mining training after a course of study of at least two years at an educational institution approved in this behalf by the Governor General in Council, or who has taken a degree in scientific and mining subjects at a University approved in this behalf by the Governor General in Council.

33. No person shall be admitted as a candidate at any examination for a second class certificate of competency unless he has attained the age of 21 years,

and has satisfied the Board of Examiners that he has had practical experience in a coal mine for a period of not less than three years:

Provided that this period shall be reduced to two years, and may, if the Board of Examiners think fit, be further reduced to one year, in the case of a candidate who has received a diploma in scientific and mining training after a course of study of at least two years at an educational institution approved in this behalf by the Governor General in Council, or who has taken a degree in scientific and mining subjects at a University approved in this behalf by the Governor General in Council.

34. A fee of Rs. 15 shall be paid by every candidate attending an examination for a first class certificate of competency and a fee of Rs. 8 shall be paid by every candidate attending an examination for a second class certificate of competency.

These fees shall be paid, not less than one month prior to the date of the examination, to the Chief Inspector of Mines at his office.*

35. The Board of Examiners may grant without examination to any person holding a first or second class certificate granted under any Act for the regulation of mines for the time being in force in the United Kingdom, or in any British Colony, a certificate of a similar class under these rules. They may also grant to any person holding a certificate of proficiency in mining, if approved by them, a certificate under these rules, of the first or second class, if they are satisfied that the applicant possesses sufficient knowledge and experience to warrant them in doing so:

Provided that the applicant has in every such case adduced proof to the satisfaction of the Board of his identity and good character.

A fee of Rs. 5 shall be charged in respect of all applications for certificates to be issued under this rule. The fee shall be paid to the Chief Inspector of Mines, and the application for the grant of a certificate shall not be considered by the Board until the Chief Inspector of Mines certifies that the fee chargeable has been paid.

36. A first class certificate of service may be granted by the Board of Examiners to any person who satisfies them that he has acted for at least five years prior to the date fixed in rule 48 as the manager of a coal mine in India, in which during the time he has so acted as manager, more than 150 persons have on an average been employed below ground simultaneously, or the average output of which has exceeded 1,800 tons of coal a month:

Provided that the said period of five years may be reduced to three, at the discretion of the Board of Examiners, in the case of any such certificate which may be applied for before the 25th day of August 1913.

37. A second class certificate of service may be granted by the Board of Examiners to any person who satisfies them that he has acted for at least three years prior to the date fixed in rule 48 below, as the manager of a coal mine in India in which, during the time he has so acted as manager, more than 50 persons were on an average employed underground simultaneously or the average output of which exceeded 600 tons of coal a month.

38. Notwithstanding anything in rule 36 or 37, a certificate of service of either class may be granted by the Board of Examiners at their sole discretion to any person who is, in their opinion, possessed of sufficient knowledge and experience to warrant them in granting such a certificate.

39. All applications for certificates of service shall be addressed to the Chief Inspector of Mines and shall state the name, age, place of birth, and place of

* NOTE.—The fees may be remitted by Money Order or paid in any other manner.

employment of the applicant. The length and character of the mining experience possessed by the applicant shall also be detailed, and this statement shall be supported by the production of such documents as the applicant may be in a position to furnish.

40. A fee of Rs. 5 shall be paid in respect of each application for a certificate of service, of either class. This fee shall be paid to the Chief Inspector of Mines at his office.*

41. Permits authorising particular persons to hold charge as managers of mines of the class described in rule 47 may be granted by the Chief Inspector of Mines, at his sole discretion. Such permits shall be signed by the Chief Inspector of Mines, and shall remain in force for such period, not exceeding one year, as he may specify therein. A permit may be cancelled at any time by the Chief Inspector of Mines without assigning any reason for his action, and such order shall be final. The Chief Inspector of Mines may renew any permit for a further period not exceeding one year after the expiry of the period for which the permit was originally granted.

42. A register, showing the names and addresses of all holders of certificates or permits issued under these rules, shall be maintained in the office of the Chief Inspector of Mines.

43. If any person proves to the satisfaction of the Board of Examiners that he has, without any fault on his part, lost or been deprived of a certificate granted to him under these rules, otherwise than in accordance with any order made under rule 44, the Board of Examiners may, upon such terms and conditions as they may determine, cause a copy of the certificate to which the applicant appears by the register to be entitled, to be delivered to him. The word "Duplicate" shall be stamped across every such copy, and a fee of Rs. 2, which shall be payable in advance, to the Chief Inspector of Mines at his office, shall be charged for it.

44. If at any time a representation is made by the Chief Inspector of Mines to the Local Government that the holder of a certificate granted under these rules has been guilty of misconduct or incompetency in the discharge of his duties or has been convicted of an offence under the Indian Mines Act, 1901, or the rules made under that Act, punishable with fine which may extend to Rs. 500, or with imprisonment which may extend to three months, the Local Government may cause an inquiry to be made into the matter; and with respect to such inquiry the following provisions shall have effect, namely:

(*a*) The inquiry shall be public, and shall be held at such place as the Local Government may appoint, and by such person or uneven number of persons as it may direct (hereinafter referred to as "the Court"), either alone or with the assistance of any assessor or assessors named by the Local Government. Such assessors shall be practical mining engineers or persons with a knowledge of the practical working of mines. The functions of the assessors shall be purely advisory and they shall not be regarded as members of the Court.

(*b*) The Local Government shall, before the commencement of the inquiry, furnish the person whose conduct is under inquiry, with a copy of the representation on which the inquiry is instituted.

(*c*) The Local Government may appoint any person to undertake the management of the case.

(*d*) The person whose conduct is under inquiry may attend the inquiry, and may either conduct his case personally or be represented by any other person approved by the Court.

* NOTE.—The fees may be remitted by Money Order or paid in any other manner.

(*e*) If a majority of the persons constituting the Court thinks fit, the person whose conduct is under inquiry may be required to deliver up his certificate at any time before or during the inquiry and such person shall be bound to comply with such requisition, unless he shows sufficient cause to the contrary.

(*f*) The Court shall, on the conclusion of the inquiry, send to the Local Government a report containing a full statement of the case together with its opinion thereon and such account of or extracts from the evidence as it may think fit; and, if it considers that the certificate in question should be cancelled or suspended, it shall add a recommendation to that effect. In the event of the members of the Court disagreeing in their opinion or recommendations, the dissentient or dissentients from the opinion of the majority may forward a separate report to the Local Government with a statement of their recommendations.

(*g*) After considering the report or reports and recommendation or recommendations (if any) submitted under clause (*f*), the Local Government may cancel or suspend the certificate and, if it does so, the fact of such cancellation or suspension shall, if the certificate is produced, be endorsed upon it, and, if it is not produced or if at any time a duplicate has been granted under rule 43, be notified in the *Gazette of India* and in the local official Gazette.

45. Save as provided in rules 49 and 50, no person shall act as manager of a mine in which more than 150 persons are on an average employed underground simultaneously, or the average output of which exceeds 1,800 tons a month, unless he holds a first class certificate granted under these rules.

46. Save as provided in rules 49 and 50, no person shall act as manager of a mine in which more than 50 or less than 150 persons are on an average employed underground simultaneously, or the average output of which exceeds 600 tons and does not exceed 1,800 tons a month unless he holds a first or second class certificate granted under these rules.

47. Save as provided in rules 49 and 50, no person shall act as the manager of a mine in which not more than 50 persons are on an average employed underground simultaneously, or the average output of which does not exceed 600 tons a month, unless he is the holder of a first or second class certificate, or of a permit, granted under these rules. If the Chief Inspector of Mines should by written order so require, no person shall act as the manager of such a mine unless he is the holder of a first or second class certificate granted under these rules.

48. Rules 45 to 47 shall not come into force until the 25th day of February 1912.

49 Notwithstanding anything in rules 45 to 47, the Chief Inspector of Mines may authorise any person, whom he may consider competent, to act as manager of any mine for a specified period, whether that person does or does not hold any certificate or permit under these rules. The Chief Inspector of Mines may revoke such an authority at any time, without giving any reason for his action and at his sole discretion, and such order shall be final.

50. Notwithstanding anything in the preceding rules, the owner, agent, or manager of a mine may, in emergent cases, authorise any person whom he may consider competent to act as manager of the mine which he owns, or for which he is agent or manager:

Provided that no such authority shall extend for a period in excess of four weeks, and that the owner, agent or manager shall send to the Chief

Inspector of Mines, with the least possible delay, a written notice intimating that such ah appointment has been made, and stating the emergent nature of the circumstances. The Chief Inspector of Mines may revoke any authority so granted, and such order shall be final.

51. Save as provided in rule 52 no person shall act as manager of more than one mine.

52. Managers holding first or second class certificates may, at the discretion of the Chief Inspector of Mines, be allowed to manage more than one mine, if the Chief Inspector is of opinion that the mines supervised by them are near enough to one another to permit of effective supervision being exercised, and that an adequate subordinate supervising staff is maintained at such mines.

53. (*a*) The owner, agent, or manager of every mine shall supply the Chief Inspector of Mines, within one month from the date on which these rules come into force, with the following information, namely :

(1) The full name and address of each manager ; (2) the number and class of the certificates held by them ; (3) the name of the mines or particulars sufficient to identify the portions of the mines, in the charge of each such manager.

(*b*) All changes in the addresses of such managers, and all new appointments, shall be reported within one month to the Chief Inspector of Mines. The information referred to in sub-clause (*a*) above shall also be supplied in writing by the owner, agent, or manager to the Chief Inspector of Mines in respect of all new appointments which may subsequently be made.

54. Save as provided in rules 41, 49 and 50 an appeal may be referred to the Mining Board in respect of any order passed by the Chief Inspector of Mines in virtue of the powers conferred on him by these rules, and the order of the Mining Board thereon shall be final. If no Mining Board has been constituted, the appeal shall lie to the Local Government, and the order by the Local Government thereon shall be final.

PART V.

Bills introduced in the Council of the Governor General of India for making Laws and Regulations, Reports of Select Committees presented to the Council, and Bills published under Rule 23.

GOVERNMENT OF INDIA.

LEGISLATIVE DEPARTMENT.

NOTIFICATION.

Simla, the 23rd August, 1911.

No. 29.—The Governor General has been pleased, under rule 23 of the Rules for the conduct of the Legislative Business of the Council of the Governor General, to order the publication in the Gazette of India in English of the following Bills, together with the Statements of Objects and Reasons relating thereto, and the Bills and Statements of Objects and Reasons are accordingly hereby published for general information:—

No. 10 of 1911.

A Bill further to amend the Indian Christian Marriage Act, 1872.

XV of 1872.

WHEREAS it is expedient further to amend the Indian Christian Marriage Act, 1872; It is hereby enacted as follows:—

Short title.

1. This Act may be called the Indian Christian Marriage (Amendment) Act, 1911.

XV of 1872. Substitution of new section 81, Act XV of 1872.

2. For section 81 of the Indian Christian Marriage Act, 1872, the following section shall be substituted, namely:—

Certificates of certain marriages for Secretary of State.

"81. The Registrar General of Births, Deaths and Marriages and the officers appointed under section 56 shall, at the end of every quarter in each year, select, from the certificates of marriages forwarded to them, respectively, during such quarter, the certificates of the marriages of which the Governor General in Council may desire that evidence shall be transmitted to England, and shall send the same certificates, signed by them respectively, to the Secretary of State for India."

STATEMENT OF OBJECTS AND REASONS.

It is proposed to amend section 81 of the Indian Christian Marriage Act, XV of 1872, so as to enable all Registrars General of Births, Deaths and Marriages in India to transmit quarterly all certificates of marriages solemnized in their Provinces direct to the India Office instead of sending them through the Government of India in the Home Department as at present. The existing system necessarily involves some delay, and does not appear to have any compensating advantage. It is also proposed to omit from this section the words "and delivered to the Registrar General of Births, Deaths and Marriages in England" because it is inconvenient that the certificates in question should be sent to that officer while all the other returns are preserved in the India Office.

The 2nd May, 1911. H. BUTLER.

NO. 11 OF 1911.

A Bill further to amend the Court-fees Act, 1870.

WHEREAS it is expedient further to amend the Court-fees Act, 1870; It is hereby enacted as follows:— VII of 1870.

Short title. **1.** This Act may be called the Court-fees (Amendment) Act, 1911.

Amendment of Schedule II, Act VII of 1870. **2.** In Schedule II of the Court-fees Act, 1870, after article 1 the following article shall be inserted, namely:— VII of 1870.

"1A. Application to any Civil Court that records may be called for from another Court.	When the Court grants the application and is of opinion that the transmission of such records involves the use of the post.	Twelve annas in addition to any fee levied on the application under clause (*a*), clause (*b*) or clause (*d*) of article 1 of this Schedule."

STATEMENT OF OBJECTS AND REASONS.

THE Bill proposes to amend the Court-fees Act, 1870, so as to enable Courts, instead of recovering from parties to litigation the actual cost of the transmission and retransmission by post of records called for at the instance of those parties, to levy, by means of a court-fee stamp, a uniform fee of twelve annas. This fee is intended to represent the average charge incurred, and its imposition at a uniform rate will facilitate business. It will be payable only in civil cases, and only when it is actually necessary to employ the post for the transmission of the records.

The 13th May, 1911. J. L. JENKINS.

NO. 12 OF 1911.

A Bill further to amend the Indian Forest Act, 1878.

WHEREAS it is expedient further to amend the Indian Forest Act, 1878; It is hereby enacted as follows:— VII of 1878.

Short title. **1.** This Act may be called the Indian Forest (Amendment) Act, 1911.

Amendment of section 2, Act VII, 1878. **2.** In section 2 of the Indian Forest Act, 1878, in sub-clause (*a*) of the definition of "forest-produce", after the words "mahua flowers" the words "mahua seeds" shall be inserted. VII of 1878.

Amendment of section 26, Act VII, 1878. **3.** In section 26 of the said Act, for the words "with the previous sanction" the words "subject to the control" shall be substituted.

Amendment of section 31, Act VII, 1878. **4.** In section 31 of the said Act, after the words "from time to time" the words "and subject to the control of the Governor General in Council" shall be inserted.

Amendment of section 39, Act VII, 1878. **5.** (*a*) In section 39 of the said Act, for the words "with the previous sanction" the words "subject to the control" shall be substituted.

(*b*) After sub-clause (*b*) the following proviso shall be inserted, namely:—

"Provided that a notification directing the levy of a duty, in the case of timber and other forest-produce brought from any place beyond the frontier of British India, which is not under the control of the Local Government, shall not be issued without the previous sanction of the Governor General in Council"; and

(*c*) For the words "with the like sanction" the words "subject to the like control or sanction, respectively" shall be substituted.

Repeal of proviso to section 77, Act VII, 1878. **6.** The proviso to section 77 of the said Act is hereby repealed.

STATEMENT OF OBJECTS AND REASONS.

THE main object of the Bill is to give Local Governments power to declare forests no longer reserved, to make rules for protected forests, to impose duties in certain cases on timber, and to issue rules under certain sections of the Forest Act. The present law does not permit of the Local Governments exercising the above powers without the previous sanction of the Government of India, and it is now proposed to do away with the necessity for this previous sanction.

The opportunity has been taken to declare "mahua seeds" to be forest-produce. There is a large and growing trade in these seeds in certain parts of India, and it will be a convenience if it can be subjected to the same control as is exercised in the case of other forest-produce.

The 6th June, 1911. R. W. CARLYLE.

No. 13 OF 1911.

A Bill further to amend the Bengal, North-Western Provinces and Assam Civil Courts Act, 1887.

WHEREAS it is expedient further to amend the Bengal, North-Western Provinces and Assam Civil Courts Act, 1887; It is hereby enacted as follows:— XII of 1887.

1. This Act may be called the Bengal, Agra and Assam Civil Courts (Amendment) Act, 1911.

Short title.

2. In sub-section (*1*) of section 1 of the Bengal, North-Western Provinces and Assam Civil Courts Act, 1887, for the words "North-Western Provinces" the word "Agra" shall be substituted.

Amendment of section 1 (*1*), Act XII, 1887.

3. In sub-section (*1*) of section 8 of the said Act the words "and with the previous sanction of the Governor General in Council" are hereby repealed.

Amendment of section 8 (*1*), Act XII, 1887.

4. In section 25 of the said Act, for the words "one hundred rupees" the words "two hundred and fifty rupees" shall be substituted.

Amendment of section 25, Act XII, 1887.

STATEMENT OF OBJECTS AND REASONS.

IT is proposed to amend the Bengal, North-Western Provinces and Assam Civil Courts Act, 1887, in three respects. The Act is at present known, outside Bengal, as "the Bengal, North-Western Provinces and Assam Civil Courts Act, 1887". In Bengal, however, the Act may, under Bengal Act IV of 1906, be cited as "the Bengal, Agra and Assam Civil Courts Act, 1887". It is proposed therefore to take the opportunity of adopting a new short title for the Act, namely, "The Bengal, Agra and Assam Civil Courts Act, 1887", by which it may in future be cited universally.

By section 8 (*1*), the previous sanction of the Governor General in Council is required to the appointment of additional District Judges. These Judges also exercise the powers of additional Sessions Judges; and it is anomalous that while, under the Code of Criminal Procedure, a Local Government is competent to appoint additional *Sessions* Judges, a reference to the Government of India should be necessary for the appointment of additional *District* Judges. Such references are purely formal, and it would be of great administrative convenience to give the Local Government the power to appoint additional District Judges. It is accordingly proposed to omit the words "and with the previous sanction of the Governor General in Council" from section 8 (*1*).

By section 25, selected Munsifs in the North-Western Provinces, Bengal and Eastern Bengal and Assam may be given power to try suits not exceeding Rs. 100 in value, by a summary procedure as "small causes". It is considered that the Local Governments concerned might with advantage be given the power to extend the limit to Rs. 250 in the case of Munsifs of tried fitness. The limit in Madras and Bombay is Rs. 200 and in the Punjab and Lower Burma Rs. 500.

The 17th August, 1911. J. L. JENKINS.

No. 14 OF 1911.

A Bill to prohibit the importation, manufacture and sale of matches made with white phosphorus.

WHEREAS it is expedient to prohibit the importation, manufacture and sale of matches made with white phosphorus; It is hereby enacted as follows:—

1. (*1*) This Act may be called the White Phosphorus Matches Prohibition Act, 1911.

Short title, extent and commencement.

(*2*) It extends to the whole of British India; and

(*3*) It shall come into force on the first day of January 1913, with the exception of section 6 which shall come into force on the first day of January 1914.

2. In this Act, "white phosphorus" means the substance commonly known as white or yellow phosphorus.

Definition.

VIII of 1878.

3. To section 18 of the Sea Customs Act, 1878, the following clause shall be added, namely :—

Prohibition of importation by addition to section 18, Act VIII of 1878.

" (*g*) matches made with white phosphorus."

4. (*1*) No person shall use white phosphorus in the manufacture of matches.

Prohibition of use of white phosphorus in manufacture of matches.

(*2*) Any person who uses, or permits the use by any person under his control of, white phosphorus in the manufacture of matches, shall be punishable with fine which may extend to two hundred rupees.

5. (*1*) Every person who manufactures matches shall allow an Inspector of Factories appointed under the Indian Factories Act, 1911, at any time to take for analysis sufficient samples of any material in use, or mixed for use in such manufacture :

Power of Inspector of Factories to take samples of material used in manufacture.

XII of 1911.

Provided that any such person may at the time the sample is taken, and on providing the necessary appliances, require the Inspector to divide the sample so taken into two parts, and to mark, seal and deliver to him one part.

(*2*) Any person who refuses to permit any such Inspector of Factories as aforesaid to take a sample in accordance with the provisions of sub-section (*1*) shall be punishable with fine which may extend to two hundred rupees.

6. (*1*) No person shall sell, or offer or expose for sale, or have in his possession for the purposes of sale, any matches made with white phosphorus.

Prohibition of sale.

(*2*) Any person who contravenes the provisions of sub-section (*1*) may, on complaint to a Magistrate, be ordered to forfeit any such matches in his possession, and any matches so forfeited shall be destroyed or otherwise dealt with as the Magistrate may direct.

STATEMENT OF OBJECTS AND REASONS.

THE object of this Bill is to prohibit the importation into India, and the manufacture and sale in this country, of matches which contain white (yellow) phosphorus.

It has recently been decided that India shall become a party to the Berne International Convention of 1906, the object of which is to prohibit the use of white (yellow) phosphorus in matches, in order to eliminate absolutely the chance of the very painful disease called " necrosis " or " phossy jaw " occurring among the operatives in match factories. Under the terms of that Convention, it is incumbent upon the contracting parties to take the necessary administrative steps to ensure the attainment of the object of the Convention within their respective territories; and the present Bill has been framed accordingly. The provisions of the Bill follow as closely as necessary and practicable the lines of the English White Phosphorus Matches Prohibition Act, 1908 (8 Edw. 7, ch. 42).

The 21st August 1911. W. H. CLARK.

NO. 15 OF 1911.

A Bill to control the manufacture, possession, use, sale, import and export of airships.

WHEREAS it is expedient to take power to control the manufacture, possession, use, sale, import and export of airships; It is hereby enacted as follows :—

1. (*1*) This Act may be called the Indian Airships Act, 1911.

Short title, extent and commencement.

(*2*) It extends to the whole of British India including British Baluchistan, the Sonthal Parganas and the Pargana of Spiti.

(*3*) It shall come into force on such date as the Governor General in Council may, by notification in the Gazette of India, direct in this behalf.

2. In this Act unless there is anything repugnant in the subject or context—

Definitions.

(*1*) "airship" means any machine fitted with mechanical means of propulsion designed to fly or float in the air without connection with the earth, and includes any part of any such machine;

(*2*) " export " means taking out of British India;

(*3*) " import " means bringing into British India ; and

(*4*) " prescribed " means prescribed by rules under this Act.

3. (*1*) The Governor General in Council, or the Local Government subject to the control of the Governor General in Council, may make rules consistent with this Act to regulate or prohibit, except under and in accordance with the conditions of a license granted as provided by such rules, the manufacture, possession, use, sale, import and export of airships or any specified class of airships.

[*Cf.* s. 5 of Act IV of 1884.]

Power to make rules for licensing the manufacture, possession, use, sale, import and export of airships.

(*2*) In particular and without prejudice to the generality of the foregoing power, the Governor General in Council or the Local Government, as the case may be, may make rules for all or any of the following, among other matters, that is to say :—

(*a*) the authority by which licenses may be granted ;

(*b*) the fees to be charged for licenses ; and the other sums (if any) to be paid for expenses by applicants for licenses ;

(*c*) the manner in which applications for licenses shall be made, and the matters to be specified in such application;

(*d*) the forms in which, and the conditions subject to which, licenses may be granted;

(*e*) the period for which licenses shall continue in force;

(*f*) the keeping by the holder of any such license of a record or account in the prescribed form of anything done under such license, and the exhibition of such record or account when called upon to do so by any officer of Government specially empowered by any such rule in this behalf;

(*g*) the production by the person holding any license of such license and the production or accounting for by him of the airship covered by such license when called upon to do so by any officer of Government specially empowered by any such rule in this behalf;

(*h*) the prohibition either absolutely or subject to conditions of the carrying in airships of all or any of the following things namely:—explosives, arms, ammunition, carrier-birds, or photographic or wireless telegraphic apparatus; and

(*i*) the carrying of a number or other means of identification by airships and the registration of such number or means of identification.

(*3*) In making any rule under this section, other than under clause (*h*) thereof, the authority making the rule may direct that a breach of it shall be punishable with imprisonment for a term which may extend to one month, or with fine which may extend to two hundred rupees, or with both.

[Cf. s. 6 of Act IV of 1884.]

Power to Governor General in Council to prohibit the import or export of airships for public good.

4. (*1*) Notwithstanding anything in any rule made under section 3, the Governor General in Council may, by notification in the Gazette of India, prohibit either absolutely or subject to conditions the import or export of all or any airships or any class of airships if, in his opinion, the issue of such a notification is expedient in the interest of the public safety or tranquillity.

(*2*) When a notification has been issued under sub-section (*1*), the officers of sea customs shall have the same power in respect of the airships specified therein, and in respect of any vessel containing any such airships as they have for the time being in respect of any article the import or export of which is prohibited or regulated by the law relating to sea customs and the vessel containing the same; and the enactments for the time being in force relating to sea customs or any such article or vessel shall apply accordingly.

Power to Governor General in Council to cancel or suspend licenses and to acquire airships for the public service.

5. (*1*) If the Governor General in Council is of opinion, that in the interest of the public safety or tranquillity the issue of all or any of the following orders is expedient, he may by notification in the Gazette of India—

(i) cancel or suspend all or any licenses issued under this Act either absolutely or subject to such conditions as he may think fit to prescribe;

(ii) direct that all or any airships or any specified class of airships shall be delivered either forthwith or within a specified time, to such authority as he may appoint in this behalf;

(iii) direct that all or any airships delivered to any authority in accordance with a direction under sub-clause (ii) shall be at the disposal of His Majesty for the public service.

(*2*) On the issue of a notification under clause (*ii*) of sub-section (*1*) any person in whose possession any airship referred to in such notification may be, shall forthwith or within the time specified in such notification, deliver the same to the authority specified therein.

(*3*) On the issue of a notification under clause (iii) of sub-section (*1*) in respect of any airship, the owner thereof shall be paid such compensation as may be determined by such officer as the Local Government may appoint in this behalf.

(*4*) In determining the amount of any compensation payable under sub-section (*3*), such officer shall have regard to any rules regulating the assessment and payment of compensation which the Governor General in Council or the Local Government, subject to the control of the Governor General in Council, may make in this behalf.

[Cf. s. 7 of Act IV of 1884.]

Power to make rules conferring powers of inspection, search, seizure, detention and removal.

6. (*1*) The Governor General in Council, or the Local Government subject to the control of the Governor General in Council, may make rules consistent with this Act authorising any officer—

(*a*) to enter, inspect and examine any place, carriage or vessel in which an airship is being manufactured, possessed, used, sold, imported or exported under a license granted under this Act, or in which he has reason to believe that an airship has been or is being manufactured, possessed, used, sold, imported or exported in contravention of this Act or of any rule made thereunder;

(*b*) to search for airships therein;

(*c*) to seize, detain and remove any airship found therein; and

(*d*) to search any airship for explosives, arms, ammunition, carrier-birds, or photographic or wireless telegraphic apparatus and to seize, detain and remove any such things if found thereon.

(*2*) The provisions of the Code of Criminal Procedure relating to searches under that Code shall, so far as the same are applicable, apply to searches by officers authorised by rules under this section.

5 *b*

[Cf. s. 1, 1 & 2 Geo. V.]

Prohibition and regulation of navigation by airships.

7. (1) The Local Government, or any officer specially empowered in this behalf by the Local Government, may by order in writing prohibit the navigation of airships over such areas as may be prescribed in the order.

(2) Any such order may apply either generally to all airships or to airships of such classes and descriptions only as may be specified in the order, and may prohibit the navigation of airships over any such prescribed area either at all times or at such times or on such occasions only as may be specified in the order and either absolutely or subject to such exceptions or conditions as may be so specified.

Penalty for certain offences.

8. Whoever in contravention of—

(1) a rule made under section 3, sub-section (2), clause (h), carries in an airship, explosives, fire-arms, ammunition, carrier-birds, or photographic or wireless telegraphic apparatus, or

(2) a notification issued under section 4, imports or exports an airship, or

(3) a notification issued under section 5, sub-section (1), clause (i), does or abstains from doing any act, or

(4) a notification issued under section 5, sub-section (1), clause (ii), fails to deliver to the proper authority any airship in his possession, or

(5) an order made under section 7, undertakes a flight in an airship, unless he proves that he was compelled to do so by reason of stress of weather or other circumstances over which he had no control,

shall be punishable with imprisonment for a term which may extend to three years or with fine or with both.

Penalty in cases not provided for in section 8.

9. Whoever in any case not provided for in section 8, manufactures, possesses, uses, sells, imports, or exports an airship in contravention of this Act or of the conditions of a license granted thereunder, shall be punishable with imprisonment for a term which may extend to six months or with fine which may extend to one thousand rupees or with both.

Forfeiture on conviction.

[Cf. s. 10 of Act IV of 1884.]

10. When a person is convicted of an offence punishable under this Act or of the rules made thereunder, the Court before which he is convicted may direct that the airship or the thing (if any) in respect of which the offence has been committed, or any part of such thing, shall be forfeited to His Majesty.

Abetments and attempts.

[Cf. s. 12 of Act IV of 1884.]

11. Whoever abets the commission of an offence punishable under this Act, or the rules made thereunder, or attempts to commit any such offence and in such attempt does any act towards the commission of the same, shall be punishable as if he had committed the offence.

Saving for acts done by Government or Government officers.

[Cf. s. 14 of Act IV of 1884.]

12. Nothing in this Act shall apply to the manufacture possession use, sale, import or export of any airship—

(a) by order of the Government; or

(b) by any person employed under the Government in the execution of this Act or to a public servant in the course of his employment or duty as such.

Procedure for making rules.

13 (1) The power to make rules conferred by this Act, is subject to the condition of the rules being made after previous publication.

(2) All rules made under this Act shall be published in the Gazette of India or the local official Gazette, as the case may be, and shall thereupon have effect as if enacted in this Act.

Saving for acts done in good faith under Act.

14. No suit, prosecution or other legal proceedings shall lie against any person for anything which is in good faith done or intended to be done under this Act.

STATEMENT OF OBJECTS AND REASONS.

THE gradual improvement which is taking place in the construction of airships has given rise to certain new military problems. It is now considered necessary, on military grounds, to prevent the acquisition, through the use of such vehicles, of improper information as to the internal arrangements of forts, arsenals, magazines, etc., and also to protect places or persons from attack from such vehicles in times of actual hostilities. It is therefore proposed to take powers to control, for military purposes, the manufacture, sale, import, export, use and possession of all airships by a system of licenses to be issued to approved persons. It is also proposed to empower Government to take over all such airships, subject to the payment of reasonable compensation, in times of grave public emergency.

DEPARTMENT OF REVENUE AND AGRICULTURE.

Rainfall summary for the seven days ending at 8 hrs. on Thursday, the 24th August 1911, based on the Indian Daily Weather Reports of the period.

1. The monsoon continued to exhibit considerable vigour during the greater part of the week, giving on several days more than the normal total amount of rainfall, but towards the close it weakened. Rain was fairly plentiful in the United Provinces and extended over the submontane Punjab, while light falls occurred in the east Punjab, Rajputana East, Central India West and Gujarat.

2. Temperature remained high in the northwest and extreme north, but owing to the increased rainfall it fell largely in the central parts of the country and the United Provinces, and towards the end of the week was 6 degrees below normal in Central India East and the neighbouring districts. Elsewhere it varied somewhat irregularly from day to day.

3. *Burma.*—Falls during the week were nearly general in Lower Burma, fairly general in north Burma and local in the central districts. Very heavy rain was reported on the 20th from the Arakan coast.

Northeast India, including Orissa.—Falls were fairly general in Orissa and Bengal and nearly general elsewhere.

The United Provinces, Central India and the Central Provinces.—Rain fell fairly generally in the United Provinces, the Central Provinces and Central India East, and light falls were reported from Central India West.

Northwest India.—Local rainfall occurred along the western Himalayas and in the submontane Punjab, and light falls were reported from the east Punjab, Rajputana East and Gujarat.

The Peninsula.—Rainfall was generally rather light, and was confined to the districts adjoining the west coast at the beginning and end of the week, but in the middle of the week falls were fairly general in the inland districts of south Madras and Mysore.

4. The most important falls were as follows :—

August 17th. Akyab 1·82", Myitkyina 2·02", Tezpur 2·78", Bogra 2·19", Cuttack 1·62", Sambalpur 3·56", Gaya 2·85", Lucknow 0·77", Roorkee 1·85", Dehra Dun 1·78", Jagdalpur 1·56" and Karwar 2·25".

GOVERNMENT OF INDIA.

DEPARTMENT OF REVENUE AND AGRICULTURE.

Season and Crop Prospects for the week ending Saturday, 19th August 1911.

Burma.—The rainfall was excessive in Arakan and parts of Tenasserim, heavy in Lower Burma and light in the dry zone. Transplanting of winter rice continues. Heavy rains have damaged standing crops in parts of Lower Burma. Cultivation of sesamum, cotton, *juar* and groundnut is progressing normally except over much of the dry zone where more rain is wanted. The price of unhusked rice has risen at Rangoon.

Eastern Bengal and Assam.—The rainfall was satisfactory except in some parts of the Rajshahi division where the fall was rather light. Harvesting of jute and early rice continues and a good outturn is being obtained from both the crops. The condition of winter rice is generally good though insect pests are doing some damage and *ufra* disease has made unusually early appearance. The average price of common rice has receded slightly after the rise of the last week. Cattle-disease prevails in Goalpara, Kamrup, Nowgong, Sibsagar, Cachar, and the Khasi and Naga Hills.

Bengal.—Rain was general over the Province. The fall was heavy in Patna, Gaya, Shahabad, Saran, Sambalpur and Manbhum. It was also heavy in parts of Burdwan, Bankura, Champaran, Muzaffarpur, Darbhanga, Monghyr, Purnea, Hazaribagh and Ranchi. In the remaining parts of these districts and in Palamau, Darjeeling, Cooch Behar, Cuttack, the Sonthal Parganas, most districts of the Presidency division, Birbhum and parts of Puri, Angul and Hooghly the rainfall was moderate. It was insufficient in Balasore, the greater part of Hooghly and Midnapore and in some parts of Howrah, Angul and Puri. Transplantation of winter rice is in progress but more rain is wanted in Midnapore, Hooghly, Howrah, the 24-Parganas, Khulna, Cuttack, Balasore, Angul and Singhbhum. Standing crops are on the whole doing well. Some damage has been done by floods in Cuttack. Floods are also reported from Darbhanga and Puri. The price of common rice has risen in Midnapore, Hooghly, Jessore, Khulna, the Sonthal Parganas, Cuttack, Puri, Palamau, Manbhum, Singhbhum and Cooch Behar and has fallen in Burdwan, Bankura, Murshidabad, Patna, Saran, Champaran, Monghyr, Angul, Sambalpur and Hazaribagh. Cattle disease is reported from Midnapur, Murshidabad, Patna, Gaya, Darbhanga, Monghyr, Bhagalpur, Purnea and from all the districts of the Orissa and Chota Nagpur divisions except Balasore, Palamau and Singhbhum. The supply of fodder and water is sufficient except in parts of Murshidabad.

United Provinces.—The rainfall in the Doab and Bundelkhand was again insufficient but a large area has received good rain since the close of the week which has much improved prospects. The most urgent need for rain is now in the Upper Doab. In the rest of the Provinces the rainfall of the week was generally good and many districts report that standing crops are flourishing in the area affected by drought. Sowings of *bajra* and *til* which began in the previous week in twenty districts have been continued and have been started in six other districts where sufficient rain has fallen. Transplantation of late rice continues in the eastern districts. Sporadic cattle disease is reported from twelve districts but cattle are generally in a satisfactory condition. Though the scarcity of fodder continues in the Doab and Bundelkhand, twelve districts where fodder was scarce report an improvement in the supply. Prices have again risen in twenty-three districts.

Punjab.—Light to moderate rain has fallen in all districts except Lahore, Mianwali and those of the Multan Division. Rain is badly wanted everywhere. Ploughing for spring crops and sowing of autumn crops continue in certain districts. The condition and prospects of irrigated crops are generally fair but even they are suffering from drought in most districts. Unirrigated crops have withered. There is a plague of insects of all kinds. Grasshoppers are damaging crops in most districts and insects are doing damage in Hissar, Karnal, Lyallpur and Muzaffargarh. Damage to crops by rats is reported from Montgomery. Boll worm has appeared throughout the Province. Prices are rising and have reached the warning scale in all districts except Gurgaon, Delhi, Karnal, Simla, Kangra, Ludhiana, Hoshiarpur, Attock, Mianwali, Lyallpur, Multan and Jhang. Cattle are generally healthy but overwork and want of green fodder have begun to tell on them in Delhi, Jullundur, Lahore, Amritsar, Sialkot, Gujranwala, Jhelum, Montgomery and Gujrat. Fodder is scarce except in Ambala, Jullundur, Ludhiana, Attock, Lyallpur, Multan and Gurdaspur. Water is deficient in Rohtak, Delhi, Karnal, Shahpur, Jhelum, Mianwali and Montgomery. The canal water supply is insufficient in Lahore, Multan and Muzaffargarh.

North-West Frontier Province.—Forty cents of rain fell in the Swabi Tahsil of the Peshawar district but no rain fell elsewhere. There is no change in the condition of standing crops either on irrigated or unirrigated areas. Hail and strong winds occurred in the Baizai circle of the Mardan Tahsil of the Peshawar district, but did no great damage. Sowing of maize on irrigated tracts of Bannu continues on a small scale as well as in Dera Ismail Khan. The young crops in Dera Ismail Khan are reported to be suffering from insect pests. There is no abnormal disease amongst cattle. Irrigation from the Paharpur canal continues. The fodder and water supply is generally adequate in Peshawar but fodder is not procurable in many villages of Dera Ismail Khan where drinking water also is still very scarce. Prices continue rising. Prices:—Wheat 11¼ to 18, *bajra* $17\frac{9}{16}$ to 23, maize $11\frac{5}{8}$ to 26½ and gram 14 to 29 seers per rupee.

Jammu.—The rain during the week was slight. Prices are fluctuating. Wheat sells from 9 to 17 and maize from 10 to 22 seers per rupee. The condition of standing crops is bad. Cattle disease of mild type prevails in the Jasmergarh tahsil of the Province. Fodder is insufficient.

Kashmir.—The weather was bright and warm. No rain fell during the week. Autumn crops except those of *karewas* are in fair condition. There is no disease among cattle. Fodder is average. Prices show slight tendency to rise.

Rajputana.—The rainfall in cents was:—Banswara 92, Tonk 75 and Aligarh 100. The fall was heavier in Sironj and Chhabra. Bundi received 158 cents, Kotah 97 ranging in 15 districts from 42 cents to 460, Jhalawar 247 ranging in 5 districts from 49 cents to 135, Jaipur 162 and Karauli 129 cents ranging in 3 districts from 20 to 125 cents. Light rain fell in Partabgarh, Shahpura, Bharatpur and Dholpur. The week was practically rainless elsewhere. Agricultural operations have been retarded or are at a standstill. Crops are reported to be good in Mewar except in the Hilly Tracts and fair in Jhalawar, Dholpur and the Southern half of Kotah. Some improvement in standing crops is noticeable in Banswara, Tonk and Bundi. Elsewhere autumn crops have been mostly lost. Cattle disease is prevalent in 2 villages of Dungarpur but subsided in Banswara. Scarcity of fodder is keenly felt everywhere. Prices are practically steady in Mewar, Dholpur and Sirohi and have risen by 1 seer in Bikaner, Tonk, Banswara and Shahpura, by 1½ seers in Marwar and Kishangarh, by 1 seer 1 chatak in Jaisalmer and Bundi, by 2 seers 13 chataks in Dungarpur, by 8 chataks in Partabgarh, by 2½ seers in Kotah, by 2 seers 9 chataks in Jhalawar, by 1 seer 6 chataks in Jaipur, by 1 seer 10 chataks in Alwar, by 5 chataks in Karauli, by 12 chataks in Bharatpur, by 1 seer 4 chataks in Ajmer and by 1½ chataks in Merwara. Prices are approaching scarcity level in Bikaner, Marwar, Jaisalmer, Kishangarh and Dungarpur. Prospects have been improved by rain in many parts of Rajputana on the 23rd and 24th instant.

Central India.—The rainfall during the week has been general and beneficial, averaging 4 inches in the Bhopal Agency, 2½ inches in Bundelkhand, 2 inches in Malwa and greater parts of Indore, 1 inch in Baghelkhand and Gwalior and half an inch in Bhopawar. Prospects of crops and fodder have much improved. Maize has generally suffered but cotton, *juar* and other crops generally promise well except in Gwalior and parts of Bhopawar where prospects are still very poor. The water supply is still low and tanks are almost dry. More rain is needed for crops and pasture which is very scarce in Gwalior and parts of Bhopawar and Malwa. The rise in prices has been arrested and there has been a sharp fall in Indore and other markets. Conditions are much more hopeful and the normal rainfall henceforth should secure a fair average crop over two-thirds of the Agency.

Central Provinces.—Light to moderate rain fell all over the Provinces during the week. The quantity of rainfall registered at headquarters ranged from 1 to 6 inches in the Nagpur division, 3 to 4 inches in the Jubbulpore division, 2 to 4 inches in the Chhattisgarh division and ¼ to 1½ inches in the Nerbudda division. In Berar the rainfall did not exceed half an inch. Transplantation and *Biasi* operations are practically completed. Standing crops are in good condition but in Nimar and Chhindwara more rain is badly needed and in these districts there is some scarcity of water and also of fodder. More rain is also wanted in parts of Buldana. Cattle are doing well. Prices:—The price of *juar* rose in Nimar, Amraoti and Yeotmal by 2 to 3 seers per rupee and elsewhere the prices of staple food grains show a tendency to rise.

Feudatory States.—During the week moderate to heavy rain fell in eleven States. The principal falls in inches were:—Raigarh 13, Sarangarh 10, Kanker 8 and Sakti 7. In the remaining States the quantity registered did not exceed 4 inches. More rain is still needed in Kawardha and Jashpur. Transplantation, thinning and weeding continue. Prospects are generally favourable. Fodder and water are adequate. Prices:—wheat became dearer by 4 seers in Kawardha.

Bombay.—Good rain fell during the week in parts of Surat, the Konkan, Nasik, Satara, Baroda, Savantvadi and Kolhapur, moderate in West Khandesh, Poona, Kathiawar and Rewa Kantha and slight elsewhere except in Sind and Palanpur. More rain is needed

everywhere but especially in Gujarat, the Gujarat Native States and Kathiawar. Standing crops have been damaged by rats in Karachi, by insects in the Upper Sind Frontier, by rats and insects in Dharwar and Kolhapur, by severe winds in Thar and Parkar and are suffering by insufficient moisture in parts of Sukkur, the Upper Sind Frontier, Thar and Parkar, Ahmednagar, Bijapur and Kolhapur. They have been mostly lost in Northern Gujarat and the Gujarat Native States and are generally in good condition elsewhere. Autumn sowings continue in parts of Karachi, Larkana, the Upper Sind Frontier, Thar and Parkar, the Deccan, Baroda, Savantvadi and Kolhapur, but have been stopped for want of rain in Ahmedabad, Kaira, Kathiawar and Rewa Kantha. Transplantation continues in parts of Larkana, Surat, Thana, Poona and Baroda. Lands are being prepared for spring cultivation in parts of Larkana, the Upper Sind Frontier, Broach, Khandesh, Ahmednagar, Sholapur and Dharwar. The fodder supply is adequate except in parts of Sind, Gujarat, Khandesh, Satara and the Gujarat Native States. Agricultural stock is generally in good condition but is deficient in parts of the Deccan and Mahi Kantha. Drinking water is generally adequate except in parts of Ahmedabad, the Panch Mahals and Rewa Kantha. Irrigation water is deficient in parts of Larkana, Hyderabad, Gujarat, Kathiawar and Rewa Kantha. Grain stocks are sufficient. Prices have risen in Larkana, the Upper Sind Frontier, Ahmedabad, the Panch Mahals, Kaira, Poona, Bijapur and Dharwar, have fallen in East Khandesh and are stationary elsewhere. The quantity purchasable per rupee is in Sind 15 to 37 per cent, in Gujarat 17 to 47 per cent, in the Konkan 16 to 34 per cent, in the Deccan 9 to 27 per cent and in the Karnatak 26 to 28 per cent less than the normal.

Hyderabad.—General rain fell throughout the Dominions. The fall was good in parts of Gulbarga, Bidar, Medak, Warangal and Adilabad and fair to light elsewhere. The average for the Dominions was 1 inch 15 cents. The highest falls were:—3 inches 89 cents in Kalabgur, 3 inches 39 cents in Zellandu, 3 inches 33 cents in Kodangal, 3 inches 22 cents in Bidar and 3 inches 20 cents in Chinur. Prospects are fair though rain is required in parts of Telingana. Cattle disease prevails in 1 taluqas. Prices:—Wheat 8¼, coarse rice 7½ and *juar* 14½ seers per rupee showing a fall of ½ seer in the price of wheat and *juar*. White *juar* is selling at 11½ seers in Hyderabad City and yellow *juar* at 12 seers. The highest price in the districts is 10 seers in Warangal and Karimnagar and the lowest 23 seers in Nander.

Mysore.—The rainfall was good in Kadur and Shimoga and *nil* elsewhere. Prices of food grains are generally steady. Markets are well supplied. Standing crops are in good condition but more rain is needed in parts of Bangalore, Kolar, Tumkur, Mysore, Hassan and Chitaldrug. Prospects of the season are good. Cattle are generally healthy. Water and fodder are available.

Coorg.—Rainfall 5 inches 20 cents. Transplanting of rice continues. Prices of food grains are slightly above the normal. The public health is fair. Water and fodder are ample.

Madras.—The rainfall was heavy in South Canara and the Vizagapatam Agency, good in Ganjam, *nil* in Central and South Anantapur and light to fair elsewhere. Irrigation supplies are sufficient in Kistna, Guntur, Malabar and the Nilgiris and insufficient in parts of other districts. Ploughing, sowing, manuring, weeding and transplanting are in progress in parts but agricultural operations in parts of Nellore and transplanting in parts of Ganjam have been retarded for want of rain. Standing crops are fair to good generally but some in parts of the Circars, the Deccan, Central and South Arcot and Tanjore require rain, some in parts of Vizagapatam, Guntur, Kurnool, Chingleput, South Arcot, North Arcot, Salem, Coimbatore, Madura and Tinnevelly are withering, and some in parts of Bellary have been affected by grasshoppers and caterpillars. Coffee in parts of the Nilgiris is affected by bug. Harvests continue except in Guntur, Kurnool, Tanjore, Ramnad, Malabar and South Canara with outturn fair to normal generally. Pasture is insufficient in parts of Godavari, Guntur, Bellary, Cuddapah, Nellore, Chingleput, South Arcot, Chittoor, North Arcot, Coimbatore, Trichinopoly, Ramnad and Tinnevelly. Fodder is insufficient in parts of Godavari, North Arcot and Madura. The condition of cattle is generally good. The price of rice is stationary in thirteen districts, has fallen in one and has risen in eleven. The prices of millets have fluctuated as follows:—*Ragi* is stationary in nine districts, has fallen in four and has risen in ten. *Cholam* is stationary in five districts, has fallen in three and has risen in seven. *Cumbu* is stationary in four districts, has fallen in five and has risen in eight. The public health is generally good. Prospects are generally fair but rain is urgently required in parts of the Circars, the Deccan, Nellore, Chingleput, South Arcot, Central Tanjore, Madura and Ramnad. The condition of the labouring classes is satisfactory and employment is available. Grain stocks are sufficient.

GOVERNMENT OF INDIA.

DEPARTMENT OF COMMERCE AND INDUSTRY.

(MERCHANT SHIPPING.)

Simla, the 21st August, 1911.

RESOLUTION.

It has been brought to the notice of the Government of India that the regulations for maintaining discipline prescribed in the form of Agreement for lascars do not specifically provide for the imposition of a penalty in cases of absence without leave, and for disobedience of lawful commands by lascars. It appears to the Governor General in Council necessary that, in the interests of discipline on board ship, power should be given to the Master to punish these offences, and he is accordingly pleased to direct that the schedule of offences and punishments printed on the last page of the form of Agreement for lascars prescribed in the Finance and Commerce Department's Resolution No. 1096-S. R., dated the 25th February 1903, shall be amended as follows :—

For—

" 2. Not returning on board at the expiration of leave ... ... One day's pay."

Substitute—

" 2. Failure to return to duty within the day on which leave expires. ... ... One day's pay."

" 2A. Other absence without leave (if not otherwise dealt with according to law) for each day or part of a day of absence. ... Two days' pay."

After entry No. 3 the following shall be inserted :—

" 3A. Disobedience to lawful commands (if not otherwise dealt with according to law) for each instance of disobedience. ... Two days' pay."

ORDERED, that a copy of the Resolution be forwarded to the Government of

Madras,
Bombay, Marine Department,
Bengal,
Burma, Commerce Department,
Eastern Bengal and Assam, Public Works (Marine) Department,

for information, [with reference to the letter from that Government, No. $\frac{442^*}{205\text{-T. Marine}^\dagger}$, dated the $\frac{\text{4th July 1911}}{\text{5th July 1911}}$].

* To Bombay and † Bengal only.

ORDERED, also, that a copy of the Resolution be forwarded to the Director General of Commercial Intelligence, for information.

Ordered, also, that the Resolution be published in the Supplement to the Gazette of India for general information.

SIMLA, TUESDAY, AUGUST 22, 1911.

MILITARY SECRETARY'S OFFICE.

NOTIFICATION.

No. 3928-M.

Simla, the 22nd August, 1911.

I.—His Excellency the Viceroy is commanded to notify that His Majesty the King Emperor will hold a Levée at Government House, Calcutta, at 9-30 P.M., in the first week of January 1912.

II.—Gentlemen, whether European or Indian, who desire to attend the Levée and are eligible to do so by previous presentation at the Court of St. James are requested to make their applications to the Military Secretary to His Excellency the Viceroy, Simla, not later than September 30th, after which date none can be considered.

Gentlemen who have not been presented at the Court of St. James, but who desire to attend the Levée, will be presented by gentlemen who have had the honour of presentation at the Court of St. James, and will submit their applications through them.

III.—Gentlemen who propose, and are entitled to present others, should apply to the Military Secretary to the Viceroy for a form of presentation which, after the necessary particulars have been entered thereon, will be returned to the Military Secretary's Office not later than September the 30th, for submission to His Excellency the Viceroy.

IV.—Gentlemen presenting others must themselves attend the Levée.

V.—In the case of Government officials, or gentlemen engaged in business, the presentor should ordinarily be the Head of the Department, or Firm.

VI.—Admission to Government House will be by tickets only. These will be issued by the Military Secretary to the Viceroy as early as possible to those gentlemen whose names are approved by His Excellency the Viceroy for presentation to His Majesty.

Gentlemen receiving tickets will show them first to the Police at the gates, and secondly will hand them to the Military Secretary to His Majesty the King Emperor in the Levée room.

VII.—All Officers of British and Indian units quartered in Calcutta and Barrackpore on the date of the Levée are invited to attend. Application for tickets in this case may be made up till December 23rd to the Deputy Assistant Adjutant and Quarter Master General, Presidency Brigade, Calcutta, who will also furnish information as to presentations, etc.

VIII.—Dress :—

(*a*) Civil, Naval, and Military Officers—Levée dress (helmets will not be taken to the Levée).

(*b*) Clergymen, being University Graduates and other gentlemen entitled to wear robes or gowns on account of Judicial or Academical office or status and not entitled to wear uniform, will appear in such robes, or gowns.

(*c*) It is desirable that gentlemen not entitled to wear uniform, or robes, or gowns, should appear in Court Dress, but they may, at their option, appear in Evening Dress.

(*d*) The instructions contained in paragraph (*c*) apply to Indian gentlemen not entitled to wear uniform who have adopted European dress. Indian gentlemen, who have not adopted European dress, will wear Choga, Aba or Jubba, and Chapkan, Chilta, Saya, or Kaba, with trousers and their distinctive National head dress, or the ceremonial dress approved for the class by the Local Government.

(*e*) In the case of Bengali gentlemen the head dress should be a Pugree, generally known as Shamla or Mouratta, and not a brimless cap.

(*f*) In the case of Burmese gentlemen the head dress should be a white fillet, the hair being dressed in a top knot.

(*g*) Indian gentlemen who do not appear in the dress prescribed in (*a*), (*b*) or (*c*) should not remove their head dress when they pass His Majesty.

At the Imperial Court only patent leather boots or shoes of an English pattern are allowed to be worn, except in the case of Indian Military Officers, who wear the particular style of boot or shoe which forms part of their uniform.

N.B.—*Gentlemen who had intended to be present, but have found themselves unable to attend should submit an explanatory letter to the Military Secretary to the Viceroy before, or as soon as possible after, the Levée.*

By Command,

F. A. MAXWELL, *Lieut.-Colonel,*

Military Secretary to the Viceroy.

SIMLA, WEDNESDAY, AUGUST 30, 1911.

MILITARY SECRETARY'S OFFICE.

NOTIFICATION.

No. 4133-M.

Simla, the 30th August, 1911.

1. His Excellency the Viceroy is commanded to notify that Their Majesties will hold a Court at Government House, Calcutta, in the first week of January 1912, at 9-30 P.M.

2. Ladies who have already been presented at the Court of St. James and who desire to attend the Court are requested to make a written application to the Military Secretary to the Viceroy, Simla, on or before the 30th September, after which no applications can be accepted.

3. Ladies who have not been presented at the Court of St. James and who desire to attend the Court will make their applications to be presented through ladies who have had the honour of Presentation at the Court of St. James.

NOTE.—No applications can be received direct by the Military Secretary to the Viceroy from ladies who wish to be presented. Their names should be forwarded by the lady who wishes to make the presentation.

Ladies, who desire and who are eligible to present others, should apply to the Military Secretary to the Viceroy, Simla, not later than the 30th September for presentation cards, which, on receipt, should be filled in and returned to the Military Secretary to the Viceroy, Simla, not later than the 10th October. The St. James' Court Rule will be observed, *viz.*, that a lady will be limited to one presentation in addition to that of a daughter.

Tickets for those ladies whose presentation to Their Majesties has been approved will then be forwarded to the ladies making the presentation.

Ladies, who present others, must themselves attend the Court.

Ladies attending the Court will appear in full dress, but will not wear trains and feathers.

Ladies who had intended to be present, but have found themselves unable to do so, should send an explanatory letter to the Military Secretary before, or as soon as possible after, the Court.

Ladies may be accompanied to the Court by their husbands if the latter have been presented, but gentlemen do not pass before Their Majesties and will leave their wives at the entrance to the Throne Room and rejoin them in the Ball Room. Gentlemen not entitled to wear uniform, who accompany their wives to the Court, will wear Court dress.

LEGISLATIVE DEPARTMENT.

NOTIFICATION.

Simla, the 31st August, 1911.

No. 30.—Whereas by Resolution passed by the Secretary of State for India in Council on the 6th day of October, 1870, the provisions of section 1 of the Government of India Act, 1870 (33 Vict., c. 3), were declared applicable to the districts comprised in the North-West Frontier Province as constituted by the Proclamation issued with the Notification of the Government of India in the Home Department, No. 5780-P., dated the 25th October, 1901,

And whereas the Chief Commissioner of the said North-West Frontier Province has proposed to the Governor General in Council a draft of the following Regulation, together with the reasons for proposing the same;

And whereas the Governor General in Council has taken the draft and reasons into consideration, and has approved of the draft and the same has received the assent of the Governor General on the 26th day of August, 1911;

In pursuance of the direction contained in the said section, the said Regulation is now published in the Gazette of India and in the North-West Frontier Province Gazette.

REGULATION No. III of 1911.

THE HAZARA FOREST REGULATION, 1911.

CONTENTS.

CHAPTER I.

PRELIMINARY.

A Regulation to Consolidate and amend the law relating to reserved forests and waste-lands in the Hazara District.

WHEREAS it is expedient to consolidate and amend the law relating to reserved forests and waste-lands in the Hazara District; It is hereby enacted as follows:—

CHAPTER I

PRELIMINARY.

Short title and extent.

1. (*1*) This Regulation may be called the Hazara Forest Regulation, 1911.

(*2*) It applies to the whole of the Hazara District with the exception of Upper Tanawal as defined in Regulation II of 1900:

Provided that the Local Government may, by notification in the official Gazette, exempt any specified area from the operation of its provisions.

(*3*) A notification under the proviso to sub-section (2) exempting an area from the operation of this Regulation shall not protect any person committing within the exempted area an act in regard to forest-produce of unexempted areas which, if committed within an area not so exempted, would be an offence.

Definitions.

2. In this Regulation, unless there is anything repugnant in the subject or context,—

(1) "brushwood" includes all woody plants with the exception of trees as defined below and of the following fruit trees when cultivated:

pears, apples, plums, apricots, peaches and vines:

(2) "cattle" includes, besides horned cattle, camels, horses, asses, mules, sheep, goats and the young of such animals:

(3) "Deputy Commissioner" means the Deputy Commissioner of the Hazara District or any other officer who may be invested by the Local Government with all or any of the powers of a Deputy Commissioner under or for the purposes of this Regulation:

(4) "estate," "village-officer," "landowner" and "tenant" shall be deemed to have the meanings respectively attributed to them by the Punjab Tenancy Act, 1887, and the Punjab Land-revenue Act, 1887:

XVI of 1887. XVII of 1887.

(5) "forest-offence" means an offence punishable under this Regulation or under any rule made under this Regulation:

(6) "Forest-officer" means any person whom the Local Government or any officer empowered by the Local Government in this behalf may appoint to carry out all or any of the purposes of this Regulation or to do anything required by this Regulation or any rule made under this Regulation to be done by a Forest-officer:

(7) "forest-produce" includes the following when found in or brought from a reserved forest or from waste-land, namely, minerals, surface-soil, trees, timber, brushwood, grass, peat, canes, creepers, reeds, leaves, flowers, fruits, roots, bark, honey, wax, lac, gum and resin:

(8) "Kaghan Ilaqa" means the lands of the estates in the Mansehra Tahsil of the Hazara District specified in Schedule II:

(9) "protected waste-land" means waste-land in respect of which an order has been passed under section 14:

(10) "reserved forest" means land which was demarcated as such at settlement or land constituted as such under section 11.

(11) "Revenue Commissioner" means the Revenue Commissioner of the North-West Frontier Province or any other officer who may be invested with the powers of the Revenue Commissioner for the purposes of this Regulation:

(12) "settlement" means the first and second regular settlements of the Hazara District including the Agror Valley:

Provided that in any case where the records of the two settlements do not agree the term shall be understood to refer to the second regular settlement:

(13) "timber" includes trees when they have fallen or have been felled and all wood of such trees whether cut up or fashioned or hollowed out for any purpose or not:

(14) "tree" means any tree of a kind specified in Schedule I or any other kind that the Local Government may add to that schedule:

(15) "Village-forest-officer" means any person entrusted by the Deputy Commissioner with any function or charge in the waste-land of villages: and

(16) "waste land" includes all uncultivated land except reserved forests, grave-yards, sacred places, land recorded at settlement as part of the village-site and land shown as fallow ("khali" or "banjar jadid") in annual records.

CHAPTER II.

RESERVED FORESTS.

Management of reserved forests.

3. The management of reserved forests is vested in the Forest-officers.

Reserved forests to be property of Government.

4. Subject only to the rights defined and recorded at settlement and to the payment to the village-landowners of seigniorage-fees as provided in section 29, the reserved forests shall be deemed to be the property of Government and the forest-income accruing from them shall be credited to Government as forest-revenue.

Alienation of right in or over reserved forest.

5. No right or privilege in a reserved forest and no produce obtained by its exercise shall be alienated by sale, lease or otherwise except to Government, unless such alienation is

expressly permitted in the order defining and recording such right or privilege:

Provided that when any such right or privilege attaches to any land it may be sold or otherwise alienated along with such land.

Acquisition of right in or over reserved forests.

6. No right of any description shall be acquired in or over a reserved forest except by succession or under a grant or contract in writing made by or on behalf of Government or by or on behalf of some person in whom such right was vested under Regulation II of 1873 or Regulation VI of 1893.

Demarcation.

7. Whenever the limits of any reserved forest are not sufficiently indicated by natural marks or other existing boundaries, they shall be demarcated by permanent and conspicuous marks; and the limits of the tracts assigned for the exercise of recorded rights (where such exist) within the reserved forest and also of the portion of the forest attaching to each village for seigniorage purposes shall, where necessary, be similarly demarcated.

Power to stop ways and water-courses.

8. Any Forest-officer may, with the previous sanction of the Local Government or of any officer duly authorized in that behalf, stop any public or private way or water-course in a reserved forest: provided that a substitute for the way or water-course so stopped, which the Local Government deems to be reasonably convenient, already exists or has been provided or constructed by the Forest-officer in lieu thereof.

Acts prohibited.

9. (*1*) Whoever—

(*a*) sets fire to a reserved forest or kindles any fire or leaves any fire burning in such way as to endanger such a forest;

or who, in a reserved forest,—

(*b*) kindles, keeps or carries any fire;

(*c*) grazes or drives cattle, or permits cattle to trespass;

(*d*) cuts, lops, taps or burns any tree or brushwood, or strips-off the bark or leaves from or otherwise damages the same;

(*e*) causes any damage by negligence in felling any tree or cutting or removing any forest-produce;

(*f*) quarries stone, burns lime or charcoal, or collects or removes any forest-produce;

(*g*) cultivates any land or clears or breaks up any land for cultivation or any other purpose;

(*h*) erects any building or makes any enclosure;

(*i*) enters into a fenced enclosure;

(*j*) in contravention of any rules which the Local Government may prescribe, shoots or fishes;

(*k*) sets snares or traps, or poisons water,

shall be punishable with imprisonment for a term which may extend to six months, or with fine not exceeding five hundred rupees, or with both, and shall, in addition thereto, be liable to pay such compensation for damage done to the forest as the convicting Magistrate may direct.

(*2*) When the person who is in charge of cattle which have been permitted to trespass in contravention of clause (*c*) of sub-section (*1*) is a child under the age of sixteen years, the owner of the cattle shall be deemed to be a person who is guilty of an offence within the meaning of that clause.

(*3*) Nothing in this section shall be deemed to prohibit—

(*a*) any act done by permission in writing of the Forest-officer or under any rule made by the Local Government, or

(*b*) the exercise of any right recorded at settlement or created by grant or contract made by or on behalf of the Local Government.

Forfeiture of implements, cattle and conveyances.

10. The penalty provided in section 9 may, in the discretion of the adjudicating Magistrate, be accompanied by the forfeiture of all implements, cattle or conveyances used in the commission or furtherance of the offence adjudicated; and all forest-produce illicitly obtained shall be restored to the Government Forest Department.

Power to constitute new areas as reserved forests.

11. If the Local Government considers it advisable to constitute any area as reserved forest beyond that demarcated at settlement, the provisions of the Indian Forest Act, 1878, Chapter II, sections 3 to 21, shall apply. VII

Power to declare forest no longer reserved.

12. (*1*) The Local Government may, with previous sanction of the Governor General in Council, by notification in the official Gazette, direct that, from a date to be fixed by such notification, any reserved forest or portion thereof shall cease to be a reserved forest.

(*2*) From the date so fixed, such forest or portion shall cease to be reserved; but the rights (if any) which have been extinguished therein shall not revive in consequence of such cessation.

CHAPTER III.

WASTE-LANDS.

Rights in waste-lands.

13. (*1*) Subject to the rights and powers of the Government in respect to seigniorage and forest conservancy as defined in this Regulation or in rules made thereunder, and subject also to the claims of right-holders not being owners of the soil, all waste-lands are the property, held jointly or severally, as the case may be, of the land-owners of the village in whose boundaries they are included; and such land-owners are entitled to use free of charge for their own domestic and agricultural requirements any trees and forest-produce found in those waste-lands. But they shall have no right or power to sell any trees or brushwood growing in such lands except with the permission of the Deputy Commissioner or other officer authorised by the Government and under such conditions as the Deputy Commissioner or other officer aforesaid may impose; and all such sales shall be subject to payment to the Government of seigniorage-fees as provided by section 29.

(*2*) The claims of right-holders other than land-owners of the village shall be recognised to

the extent defined and recorded at settlement, or, in case of doubt or dispute, to the extent which may hereafter be defined by the Deputy Commissioner with the sanction of the Local Government, and the exercise of such rights shall be subject to the provisions of this Regulation and the rules made thereunder.

(3) All deodar trees in the Kaghan Ilaqa shall be deemed to be the property of the Government, and nothing in this section shall be held to affect the right of the Government thereto.

Power to protect waste lands.

14. (1) Whenever it appears to be necessary to prohibit the breaking up for cultivation of waste-land or its occupation as sites for sheds, buildings or enclosures in order to the better protection of—

(a) the crests and slopes immediately below the crests of hills within the limits of tree vegetation,

(b) catchment-basins of streams, torrents or ravines,

(c) the banks and beds of rivers, streams, torrents and ravines,

(d) steep slopes,

(e) waste-lands which, though not situated in any of the above positions, are nevertheless of such value or utility for the supply of forest-produce or otherwise that their breaking up or occupation would in the judgment of the Deputy Commissioner be inadvisable,

the Deputy Commissioner may issue orders prohibiting the breaking up or occupation of such waste-land, and defining the area to which such prohibition shall extend, and may cause the limits of such area to be shown on the village-map and to be demarcated on the ground with boundary-marks so far as may be necessary.

(2) All orders passed by the Settlement-officer under section 11 of the Hazara Forest Regulation, 1893, at the second regular settlement of the Hazara District shall be deemed to be orders passed under this section.

VI of 1893.

(3) No such order as is referred to in sub-section (1) or sub-section (2) shall be cancelled by the Deputy Commissioner without the sanction of the Revenue Commissioner, but the Deputy Commissioner may from time to time revise such orders by altering the boundary of the protected land so as to exclude any particular plot the protection of which may appear to be unnecessary.

Power to set apart waste-land for growth of grass, trees or brushwood.

15. (1) If the Deputy Commissioner is of opinion that in any estate the supply of grass, trees or brushwood is not adequate for the present and prospective wants of the residents, he may direct that an area of waste-land not exceeding one-fifth of the total uncultivated area of the estate shall be set apart in a convenient and suitable position, and may record a proceeding providing—

(a) for the prohibition within this area of all or any of the acts detailed in sub-section (1) of section 9;

(b) for the enjoyment of its produce by the residents of the estate and any other right-holders and for the due regulation of that enjoyment;

(c) for the recovery of costs of management of the area from the said residents and right-holders.

(2) No compensation shall be claimable by the owners or other right-holders of such land in respect of any orders passed under this section.

Power to set apart waste-land for growth of trees, brushwood or grass on application of land-owners.

16. If in any case such proportion of the land-owners of the estate as pay not less than two-thirds of the land-revenue due thereon, make an application to the Deputy Commissioner requesting that a stated area of waste-land owned in common by them be set apart for the growth of trees, brushwood or grass, the Deputy Commissioner shall have power to proceed in respect of that area as provided in section 15.

Power to protect waste-lands from erosion, etc.

17. (1) If the Deputy Commissioner is of opinion that it is necessary to guard more securely against erosion or the formation or extension of ravines or landslips, he may issue special orders prohibiting within the area likely to be affected or that adjacent thereto all or any of the acts detailed in sub-section (1) of section 9, or permitting them only on such conditions as he may see fit to impose.

(2) No compensation shall be claimable by the owners or other right-holders of such land in respect of any orders passed under this section.

Appointment of village-forest-officers and issue of management orders.

18. (1) The Deputy Commissioner may appoint village-forest-officers to manage the forestry of waste-lands and may issue general or special management orders to such officers for the prohibition of the barking, boring, girdling or otherwise injuring of trees or brushwood and for the regulation of the felling or lopping of trees or brushwood in such waste-lands for village requirements.

(2) In case of any contravention of orders issued under sub-section (1), the Deputy Commissioner may direct that no trees be felled in the waste without the previous permission in writing of himself or of such officials as may be authorized by him in this behalf; and if permission to sell brushwood has been accorded he may cancel such permission.

Firing of village waste-lands.

19. The Deputy Commissioner may issue special orders in writing permitting the firing of any waste-lands within such limits and subject to such conditions as he may think fit.

Village-officers and village-forest-officers bound to report acts contrary to the above prohibitions.

20. Every village-officer and village-forest-officer shall be bound to report any breaking up of waste-land protected under section 14 and any breach of any order passed under the provisions of this Chapter as soon as the fact comes to his knowledge.

Treatment of illicit cultivation, etc.

21. The Deputy Commissioner may cause to be summarily ejected any person cultivating land or committing any other act in contravention of an order passed under section 14, section 15, section 16 or section 17, and may direct that any building or enclosures erected or crop

grown on such land in contravention of such order shall be confiscated.

Treatment of encroachments on common land.

22. Where waste-land which has been recorded at settlement as shamilat or common land or which has been specially reserved as a grazing ground or as a fuel or timber preserve of the village is broken into by cultivation, the Deputy Commissioner, on the application of any right-holder in the village or of his own motion, may eject the author of the encroachment and forbid its repetition by a proclamation published in like manner as a proclamation under section 22 of the Punjab Land-revenue Act, 1887.

Assessment of cultivation in protected waste.

23. Where the Deputy Commissioner permits the breaking up and cultivation of land in protected waste or where land has been broken up without his permission, and he does not think it necessary or expedient to stop the cultivation thereof, he may impose on the land newly brought under cultivation an assessment at rates which shall not exceed double the rates on land of similar quality in the same or adjacent villages and, in cases where application has been made for his sanction previous to the breaking up of the land, shall ordinarily not be higher than those rates. Such assessment shall not be a bar to a prosecution under section 28 in cases of unauthorised cultivation.

Protection of groves.

24. The Deputy Commissioner may issue general or special orders forbidding the felling of or injury to any kinds of trees growing in groves near villages, along roads, at burying places or shrines or near springs and streams.

Protection of cultivation by retaining walls.

25. (*1*) In the case of existing cultivation in dangerous positions on hill-sides the Deputy Commissioner may require the owner or tenant of the land so cultivated to protect it by a retaining wall or to take such other precaution to ensure the stability of the soil as he may deem necessary.

(*2*) Should the owner or tenant fail to comply with the requisition within a reasonable time and also persist in cultivating the land, the Deputy Commissioner may summarily eject him from so much of the land as may be in danger and deal with it in accordance with the provisions of section 17.

(*3*) Similarly, the Deputy Commissioner may direct that any extension of cultivation after the date of the introduction of the second regular settlement in dangerous positions on a hillside shall be protected by retaining walls, and may summarily eject the cultivator of such land if he fails to comply with the order.

(*4*) No compensation shall be claimable by the owner or tenant of such land in respect of any order passed under this section.

Treatment of cultivation in dangerous positions on hillsides.

26. (*1*) Where after the date of the introduction of the second regular settlement land is brought into cultivation in dangerous positions on hillsides and the slope is too steep to admit of the construction of retaining walls, the Deputy Commissioner may, if he is of opinion that the prohibition of such cultivation is in the general interests of the village, eject the person cultivating and direct that the land remain uncultivated in future.

(*2*) No compensation shall be claimable by the person ejected in respect of any order passed under this section.

Cost of management.

27. The cost of management of any waste-land, and of the demarcation of any waste-land directed by the Deputy Commissioner to be demarcated in accordance with the provisions of this Chapter, may be recovered from all land-owners, or from all land-owners and right-holders, concerned as an arrear of land-revenue.

Offences in waste-lands.

28. Whoever commits or abets the commission of any of the following offences, namely :—

(*1*) breaks up or occupies or, being the owner of the land or a joint owner thereof, permits the breaking up or occupation of any waste-land protected under section 14 ;

(*2*) contravenes any order passed under section 15, section 16, section 17, section 22, section 24, section 25 or section 26 ;

(*3*) without permission knowingly sells or conveys for sale any tree, timber or brushwood produced on waste-land, or fells, lops, barks, bores, girdles or otherwise injures any such tree or brushwood contrary to any general or special management orders issued under section 18 ;

(*4*) sets fire to any waste-land otherwise than as permitted by an order passed under section 19, or negligently permits any fire to extend thereto ;

shall be punishable with imprisonment for a term which may extend to six months, or with fine which may extend to five hundred rupees, or with both.

CHAPTER IV.

DUTIES AND FEES.

Seigniorage-fees.

29. (*1*) In the case of—

(*a*) trees felled in reserved forests,

(*b*) firewood supplied for kilns from the same, and

(*c*) deodar trees felled in the waste-lands of villages in the Kaghan Ilaqa,

the Forest-officer shall credit to the Government as forest-revenue the price realised by the sale of such trees or firewood, and on the other hand debit to the Government and pay to the right-holders entitled thereto in such manner as the Deputy Commissioner may direct the seigniorage-fees due according to the list of such fees that is in force for the time being.

(*2*) Similarly, in the case of trees which are sold from waste-lands, the Deputy Commissioner shall credit to the Government as forest-revenue the seigniorage-fees, and the balance of the price realised shall be paid to the right-holders entitled thereto: Provided that the trees referred to in this sub-section are of one or other of the kinds entered in the seigniorage list which is in force for the time being.

(3) The list of the seigniorage-fees in force at the commencement of this Regulation is hereby maintained.

(4) With the previous sanction of the Governor General in Council, the Local Government may, with due reference to the average actual prices realisable for timber or fuel, revise the rates of fees in such list and may add trees to it or exclude trees from it.

(5) The fees may be uniform throughout the district or varied in different parts thereof, but shall not exceed in any case a fair estimate of half the average net profits realisable on the sales.

(6) Whenever the list of seigniorage-fees has been revised, the Local Government shall publish a notification in the official Gazette which shall set forth the rates of seigniorage-fees payable, the circumstances under which any trees have been exempted from charge, and such other matters connected with seigniorage-payments as the Local Government may see fit to regulate.

Power to impose duty on timber.

30. The Local Government may direct the levy of a duty in such manner, at such places and at such rates, *ad valorem* or otherwise, as it may prescribe by notification in the official Gazette, on all timber produced in the Hazara District or brought into that district from beyond the frontier or elsewhere.

CHAPTER V.

CONTROL OF FOREST-PRODUCE IN TRANSIT.

Power of Local Government to issue rules for floating timber and levying fees.

31. The Local Government may make rules to regulate —

(*a*) the import of timber or of any forest-produce into the Hazara District ;

(*b*) the transport of timber or of any forest-produce by land or by rivers and streams within the district, the custody thereof during transit, and the levy of fees in respect of timber or of any forest-produce transported ;

(*c*) the collection and disposal of waif and unowned timber or of any forest-produce ; and

(*d*) the use of property-marks for timber and the registration of such marks ;

and may prescribe as penalty for the infringement of such rules imprisonment which may extend to six months, or fine which may extend to five hundred rupees, or both.

CHAPTER VI.

DRIFT AND STRANDED TIMBER.

Certain kinds of timber to be deemed the property of Government until title thereto proved.

32. (1) All timber found adrift, beached, stranded or sunk, all timber bearing marks which have not been registered in accordance with any rules which the Local Government may have issued, all timber on which the marks have been altered, defaced or obliterated, and, in such areas as the Local Government may, by notification in the official Gazette, direct, all unmarked timber, shall be deemed to be the property of the Government unless and until some person establishes his right and title thereto.

(2) Such timber may be collected by any Forest officer and be brought to any depôt appointed for its reception.

(3) Due public notice shall be given from time to time of such collection, and any person claiming such timber shall be required to present a written statement of his claim within two months from the date of such notice.

Procedure on claim preferred to such timber.

33. (1) When any such statement is presented as aforesaid, the Forest-officer may, after making such inquiry as he thinks fit, either reject the claim after recording his reason for so doing, or deliver the timber to the claimant.

(2) If such timber is claimed by more than one person, the Forest-officer may either deliver the same to any of such persons whom he deems entitled thereto, or may refer the claimants to the Civil Courts, and retain the timber pending the receipt of an order from any such Court for its disposal.

(3) Any person whose claim has been rejected under this section may, within three months from the date of such rejection, institute a suit to recover possession of the timber claimed by him; but no person shall recover any compensation or costs against the Government, or against any Forest-officer, on account of such rejection, or the detention or removal of any timber, or the delivery thereof to any other person under this section.

(4) No such timber shall be subject to process of any Civil, Criminal or Revenue Court until it has been delivered, or a suit has been brought, as provided in this section.

Disposal of unclaimed timber.

34. If no such statement is presented as aforesaid, or if the claimant omits to prefer his claim in the manner and within the period prescribed by the notice issued under section 32, or, on such claim having been so preferred by him and having been rejected, omits to institute a suit to recover possession of such timber within the further period limited by section 33, the ownership of such timber shall vest in the Government, or, when such timber has been delivered to another person under section 33, in such other person, free from all incumbrances not created by him.

Government and its officers not liable for damage to such timber.

35. The Government shall not be responsible for any loss or damage which may occur in respect of any forest-produce while at a depôt or while detained elsewhere for the purposes of this Regulation ; and no Forest-officer shall be responsible for any such loss or damage unless he has caused such loss or damage negligently, maliciously or fraudulently.

CHAPTER VII.

PENALTIES AND PROCEDURE.

Liability to assist in preventing forest-offences and fires, etc.

36. (1) Every person having rights in a reserved forest or owning, occupying or having rights in waste-land or land adjacent to a reserved forest or to waste-land, and every person employed in a reserved forest by Government or in waste adjacent to reserved forest by any owner of the waste, shall be bound to furnish without unnecessary delay to the nearest Revenue-officer, Forest-

officer, Village-forest-officer or Police-officer any information he may possess respecting the commission of, or intention to commit, any forest-offence; and shall further be bound to use his best endeavours—

(a) to extinguish any fire occurring in any such reserved forest or in any such waste-land,

(b) to prevent fire from spreading thereto,

(c) to prevent the commission of any forest-offence therein,

(d) when there is reason to believe that a forest-offence has been committed therein, to discover and arrest the offender.

(2) All contractors and all persons employed by contractors in any reserved forest or waste-land, and all persons holding any permit or lease therein, shall be bound in the same way as regards the lands in which their employment or permit or lease subsists.

(3) Every person who neglects any duty imposed on him by this section shall, on conviction before a Magistrate, be punishable with fine which may amount to one hundred rupees, and in default of payment may be sentenced to simple imprisonment for a term not exceeding six months. In a case of second conviction, simple imprisonment not exceeding six months may be awarded in addition to the above penalty.

Burning of forests; joint liability of villagers.

37. (1) In cases of illicit firing of reserved forests or waste-lands, or in any case in which it may appear that any community of villagers, land-owners or occupants of land, or any section of such community, has neglected to render reasonable assistance in the prevention or prosecution of any forest-offence, it shall be lawful for the Deputy Commissioner to impose a fine on such community or section, in whose vicinity the firing has occurred or by whom such default has been made.

(2) Such fine shall not exceed double the land-revenue for one year payable by the community or section convicted, but in addition thereto or in lieu thereof the Deputy Commissioner may order the forfeiture to the Government of the whole or any part of the seigniorage-fees due at the time to the convicted persons under section 29.

(3) The Deputy Commissioner may in his discretion summon only the representatives of such community or section to answer to the offence or the neglect charged, and in imposing such fine the Deputy Commissioner may direct in what manner it shall be levied from the community or section as a whole.

Power to close forests that have been burnt or otherwise damaged.

38. In cases of illicit firing of any reserved forest or of repeated or serious damage thereto in contravention of any of the provisions of this Regulation or rules made thereunder, the Deputy Commissioner (whether or not any punishment has been inflicted under section 9, section 36 or section 37) may direct that the area so burnt or damaged and also the whole or any part of the area of the forest attaching to the village to which the offender or offenders are proved or believed to belong shall be closed against all or any of the following acts, *viz.*, cattle-grazing, grass-cutting, the felling and lopping of trees and the cutting and gathering of dead wood, for a period not exceeding two years or, with the sanction of the Local Government, for any longer period that may be thought fit.

Power to close waste-lands in cases of violation of the provisions of the Regulation.

39. In cases of a flagrant or habitual violation of any of the provisions of this Regulation or rules made thereunder, the Deputy Commissioner (whether or not any punishment has been inflicted under section 28, section 36 or section 37) may, with the previous sanction of the Revenue Commissioner, direct that within the limits of the whole of the waste-land affected or of a specified portion thereof all or any of the following acts, *viz.*, cattle-grazing, grass-cutting, tree-felling and the cutting and gathering of brush-wood or any other kind of wood shall be totally prohibited or allowed only with his special permission, for a period not exceeding two years or, with the sanction of the Local Government, for any longer period that may be thought fit.

Punishment for act in contravention of order passed under section 39.

40. Whoever contravenes an order passed under section 39 shall be punishable with imprisonment for a term which may extend to one month, or with fine which may extend to five hundred rupees, or with both.

Power to close land illicitly cultivated.

41. In all cases of illicit cultivation in any reserved forest or protected waste-land (whether or not any punishment has been inflicted under section 9 or section 28), the Deputy Commissioner may demarcate the land so cultivated, and may suspend the exercise in such land of all rights therein for two years, or for such longer time as may be necessary for the reproduction of any trees, brushwood or turf that may have been destroyed in order to its cultivation.

Power of seizure of forest-produce unlawfully removed.

42. (1) Any Revenue, Police or Forest officer may seize—

(a) any forest-produce which he has reason to believe has been obtained or is being transported contrary to any provision of this Regulation or of any rules or orders made thereunder; and

(b) any tools or carriage, wagon, cart, truck or other vehicle used in the commission of any offence against such Regulation, rules or orders.

(2) Such seizure shall be reported forthwith to the nearest Magistrate having jurisdiction in respect of such offence.

(3) All forest-produce in respect of which an offence under this Regulation or any rule made thereunder has been committed, and any tools, or carriage, wagon, cart or other vehicle used in committing any such offence, shall be liable to confiscation.

(4) When the offender is not known or cannot be found, the Magistrate may, if he finds that an offence has been committed, direct that any thing seized under sub-section (1) shall be confiscated.

Punishment for wrongful seizure.

43. Any Forest-officer or Police-officer who vexatiously and unnecessarily seizes any property on pretence of seizing property liable to confiscation under this Regulation shall be punishable with imprisonment for a term which may extend to six months, or with fine which may extend to five hundred rupees, or with both.

44. Whoever, with intent to cause damage or injury to the public or to cause wrongful gain as defined in the Indian Penal Code,—

Penalty for counterfeiting or defacing marks on trees and timber or altering boundary-marks.

XLV of 1860.

(*a*) knowingly counterfeits upon any timber or standing tree a mark used by Forest-officers or other person to indicate that such timber or tree is the property of the Government or of such other person, or that it may lawfully be cut or removed by some person; or

(*b*) alters, defaces or obliterates any such mark placed on a tree or on timber by or under the authority of a Forest-officer; or

(*c*) alters, moves, destroys or defaces any boundary-mark of any forest or waste-land to which the provisions of this Regulation are applied;

shall be punishable with imprisonment for a term which may extend to two years, or with fine, or with both.

45. (*1*) Any Revenue, Police, Forest or Village-forest officer may arrest without a warrant any person committing within his sight an offence punishable under this Regulation.

Power of arrest.

(*2*) Every officer making an arrest under this section shall without unnecessary delay take or send the person so arrested to the nearest Magistrate or police-station, there to be released on bail or personal recognizance pending the trial of the case.

46. (*1*) The Local Government may, by notification in the official Gazette, empower any Forest-officer—

Power to compound offences.

(*a*) to accept from any person against whom a reasonable suspicion exists that he has committed any forest-offence, other than an offence specified in section 43 or section 44, a sum of money by way of compensation for the offence which such person is suspected to have committed; and

(*b*) when any property has been seized as liable to confiscation, to release the same on payment of the value thereof as estimated by such officer.

(*2*) On the payment of such sum of money, or such value, or both, as the case may be, to such officer, the suspected person, if in custody, shall be discharged, the property, if any, seized shall be released, and no further proceedings shall be taken against such person or property.

(*3*) No Forest-officer shall be empowered under this section unless he is of a rank not inferior to that of Ranger, and is in receipt of a monthly salary amounting to at least one hundred rupees, and the sum of money accepted as compensation under sub-section (*1*), clause (*a*), shall in no case exceed the sum of fifty rupees.

47. All proceedings relating to offences and criminal liabilities under this Regulation shall (except as herein otherwise provided by section 37) be governed by the Code of Criminal Procedure, 1898.

Procedure.

V of 1898.

48. (*1*) No Civil Court shall exercise jurisdiction over any of the following matters, namely:—

Jurisdiction.

(*a*) any matter provided for in sections 3 to 27 (both inclusive);

(*b*) any matter provided for in sections 38, 39 and 41.

(*2*) In the matters referred to in sub-section (*1*) jurisdiction shall rest with the Revenue-officers only, and all proceedings shall be governed by the procedure prescribed by law for the time being in force for the regulation of such proceedings.

(*3*) Every order passed by a Revenue-officer in exercise of the above jurisdiction shall be subject to such rights of appeal and powers of review and revision as are provided in sections 80 to 84 of the Punjab Tenancy Act, 1887.

XVI of 1887.

CHAPTER VIII.

CATTLE-TRESPASS.

49. (*1*) Cattle trespassing in a reserved forest or in any waste-land set apart or protected under section 15, section 16 or section 17 or in any area which has been closed to grazing under section 38, shall be deemed to be cattle doing damage to a public plantation within the meaning of section 11 of the Cattle-trespass Act, 1871, and may be seized and impounded as such by any Forest or Village-forest or Police officer.

Cattle trespass Act to apply.

I of 1871.

(*2*) The Local Government may, by notification in the official Gazette, direct that in lieu of the fines fixed by section 12 of the said Act there shall be levied for each head of cattle impounded under sub-section (*1*) such fines as it may think fit, not exceeding the following, that is to say:—

	Rs.	A.	P.
For each buffalo or camel	2	0	0
For each horse, mare, gelding, pony, colt, filly, mule, bull, bullock, cow or heifer	1	0	0
For each calf, ass, pig, ram, ewe, sheep, lamb, goat or kid	0	8	0

Provided that—

(*a*) when cultivation closely adjoins the boundary of a forest, no cattle straying from such cultivation or its neighbourhood shall be liable to seizure under this section unless the forest in that part adjoining the said cultivation has been clearly demarcated; and

(*b*) no cattle shall be liable to seizure which are being lawfully driven along a road or track on which a right of way exists even though they stray from such road or track;

so long as the driver has used reasonable care and diligence to prevent his cattle from so straying and to drive back such as stray.

CHAPTER IX.

FOREST-OFFICERS.

50. The Local Government may invest any gazetted Forest-officer with all or any of the powers of a Deputy Commissioner under this Regulation and with all or any of the powers with which an Assistant Collector may be invested under the provisions of the Punjab Land-revenue Act, 1887:

Conferment on Forest-officers of powers of Deputy Commissioner or Assistant Collector.

XVII of 1887.

Provided that any Forest-officer invested with any powers under this section shall exercise such powers subject to the control of the Deputy Commissioner of the Hazara District.

Conferment on Forest-officers of certain other powers.

51. (*1*) The Local Government may invest any Forest-officer with all or any of the following powers, that is to say:—

(*a*) power to enter upon any land and to survey, demarcate and make a map of the same;

(*b*) powers of a Civil Court to compel the attendance of witnesses and the production of documents;

V of 1898.

(*c*) power to issue a search-warrant under the Code of Ciriminal Procedure, 1898;

(*d*) power to hold inquiry into forest-offences, and, in the course of such inquiry, to receive and record evidence.

(*2*) Any evidence recorded under clause (*d*) of sub-section (*1*) shall be admissible in any subsequent trial before a Magistrate: Provided that it has been taken in the presence of the accused person and that he has had an opportunity of cross-examining the witness.

Forest officers deemed public servants. XLV of 1860.

52. All Forest-officers shall be deemed to be public servants within the meaning of the Indian Penal Code.

Forest-officers not to trade.

53. Except with the permission in writing of the Local Government, no Forest-officer shall, as principal or agent, trade in timber or any forest-produce, or be or become interested in any lease of any forest or in any contract for working any forest, whether in British or foreign territory.

CHAPTER X.

SUPPLEMENTAL PROVISIONS.

Additional power to make rules.

54. (*1*) The Local Government may make rules to carry out the objects and purposes of this Regulation.

(*2*) In particular and without prejudice to the generality of the foregoing power, such rules may—

(*a*) prescribe and limit the powers and duties of any Forest-officer under this Regulation;

(*b*) provide for the disposal of the proceeds of fines, confiscations and other sums received under this Regulation and the regulation of rewards to be paid therefrom to officers, informers and others;

(*c*) provide for the preservation, reproduction and disposal of trees, brushwood and timber produced on waste-lands.

Publication of rules in official Gazette.

55. All rules made under this Regulation shall be published in the official Gazette, and on such publication shall have effect as if enacted in this Regulation.

Indemnity for acts done in good faith.

56. No suit, prosecution or other proceeding shall be entertained in any Court against any public servant for anything done in pursuance or execution of this Regulation or done in good faith and in intended execution of this Regulation.

Recovery of money due to the Government.

57. All money payable to the Government under this Regulation, or any rule made thereunder, or on account of the price of any forest produce or of expenses connected with any act done in accordance with the provisions of this Regulation or the rules made under it in respect of such produce, may, if not paid when due, be recovered under the law for the time being in force as if it were an arrear of land-revenue.

Repeal of Hazara Forest Regulation, 1893. VI of 1893.

58. The Hazara Forest Regulation, 1893, is repealed.

No. 2485-EST. A.

The 1st September 1911.

RESOLUTION—By the Government of India, Foreign Department.

In the Resolution of the Government of India in the Foreign Department No. 1573-G., dated the 13th July 1906, the Governor-General in Council announced that His Majesty's Secretary of State for India had sanctioned the introduction of a scheme for the reorganisation of the Political Department of the Government of India. The main feature of the scheme was the establishment of a dual cadre giving different rates of promotion to members of the Indian Civil Service (including members of the Punjab Commission) on the one hand and to Military and other members of the Department on the other. This scheme which was of a tentative character only and now has been in operation for more than five years has in the opinion of the Governor-General in Council proved inconvenient and unsatisfactory and has failed to meet the legitimate expectations of the members of the Department. The position has further been complicated by considerable reductions in the strength of the Department which have been rendered necessary by the abolition of certain appointments in Rajputana and Persia. In the circumstances and in view of representations which have reached him from various quarters, the Governor-General in Council has had under consideration the possibility of devising some alternative scheme which would at the same time remove the objections to the existing system and simplify the reconstruction of the Department on its reduced basis. The objects to be sought were, firstly the abolition of the dual cadre with its attendant anomalies and inconveniences, secondly the amelioration of the position of officers now on the General cadre, and thirdly the introduction of a scale of pay which would assure a steady flow of promotion to officers at present in the Department and to those who may hereafter be admitted to it.

2. The Governor-General in Council now desires to announce that His Majesty's Secretary of State for India has sanctioned the introduction, with effect from the 21st May 1911, of a revised scheme, the principle of which is to substitute for the graded system hitherto in force a time-scale of pay, at uniform rates, for all members of the Department below the grade of Resident, with additional personal allowances for members of the Indian Civil Service and of the Punjab Commission, calculated at a rate which will give them approximately the emoluments which they might expect to draw in the Provinces. Acting or charge allowances under chapters V to VII of the Civil Service Regulations will not be given within the time-scale except as provided in clause (3) of paragraph 4. But an officer on time-scale pay officiating as, or placed in charge of the duties of, a Resident will get the acting or charge allowance admissible under the Civil Service Regulations; and all officers will continue to receive the charge allowances admissible under Chapter VIII of the Regulations. The rates of pay and personal allowances are shown in the following table.

1	2	3

21st	2,150	250
22nd	2,250	150
23rd and over	2,400	*Nil*

Maximum pay of officers on time-scale, Rs. 2,400.

3. Above the time-scale will remain 15 selection posts, *viz.*, 6 Residents, 1st class; and 9 Residents, 2nd class; the latter appointments carrying a uniform rate of pay of Rs. 2,750 a month. Promotion to these appointments will continue to be by selection, not only from the Department, but, if necessary, from outside it.

4. In order to guard against any possible ill-effects of the introduction of a time-scale of pay, the following rules will be observed :—

(1) No officer shall draw more than Rs. 850 a month unless he is reported to be fully qualified for the charge of a "superior" post. An officer whose pay is restricted under the operation of this rule will ordinarily lose in seniority.

(2) No officer shall draw more than Rs. 1,250 a month unless he actually holds a 'superior' post or is employed on special duty which is declared at the time to be of the nature of a "superior" post.

(3) An officer who has not completed 9 years' civil service shall draw, when posted to an appointment classed as "superior," a charge allowance of Rs. 200 a month, subject to the condition that his salary (excluding the personal allowance for members of the Indian Civil Service and of the Punjab Commission) shall not exceed Rs. 1,000 a month.

5. The Department will henceforth be constituted as follows :—

Selection posts	15
Appointments on a time-scale of pay	122
Total strength ...	137

Under normal circumstances the Department will consist of 40 members of the Indian Civil Service or of the Punjab Commission and 97 military or other officers. The appointments included in the cadre of the Department, as well as those classified as "superior" are shown in the list attached to this Resolution.

6. The existing local and language allowances will be retained subject to the following modifications :—

(1) A local allowance of Rs. 150 a month will be attached to the appointment of Resident, Western Rajputana States, in consideration of the addition to his duties of the political charge of the Bikaner State.

(2) A similar local allowance of Rs. 150 a month will be attached to the appointment of Resident at Jaipur, in consideration of the addition to his duties of the political charge of the Tonk State. This allowance will, however, be held in abeyance during such periods as an Assistant may be posted to the Jaipur Residency.

(3) A local allowance of Rs. 150 a month will be attached to the appointments of Divisional Judge, Peshawar, and Divisional Judge, Derajat.

(4) The local allowance of Rs. 250 a month attached to the appointment of Revenue Commissioner, North-West Frontier Province, will be abolished, as the pay of that appointment is now increased to Rs. 2,750 a month.

(6) The local allowance attached to the appointment of District Judge, Peshawar, will be reduced from Rs. 200 to Rs. 100 a month. The allowance will be subject as at present to the condition that the sum of salary and local allowance shall not exceed Rs. 1,300 a month.

7. In view of the substantial increase of emoluments which the majority of the members of the Department will enjoy as a result of the introduction of the new scheme Exchange Compensation Allowance will be discontinued to all officers, except to those substantive or officiating in the grades of Resident.

8. There are certain subsidiary points in connection with the scheme which require special mention. The first of these is the question of the date from which officers of the present General cadre should count service for seniority and for increment under the time-scale. As a general principle, all continuous service under the Foreign Department will be allowed to count, subject to the proviso that the present order of seniority among officers of the General cadre will remain unaltered, and that no officer will be permitted to draw as substantive pay, exclusive of personal allowance, more than any officer who stands above him on the graded list.

In several instances, however, officers have been brought into the Department at an age and at a period of service beyond the ordinary limit in consideration of special qualifications or for special reasons. It has been decided to treat such officers as exceptions to the principle referred to above, and to allow them, for the purpose of reckoning their pay and seniority, to count their service from the date of commencement of civil service of the next officer below them on the list, who was admitted to the Department under normal conditions.

9. A further point is the question of the relative seniority to be accorded to civilians and military officers in the new scheme. The principle adopted in preparing the amalgamated list has been to grade all officers already in the Department subject to the provisions of the preceding paragraph, simply in accordance with their length of civil service, with the proviso that, when a member of the Indian Civil Service or of the Punjab Commission and a Military or other Political Officer commenced their service, civil or political, in the same year, the former will be treated as the senior. This corresponds to the rule in the Punjab, Burma and the old Assam Commissions. This principle will, however, only apply to the cases of officers already in the Department; future entrants, both civilians and military officers, being graded strictly in accordance with the date from which each officer is entitled to count his service for increment under the time-scale.

10. Although, in the opinion of the Governor-General in Council, the scheme outlined in the foregoing paragraphs is calculated to remove existing grievances and to satisfy the reasonable aspirations of officers in the Department, in a few individual cases there will be an immediate loss of salary. To compensate for such loss it has been decided to grant a personal allowance to each officer whose average salary for a fixed period previous to the introduction of the scheme has exceeded that which the time-scale *plus* the charge allowance in the case of junior officers holding superior appointments gives him. Separate orders will be issued later as to the principles on which such allowances will be calculated.

11. No refund of pay or allowances drawn by officers in the interval between the 21st May 1911, and the date of these orders will be required on the ground of the retrospective sanction accorded to the new scheme.

A. H. McMAHON,

Secretary to the Government of India.

GEOLOGY AND MINERALS.

The 2nd September, 1911.

No. 6436-152.—In exercise of the powers conferred by Section 20 of the Indian Mines Act, 1901 (VIII of 1901), the Governor General in Council is pleased to make the following rules, for the whole of British India, in respect of mica, manganese, and limestone mines, other than mines which have been exempted from the operation of the Act under Section 29 thereof.

PART I.

MANAGEMENT.

Notice of change of name and address of manager.

1. When a change occurs in the name or address of the manager of a mine, notice of the change shall be sent within one month, by the owner, agent or manager, to the Chief Inspector of Mines in India and also to the Magistrate of the District.

Inspection Book.

2. For every mine a book, to be called the Inspection Book, shall be kept, in which Inspecting Officers shall record their observations. The owner, agent or manager shall also write or cause to be written at the commencement of the book—

(a) the name of the mine,

(b) the name and address of the owner of the mine and of the agent (if any),

(c) the name and address of the manager of the mine,

(d) the name of the competent person or persons appointed under Rule 3, and

(e) the system of signals provided in accordance with Rule 12.

Daily Report Book.

3. The manager or some competent person or persons appointed in writing, by the owner, agent or manager for the purpose shall, at least once in every 24 hours, inspect every part of a mine in or through which any person has to work or pass, and, if more than 20 persons are employed in the mine simultaneously, shall without delay write or cause to be written a report of such inspection in a book, to be called the Daily Report Book. Every such report shall be signed by the person making the inspection.

Procedure to be followed when a person required to report is unable to write.

4. Where any person required by these rules, or by any special rule made under Section 21 of the Indian Mines Act, 1901, to make any report is unable to write, he shall be present when his report is written for him, and shall have it read over to him, and shall attach his thumb-mark to it. The person writing the report shall also sign his name at the end, together with a statement that it has been read over to the person for whom it was written.

Books and rules to be kept in a convenient place.

5. All books which are required to be kept under these rules, together with a copy of the Indian Mines Act and of all rules applicable to the mine, shall be kept at an office or other building as near as conveniently may be to, and used in connection with the working of the mine, and shall be produced on the request of an Inspector of Mines, a Magistrate, or any person authorised in that behalf by the local Government.

PART II.

SHAFTS AND OUTLETS.

Shafts and outlets.

6. (a) At every mine, other than an open quarry, where more than 20 persons are employed below ground, or where in the opinion of the local Government it is necessary, there

shall be at least two shafts or outlets, not nearer to one another than twenty feet, affording separate means of ingress and egress available to all the persons employed in the mine.

(*b*). Proper arrangements shall be made for persons to descend to and ascend from the mine at each of such shafts or outlets. If apparatus is necessary, it shall be kept on the works belonging to the mine and shall be constantly available for use.

(*c*) The foregoing provisions of this rule with respect to shafts and outlets shall not apply—

(*i*) while a shaft is being sunk or an outlet being made;

(*ii*) to any working for the purpose of making a communication between two or more shafts or outlets.

(*d*) In cases where there are special difficulties which make compliance with the foregoing provisions of this rule not reasonably practicable, the mine may be exempted therefrom by the local Government, subject to such conditions as it may think fit to impose.

PART III.

VENTILATION.

Ventilation in shafts, tunnels and working places.

7. An adequate amount of ventilation shall be constantly produced in every mine, to such an extent that the shafts, tunnels and working places of the mine, and the travelling roads leading thereto, shall be in a fit state for working and passing therein.

PART IV.

EXPLOSIVES AND SHOT-FIRING.

Storage of explosives in mines prohibited.

8. No explosive substance shall be stored in the mine.

Secured cases or boxes for taking explosives in mine.

9. No explosive substance shall be taken into the mine except in secured cases or boxes, containing not more than 5 lbs. each, and a person shall not have in use, or keep for use, at one time in any one place within the mine, more than one of such cases or boxes. The place in the mine at which any such case or box is in use or is kept for use, unless solid ground directly intervenes, shall not be less than thirty feet from a place at which any other such case or box is in use or kept for use.

Provided that an Inspector of Mines may, in special cases and by order in writing, permit, subject to such limitations as he may prescribe, the use at one time in one place of more than one of such cases or boxes.

Detonators.

10. No detonator shall be carried or kept in the same case or box with any other explosive material.

Iron or steel implements.

11. No person shall use any iron or steel implement in the process of charging or stemming for blasting.

Warning to be given before and after blasting.

12. Blasting shall not be commenced until such warning as will prevent danger to the persons working in the mine and its vicinity has been given, by an efficient system of signals or by other means arranged by the manager. Notice shall similarly be given as soon as blasting is finished.

Misfires.

13. If a shot has, or appears to have, missed fire, no person shall approach the place until at least one hour has elapsed, unless the attempt to fire the shot has been made by electrical means, when this interval may be reduced to fifteen minutes after the battery has been disconnected.

Removal of things from holes which have been charged.

14. After a hole has been charged and made ready for firing, no person shall remove or attempt to remove anything therefrom.

New shot-holes.

15. A new shot-hole shall not be commenced in any portion of a shot-hole left by a previous shot.

16. If a shot has missed fire, no new hole shall be commenced within twelve inches from the hole in which the misfire occurred, and care shall be taken to drill the hole in such a direction that there is no danger of touching the unexploded charge.

The new hole shall be bored in the presence of the manager or of the person who exercises daily personal supervision over the mine or that section thereof, and also, if possible, of the man who bored the hole in which the misfire occurred. Such manager or person exercising daily personal supervision shall also be present during any operations undertaken for the removal of rock within six feet of the unexploded charge.

PART V.

SAFETY OF PERSONS EMPLOYED.

Roofs and sides of travelling roads and working places.

17. The roofs and sides of all travelling roads and working places shall be made and kept secure.

Overburden, loose ground and material.

18. In open workings the overburden and all loose ground and material shall be removed sufficiently far from the edge, or otherwise made secure, in order to prevent danger to persons employed in the mine.

Sides of open workings.

19. The sides of open workings shall be sloped, stepped or secured, in such a manner as to prevent danger from falls of material.

Steps in open workings.

20. When an open working is worked in steps, the steps shall be of sufficient breadth in comparison with their height to secure safety.

Fencing of exposed and dangerous parts of machinery.

21. Every flywheel and all exposed and dangerous parts of the machinery used in or about a mine shall be kept securely fenced.

Steam boilers.

22. Where no enactment for the regulation and inspection of steam boilers and prime movers is for the time being in force, every steam boiler, whether separate or one of a range, shall have attached to it a proper safety valve, and also a proper steam gauge and water gauge, to show respectively the pressure of steam and the height of water in each boiler.

PART VI.

MISCELLANEOUS.

Fencing of dangerous place in an excavation.

23. Any place in or about an excavation which is dangerous shall be, and shall be kept, securely fenced. Should any doubt arise as to whether a place is dangerous or not, the opinion of an Inspector of Mines, or of the District Magistrate within whose jurisdiction the excavation is situated, shall be conclusive on the point.

Fencing of excavation near public road or dwelling house.

24. Where an excavation extends within fifty feet of a public road or dwelling house, substantial fencing shall be erected and maintained around the excavation adjacent to the road or dwelling.

Accumulation of water.

25. Where a place is likely to contain a dangerous accumulation of water, the working approaching that place shall not, at any point within thirty feet thereof, exceed six feet in width or height, and there shall be constantly kept at a sufficient distance, not being less than five feet in advance, at least one borehole near the centre of the working, and sufficient boreholes on each side, and, where necessary, above or below.

Drinking water.

26. A sufficient supply of good drinking water shall be provided or kept in or near the mine, so as to be easily accessible to all persons employed in or about the mine, and care shall be taken to secure that the supply remains free from contamination.

GOVERNMENT OF INDIA.

DEPARTMENT OF REVENUE AND AGRICULTURE.

Rainfall summary for the seven days ending at 8 hrs. on Thursday, the 31st August 1911, based on the Indian Daily Weather Reports of the period.

1. At the beginning of the week the pressure distribution was more favourable than it had been for some time for the extension of rainfall into northwest India, and a depression had begun to form over the Bay. Light to moderately heavy rain was reported locally in northwest India in the course of the week, and the depression after crossing the Orissa coast on the 29th moved in a northwesterly direction and gave nearly general rain in the Central Provinces, Central India and south Rajputana. Throughout the week rain fell in the west Himalayas, and on the closing day spread over the Punjab.

2. Temperature remained somewhat high in the extreme northwest until the 28th when it fell to its normal value. In other parts there were no marked persistent abnormalities: conditions tended in general to be slightly cooler than is usual, but varied from time to time between about five degrees above and five degrees below normal.

3. *Burma.*—The amount and distribution of rainfall varied somewhat irregularly. Falls were on the whole fairly general but comparatively light.

Northeast India, including Orissa.—The depression in the Bay deflected the prevailing winds from their normal courses, and only a few falls of rain occurred during the first half of the week. Later, rain fell nearly generally in the southern half of the division and in Bihar, but was light and scattered elsewhere.

The United Provinces, Central India and the Central Provinces.—Little rain fell until the 26th, but from that day until the 28th fairly general rainfall was reported from the eastern half of the division. An extension occurred on the 29th and rain fell nearly generally on the 30th in the west of Central India and the Central Provinces as a consequence of the action of the depression from the Bay.

Northwest India.—On the 24th rainfall was nearly general in Rajputana, and local in the Punjab, Gujarat and East Baluchistan. Subsequently falls occurred until the 30th, chiefly along the hills, while in other parts weather was nearly dry. On the 30th rain became nearly general in south Rajputana, and fell throughout the Punjab.

The Peninsula.—Falls though light, were spread over almost the whole of the division during the greater part of the week. On the 25th rain was nearly general along the north Madras coast; from the 28th it became almost general along the west coast and withdrew from the eastern districts.

4. The most important amounts reported were as follows:—

August 24th. Tavoy 3·03", Darjiling 1·48", Dehra Dun 1·97", Lahore 1·10", Sialkot 2·12", Ajmer 1·38" and Sambhar 0·66".

5. Rainfall during the week was in moderate excess in Upper Burma, the Punjab East and North, and the Central Provinces East. It was also above normal in Kashmir, the Deccan, the Madras Coast North, and in Baluchistan where the normal amount is nil. In Lower Burma, the United Provinces East, the Central Provinces West and the Konkan falls were normal or nearly normal; but in northeast India, the United Provinces West, and in the parts of northwest and Central India, and of the Peninsula not mentioned above, there was a moderate to large defect. During the period 28th April to 31st August falls were in moderate excess in Eastern Bengal; about normal in Burma, Assam, Chota Nagpur, Bihar, the Bombay Deccan and Mysore; in slight defect in Bengal, Orissa, the Central Provinces, the Konkan, Hyderabad, Malabar and Madras; and in moderate to large defect elsewhere.

GOVERNMENT OF INDIA.

DEPARTMENT OF REVENUE AND AGRICULTURE.

Season and Crop Prospects for the week ending Saturday, 26th August 1911.

Burma.—The rainfall was excessive in Lower Burma and moderate in Upper Burma except in the dry zone where it was light. Transplanting of winter rice continues. Heavy rains have damaged standing crops in parts of Lower Burma. Cultivation of sesamum, cotton, groundnut, *juar* and pulses is progressing. More rain is wanted in Upper Burma especially in the dry zone districts. The price of unhusked rice has risen at the sea-port towns and is high generally.

Eastern Bengal and Assam.—The weather was seasonable. The rainfall was general being heavy in parts of the Dacca and Chittagong divisions and light to moderate elsewhere. Early rice and jute are being harvested with a good outturn. Winter rice is in fair condition. Transplantation continues. Prospects of tea are hopeful. Potatoes are being harvested in the Khasi Hills with a fair outturn. Bhador instalment of silk worms has made a good start in Malda. The average price of common rice has not changed. Cattle disease prevails in Cachar, Goalpara, Kamrup, Nowgong and the Khasi, Naga and Garo Hills.

Bengal.—Rain fell in all districts. The fall was heavy in Darjeeling, the greater part of Shahabad and Gaya and in some parts of Patna, Darbhanga and Monghyr. It was moderate in Hazaribagh, Ranchi, Palamau, some parts of Midnapore, Khulna, Muzaffarpur, the Sonthal Parganas and in the greater part of Hooghly. It was light in the remaining districts. Transplantation of winter paddy continues. The recent rainfall has facilitated the operation in most parts of Hooghly, but more rain is still wanted in the remaining part of this district as well as in Balasore, Cuttack, Angul, Midnapore, Howrah, the 24-Parganas and in parts of Burdwan, Khulna, Puri and Purnea. Standing crops are on the whole doing well. Some damage has been done by floods in Cuttack. The price of common rice has risen in Howrah, Nadia, Murshidabad, Cuttack, Balasore, Angul, Sambalpur, Hazaribagh, Manbhum, Singhbhum and Cooch Behar and has fallen in Burdwan, Bankura, Jessore, Saran, the Sonthal Parganas and Palamau. Cattle disease is reported from Midnapur, Murshidabad, Patna, Champaran, Darbhanga, Bhagalpur, Purnea, Angul, Sambalpur and from all the districts of Chota Nagpur except Singhbhum. The supply of fodder and water is sufficient throughout the Province.

United Provinces.—Good rain fell over the greater part of the area affected by drought and caused a great improvement in prospects. More rain will soon be needed for extensive and belated autumn sowings but immediate anxiety is now limited to a few districts in the Upper Doab where the rainfall was again very inadequate; but this area is largely protected by canals. In the rest of the Provinces the rainfall was copious and prospects are now generally good. Sowings of *bajra, juar* and autumn pulses continue on large scales over the western half of the Provinces. In the eastern districts, transplantation of rice is in progress. Lands are being prepared for spring crops everywhere. Fodder continues to be scarce and dear in the area of drought but the recent growth of grass is improving matters. Cattle are generally in good condition though fifteen districts report sporadic disease. Supplies and water are sufficient. Prices have fallen in ten districts, have risen in five and are stationary elsewhere.

Punjab.—Light to moderate rain has fallen in all districts except Mianwali, Multan and Dera Ghazi Khan. More rain is badly wanted. Ploughings for spring crops and sowings of autumn crops continue. Sowings of spring crops have commenced in Jhelum, Rawalpindi and Multan. The recent rain has slightly benefited standing crops in Hissar, Ambala, Gurdaspur, Sialkot, Gujranwala and Attock. The condition and prospects of irrigated crops are generally fair but even they are suffering from drought in most districts. Unirrigated crops are very poor. Grasshoppers are damaging crops in most districts and rats are doing damage in Montgomery. Damage to cotton by boll worms is reported from Hissar, Karnal, Lahore, Amritsar, Gujranwala, Shahpur, Montgomery, Lyallpur, Jhang, and Multan. Prices have fallen slightly in some districts but they are still at warning scale in Hissar, Rohtak, Ambala, Sialkot, Gujranwala, Gujrat and Rawalpindi. Cattle are generally healthy but overwork and want of green fodder are weakening them in Jullundur, Lahore, Amritsar, Sialkot, Gujranwala, Gujrat, Jhelum and Multan. Fodder is scarce in all districts except Simla, Hoshiarpur, Ludhiana, Gurdaspur, Shahpur and Lyallpur. Water is deficient in Rohtak, Delhi, Karnal, Hoshiarpur, Mianwali and Muzaffargarh. The canal water supply is insufficient in Lahore, Montgomery and Multan.

North-West Frontier Province.—Five and seventy-five cents of rain fell in the Nowshera and Mardan Tahsils of the Peshawar district respectively. No rain fell elsewhere. There is practically no change in the condition of crops. Crops sown on unirrigated areas in the Marwat tahsil of Bannu have failed completely. Harvesting of rice and picking of cotton have commenced in the Peshawar tahsil. There is no abnormal disease among cattle. The Paharpur canal ceased to flow on the 25th instant owing to the present low level of the Indus. Fodder and water are generally sufficient but fodder is not procurable in many villages of Dera Ismail Khan where drinking water also is still very scarce. Prices continue rising. Prices:—Wheat $11\frac{5}{16}$ to $16\frac{1}{4}$, maize $11\frac{3}{4}$ to $26\frac{1}{2}$, gram $15\frac{3}{8}$ to 25 and *bajra* $16\frac{1}{2}$ to 23 seers per rupee.

Jammu.—The rain during the week was slight. Prices are fluctuating. Wheat sells from 7 to 17 and maize from 7 to 27 seers per rupee. The condition of standing crops is better and promising. Cattle disease of mild type prevails in the Basohli tahsil of the Province. Fodder is sufficient except in parts of the Kathua tahsil.

Kashmir.—The weather was bright. It rained once during the week. The rain was beneficial to crops. Prices are rising slowly. Prospects of autumn crops are good except those on *karewa* fields. There is no disease among cattle. Fodder is average.

Rajputana.—The rainfall in cents was:—Marwar from 8 to 142, in different districts, Sirohi 143, Mewar 136, Dungarpur parganah and Ganespur 315, Aspur 102, Banswara from 10 to 460, Shahpura 55, Tonk and Jaipur 69, Bundi 16, Kotah 75 ranging from 40 to 192 in different districts, Jhalawar 91 ranging in four districts from 45 to 152, Kishangarh 269, Alwar 205, Karauli 268 ranging in four districts from 164 to 445, Bharatpur 190, Dholpur 331, Ajmer 139 and Merwara 72. Showers were received in Jaisalmer, the Hilly Tracts, Dungarpur, Banswara and Partabgarh. No rain fell in Bikaner. Standing crops are reported to be good in Mewar and Dholpur and fair in Kotah and Jhalawar. Prospects have been improved elsewhere by the recent rains except in Bikaner, Dungarpur, Shahpura and Merwara. Damage to crops from insects is reported from Aligarh in Tonk. Cattle disease continues in two villages of Dungarpur. Fodder is reported to be sufficient in Bikaner, Partabgarh and Bharatpur but scarcity is felt elsewhere especially in Mewar and the Hilly Tracts. Prospects of grass have improved in Kotah, Jhalawar, Bundi and Karauli. Prices are steady in Bikaner, Sirohi, Mewar, the Hilly Tracts, Shahpura and Jhalawar, have fallen by 9 chataks in Jaisalmer and Jaipur, by 5 chataks in Tonk, by 6 chataks in Jhalawar, by 8 chataks in Kishangarh and Ajmer, by 14 chataks in Alwar, by 10 chataks in Karauli, by 12 chataks in Bharatpur, by 1 seer 4 chataks in Dholpur and have risen by 1 seer in Marwar, Banswara and Partabgarh, by 1 seer 4 chataks in Dungarpur and by 1 seer 8 chataks in Merwara. Prospects have been improved somewhat by the recent rains but the situation is still uncertain. More rain is still badly needed in Shahpura, Dungarpur, Ajmer and Merwara where unirrigated autumn crops have failed and also in Marwar and Bikaner.

Central India.—The improved conditions noted last week have been maintained. The rain which fell during the week has been very general and in east Central India it was unusually heavy. Baghelkhand had an average of 8 inches and in Bundelkhand the fall ranged from 3 to 13 inches while the Bhopal Agency averaged 3 inches. In these three Agencies there is now no cause for anxiety and prospects of autumn crops and fodder are fairly well assured. Good rain varying from 2 to 4 inches fell in parts of Gwalior which is suffering most from drought. Late sowings of autumn crops have begun. Conditions are brighter though still serious. Water is now available but in western Malwa and the Indore and Bhopawar Agencies the rainfall has averaged less than an inch and more rain is urgently wanted for crops and pasture but so far crops have failed only in the tract south of the Nerbadda and elsewhere the late rains will secure an 8 to 12 anna crop. Stocks of food grains are large and owing to the combination amongst grain dealers some States have already prohibited exports. Cattle are still in fair condition and there are abundant stocks of grass in the Nerbadda forests for the affected tracts of Bhopawar. No signs of distress or movement of the population are apparent.

Central Provinces.—Rain fell all over the Provinces during the week except in Nimar and Amraoti. The principal falls in inches were:—Raipur 6, Bhandara and Damoh each 4, Drug $3\frac{1}{2}$ and Bilaspur 3. In the remaining districts the rainfall ranged from $\frac{1}{4}$ inch in Buldana to $2\frac{1}{2}$ inches in Saugor and Hoshangabad. Akola had a sprinkling of rain. More rain is required in the Sihora tahsil, Narsinghpur, Nimar, Akola, Amraoti and Buldana. Sowings of *kodow*, *kutki* and *til* continue. Transplantation, thinning, weeding and preparation of land for sowings of the next spring crops are in progress. Prospects are at present generally favourable. The supply of fodder and water is sufficient except in parts of Nimar, Chhindwara, Amraoti and Buldana. Prices:—The price of *juar* rose by 2 to $2\frac{1}{2}$ seers per rupee in Nimar, Wardha and Buldana.

Feudatory States.—During the week light to moderate rain was received in eleven States ranging from 97 cents in Kawardha to $4\frac{1}{2}$ inches in Jashpur. Transplantation, thinning and weeding are in full swing. The condition of standing crops is generally good. Prices of food grains are somewhat cheaper.

Bombay.—Good rain fell during the week in the Konkan, Nasik and Savantvadi, moderate in Surat, Satara, Belgaum, Kathiawar, Baroda, Mahi Kantha and Rewa Kantha and slight elsewhere except Karachi, Larkana and the Upper Sind Frontier. More rain is needed everywhere but especially in Gujarat, the Gujarat Native States and Kathiawar. Standing crops have been damaged by rats in Karachi, by insects in the Upper Sind Frontier and Belgaum, by rats and insects in Dharwar, by severe winds in Thar and Parkar and are suffering from insufficient moisture in parts of Sukkur, the Upper Sind Frontier, Thar and Parkar, West Khandesh, Poona, Bijapur and Belgaum. They have been mostly lost in Northern Gujarat and the Gujarat Native States but are generally in good condition elsewhere. Autumn sowings continue in parts of Larkana, Hyderabad, Thar and Parkar, Baroda and Savantvadi. Transplantation continues in parts of Larkana, Surat, Thana and Kanara. Lands are being prepared for spring cultivation in Larkana, the Upper Sind Frontier and Broach and in parts of the Deccan and the Karnatak The fodder supply is adequate except in parts of Sind, Gujarat, Khandesh, Satara and the Gujarat Native States. Agricultural stock is generally in good condition but is deficient in parts of the Deccan and Mahi Kantha. Drinking water is generally adequate except in parts of Ahmedabad, the Panch Mahals and Rewa Kantha. Irrigation water is deficient in parts of Larkana, Hyderabad, Gujarat, Belgaum and Kathiawar. Grain stocks are sufficient. Prices have risen in Karachi, Sukkur, Hyderabad, Ahmedabad, Thana and parts of the Deccan and Bijapur, have fallen in Larkana and Thar and Parkar and are stationary elsewhere. The quantity purchasable per rupee is in Sind 20 to 37 per cent, in Gujarat 17 to 47 per cent, in the Konkan 18 to 34 per cent, in the Deccan 9 to 33 per cent and in the Karnatak 18 to 28 per cent less than the normal. Test works were opened on the 24th instant in Kaira and the Panch Mahals and the numbers on the works on the last day of the week were 6 in Kaira and 1,502 in the Panch Mahals.

Hyderabad.—The rainfall was slight except in parts of the Warangal and Adilabad districts and was confined to certain places only. The highest falls were 2 inches 64 cents in Pakhal and 2 inches 1 cents in Paloncha. Cattle disease prevails in 9 talukas. Prices:—Wheat 8¾, coarse rice 7½ and *juar* 14½ seers per rupee. White *juar* is selling at 11½ seers in Hyderabad City and yellow *juar* at 12 seers. The highest price in the districts is 10 seers in Warangal and Karimnagar and the lowest 24 seers in Nander. The average rainfall for the Dominions was 32 cents. The present condition of crops is satisfactory but rain is required in parts of the Raichur, Nalgonda and Mahbubnagar districts. Rice lands are lying fallow in parts of Nizamabad for want of an adequate supply of rain.

Mysore.—The rainfall was good in Hassan, Kadur and Shimoga and slight elsewhere. Prices of food grains are steady. Markets are well supplied. Standing crops are in good condition but more rain is needed generally throughout the State. Prospects of the season are good. Cattle are generally healthy. Water and fodder are available.

Coorg.—Rainfall 1 inch 58 cents. Transplanting of rice is almost complete. Prices of food grains are slightly above the normal. The public health is fair. Water and fodder are ample.

Madras.—The rainfall was very heavy in South Canara, steady in Malabar and the Vizagapatam Agency, good in South Arcot, North Arcot, Chingleput, Ganjam, the Vizagapatam littoral, Godavari and the Nilgiris and light to fair elsewhere. Irrigation supplies are sufficient in Kistna, Malabar, South Canara and the Nilgiris and insufficient in parts of other districts. Ploughing, sowing, manuring, weeding and transplanting are in progress in parts but transplanting in parts of Ganjam and Vizagapatam and agricultural operations in parts of Nellore and Trichinopoly have been retarded for want of rain. Standing crops are fair to good generally but some in parts of Vizagapatam, Godavari, Guntur, Bellary, Anantapur, Cuddapah, Nellore, North Arcot, Salem, Coimbatore and Tanjore require more rain, some in parts of Vizagapatam, Guntur, Kurnool, Cuddapah, Nellore, Chingleput, Chittoor, Salem, Coimbatore, Madura and Tinnevelly are withering or have withered and some in parts of Bellary have been affected by grasshoppers and caterpillars. Coffee in parts of the Nilgiris is affected by bug. Harvests continue except in Guntur, Kurnool, Tanjore and South Canara with outturn fair to normal generally. Pasture is sufficient in Ganjam, Vizagapatam, Kistna, Kurnool, Anantapur, Madras, Salem, Tanjore, Malabar, South Canara and the Nilgiris. Fodder is insufficient in parts of Vizagapatam, Godavari, North Arcot and Madura. The condition of cattle is generally good. The price of rice is stationary in twelve districts, has fallen in two and has risen in eleven. The prices of millets have fluctuated as follows:—*Ragi* is stationary in four districts, has fallen in four and has risen in fifteen. *Cholam* is stationary in five districts, has fallen in two and has risen in eight. *Cumbu* is stationary in seven districts, has fallen in two and has risen in eight. The public health is generally good. Prospects are generally fair but more rain is urgently wanted in Ganjam, Kurnool, Cuddapah, Nellore, Chingleput and Madura and in parts of Vizagapatam, Godavari, Guntur, Bellary, Anantapur, Central Tanjore and Ramnad. The condition of the labouring classes is satisfactory and employment is available. Grain stocks are sufficient.

GAZETTE OF INDIA.

NOTICE.

The 22nd March 1911.

From the 8th April next till further notice, Parts I, IV, V and VI of the *Gazette of India* and the Weather and Crop Report will be published at Simla. After the 1st April all notifications and other matter intended for publication in those Parts should be addressed to the Officiating Publisher at Simla.

Attention is invited to the following Circular Memorandum of the Government of India, Home Department, of August 1901:—

"It has been brought to the notice of this Department that matter for the *Gazette of India* is sometimes sent to the Press late on Friday evenings for publication in the next day's *Gazette*, and that this involves considerable inconvenience to the Press and expense to Government. In the Circular Memorandum of this Department, No. 777—79, dated 9th February 1870, the Government of India directed that all notifications or other matter intended for insertion in the *Gazette of India* should be delivered at the Press not later than 2 P.M. on Friday, and that any papers sent thereafter must be certified to be extremely urgent in order to ensure their appearance in the next day's *Gazette*. The undersigned is directed to request that these orders may be more strictly observed in future, and that Departments will refrain from sending to the Press as extremely urgent any papers which can without harm or inconvenience be held over for the next *Gazette*."

J. P. HEWETT,
Secretary to the Government of India.

THE HONOURABLE THE CHIEF COMMISSIONER OF BRITISH BALUCHISTAN.

NOTIFICATION.

Quetta, the 29th August 1911

No. 272-F.—With the previous sanction of the Governor General in Council the Honourable the Chief Commissioner of British Baluchistan is hereby pleased to declare under the provisions of Sub-section (1) of Section 10 of the British Baluchistan Forest Regulation, 1890, that the portion specified below of the Shaidan Forest, which in the Honourable the Chief Commissioner's Notification No. 5781, dated the 22nd October 1890, was declared to be a State Forest under Section 3 of that Regulation, ceased to be a State Forest with effect from the 1st May 1911:—

Specification of land disforested.

Name of reserve or portion of reserve disforested.	District.	Tahsil.	Mauza.	Area in acres.
Sar Aghbargh, forming portion of Shaidan Reserve.	Sibi	Sharigh	Ziarat	45 acres 1 rood 10 poles.

Brief Description.

The land is bounded on all sides by the Shaidan Forest of which it is a part.

Reasons for disforestation.

The soil is not favourable to forest growth, but is well suited for the cultivation of Khushkaba wheat, and the tract is therefore made over to the Sarangzai tribe to whom it originally belonged.

WHEREAS by the Extradition Acts, 1870 to 1906, it was amongst other things enacted that, where an arrangement has been made with any foreign State with respect to the surrender to such State of any fugitive criminals, His Majesty may, by Order in Council, direct that the said Acts shall apply in the case of such foreign State; and that His Majesty may, by the same, or any subsequent Order, limit the operation of the Order, and restrict the same to fugitive criminals who are in or suspected of being in the part of His Majesty's dominions specified in the Order, and render the operation thereof subject to such conditions, exceptions, and qualifications as may be deemed expedient:

And whereas a Treaty was concluded on the twelfth day of September, one thousand nine hundred and eight, between His Majesty King Edward VII and the President of the

Republic of Paraguay, for the extradition of criminals, which Treaty is in the terms following :

His Majesty the King of the United Kingdom of Great Britain and Ireland and of the British Dominions beyond the Seas, Emperor of India, and His Excellency the President of the Republic of Paraguay, having determined, by common consent, to conclude a Treaty for the extradition of criminals, have accordingly named as their Plenipotentiaries :

Su Majestad el Rey del Reino Unido de la Gran Bretaña é Irlanda y de los Dominios Británicos de allende los mares, Emperador de la India, y Su Excelencia el Presidente de la República del Paraguay, habiendo convenido de común acuerdo celebrar un Tratado para la extradición de críminales, han nombrado con tal fin como Plenipotenciarios :

His Majesty the King of the United Kingdom of Great Britain and Ireland and of the British Dominions beyond the Seas, Emperor of India, Cecil Gosling, Esquire, His Chargé d'Affaires in the Republic of Paraguay ;

Su Majestad el Rey del Reino Unido de la Gran Bretaña é Irlanda y de los Dominios Británicos de allende los mares, Emperador de la India, al Señor Cecil Gosling, Su Encargado de Negocios en la República del Paraguay ;

And His Excellency the President of the Republic of Paraguay, His Excellency Doctor Eusebio Ayala, Minister for Foreign Affairs of the Republic of Paraguay ;

Y Su Excelencia el Presidente de la República del Paraguay, á Su Excelencia el Señor Doctor Don Eusebio Ayala, Su Ministro de Relaciones Exteriores ;

Who, after having exhibited to each other their respective full powers and found them in good and due form, have agreed upon the following Articles :—

Quienes, después de haberse comunicado sus respectivos plenos poderes y encontrarlos en correcta y debida forma, han convenido lo siguiente :—

ARTICLE I.

The High Contracting Parties engage to deliver up to each other, under certain circumstances and conditions stated in the present Treaty, those persons who, being accused or convicted of any of the crimes or offences enumerated in Article 2, committed in the territory of the one Party, shall be found within the territory of the other Party.

ARTICULO 1.

Las Altas Partes Contratantes se comprometen á entregarse recíprocamente, en ciertas circunstancias y condiciones previstas por el presente Tratado, aquellas personas que, habiendo sido acusadas ó condenadas por alguno de los crímenes ó delitos citados en el Artículo 2, cometidos en el territorio de una de las Partes, se encontrasen en el territorio de la otra.

ARTICLE 2.

Extradition shall be reciprocally granted for the following crimes or offences :—

1. Murder, or attempt or conspiracy to murder.

2. Manslaughter.

3. Administering drugs or using instruments with intent to procure the miscarriage of women.

4. Rape.

5. Carnal knowledge, or any attempt to have unlawful carnal knowledge of a girl under the age of 16 years so far as such acts are punishable by the law of the State upon which the demand is made.

6. Indecent assault.

7. Kidnapping and false imprisonment, child stealing.

8. Abandoning, exposing, or detaining children.

9. Abduction.

10. Bigamy.

11. Maliciously wounding or inflicting grievous bodily harm.

ARTICULO 2.

Se concederá la extradición recíproca por los siguientes crímenes ó delitos :—

1. Asesinato ; tentativa del mismo ó complot para cometerlo.

2. Homicidio.

3. Administración de drogas ó uso de instrumentos apropiados con el objeto de provocar el aborto de mujeres.

4. Estupro.

5. Actos carnales ó cualquier atentado para cometer actos carnales ilegales con una niña menor de 16 años en cuanto estos actos sean castigables por la ley del Estado á quien se hace el pedido.

6. Violación.

7. Secuestro ilegal de las personas, robo de niños (párvulos).

8. Abandono, exposición ó secuestro de niños (párvulos).

9. Rapto.

10. Bigamía.

11. Herir maliciosamente ó infligir daño corporal grave.

12. Assault occasioning actual bodily harm.

13. Threats, by letter or otherwise, with intent to extort money or other things of value.

14. Arson.

15. Burglary or house-breaking, robbery with violence, larceny, or embezzlement.

16. Fraud by a bailee, banker, agent, factor, trustee, director, member, or public officer of any Company.

17. Obtaining money, valuable security, or goods by false pretences; receiving any money, valuable security, or other property, knowing the same to have been stolen or unlawfully obtained.

18. (*a*) Counterfeiting or altering money, or bringing into circulation counterfeited or altered money.

(*b*) Knowingly making, without lawful authority, any instrument, tool or engine, adapted and intended for the counterfeiting of the coin of the realm.

19. Forgery, or uttering what is forged.

20. Crimes against bankruptcy law.

21. Any malicious act done with intent to endanger the safety of any persons travelling or being upon a railway.

22. Malicious injury to property if such offence be indictable.

23. Piracy and other crimes or offences committed at sea against persons or things which, according to the laws of the High Contracting Parties, are extradition offences.

24. Dealing in slaves in such manner as to constitute a criminal offence against the laws of both States.

With regard to the effect of this last paragraph, as the Paraguayan Penal Code does not consider slave-dealing, it is declared by the present Treaty that that act is considered as piracy and subject to the penalties of that offence.

Extradition shall also be granted for participation in any of the aforesaid crimes, provided such participation be punishable by the laws of both Contracting Parties.

Extradition may also be granted at the discretion of the State applied to in respect of any other crime for which, according to the laws of both the Contracting Parties for the time being in force, the grant can be made.

ARTICLE 3.

Neither party is obliged to surrender its own subjects or citizens to the other party.

12. Asalto ocasionando daño corporal grave.

13. Amenazas, por escrito ó de otro modo, con intención de apoderarse de dineros ú otros objetos de valor.

14. Incendio voluntario.

15. Asalto y robo de casas habitadas, robo con violencia, ratería y hurto.

16. Fraude del depositario, banquero, agente, factor, administrador, director, miembro ó empleado de una sociedad.

17. Obtener dinero, valores ó bienes con falsos pretextos; recibir dinero, valores ú otros bienes, sabiendo que los mismos han sido robados ó mal adquiridos.

18. (*a*) Falsificacíon ó alteración de monedas ó poner en circulación moneda falsa ó adulterada.

(*b*) Construcción á sabiendas y sin autorizacíon legal, de cualquier instrumento, herramienta ó maquina adoptada é ideada para la falsificación de la moneda del Estado.

19. Falsificación ó póner en circulación lo falsificado.

20. Delitos contra la ley de quiebras.

21. Cualquier acto malicioso cometido con intención de poner en peligro la seguridad de las personas que viajan ó se hallan en un ferro-carril.

22. Perjuicio malicioso á la propiedad, si este delito fuese procesable.

23. Piratería y otros crímenes ó delitos cometidos en el mar en personas ó cosas, que según las leyes de las Altas Partes Contratantes fuesen sugetos á extradición.

24. Comercio de esclavos de modo que constituya una injuria criminal contra las leyes de ambos Estados.

A los efectos de este ultimo inciso, y no previendo el Código penal Paraguayo el trafico de esclavos, se declara por el presente Tratado que ese hecho se considera como piratería y sugeto á las penas de éste delito.

La extradición será concedida igualmente por participación en algunos de los citados crímenes, siempre que esta participación sea castigable por las leyes de ambos países.

La extradición podra tambien concederse por el Estado requerido por cualquier otro crímen conforme á las leyes de ambas partes, vigentes en la época del pedido.

ARTICULO 3.

Ninguna de las Partes está obligada á entregar á la otra sus propios súbditos ó ciudadanos.

ARTICLE 4.

Extradition shall not take place if the person claimed on the part of His Britannic Majesty's Government, or of the Government of Paraguay, has already been tried and discharged or punished, or is awaiting trial in the territory of the United Kingdom or in the Republic of Paraguay respectively for the crime for which his extradition is demanded.

If the person claimed on the part of His Britannic Majesty's Government, or of the Government of Paraguay, should be awaiting trial or undergoing sentence for any other crime in the territory of the United Kingdom or the Republic of Paraguay respectively, his extradition shall be deferred until after he has been discharged, whether by acquittal or on expiration of sentence or otherwise.

ARTICULO 4.

La extradición no tendrá lugar si la persona reclamada por parte del Gobierno de Su Majestad Británica ó por el Gobierno del Paraguay, ha sido ya juzgada y absuelta ó castigada por el crímen que la motiva, ó espera su sentencia en la jurisdicción del Reino Unido ó en la República del Paraguay.

Si la persona reclamada por parte de Su Majestad Británica ó por el Gobierno del Paraguay estuviera esperando la terminación de un proceso ó el cumplimiento de una sentencia condenatoria por algún otro crímen en la jurisdicción del Reino Unido ó de la República del Paraguay, respectivamente, será postergada su extradición hasta que se haya librada de la causa, sea por absolución, ó por cumplimiento de la sentencia, ó de otra manera.

ARTICLE 5.

Extradition shall not be granted if exemption from prosecution or punishment has been acquired by lapse of time, according to the laws of the State applying or applied to.

Neither shall it be granted if, according to the law of either country, the maximum punishment for the offence charged is imprisonment for less than one year.

ARTICULO 5.

No se concederá la extradición si se halla prescripto el término para la persecución ó castigo del delito de conformidad á las leyes del Estado que pide ó á quien se pide.

Tampoco será concedida si, de acuerdo con la ley de cualquiera de los dos países, la pena máxima del delito fuese menor que un año de prisión.

ARTICLE 6.

A fugitive criminal shall not be surrendered if the offence in respect of which his surrender is demanded is one of a political character, or if he proves that the requisition for his surrender has, in fact, been made with a view to try or punish him for an offence of a political character.

ARTICULO 6.

No será entregado el críminal fugitivo si el delito en virtud del cual se solicita su entrega fuese de carácter político, ó si se probáse que el pedido se ha formulado en realidad con el objeto de enjuiciarlo ó castigarlo por un delito de carácter politico.

ARTICLE 7.

A person surrendered shall in no case be kept in prison or be brought to trial in the State to which the surrender has been made for any other crime, or on account of any other matters, than those for which the extradition shall have taken place, until he has been restored, or has had an opportunity of returning to the State by which he has been surrendered.

This stipulation does not apply to crimes committed after the extradition.

ARTICULO 7.

Ningún individuo entregado será retenido en caso alguno en la carcel del Estado requiriente, ni procesado por otro crímen ó falta diferente del que motivó su extradición, hasta que haya sido restituido ó tenido la oportunidad de volver al país que le ha entregado.

Esta estipulación no es aplicable á crímenes cometidos después de la extradición.

ARTICLE 8.

The requisition for extradition shall be made through the Diplomatic Agents of the High Contracting Parties respectively.

The requisition for the extradition of an accused person must be accompanied by a warrant of arrest issued by the competent authority of the State requiring the extradition, and by such evidence as, according

ARTICULO 8.

Las demandas de extradición serán hechas por los Agentes diplomaticos de las Altas Partes Contratantes respectivamente.

La demanda de extradición de un individuo acusado debe venir acompañada de una órden de prisión expedida por la autoridad competente del país requiriente, y de las piezas legales de convicción que justificarian

to the laws of the place where the accused is found, would justify his arrest if the crime had been committed there.

If the requisition relates to a person already convicted, it must be accompanied by a copy of the judgment passed on the convicted person by the competent Court of the State that makes the requisition for extradition.

A sentence passed *in contumaciam* is not to be deemed a conviction, but a person so sentenced may be dealt with as an accused person.

ARTICLE 9.

If the requisition for extradition be in accordance with the foregoing stipulations, the competent authorities of the State applied to shall proceed to the arrest of the fugitive.

ARTICLE 10.

A criminal fugitive may be apprehended under a warrant issued by any competent authority in either country, on such information or complaint, and such evidence, or after such proceedings, as would, in the opinion of the authority issuing the warrant, justify the issue of a warrant if the crime had been committed or the person convicted in that part of the dominions of the two Contracting Parties in which the said authority exercises jurisdiction; but the arrested fugitive shall be sent as speedily as possible before the competent Magistrate of the country where he is arrested.

He shall, in accordance with this Article, be discharged, as well in the Republic of Paraguay as in the United Kingdom, if within the term of sixty days a requisition for extradition shall not have been made by the Diplomatic Agent of his country in accordance with the stipulations of this Treaty. The same rule shall apply to the cases of persons accused or convicted of any of the crimes or offences specified in this Treaty, and committed on the high seas on board any vessel of either country which may come into a port of the other.

ARTICLE 11.

The extradition shall take place only if the evidence be found sufficient according to the laws of the State applied to, either to justify the committal of the prisoner for trial, in case the crime had been committed in the territory of the same state, or if extradition is claimed in respect of an offence of which the fugitive has been already convicted, to prove that the prisoner is the person convicted and that the crime of which he has been convicted is one in respect of which extradition could, at the time of such conviction, have been granted by the State applied to.

su prisión se hubiese cometido el mismo crímen en el país requerido de acuerdo con sus leyes.

Si la solicitud se refiere á una persona convicta de culpabilidad, debe venir acompañada de la copia de la sentencia pronunciada en la causa por el tribunal competente del Estado que la presente.

No se considera como convicta de culpabilidad una persona sentenciada en rebeldía; pero una persona sentenciada en esta forma, puede ser tratada como acusada.

ARTICULO 9.

Si el requerimiento de extradición está de acuerdo con las condiciones expresadas, las autoridades competentes del Estado requerido procederán al arresto del fugitivo.

ARTICULO 10.

Un criminal fugitivo puede ser apresado en cualquiera de los dos países por órden emanada de autoridad competente, si ésta juzgase que las piezas de convicción exhibidas y los procedimientos observados justificarían en igual caso el arresto de una persona que hubiese cometido el mismo crímen en el territorio de su jurisdicción Pero el fugitivo aprehendido será presentado lo más brevemente posible ante el magistrado competente del país donde fuese detenido.

De acuerdo con este Artículo, el criminal será puesto en libertad, tanto en la República del Paraguay como en el Reino Unido, si dentro del término de sesenta días no se haya presentado un requerimiento de extradición por el Agente diplomatico de su país y de acuerdo con las estipulaciones del presente Tratado.

El mismo procedimiento se seguirá cuando se trate de individuos acusados ó convictos de uno de los crímenes ó delitos citados en este Tratado y cometidos en alta mar, abordo de un buque de uno de los países, que entrase en un puerto del otro.

ARTICULO 11.

La extradición no tendrá lugar sino en le caso de que las piezas de convicción exhibidas fuesen consideradas suficientes, de acuerdo con las leyes del Estado requerido, para justificar la prisión preventiva, en las mismas condiciones, en que se tratáse de un crímen cometido en el territorio del mismo Estado; y si el delito ha sido ya comprobado, para justificar la identidad del delincuente; así como probar que el crímen de que se trata era, en la época de su comprobación, uno de aquellos que daban lugar á la extradición.

ARTICLE 12.

The extradition of fugitives under the provisions of this Treaty shall be carried out in His Britannic Majesty's dominions and in the Republic of Paraguay respectively, in conformity with the laws regulating extradition for the time being in force in the surrendering State.

ARTICLE 13.

In the examination which they have to make in accordance with the foregoing stipulations, the authorities of the State applied to shall admit as valid evidence the sworn depositions or the affirmations of witnesses taken in the other State, or copies thereof, and likewise the warrants and sentences issued therein, and certificates of, or judicial documents stating, the fact of a conviction, provided the same are authenticated as follows:—

1. A warrant must purport to be signed by a Judge, Magistrate, or officer of the other State.

2. Depositions or affirmations, or the copies thereof, must purport to be certified, under the hand of a Judge, Magistrate, or officer of the other State, to be the original depositions or affirmations, or to be true copies thereof, as the case may require.

3. A certificate of, or judicial document stating, the fact of a conviction must purport to be certified by a Judge, Magistrate, or officer of the other State.

4. In every case such warrant, deposition, affirmation, copy, certificate, or judicial document must be authenticated, either by the oath of some witness, or by being sealed with the official seal of the Minister of Justice, or some other Minister of the other State, but any other mode of authentication for the time being permitted by the law of the country where the examination is taken may be substituted for the foregoing.

ARTICLE 14.

If the individual claimed by one of the High Contracting Parties in pursuance of the present Treaty should be also claimed by one or several other Powers on account of other crimes or offences committed upon their respective territories, his extradition shall be granted to the State whose demand is earliest in date.

ARTICLE 15.

If sufficient evidence for the extradition be not produced within ninety days from the date of the apprehension of the fugitive, or within such further time as the State applied to, or the proper Tribunal thereof, shall direct, the fugitive shall be set at liberty.

ARTICULO 12.

La extradición de fugitivos, en las condiciones del presente Tratado, se efectuará en los dominios de Su Majestad Británica y en la República del Paraguay respectivamente, de conformidad con las leyes que rigen la extradición por todo el tiempo que ellas se hallan en vigor en el Estado requerido.

ARTICULO 13.

En las investigaciones que las autoridades del Estado requerido tengan que hacer de acuerdo con las estipulaciones precitadas, admitirán como pruebas válidas las declaraciones juradas ó las deposiciones de los testigos en el otro Estado ó sus cópias, los autos y sentencias correspondientes y los certificados ó documentos judiciales que justifiquen la criminalidad del reo, siempre que estos documentos llenen los siguientes requisitos:—

1. Una órden de prisión debe ser firmado por un Juez, Magistrado, ó funcionario público del otro Estado.

2. Las declaraciones ó afirmaciones de testigos ó sus cópias, deben ser autorizadas con la firma de un Juez, Magistrado, ó funcionario público del otro Estado, quien debe certificar que son las declaraciones ó afirmaciones originales, ó cópias fieles de las mismas, segun los casos.

3. El certificado ó documento judicial en que conste una decisión de culpabilidad debe ser autorizado con la firma de un Juez, Magistrado, ó funcionario público del otro Estado.

4. En cualquiera de estos casos, los autos, declaraciones, afirmaciones, cópias certificados ó documentos judiciales deben ser autorizados por juramento de un testigo, ó llevar el sello oficial del Ministro de Justicia ó de algún otro Ministro del Estado de donde proceden; pero cualquier otro modo de autenticación admitido por la ley del país donde se levantase el sumario, podrá sustituir á los anteriormente señalados.

ARTICULO 14.

Si el individuo reclamado por una de las Altas Partes Contratantes, en virtud del presente Tratado fuese igualmente reclamado por uno ó más Gobiernos, por crímenes ó delitos cometidos dentro de sus territorios respectivos, se concederá la extradición al Estado cuya demanda sea de fecha más antigua.

ARTICULO 15.

Si no se produjeren suficientes pruebas para la extradición dentro de los noventa días á contar desde la fecha de la detención del fugitivo, ó en el nuevo plazo que el Estado requerido ó sus magistrados hubiesen acordado el fugitivo será puesto en libertad.

ARTICLE 16.

All articles seized which were in the possession of the person to be surrendered at the time of his apprehension shall, if the competent authority or the State applied to for the extradition has ordered the delivery of such articles, be given up when the extradition takes place; and the said delivery shall extend not merely to the stolen articles but to everything that may serve as a proof of the crime.

ARTICULO 16.

Todos los efectos que se encuentren en poder del preso en el momento de su aprehensión serán entregados al concederse la extradición, siempre que la autoridad competente del Estado á quien se hace la solicitud ordene tal entrega, la cual no solo comprenderá los objectos robados, sino tambien todo lo que pueda servir como cuerpo de delito.

ARTICLE 17.

All expenses connected with extradition shall be borne by the demanding State.

ARTICULO 17.

Todos los gastos originados por la extradición serán á cargo del Estado que la pidiese.

ARTICLE 18.

The stipulations of the present Treaty shall be applicable to the Colonies and Possessions of His Britannic Majesty, so far as their local laws permit; for which purpose His Majesty's Government shall be at liberty to make special arrangements with them for the surrender of criminals to Paraguay in accordance with the terms of the Treaty.

The requisition for the extradition of a criminal, who has taken refuge in one of the British Colonies or Possessions, shall be addressed to the Governor or chief authority of the same by the senior local Paraguayan Consular officer, or, failing him, by the Ministry for Foreign Affairs.

The Governor, or authority referred to, will deal with the demand in accordance with the provisions of the present Treaty, and to the extent permitted by the local laws; but he will be at liberty either to surrender the criminal or to refer the case to the British Government.

As regards demands for the surrender of criminal fugitives from British Colonies and Possessions, they will be governed by the rules laid down in the present Treaty.

ARTICULO 18.

Las clausulas del presente Tratado serán aplicables á las Colonias y Posesiones de Su Majestad Británica en cuanto sus leyes locales lo permitan á cuyo efecto, Su Majestad Británica tendrá la libertad de hacer arreglos especiales con ellas para la entrega de criminales al Paraguay con arreglo á las estipulaciones de la referida Convención.

La demanda de extradición de un criminal que se haya refugiado en alguna de las Colonias ó Posesiones británicas será dirigida al Gobernador ó primera autoridad de las mismas por el Agente Consular Paraguayo de la más alta categoría del lugar, ó en su defecto por el Ministerio de Relaciones Exteriores.

El Gobernador ó autoridad referida atenderá la demanda en conformidad á las disposiciones del presente Tratado, y hasta donde lo permitan las leyes locales; pero tendrá la libertad, ó de hacer la entrega del delincuente, ó de someter el caso al Gobierno britanico.

En cuanto á los pedidos de extradición de criminales que emanen de las Colonias y Posesiones británicas, serán regidas por las mismas reglas establecidas en el presente Tratado.

ARTICLE 19.

If in any criminal matter pending in any Court or Tribunal of one of the two countries it is thought desirable to take the evidence of any witness in the other, such evidence may be taken by the judicial authorities in accordance with the laws in force on this subject in the country where the witness may be.

ARTICULO 19.

Si fuese necesario, para el despacho de cualquier asunto criminal pendiente en los tribunales de uno de los dos países, tomar declaración á un testigo que se encontrase en el otro, las autoridades judiciales deberan recibirlas con arreglo á las leyes del país donde se encuentrá el testigo.

ARTICLE 20.

The present Treaty shall come into force ten days after its publication, in conformity with the forms prescribed by the laws of the High Contracting Parties. It may be terminated by either of the High Contracting Parties by a notice not exceeding one year and not less than six months.

It shall be ratified, and the ratifications shall be exchanged at Asuncion as soon as possible.

ARTICULO 20.

El presente Tratado comenzará á regir diez días después de su publicación, de conformidad con las formas prescritas por las leyes de las Altas Partes Contratantes y podrá terminarlo cualquiera de las Altas Partes mediante aviso que no exceda de un año ni baje de seis meses.

Este Tratado será ratificado y las ratificaciones se canjearán en Asunción tan pronto como sea posible.

In witness whereof the respective Plenipotentiaries have signed the same, and affixed thereto their respective seals.

Done in duplicate at Asuncion, the twelfth day of September, nineteen hundred and eight.

En testimonio de lo cual los respectivos Plenipotenciarios firmaron y sellaron con sus respectivcs sellos.

Hecho por duplicado en Asunción, á los doce días del mes de Septiembre de mil novecientos ocho.

(L.S) CECIL GOSLING.

(L.S.) EUSEBIO AYALA.

And whereas the ratifications of the said Treaty were exchanged at Asuncion on the thirtieth day of January, one thousand nine hundred and eleven:

Now, therefore, His Majesty, by and with the advice of His Privy Council, and in virtue of the authority committed to Him by the said recited Acts, doth order, and it is hereby ordered, that from and after the seventeenth day of July, one thousand nine hundred and eleven, the said Acts shall apply in the case of Paraguay, and of the said Treaty with the President of the Republic of Paraguay:

Provided always that the operation of the said Acts shall be and remain suspended within the Dominion of Canada so long as an Act of the Parliament of Canada, being Part I. of chapter 155 of the Revised Statutes of Canada, 1906 and entitled "An Act respecting the Extradition of Fugitive Criminals", shall continue in force there, and no longer.

Bills introduced in the Council of the Governor General of India for making Laws and Regulations, Reports of Select Committees presented to the Council, and Bills published under Rule [illegible].

GOVERNMENT OF INDIA.

LEGISLATIVE DEPARTMENT.

The following Bill was introduced in the Council of the Governor General of India for the purpose of making Laws and Regulations on the 18th September 1911 :

No. 17 of 1911.

A Bill for Settling an annuity of fifty thousand rupees payable by the Secretary of State in Council of India in perpetuity and being of the value of fifteen lakhs of rupees and securities, being Promissory notes of the Government of India or Bonds of the Municipal Corporation of the City of Bombay, the Trustees of the Port of Bombay and the Trustees for the Improvement of the City of Bombay, of the nominal value of ten lakhs of rupees and producing a further annual income of about forty thousand rupees, and two Mansion-houses and hereditaments called respectively "Readymoney House" and "Fort Mansion" in the Island of Bombay, the property of Sir Cowasjee Jehangir, Baronet, so as to accompany and support the title and dignity of a Baronet lately conferred on him by His late Majesty King Edward VII, to hold to him and the heirs male of his body lawfully begotten and to be begotten, and for other purposes connected therewith.

WHEREAS by Letters Patent of His Majesty King Edward VII, by the Grace of God of the United Kingdom of Great Britain and Ireland and of the British Dominions beyond the Seas, King, Defender of the Faith, dated at Westminster on or about the 16th day of July in the eighth year of His Reign, and by Warrant under the King's sign-manual, His said Majesty made known that He, of His special Grace, certain knowledge and mere motion, had erected, appointed and created His trusty and well beloved Sir Cowasjee Jehangir of Bombay, Knight, to the dignity, state and degree of a Baronet, and him, the said Sir Cowasjee Jehangir, for His Majesty, His heirs and successors, He did erect, appoint and create a Baronet of the United Kingdom of Great Britain and Ireland by the said Letters Patent, to hold to him and the heirs male of his body lawfully begotten and to be begotten;

and whereas the said Sir Cowasjee Jehangir is desirous of settling in perpetuity such property on himself and the heirs male of his body who may succeed to the said Baronetcy as shall be adequate to support the dignity of the title conferred on him and them as aforesaid;

and whereas the said Sir Cowasjee Jehangir is seised of two Mansion-houses and hereditaments both situate in the Island of Bombay called respectively "Readymoney House" and "Fort Mansion" and has an absolute estate of inheritance therein, and is entitled, by an indenture made the 20th day of October in the year one thousand eight hundred and seventy-seven, to an annuity of fifty thousand rupees payable by the Secretary of State in Council of India in perpetuity and being of the value of fifteen lakhs of rupees and is desirous of settling the said annuity of fifty thousand rupees and securities, being promissory notes of the Government of India or bonds of the Municipal Corporation of the City of Bombay, the Trustees of the Port of Bombay and the Trustees for the Improvement of the City of Bombay, of the nominal value of ten lakhs of rupees and producing a further annual income of about forty thousand rupees and the said Mansion-houses and hereditaments, to the uses, upon the trusts and for the purposes hereinafter limited and declared, concerning the same respectively;

and whereas the said Sir Cowasjee Jehangir is desirous that the heirs male of his body, to whom the said title and dignity of Baronet shall descend, shall, at the time of such descent upon them respectively, take and bear the names of "Cowasjee Jehangir" in lieu of any other name or names whatever which they respectively may bear at the time of such descent on them respectively; and he is also desirous that the Accountant

General, Bombay, the Collector of Bombay and the Chief Presidency Magistrate, Bombay, all for the time being, shall be trustees of the aforesaid annuity, securities, Mansion-houses and hereditaments, and be likewise the trustees for carrying into execution the general purposes and powers of this Act, with relation to the said annuity and securities and also with relation to the said Mansion-houses and hereditaments;

and whereas the said Sir Cowasjee Jehangir is desirous of settling the said annuity and the said securities and the said Mansion-houses and hereditaments so as aforesaid agreed to be settled by him for the purpose of supporting the dignity of the said Baronetcy, to the uses, upon the trusts and for the purposes hereinafter limited and declared, concerning the same respectively;

and whereas it is expedient that the aforesaid purposes should be effected by an Act of the Council of the Governor General for making Laws and Regulations;

It is hereby enacted as follows:—

Short title.

1. This Act may be called the C[illegible]hangir Bar[illegible].

Incorporation of Trustees.

2. Lionel Edward Pritc[illegible] Esquire, Accoun[illegible] Gen[illegible]al [illegible] Bombay, Edward Little Sa[illegible] Esquire, the Collector of Bombay, and Arthur Henry Southcote Aston, Esquire, the Chief Presidency Magistrate of Bombay, and their successors, the Accountant General of Bombay, the Collector of Bombay, and the Chief Presidency Magistrate of Bombay, all for the time being, shall be and they are hereby created a Corporation with perpetual succession and a common seal under the style and title of "The Trustees of the Sir Cowasjee Jehangir Baronetcy", and the said Lionel Edward Pritchard, Esquire, Edward Little Sale, Esquire, and Arthur Henry Southcote Aston, Esquire, and their said successors (hereinafter styled "The Corporation"), shall be and they are hereby constituted, as such Corporation, the Trustees for executing the powers and purposes of this Act.

Heirs of Sir Cowasjee Jehangir to take his name.

3. The heirs male of the body of Sir Cowasjee Jehangir to whom the said title and dignity shall descend, pursuant to the limitations of the Patent whereby the said dignity has been granted, shall take upon themselves respectively the names of "Cowasjee Jehangir" in lieu and in the place of any other name or names whatever; and such heirs male, severally and successively, shall be called by the names of "Cowasjee Jehangir" and by those names shall name, style and write themselves, respectively, upon all occasions whatever.

Vesting and application of income of settled property.

4. Immediately from and after the passing of this Act, the said annuity of fifty thousand rupees and securities, being promissory notes of the Government of India or bonds of the Municipal Corporation of the City of Bombay, the Trustees of the Port of Bombay and the Trustees for the Improvement of the City of Bombay, of the nominal value of ten lakhs of rupees and producing a further annual income of about forty thousand rupees shall be assigned and transferred into the name of the Corporation, who shall hold the same upon the trusts and for the purposes hereinafter expressed concerning the same, (that is to say,) upon trust to continue to hold the said annuity and securities and as regards the said securities until such time as the same shall be discharged by the Secretary of State in Council of India or the Municipal Corporation of the City of Bombay or the Trustees of the Port of Bombay or the Trustees for the Improvement of the City of Bombay, as the case may be, or shall be sold by the said Trustees with the previous consent in writing of the person who shall for the time being be in the enjoyment of the income of the said securities and on such discharge or sale to invest the sum to be received on such occasion, with the like consent of the person for the time being in the enjoyment of the said income, in or on any stocks, funds, or securities of, or the principal and interest of which is guaranteed by, the Government of the United Kingdom of Great Britain and Ireland or the Government of India; and in like manner, as often as the same shall become necessary, to alter, v[illegible]ry and change with like consent such stocks, funds and securities for others of the same or like nature; and upon further trust from time to time to pay and apply the said annuity of fifty thousand rupees and the dividends, interest and annual income of the said promissory notes, bonds, stocks, funds and securities unto and for the bene-f[illegible] of the said Sir Cowasjee Jehangir or the person w[illegible]o, as heir male of his body, shall for the time b[illegible]g have succeeded to, and be in the enjoyment [illegible]e title of Baronet conferred by the said [illegible]s Patent as aforesaid, notwithstanding any r[illegible] law or equity to the contrary, and upon failure and in default of heirs male of the body of the said Sir Cowasjee Jehangir, to whom the same title and dignity of Baronet may descend, upon trust for the said Sir Cowasjee Jehangir, his executors, administrators and assigns, which ultimate remainder or reversion it shall be lawful for the said Sir Cowasjee Jehangir, his executors, administrators and assigns, at any time or times, during the continuance of the said title and dignity of Baronet, and until there shall be a failure of heirs male of the body of the said Sir Cowasjee Jehangir, to assign, transfer, bequeath and dispose of by deed or will or other assurance or assurances.

Application of income during minority.

5. The Corporation during the minority of any person for the time being entitled to and in enjoyment of the said dignity of Baronet under the limitations of the said Letters Patent shall pay and apply for and towards the maintenance, education and benefit of such Baronet, in each and every year during such his minority as aforesaid, so much only of the annual interest, dividends and income of the said Trust Funds and premises as the Corporation shall in their discretion think proper, and shall from time to time invest the residue of the said annual interest, dividends and income of the said Trust Funds and premises in and upon stocks, funds and securities of, or the principal and interest of, which is guaranteed by, the Government of the United Kingdom of Great Britain and Ireland or the Government of India, and shall upon such Baronet attaining his majority pay over, transfer

and assign to him or as he shall direct and for his absolute benefit the said investments and all accumulations thereof.

Mansion-houses limited to the use of the Baronet for the time being.

6. The Mansion-houses and other hereditaments called respectively "Readymoney House" and "Fort Mansion", situate in the Island of Bombay, with their rights, members and appurtenances, of which the said Sir Cowasjee Jehangir is seised to him and his heirs, shall, by force of this Act, from and immediately after the passing thereof, stand limited unto and to the use of the Corporation upon the trusts hereinafter declared, that is to say, upon trust for the said Sir Cowasjee Jehangir for and during the term of his natural life and from and immediately after his decease upon trust for the heirs male of the body of the said Sir Cowasjee Jehangir who may succeed to the title of Baronet conferred by the said Letters Patent as aforesaid, and, upon failure and default of heirs male of the body of the said Sir Cowasjee Jehangir to whom the same title and dignity of Baronet may descend as aforesaid, upon trust for the said Sir Cowasjee Jehangir, his heirs and assigns for ever, which ultimate remainder or reversion it shall be lawful for the said Sir Cowasjee Jehangir and his heirs and assigns at any time o[illegible] times during the continuance of the said title ar[illegible] dignity of Baronet, and until there shall b[illegible] a failure of heirs male of the body of the s[illegible]id Sir Cowasjee Jehangir as aforesaid, to g[illegible]nt, convey, devise and dispose of by deed or will [illegible] by any other assurance or assurances by whi[illegible]h an estate in remainder or reversion is ca[illegible]y law of being conveyed or disposed of by [illegible]see inhabitants of British India.

Devolution of interest where beneficiary refuses, neglects or discontinues to use the names "Cowasjee Jehangir".

7. Provided always that in case any person to whom for the time being the said title of Baronet shall have descended shall, for the space of one whole year after he shall by virtue of this Act become entitled to the said annuity of fifty thousand rupees and the said dividends, interest and income of the said promissory notes, bonds, stocks, funds and securities, or to the possession or receipt of the rents and profits of the said hereditaments, or being then under age shall for the space of one whole year after he shall attain the age of twenty-one years, refuse or neglect to use the names of "Cowasjee Jehangir" as hereinbefore enacted, or in case any such person having so used those names shall, for the space of six calendar months consecutively during his natural life, discontinue so to use such names, then, in any or either of the said cases, the estate or interest in the said trust funds and premises of the person who shall so refuse or neglect to use or having used shall so discontinue to use the said names of "Cowasjee Jehangir" shall during the remainder of his respective natural life be suspended; and that, during any and every such suspension, the said annuity of fifty thousand rupees and the interest, dividends and income of the said promissory notes, bonds, stocks, funds and securities, and the possession and actual occupation, and also the rents and profits of the said hereditaments, shall devolve and belong to the person who would for the time being be entitled to succeed to the said title of Baronet next after the person so refusing or discontinuing to use the said name or in default of any such person to the person or persons who would be entitled to the same in case there had been a total failure of issue male of the said Sir Cowasjee Jehangir.

Power to charge settled property for jointure of widow.

8. It shall be lawful for the said Sir Cowasjee Jehangir and for any person to whom the said title of Baronet shall from time to time descend, when in the actual enjoyment of the said title, and who shall not refuse, neglect or discontinue to use, for the respective periods hereinbefore in that behalf mentioned, the said names of "Cowasjee Jehangir" as hereinbefore enacted, either before or after his marriage with any woman or women by any deed or deeds, writing or writings, with or without power of revocation to be by him sealed and delivered in [illegible]e presence of two or more credible witnesses (but subject and without prejudice to the an[illegible]y or annuities, if any, which shall be [illegible] [illegible]ng and payable by virtue of any ap[illegible] [illegible] under and in pursuance of this [illegible]sent power, [illegible] limit and appoint unto any [illegible] or wo[illegible] [illegible]m he shall marry for her or [illegible]eir l[illegible]e or li[illegible] and for her or their jointure or jointures in [illegible]ar of dower or other legal or customary rights any annuity or yearly sum not exceeding the sum of ten thousand rupees, clear of all taxes, charges and deductions whatsoever to commence and take effect immediately after the decease of the person limiting or appointing the same and to be issuing and payable out of the said annuity of fifty thousand rupees and the dividends, interest and annual income of the said promissory notes, bonds, stocks, funds and securities, and to be paid and payable by equal half-yearly payments on the thirtieth day of June and the thirty-first day of December, the first of the said half-yearly payments to be made on the half-yearly day which shall first happen after the decease of the person who shall have appointed such annuity or yearly income: Provided always that in case any person on whom such title shall descend shall have refused or neglected to use the names of "Cowasjee Jehangir" or shall discontinue to use such names for six calendar months consecutively during his natural life, every such limitation and appointment, either previously or afterwards made by him, shall be and become inoperative and invalid, and no such annuity thereby created or appointed shall take effect or be payable, or chargeable, on the said trust funds and premises, notwithstanding any such limitation or appointment.

Limitation to amount of jointure.

9. Provided always that the said annuity of fifty thousand rupees and the interest, dividends and annual income of the said promissory notes, bonds, stocks, funds and securities shall not at one and the same time be subject to the payment of more than the yearly sum of twenty thousand rupees for or in respect of any jointure or jointures which shall be made in pursuance of the power hereinbefore contained, so that if by virtue of or under the same power the said annuity of fifty thousand rupees and interest, dividends and annual income would, in case this present provision had not been inserted, be

charged at any one time with a greater yearly sum for jointures in the whole than the yearly sum of twenty thousand rupees, the yearly sum which shall occasion such excess or such part thereof as shall occasion the same shall during the time of such excess abate and not be payable.

Exclusion of wives from interest in Mansion-houses.

10. The said Mansion-houses and hereditaments called respectively "Readymoney House" and "Fort Mansion", with their rights, members and appurtenances, shall not be subject to any right, inheritance or estate whatsoever which the wife of the said Sir Cowasjee Jehangir, or the wives of any of the persons who shall successively become entitled thereto, may or might have or claim to have in the said Mansion-houses and hereditaments under any custom or law of the Parsees, or otherwise howsoever.

Limitation of transfers to life of transferor.

11. Save as regards the ultimate remainders or reversions, hereinbefore limited in trust for the said Sir Cow[illegible] Jeh[illegible]ngir, his heirs, executors, administ[illegible]s respectively, so long as the said [illegible] of Baronet shall endure, and [illegible] there shall [illegible] a failure of heirs male of [illegible] body of the said Sir Cowasjee Jehangir, to whom the said title and dignity of Baronet might descend pursuant to the limitations of the Patent whereby the said dignity was granted, neither the said Sir Cowasjee Jehangir nor any of the heirs male of his body in whose favour trusts are hereinbefore declared of the said annuity of fifty thousand rupees and the interest, dividends and annual income of the said promissory notes, bonds, stocks, funds and securities or of the said Mansion-houses and hereditaments called respectively "Readymoney House" and "Fort Mansion", shall transfer, dispose of, alien, convey, charge or encumber the said trust funds and premises or any part thereof, or the interest, dividends and annual income thereof, or any part thereof, or the said Mansion-houses or hereditaments, or any part thereof for any greater or larger estate, interest or time than during his natural life, and for such portion thereof only as he shall continue to use the names of "Cowasjee Jehangir", nor shall any such person as aforesaid either alone or jointly with any other or others of them or with any other person or persons whomsoever have any power to discontinue or bar the estates tail hereinbefore limited in trust for the heirs male of the body of the said Sir Cowasjee Jehangir, or any estate or interest hereby or herein created or declared in trust or for the benefit of any person or persons for whose benefit trusts are declared by this Act of the said annuity of fifty thousand rupees and the interest, dividends and annual income of the said promissory notes, bonds, stocks, funds and securities, or of the said Mansion-houses, hereditaments and the rents and profits thereof, or to prevent any such person or persons from succeeding to, holding or enjoying, receiving or taking the same premises according to the true intent of the provisions hereinbefore contained, nor shall the same premises or any of them be held by any Court of law or equity to have vested in any such person as aforesaid for any greater estate or interest than during his life, and only during such portion thereof as he shall continue to use the names of "Cowasjee Jehangir", and every attempt to make any conveyance, assignment or assurance contrary to the intention of this Act shall be, and is hereby, declared and enacted to be void.

Addition of stocks, funds or securities to settled property.

12. If at any time or times hereafter the said Sir Cowasjee Jehangir or any other person or persons shall be desirous of augmenting the funds and securities for the time being subject to the trusts of this Act, and for that purpose and with that intent shall at his or her own expense transfer and deliver to the Corporation any stocks, funds or securities of, or the principal and interest of which is guaranteed by, the Government of the United Kingdom of Great Britain and Ireland or the Government of India, then and as often as the same shall happen the said Corporation may, with the previous consent of the Governor of Bombay in Council, accept such stocks, funds and securities, and the same shall thenceforth be held by the said Corporation upon the same trusts as are declared by this Act with regard to the said trust funds and premises or upon such of them as shall then be subsisting and capable of taking effect: Provided always that the total amount of the promissory notes, bonds, stocks, funds and securities for the time being subject to the trusts of this Act, shall at no time exceed fifty lakhs of rupees.

[illegible]surance of Mansion-[illegible] and application of [illegible]ceived in respect of [illegible]

13. The said Mansion-houses called respectively "Readymoney House" and "Fort Mansion", and all the out-buildings and offices thereof, and also a[illegible] other messuages, or buildings, which may from time to time be added thereto, or substituted therefor, or which may hereafter become subject to any of the trusts of this Act, shall be kept insured in the name of the said Corporation, or of the persons for the time being constituting the same against loss or damage by fire, in such sum as the Corporation may deem adequate by, and at the expense of the person, for the time being in the enjoyment of the said title of Baronet, and in case any such person shall at any time neglect or refuse to insure the same in such amount, it shall be lawful for the Corporation to get the same insured, and to apply any portion of the income of the funds for the time being subject to the trusts of this Act to that purpose, and in case the hereditaments and premises so insured, or any part thereof shall be destroyed or damaged, by fire, the moneys received in respect of such insurance, shall either be laid out under the direction of the said Corporation in re-building, or reinstating the hereditaments and premises so destroyed, or damaged by fire, or, upon the application of the person for the time being entitled to, and in the enjoyment of, the said dignity of Baronet, and with the consent of the Governor of Bombay in Council, to be notified by a resolution of the Government of Bombay, may be laid out in the purchase of other hereditaments in the Presidency of Bombay, suitable for the support of the dignity of the said title, in which last-mentioned case the hereditaments so purchased shall immediately from and after the completion of the purchase thereof be and become subject to the uses and trusts of this Act, or such of them

as shall then be subsisting, and capable of taking effect in the same manner, and to the same effect, as if such last-mentioned hereditaments had expressly been named, or described in section 6. Until such insurance moneys shall have been so laid out, the Corporation may invest the same, or any part thereof, in any of the securities specified in section 17.

Mansion-houses and other hereditaments to be kept in repair.

14. The said Mansion-houses and premises called respectively "Readymoney House" and "Fort Mansion", and all additions thereto, and also all other messuages and hereditaments which from time to time may be or become subject to the trusts declared by this Act concerning the said Mansion-houses and premises, shall be kept in good repair, order and condition by and at the expense of the person for the time being in the enjoyment of the title of Baronet conferred by the said Letters Patent, and in case any such person shall at any time neglect or refuse to keep the said Mansion-houses, hereditaments and premises or any of them in such good order and condition, it shall be lawful for the Corporation to keep or cause the same to be kept in good order and condition and to defray the expense incident thereto from the income of the funds fo[illegible] the time being subject to the provisions of th[illegible] Act.

Power of Corporation to sell or exchange Mansion-houses or other hereditaments.

RECEPTION OF LUNATICS.

Reception of lunatics.

[*Cf.* s. 4 (*1*), Lunacy Act, 1890.]

4. No person other than a criminal lunatic or a lunatic so found by inquisition shall be received or detained in an asylum, save as provided by section 16, unless under a reception order.

Reception Orders on petition.

Application for reception order.

[*Cf.* s. 4 (*2*), Lunacy Act, 1890.]

[illegible] An application for a reception order shall be made by petition to the magistrate within the local limits of whose jurisdiction the alleged lunatic ordinarily resides, shall be in the form prescribed and shall be supported by two medical certificates on separate pieces of paper one of which shall be from a medical officer.

[*Cf.* s. 7 (*4*) *ibid.*]

(*2*) The petition shall state whether a previous petition has been presented as to the alleged lunatic or not and if a previous petition has been made a copy of the order on that application shall be attached to it.

(*3*) No application for a reception order shall be entertained in any area outside the Presidency-towns unless the Local Government has by notification in the local official Gazette declared such area as an area in which reception orders may be made.

Application by whom to be presented.

[*Cf.* s. 5, Lunacy Act, 1890.]

6. (*1*) The petition shall be presented, if possible, by the husband or wife or by a relative of the alleged lunatic.

(*2*) If the petition is not so presented, it shall contain a statement of the reasons why it is not so presented, and of the connection of the petitioner with the alleged lunatic, and the circumstances under which he presents the petition.

(*3*) No person shall present a petition unless he is at least twenty-one years of age, and has, within fourteen days before the presentation of the petition, personally seen the said lunatic.

(*4*) The petition shall be signed and verified by the petitioner and the statement of prescribed particulars by the person making the statement.

[Cf. s. 6, Lunacy Act, 1890.]

Procedure upon petition for reception order.

7. (*1*) Upon the presentation of the petition the magistrate shall consider the allegations in the petition and the evidence of lunacy appearing by the medical certificates and whether it is necessary for him personally to see and examine the alleged lunatic.

(*2*) If he is satisfied that a reception order may properly be made forthwith, he may make the same accordingly.

(*3*) If he is not so satisfied, he shall fix a date (notice whereof shall be given to the petitioner) for the consideration of the petition, and he may make such further or other inquiries of or concerning the alleged lunatic as he may think fit.

[Cf. s. 6, Lunacy Act, 1890.]

Examination of alleged lunatic.

8. The magistrate, if not satisfied with the evidence of lunacy appearing from the medical certificates, may visit the alleged lunatic at the place where such lunatic may happen to be.

[Cf. s. 6(8), Lunacy Act, 1890.]

Consideration of petition.

9. The petition shall be considered in private and no one except the petitioner, the alleged lunati[illegible] (unless the magistrate sha[illegible] in his discretion otherwise order), any one pers[illegible] appointed by the alleged lunatic for that purp[illegible] and the persons signing the medical certific[illegible] accompanying the petition, shall be pr[illegible] at the consideration thereof.

[Cf. ss. 6(4), 7(1), Lunacy Act, 1890.]

Order.

10. (*1*) At the time appointed for the co[illegible]deration of the peti[illegible] the magistrate may eit[illegible]ake a reception order or dismiss the petition [illegible]f he thinks fit, may adjourn the same for futu[illegible] evidence or inquiry, and may make such order as to the payment of the costs of the inquiry by the person upon whose application it was made, or out of the estate of the alleged lunatic if found to be of unsound mind, or otherwise, as he may think proper.

(*2*) If the petition is dismissed, the magistrate shall record in writing his reasons for dismissing the same and shall deliver or cause to be delivered to the petitioner a copy of such order.

[Cf. s. 7, Act 36 of 1858.]

Power to require engagement to meet cost of maintenance.

11. When any reception order made under section 7 or section 10 is presented, the person in charge of the asylum, before admitting the lunatic into the asylum, may require the friends of the said lunatic to engage to pay the cost of maintenance of the lunatic, unless it shall appear to such person that they have not sufficient means of doing so.

Reception orders otherwise than on petition.

[Cf. s. 8, Act 11 of 1877.]

Reception order in case of lunatic soldier.

12. When any European who is subject to the provisions of the Army Act has been declared a lunatic in accordance with the provisions of the military regulations in force for the time being, and it appears to any administrative medical officer that he should be removed to an asylum, such administrative medical officer may, if he thinks fit, make a reception order under his hand for the admission of the said lunatic into any asylum which has been duly authorized for the purpose by the Governor General in Council.

[Cf. s. 4 first para., and s. 5, last para. Act 36, 1858; and s. 15, Lunacy Act, 1890.]

Duties of Police in respect of wandering or dangerous lunatics and lunatics cruelly treated or not under proper care and control.

13. (*1*) Every officer in charge of a police-station shall apprehend or cause to be apprehended and taken or cause to be taken to the magistrate all persons found wandering at large within the limits of his station who are deemed to be lunatics, and all persons believed to be dangerous by reason of lunacy.

(*2*) Every officer in charge of a police-station who has knowledge that any person within the limits of his station is deemed to be a lunatic and is not under proper care and control or is cruelly treated by any relative or other person having the care or charge of him, shall immediately report the fact to the magistrate.

[Act 36 of 1858, s. 4.]

Reception order in case of wandering and dangerous lunatics.

14. Whenever any person is brought before a magistrate under the provisions of sub-section (*1*) of section 13, the magistrate shall call in a medical officer, and shall examine such person, and shall make su[illegible] inquiries as he thinks advisable; and i[illegible]rate is satisfied on personal examination or oth[illegible]oof that such person is a lunatic and a prope[illegible] to be detained, and if the medical off[illegible]ho has been called in signs a medical certificate with regard to the lunatic, the magistrate may make a reception order for the admission of such lunatic into an asylum and shall send him in suitable custody to such asylum:

Provided that, if any friend or relative of any lunatic, who is believed to be dangerous, shall enter into a bond with or without sureties for such sum of money as the magistrate thinks fit, conditioned that such lunatic shall be properly taken care of, and shall be prevented from doing injury to himself or others, the magistrate, instead of sending him to an asylum, may, if he thinks fit, make him over to the care of such friend or relative:

Provided also that, if any such friend or relative shall desire that the lunatic may be sent to a licensed asylum instead of the public asylum of the province, and shall engage in writing to the satisfaction of the magistrate to pay the cost of maintenance of the lunatic in such asylum, the magistrate may send the lunatic to the licensed asylum mentioned in the engagement.

[S. 5, Act 36 of 1858.] [Cf. s. 13 of Act of 1890.]

Order in case of lunatic cruelly treated or not under proper care and control.

15. (*1*) If it shall appear to the magistrate, on the report of a police-officer or the information of any other person, that any person within the limits of his jurisdiction deemed to be a lunatic is not under proper care and control, or is cruelly treated or neglected by any relative or other person having the charge of him, the magistrate may cause the alleged lunatic to be produced before him, and summon such relative or other person as has or ought to have the charge of him.

(*2*) If such relative or other person is legally bound to maintain the alleged lunatic, the magistrate may make an order for such lunatic being properly cared for and treated, and, if such relative or other person wilfully neglects to comply with the said order, may sentence him to imprisonment for a term which may extend to one month.

(3) If there is no person legally bound to maintain the alleged lunatic, or if the magistrate thinks fit so to do, he may proceed as prescribed in section 14, and upon being satisfied in manner aforesaid that the person deemed to be a lunatic is a lunatic and a proper person to be detained under care and treatment, may make a reception order for his admission into an asylum.

[S. 6-A, Act 36 of 1858.]

Detention of alleged lunatic pending report by medical officer.

16. (1) When any person alleged to be a lunatic is brought before a magistrate under the provisions of section 13 or section 15, the magistrate, at the request of the medical officer who has been called in, may, by order in writing, authorize the detention of the alleged lunatic for such time not exceeding ten days as may be, in his opinion, necessary to enable the medical officer to determine whether such alleged lunatic is a person in respect of whom a medical certificate may be properly given.

(2) The magistrate may, from time to time for the same purpose and at the re[illegible] the medical officer, by order in writing, [illegible] further detention not exceeding [illegible] days at a time as he thinks necessary : [illegible]

Provided that no person shall be [illegible]ined under this section for a total period exceeding thirty days from the date on which the first order under its provisions was made.

[S. 6, Act 36 of 1858.]

Commissioner of Police, etc., to act in the Presidency-towns.

17. All acts which the magistrate is authorized or required to do by sections 14, 15 and 16 may be done in the Presidency towns or Rangoon by the Commissioner of Police; and all duties which an officer in charge of a police-station is authorized or required to perform, may be performed in any of the said towns by an officer of the police-force not below the rank of an inspector.

Requirements of reception orders and medical certificates.

[Lunacy Act, s. 28.]

Medical certificates.

18. (1) Every medical certificate under this Act shall be made and signed by a medical practitioner or a medical officer as the case may be.

(2) Every medical certificate shall state the facts upon which the person certifying has formed his opinion that the alleged lunatic is a lunatic, distinguishing facts observed by himself from facts communicated by others; and no reception order on petition shall be made upon a certificate founded only upon facts communicated by others.

(3) Every medical certificate made under this Act shall be evidence of the facts therein appearing and of the judgment therein stated to have been formed by the person certifying on such facts, as if the matters therein appearing had been verified on oath.

[S. 29, Lunacy Act, 1890.]

Time and manner of medical examination of lunatic.

19. (1) A reception order required to be founded on a medical certificate shall not be made unless the person who signs the medical certificate, or, where two certificates are required, each person who signs a certificate, has personally examined the alleged lunatic, in the case of an order upon petition, not more than seven clear days before the date of the presentation of the petition, and in all other cases not more than seven clear days before the date of the order.

(2) Where two medical certificates are required a reception order shall not be made unless each medical practitioner signing a certificate has examined the alleged lunatic separately from the other.

[S. 30, Lunacy Act, 1890.]

Persons disqualified for signing certificates.

20. A medical certificate accompanying a petition for a reception order shall not be signed by the petitioner or by the husband or wife, father or father-in-law, mother or mother-in-law, son or son-in-law, daughter or daughter-in-law, brother or brother-in-law, sister or sister-in-law, partner or assistant of such petitioner.

[Cf. s. 35, Lunacy Act, 1890.]

Authority for reception.

21. A reception order, if the same appears to be in conformity with this Act, shall be sufficient authority for the petitioner [illegible]r any person authorised by him, or in the case [illegible] an order not made upon petition, for the person [illegible]horised so to do by the person making the [illegible]r, to take the lunatic and convey him to the pla[illegible] mentioned in such order and for his reception and [illegible] detention therein, or in any other asylum to whic[illegible] he may be removed in accordance with the pro[illegible]s of this Act, and the order may be act[illegible] without further evidence of the signatur[illegible] the jurisdiction of the person making the [illegible]

Reception of criminal lunatics.

Reception of Criminal lunatic.

22. An order under section 466 or section 471 of the Code of Criminal Procedure, 1898, or under section 30 of the Prisoners Act, 1900, directing the reception of a criminal lunatic into any asylum which is prescribed for the reception of criminal lunatics shall be sufficient authority for the reception and detention of any person named therein in such asylum or in any other asylum to which he may be lawfully transferred.

Reception after inquisition.

Reception after inquisition.

[Cf. s. 12, Lunacy Act, 1890.]

23. A lunatic so found by inquisition may be admitted into an asylum—

(a) in the case of an inquisition under Chapter IV on an order signed by the committee of the person of the lunatic, and having annexed thereto a certified copy of the order appointing the committee, or, if no such committee has been appointed, upon an order signed by the Master of the Court;

(b) in the case of an inquisition under Chapter V—

(i) when a guardian of the person of such lunatic has been appointed by the Court

[Cf. s. [illegible], Act 36 of 1858.]

of Wards or the Collector or by the Civil Court,—on an order signed by such guardian accompanied by a certified copy of the order of the District Court that such lunatic is a fit and proper person to be detained in an asylum;

(*ii*) when no guardian of the person of such lunatic has been appointed—on an order of the District Court that such lunatic is a fit and proper person to be detained in an asylum.

[*Cf.* s. 8 (4), Act 36, 1858.]

Order for payment of cost of maintenance of lunatic.

24. When an order has been made under section 23, the High Court or the District Court, as the case may be, shall, on receiving a report from the person in charge of an asylum that the lunatic referred to in the order has been admitted into the asylum, make an order for the payment of the cost of maintenance of the lunatic in the asylum, and on the application of such person may from time to time direct that any costs incurred in accordance with such order shall be recovered from the estate of the lunatic or of any person legally bound to maintain him as if payable under a decree of the Court:

Provided that, if at any time it shall appear to the satisfaction of the Court that the lunatic has sufficient property, and that no person legally bound to maintain such lunatic has sufficient means for the payment of such cost, the Court shall certify the same instead of making such order for the payment of the cost as aforesaid.

Amendment of order or certificate.

[S. 12, Act 5 of 1858; *Cf.* s. 34, Lunacy Act, 1890.]

Amendment of order or certificate.

25. If, after the reception of any lunatic into any asylum, it appears that the order upon which he was received or the medical certificate or certificates upon which such order was made is or are defective or incorrect, the same may at any time afterwards be amended by the person or persons signing the same with the sanction of two or more of the visitors of the said asylum, one of whom shall be a medical officer.

CHAPTER III.

CARE AND TREATMENT.

Visitors.

Act 36, 58, s. 2.]

Appointment of visitors.

26. (*1*) The Local Government shall appoint for every asylum not less than three visitors, one of whom at least shall be a medical officer.

(*2*) The Inspector General of Prisons (where such office exists) shall be a visitor *ex-officio* of all the asylums within the limits of his jurisdiction.

[Ib., s. 3.]

Monthly inspection by visitors.

27. Two or more of the visitors, one of whom shall be a medical officer, shall, once at the least in every month, together inspect every part of the asylum or asylums of which they are visitors, and see and examine, as far as circumstances will permit, every lunatic therein, and the order and certificate for the admission of every lunatic admitted since the last visitation of the visitors; and shall enter in a book to be kept for that purpose any remarks which they may deem proper in regard to the management and condition of the asylum and the lunatics therein.

Inspection of criminal lunatics by Inspector General or visitors.

[Act 5, 1898, s. 473.]

28. (*1*) When any person is confined under the provisions of section 466 or section 471 of the Code of Criminal Procedure, 1898, the Inspector General of Prisons, if such person is confined in a jail, or the visitors of the asylum or any two of them, if he is confined in an asylum, may visit him in order to ascertain his state of mind; and he shall be visited once at least in every six months by such Inspector General or by two of such visitors as aforesaid; and such Inspector General or visitors shall make a special report as to the state of mind of such person to the magistrate or Court under whose order he is confined.

[Act 5, 1898, s. 471 (4).]

(*2*) The [illegible] Government may empower the officer in ch[illegible] the jail in which such person may be co[illegible] to discharge all or any of the functions [illegible] the Inspector General under sub-section (*1*).

Discharge of lunatics.

Order of discharge from asylum by visitors.

[Act 36, 1858, s. 9.]

29. (*1*) Three of the visitors of any asylum, of whom one shall be a medical officer, may, by writing under their hands, order the discharge of any person detained in such asylum and such person shall thereupon be discharged:

Provided that no order under this sub-section shall be made in the case of a person detained under a reception order under section 12, or, in the case of a criminal lunatic, otherwise than as provided by section 30 of the Prisoners' Act, 1900.

(*2*) When such order is given, if the person is detained under the order of any public officer, notice of the order of discharge shall be immediately communicated to such officer.

Discharge of lunatics in other cases and of European military lunatics.

[*Cf.* s. 72, Lunacy Act, 1890.]

30. (*1*) A lunatic detained in an asylum under a reception order, made on petition, shall be discharged if the person on whose petition the reception order was made so directs in writing:

Provided that no lunatic shall be discharged under the provisions of sub-section (1) if the officer in charge of the asylum certifies in writing that the lunatic is dangerous and unfit to be at large.

[S. 3 (second para), Act 11, 1877.]

(*2*) A person detained in an asylum under a reception order made under section 12 shall be detained therein until he is discharged therefrom in accordance with the military regulations in force for the time

[Act 34 of 1858, s. 16.]

What relatives to attend at any inquiry at the cost of the estate: appointment of guardian of infant relative.

50. (*1*) The Court or the Master shall once in the matter of each lunatic so found by inquisition, and may as often as it or he thinks it expedient, determine whether any one or more and (if any) how many and which of the persons related to the lunatic by blood or marriage shall attend before the Master, at the cost of the estate, in any proceeding connected with the management thereof.

(*2*) If any person so related is an infant, the Court or the Master may from time to time appoint a fit person to be his guardian for the purposes of the lunacy.

[*Ib.*, s. 17.]

Court may make order on application concerning any matter connected with the lunacy.

51. The Court may, on application made to it by petition concerning any matter whatsoever connected with the lunacy, make such order, subject to the provisions of this chapter, respecting the application and the costs thereof, and of the consequent proceedings, as shall, under the circumstances, seem just.

Management and administration.

[*Ib.*, s. 18.]

Lunatic's property may be sold for debts, maintenance, etc.

52. The Court may, if it appears to be just for the lunatic's benefit, order that any property, movable or immovable, of the lunatic, and whether in possession, reversion, remainder, or contingency be sold, charged, mortgaged, dealt with or otherwise disposed of, as may seem most expedient for the purpose of raising or securing or repaying with or without interest money to be applied or which has been applied to all or any of the following purposes, namely:—

(*1*) the payment of the lunatic's debts or engagements;

(*2*) the discharge of any incumbrance on his property;

(*3*) the payment of any debt or expenditure incurred for the lunatic's maintenance or otherwise for his benefit;

(*4*) the payment of or provision for the expenses of his future maintenance and the maintenance of his family, including the expenses of his removal to Europe, when he shall be so removed, and all expenses incidental thereto;

(*5*) the payment of the costs of any inquiry under this chapter, and of any costs incurred by order or under the authority of the Court.

[Act 34 of 1858, s. 19.]

Committee to execute conveyances and powers.

53. (*1*) The committee of the lunatic's estate shall, in the name and on behalf of the lunatic, execute all such conveyances and instruments of transfer relative to any sale, mortgage or other disposition of his estate as the Court shall order.

(*2*) The committee shall, in like manner, under the order of the Court exercise all powers whatsoever vested in a lunatic, whether the same are vested in him for his own benefit or in the character of trustee or guardian.

[Act 34 of 1858, s. 20.]

Court may order performance of contract.

54. Where a person, having contracted to sell or otherwise dispose of his estate or any part thereof, afterwards becomes lunatic, the Court may, if the contract is such as the Court thinks ought to be performed, direct the committee of the estate to execute such conveyances and to do such other acts in fulfilment of the contract as it shall think proper.

[*Ib.*, s. 21.]

Member of partnership becoming lunatic.

55. (*1*) Where a person, being a member of a partnership firm, is found lunatic, the Court may, on the application of the other partners, or of any person who appears to the Court to be entitled to require the same, dissolve the partnership.

(*2*) Upon such dissolution, or upon a dissolution by decree of Court or otherwise by due course of law the committee of the estate may, in the name and on behalf of the lunatic, join with the other partners in disposing of the partnership property upon such terms, and shall do all such acts for carrying into effect the dissolution of the partnership, as the Court shall think proper.

[*Ib.*, s. 22]

Disposal of business premises.

56. Where a lunatic has been engaged in business, the Court may, if it appears to be for the lunatic's benefit that the business premises should be disposed of, order the committee of the estate to sell and dispose of the same; and the monies arising from such sale shall be applied in such manner as the Court shall direct.

[*Ib.*, s. 23.]

Committee may dispose of lease.

57. Where a lunatic is entitled to a lease or under-lease, and it appears to be for the benefit of his estate that it should be disposed of, the committee of the estate may, by order of the Court surrender, assign or otherwise dispose of the same to such person for such valuable or nominal consideration, and upon such terms, as the Court shall think fit.

[*Ib.*, s. 24.]

When and to what extent Court of Wards may assume charge of land belonging to a lunatic.

58. If a lunatic is possessed of any immovable property situate beyond the local limits of the jurisdiction of the Court, which, by the law in force in the province wherein such property is situated, subjects the proprietor, if disqualified, to the superintendence of the Court of Wards, the said Court of Wards may assume the charge of such property and manage the same according to the rules for the time being in force for such management:

Provided that—

(*1*) in such case, no further proceedings in respect of the lunacy shall be taken under any such law, nor shall it be competent to the Court of Wards or to any Collector to appoint a guardian of the person of the said lunatic or a manager of the estate except of the immovable property which so subjects the proprietor as aforesaid:

(*2*) the surplus of the income of such property, after providing for the discharge of the Government revenue and expenses of management, shall be disposed of from time to time in such manner as the High Court shall direct, and not otherwise:

(5) nothing contained in this section shall affect the powers given to the High Court by sections 52, 53 and 54 or (except so far as relates to the management of the said immovable property which so subjects the proprietor as aforesaid) the powers given by any other section.

Vesting orders.

[Act 34 of 1858, s. 27.]

Court may in certain cases apply property for lunatic's maintenance without appointing committee.

59. (1) If it appears to the Court, having regard to the situation and condition in life of the lunatic and his family and the other circumstances of the case, to be expedient that his property should be made available for his or their maintenance in a direct and inexpensive manner, it may, instead of appointing a committee of the estate, order that the property if money or if of any other description the produce thereof, when realized, be paid to such person as the Court may think fit, to be applied for the purpose aforesaid.

(2) The receipt of the person so appointed shall be a valid discharge to any person who pays any money or delivers any property of the lunatic to such person.

[Ib., s. 25.]

Stock transferable in British India, belonging to lunatic, may be ordered to be transferred.

60. Where any stock or Government securities or any share in a company (transferable within British India or the dividends of which are payable there) is or are standing in the name of, or is vested in, a lunatic, beneficially entitled thereto, or in a committee of the estate of a lunatic, or in a trustee for him, and the committee dies intestate, or himself becomes lunatic, or is out of the jurisdiction of the Court, or it is uncertain whether the committee is living or dead, or he neglects or refuses to transfer the stock, securities or shares, or to receive and pay over thereof the dividends to a new committee or as the Court directs, within fourteen days after being required by the Court to do so, then the Court may order some fit person to make such transfer, or to transfer the same, and to receive and pay over the dividends in such manner as the Court directs.

[Act 34 of 1858, s. 26.]

Stock of lunatic residing out of British India, and not within the United Kingdom, may be ordered to be transferred.

61. Where any such stock or Government securities or share in a company is or are standing in the name of, or vested in, any person residing out of British India and not in any part of the United Kingdom, the Court upon being satisfied that such person has been declared lunatic, and that his personal estate has been vested in a person appointed for the management thereof, according to the law of the place where he is residing, may order some fit person to make such transfer of the stock, securities or shares, or of any part thereof, to or into the name of the person so appointed or otherwise, and also to receive and pay over the dividends and proceeds, as the Court thinks fit.

[Ib., s. 28.]

Power to apply property for lunatics' maintenance in case of temporary lunacy.

62. If it appears to the Court that the unsoundness of mind of a lunatic is in its nature temporary, and that it is expedient to make temporary provision for his maintenance or for the maintenance of such members of his family as are dependent on him for their maintenance, the Court may, in like manner as under section 59, direct his property or a sufficient part of it to be applied for the purpose aforesaid.

[Act 34 of 1858, s. 30.]

Power of Court to make rules.

63. The Court may, from time to time, make rules for the purpose of carrying into effect the provisions of this chapter and for regulating the mode of proceeding before the Court, or the Master, in matters of lunacy.

[Ib., s. 31.]

Powers of Master to be exerciseable by Court.

64. The Court may exercise all or any of the powers hereinbefore conferred on the Master.

CHAPTER V.

PROCEEDINGS IN LUNACY OUTSIDE PRESIDENCY-TOWNS.

Inquisition.

[Act 35 of 1858, s. 2.]

District Court on application may institute inquisition when a person possessed of property is alleged to be a lunatic.

65. Whenever any person not subject to the jurisdiction of any of the Courts mentioned in section 34, who is possessed of property, is alleged to be a lunatic, the District Court within whose jurisdiction such person is residing may, upon application, by order direct an inquisition for the purpose of ascertaining whether such person is of unsound mind and incapable of managing his affairs.

[Ib., s. 3.]

Application by whom to be made.

66. (1) Application for such inquisition may be made by any person related by blood or marriage to the alleged lunatic or by any public curator appointed under the Succession (Protection of Property) Act, 1841, or by the Government Pleader, or if the property of the alleged lunatic consists in whole or in part of land or any interest in land, by the Collector of the district in which it is situate. [XIX of 1841.]

(2) If the property or any part thereof is of such a description as by the law in force in any province where such property is situate would subject the proprietor, if disqualified, to the superintendence of the Court of Wards, the application may be made by the Collector on behalf of the Court of Wards.

[Cf. Ib., ss. 4 to 6.]

Regulation of proceedings of District Courts.

67. The provisions of sections 37, 38 and 39 shall regulate the proceedings of the District Court with regard to the matters to which they relate.

[s. 7, Act 35, 1858.]

Inquisition by District Court; power to appoint assessors.

68. (1) The District Court, if it thinks fit, may appoint two or more persons to act as assessors to the Court in the said inquisition.

(2) Upon the completion of the inquisition, the Court shall determine whether the alleged lunatic is of unsound mind and incapable of managing his affairs and may make such order as to the payment of costs of the inquisition by the person upon whose application it was made, or out of the estate of the alleged lunatic if he be adjudged to be of unsound mind, or otherwise, as it may think proper.

[s. 8, Act 35, 1858.]

Inquisition by subordinate Court on Commission issued by District Court; order of District Court.

69. (1) If the alleged lunatic resides at a distance of more than fifty miles from the place where the District Court to which the application shall have been made is held, the said Court may issue a commission to any subordinate Court

to make the inquisition and such subordinate Court shall thereupon conduct the inquisition in the manner hereinbefore provided in this chapter.

(2) On the completion of the inquisition the subordinate Court shall report its proceedings with the opinions of the assessors, if assessors have been appointed, and its own opinion on the case; and the District Court shall thereupon make such order in the case as it may think proper.

Judicial powers over person and estate of lunatic.

[Act 35 of 1858, s. 9.] Custody of lunatics and management of their estates.

70. (1) The Court may make orders for the custody of lunatics so found by inquisition and the management of their estates.

[Cf. section 108 (2), Lunacy Act, 1890.]

(2) When upon the inquisition it is specially found that the person to whom the inquisition relates is of unsound mind so as to be incapable of managing his affairs, but that he is capable of managing himself and is not dangerous to himself or to others, the Court may make such orders as it thinks fit for the management of the estate of the lunatic including proper provisions for the maintenance of the lunatic, but it shall not be necessary, unless in the discretion of the Court it appears proper to do so, to make any order as to the custody of the person of the lunatic.

(3) If the estate of a lunatic so found or any part thereof consists of property which by the law in force in the province subjects the proprietor, if disqualified, to the superintendence of the Court of Wards, the Court of Wards shall be authorized to take charge of the same.

(4) In all other cases, except as otherwise hereinafter provided, the District Court shall appoint a manager of the estate who may be any near relative of the lunatic, or the Public Curator, or, if there be no Public Curator, any other suitable person.

[Ib., s. 10.] Appointment of guardian by Civil Court.

71. (1) Whenever a manager of the estate of a lunatic is appointed by the District Court, the Court may, if it thinks fit, appoint a fit person to be guardian of the person of the lunatic.

(2) The manager, unless he is the Public Curator, may be appointed guardian :

Provided that the legal heir of the lunatic shall not be appointed guardian of his person.

[Ib., s. 11.] Court may direct Collector to take charge of lunatic's estate if consisting of land not subject to Court of Wards: Collector to be subject to control of superior Revenue-authorities.

72. (1) If the estate consists in whole or in part of land or any interest in land not subject to the jurisdiction of the Court of Wards, the District Court, instead of appointing a manager, may direct the Collector to take charge of the estate, and thereupon the Collector shall appoint a manager of the property and a guardian of the person of the lunatic.

(2) All the proceedings of the Collector in the charge of estates under this chapter shall be subject to the control of the superior Revenue-authorities.

Remuneration of managers and guardians. [Lunacy, 1890, s. 1?]

73. If the person appointed to be manager of the estate of a lunatic, or the person appointed to be guardian of a lunatic's person, shall be unwilling to discharge such office gratuitously, the District Court or the Collector, as the case may be, may fix such allowance or allowances to be paid out of the estate of the lunatic as it or he may think fit.

Duties of guardian. [Act 35 1858 s. 13]

74. (1) The person appointed to be guardian of a lunatic's person shall have the care of his person and maintenance.

(2) When a distinct guardian is appointed, the manager shall pay to the guardian such allowance as shall be fixed by the District Court or the Collector, as the case may be, for the maintenance of the lunatic and such members of his family as are dependent on him for their maintenance.

Powers of managers. [Ib., s. 14]

75. Every manager of the estate of a lunatic appointed as aforesaid may exercise the same powers in the management of the estate as might have been exercised by the proprietor if not a lunatic; and may collect and pay all just claims, debts and liabilities due to or by the estate of the lunatic :

Provided that no such manager shall have power to sell or mortgage the estate or any part thereof, or to grant a lease of any immoveable property for any period exceeding five years, without an order of the District Court previously obtained.

Manager to furnish inventory and annual accounts. [Ib., s. 15 first para.]

76. (1) Every person appointed by the District Court or by the Collector to be manager of the estate of a lunatic shall, within six months from the date of his appointment, deliver in Court or to the Collector, as the case may be, an inventory of the immoveable property belonging to the lunatic and of all such sums of money, goods and effects, as he shall receive on account of the estate, together with a statement of all debts due by or to the same.

(2) Every such manager shall also furnish to the Court or to the Collector annually, within three months of the close of the year of the era current in the district, an account of the property in his charge, exhibiting the sums received and disbursed on account of the estate and the balance remaining in his hands.

Proceeding if accuracy of inventory or accounts be impugned. [Ib., second para.]

77. If any person related by blood or marriage to the lunatic, or any public officer, by petition to the Court, shall impugn the accuracy of the said inventory and statement, or of any annual account, the Court may summon the manager and inquire summarily into the matter and make such order thereon as it shall think proper; or the Court, at its discretion, may refer any such petition to any subordinate Court or to the Collector if the manager was appointed by the Collector.

Manager to pay proceeds of estates into the public treasury.

78. All sums received by a manager on account of any estate in excess of what may be required for the current expenses of the lunatic or of the estate, shall be paid into the public treasury on account of the

estate and may be invested from time to time in the public securities.

[Ib., s. 17.] **79.** Any person related by blood or marriage to a lunatic may sue for an account from any manager appointed under this chapter, or from any such person after his removal from office or trust, or from his legal representative in case of his death, in respect of any estate then or formerly under his care or management or of any sums of money or other property received by him on account of such estate.

Relative may sue for an account.

[Act 35 of 1858, s. 18.] **80.** (*1*) The District Court, for any sufficient cause, may remove any manager appointed by it, not being a Public Curator, and may appoint such Curator or any other fit person in his room, and may compel the person so removed to make over the property in his hands to his successor, and to account to such successor for all money received or disbursed by him.

Removal of manager or guardian.

(*2*) The Court may also, for any sufficient cause, remove any guardian appointed by it.

(*3*) The Collector, for any sufficient cause, may remove any manager or guardian appointed by him; and the District Court, on the application of the Collector, shall compel any manager so removed to deliver his accounts and the property in his hands.

[Ib., s. 19.] **81.** The District Court may impose a fine not exceeding five hundred rupees on any manager of the estate of a lunatic who wilfully neglects or refuses to deliver his accounts or any property in his hands within the prescribed time or a time fixed by the Court, and may realize such fine by attachment and sale of his property under the rules in force for the execution of decrees of Court, and may also commit the recusant to close custody until he shall deliver such accounts or property.

Manager refusing to furnish accounts, may be fined by the Court, etc.

[Ib., s. 20.] **82.** If it appears to the District Court, having regard to the situation and condition in life of the lunatic and his family, and the amount and description of his property, to be unnecessary to appoint a manager of the estate as hereinbefore provided, the Court may, instead of appointing such manager, order that the property if money or if of any other description the produce thereof, when realized, be paid to such person as the Court may think fit, to be applied for the maintenance of the lunatic and such members of his family as are dependent on him for their maintenance.

Court may in certain cases apply property for lunatic's maintenance without appointing any manager.

[Ib., s. 21.] **83.** (*1*) Any person who has been adjudged to be of unsound mind and incapable of managing his affairs, or any other person acting on his behalf or having or claiming any interest in respect of his estate, may represent by petition to the District Court that the unsoundness of mind of such person has ceased.

Restoration of estate if Court after inquiry finds that the unsoundness of mind has ceased.

(*2*) The District Court may—

(*a*) upon such petition, or

(*b*) upon information received in any other manner, that the unsoundness of mind of such person has ceased,

institute an inquiry for the purpose of ascertaining whether such person is or is not still of unsound mind and incapable of managing his affairs.

(*3*) The inquiry shall be conducted in the manner provided in sections 67, 68 and 69; and if it is adjudged that such person has ceased to be of unsound mind and incapable of managing his affairs, the Court shall make an order for his estate to be delivered over to him, and such order shall be final.

[Act 35 of 1858, s. 22.] **84.** Except as otherwise herein provided, all orders made by a District Court or by any subordinate Court under this chapter shall be open to appeal under the rules in force for appeals in miscellaneous cases.

Orders to be open to appeal.

PART IV.

MISCELLANEOUS.

CHAPTER VI.

ESTABLISHMENT OF ASYLUMS.

[Act 36 of 1858, s. 1.] **85.** The Local Government may establish or license the establishment of asylums at such places as it may deem proper and may revoke any such license.

Local Government may establish or license the establishment of asylums.

[Act 36 of 1858, s. 17A.] **86.** In either of the following cases, namely:—

Provision for provinces having insufficient or no asylums.

(*a*) when a Local Government has not established within the province a public asylum,

(*b*) when it appears to the Governor General in Council that a public asylum established within the province is not conveniently situated with respect to any part of the province, or does not afford sufficient or, in the case of any class of lunatics, suitable accommodation,

the Governor General in Council may appoint an asylum in any part of British India outside the province to be an asylum to which any Magistrate or Court exercising jurisdiction within the province may send lunatics or any class of lunatics as to an asylum established for the province in which his jurisdiction is situate.

CHAPTER VII.

EXPENSES OF LUNATICS.

[Act 36 of 1858, s. 14.] **87.** (*1*) When any lunatic is admitted to a licensed asylum under a reception order or an order under section 23 and no engagement has been taken from the friends or relatives of the lunatic or order made by the Court for the payment of expenses

In what cases Government to pay for the maintenance of lunatic.

under the provisions of this Act, the cost of maintenance of such lunatic shall be paid by the Government to the person in charge of such asylum.

[Act 11 of 1877, s. 8.] (2) The Paymaster of the military circle within which any asylum is situated shall pay to the officer in charge of such asylum the cost of maintenance of every lunatic received and detained therein under an order made under section 12.

[Act 36 of 1858, s. 15, last para.] *Application of property in the possession of a lunatic found wandering.* **88.** Any moveable property which may be in the possession of a lunatic found wandering at large may be sold by the Magistrate and the proceeds thereof (or such part of the same as may be necessary) applied towards the payment of the cost of maintenance of the lunatic, and of any other expenses incurred on his behalf.

[Ibid, s. 15, first para.] *Application to Civil Court for order for the payment of cost of maintenance out of the lunatic's estate, or by person bound to maintain him.* **89.** If in the opinion of any authority which has made a reception order under section 14, section 15 or section 17 any lunatic detained in an asylum under such order—

(a) has an estate applicable to his maintenance and more than sufficient to maintain his family, or

(b) any person is legally bound to maintain and has the means of maintaining such lunatic,

such authority may apply to the High Court or District Court within the local limits of the original jurisdiction of which the estate of the lunatic is situate or the person legally bound to maintain him resides, for an order for the payment of the cost of maintenance of the lunatic.

[Ibid.] *Order of Court and enforcement thereof.* **90.** (1) The Court shall inquire into the matter in a summary way, and on being satisfied that such lunatic has an estate applicable to his maintenance, or that any person is legally bound to maintain and has the means of maintaining such lunatic, shall make an order for the recovery of the cost of maintenance of such lunatic out of such estate or from such person.

[Ibid, s. 15, second para.] (2) Such order shall be enforced in the same manner, and shall be of the same force and effect and subject to the same appeal as a decree made by the said Court in a suit in respect of the property or person therein mentioned.

[Ibid, s. 16.] *Saving of liability of relatives to maintain lunatic.* **91.** The liability of any relative or person to maintain any lunatic shall not be taken away or affected by any provision contained in this Act.

CHAPTER VIII.

RULES.

Power of Local Government to make rules. **92.** (1) Subject to the control of the Governor General in Council, the Local Government may make rules for all or any of the following purposes, namely :—

(a) to prescribe forms for any proceeding under this Act other than a proceeding before a High Court established under the Indian High Courts Act, 1861 ; [24 & 25 Vict., c. 104.]

(b) to prescribe places of detention and regulate the care and treatment of persons detained under section 16 ;

(c) to regulate the confinement, care, treatment and discharge of criminal lunatics ;

(d) to regulate the management of asylums and the care and custody of the inmates therein ;

(e) to regulate the transfer of criminal lunatics to a public asylum ;

(f) to prescribe the time within which the manager of the estate of a lunatic shall, under section 81, deliver his accounts or any property in his hands ; and

(g) save as otherwise provided in this Act, generally to carry into effect the provisions of the Act.

(2) In making any rule under this section the Local Government may direct that a breach of it shall be punishable with fine which may extend to fifty rupees.

Publication of Rules. **93.** All rules made under section 92 shall be published in the local official Gazette and shall thereupon have effect as if enacted in this Act.

CHAPTER IX.

SUPPLEMENTAL PROVISIONS.

Penalty for improper reception or detention of lunatic. **94.** Any person who, otherwise than in accordance with the provisions of this Act, receives or detains a lunatic or alleged lunatic in an asylum, or who for payment receives or detains a lunatic or alleged lunatic otherwise than in an asylum, shall be punishable with imprisonment which may extend to two years, or with fine, or with both. [Cf. s. 315, Lunacy Act, 1890.]

Provision as to bonds. **95.** The provisions of Chapter XLII of the Code of Criminal Procedure, 1898, shall, so far as may be, apply to bonds taken under this Act. [V of 1898.]

Pension of lunatic payable by Government department. **96.** (1) When any sum is payable in respect of pay, pension, gratuity or other similar allowance to any person by any Department of Government and the person to whom the sum is payable is certified by a Magistrate to be a lunatic, the Government officer under whose authority such sum would be payable if the payee were not a lunatic may pay so much of the said sum as he thinks fit to the person having charge of the lunatic, and may pay the surplus, if any, or such part thereof as he thinks fit for the maintenance of such members of the lunatic's family as are dependent on him for maintenance. [Cf. s. 335, Lunacy Act, 1890.]

(2) The Secretary of State for India in Council shall be discharged of all liability in respect of any amounts paid in accordance with this section.

Use of forms in Schedule. **97.** Subject to any rules, the forms set forth in the First Schedule, with such variation as the circumstances of each case may require, shall be used for the respective purposes therein mentioned, and if used shall be sufficient.

Protection to persons acting under Act. **98.** No suit, prosecution or other legal proceedings shall lie against any person for anything which is in good faith done or intended to be done under this Act.

Orders under repealed Acts.

XXXVI of 1858.

99. (*1*) In the case of orders made before the commencement of this Act under section 7 of the Indian Lunatic Asylums Act, 1858, for the reception of persons into an asylum, the person who signed the order shall have all the powers and be subject to the obligations by this Act conferred or imposed upon the petitioner for a reception order, and the provisions of this Act relating to persons upon whose petition a reception order was made shall apply in the case of a person who has signed an order under section 7 of the Indian Lunatic Asylums Act, 1858, before the commencement of this Act as if the order had been made after the commencement of this Act upon a petition presented by him.

(*2*) All orders for the detention of lunatics made and all undertakings given under any enactment hereby repealed shall have the same force and effect as if they had been made or given under this Act and by or to the authority empowered thereby in such behalf.

Repeal of enactments.

100. The enactments mentioned in the Second Schedule are repealed to the extent specified in the fourth column thereof.

Enactment proposed to be repealed.	How dealt with in Bill.	Remarks.
	I.—The Lunacy Supreme Courts Act, 1858 (XXXIV of 1858).	
Preamble and section 1	Reproduced in clauses 34 and 35.	Of the Chartered High Courts, the High Courts of Calcutta, Madras and Bombay, which have succeeded to the jurisdiction of the Courts mentioned in the preamble and referred to in section 1 of the Act, alone possess general original jurisdiction in lunacy. The jurisdiction of the Allahabad High Court in lunacy matters is derived under clause 12 of its Charter and it has been held not to extend to persons who are not European British subjects: *Jaundha Kver* v. *Court of Wards*, I. L. R. 4 All 159; this jurisdiction need not be dealt with in this Bill.
Section 2 ...	Reproduced in clause 36...	......
" 3 ...	" " " 37...	The first and third paragraphs of section 3 are omitted. The provisions requiring the inquires to be ordinarily held before the full Court and entitling the lunatic to demand such an inquiry seem to be obsolete. Section 13 of the Indian High Courts Act, 1861, and the Charters of the respective High Courts contain provisions for the disposal of all matters by Judges sitting singly or in benches.
" 4 ...	" " " 38 (1)	The provision requiring the place appointed for the attendance of the lunatic to be within twenty miles of the place of his residence is omitted.

" 7 ...	Omitted	Unnecessary, in view of the omission of any special provision regarding the disposal of cases by a single Judge. Under its Charter every Judge of a High Court has all the powers of the Court.
" 8 ...	Reproduced in clause 40 ..	The Bill makes no distinction between inquisition by the Court and by a Judge thereof: the word "mode" is therefore substituted for "modes."
9 ...	" " " 41	The portions of the section relating to "the Judge" are omitted for the same reason.
" 10 ...	" " " 42 ...	The provision in the section regarding cases tried by a single Judge is omitted for the same reason. The last clause of the section is omitted as superfluous.
" 11 ...	*cf.* clause 45 ...	The wording of the clause follows that of the first part of section 109 of the English Lunacy Act, 1890.
" 12 ...	*cf.* " 43 ...	The reference in the section to the "report of the Judge" is omitted, and for the reference to inquisitions taken upon the oath of a jury a reference to the findings mentioned in the section is substituted; the rest of the section is slightly amplified to bring out the intention.

" 5 ...	Act 36, 1858, section 8, clause 3.	The Bill proposes to abolish the special provision for Presidency-towns contained in Act 36, 1858, section 7, under which a lunatic in a Presidency-town not so found may be received and detained in a lunatic asylum on an order by a private person accompanied with the requisite medical certificates. Outside Presidency-towns no person who is not a criminal lunatic or a wandering or dangerous lunatic or a lunatic not under proper care and control, can under the existing law be received into a lunatic asylum until he has been found by the District Court on inquisition to be a lunatic. Clause 5 of the Bill provides a uniform procedure for the reception and detention in a lunatic asylum under a reception order made by a Magistrate applicable to the case of any person, not being a criminal lunatic or a lunatic so found, whether within or outside a Presidency-town. Sub-clauses (2) and (3) are new; the former is adapted from section 7 (4) of the English Act

In the first proviso to the clause in the Bill provision is made for the taking of a bond instead of a mere undertaking; this is probably not a material alteration in the law.

STATEMENT OF OBJECTS AND REASONS.

THE bulk of the law relating to the custody of lunatics and the management of their estates in India is at present contained in the following Acts:—

(1) The Lunacy (Supreme Courts) Act, 1858 (Act XXXIV of 1858).

(2) The Lunacy (District Courts) Act, 1858 (Act XXXV of 1858).

(3) The Indian Lunatic Asylums Act, 1858 (Act XXXVI of 1858).

(4) The Military Lunatics Act, 1877 (Act XI of 1877).

(5) The Indian Lunatic Asylums (Amendment) Act, 1886 (Act XVIII of 1886).

(6) The Indian Lunatic Asylums (Amendment) Act, 1889 (Act XX of 1889).

(7) Chapter XXXIV of the Code of Criminal Procedure, 1898.

(8) Section 30 of the Prisoners Act, 1900.

The first three of these Acts are based in great measure on the English Lunacy Regulation Act, 1853 (16 & 17 Vict., c. 70), and the English Lunatics Act, 1853 (16 & 17 Vict., c. 96). These English Acts after frequent amendment are now replaced by the Lunacy Act, 1890 (53 Vict., c. 5), as amended by the Lunacy Act, 1891 (54 & 55 Vict., c. 65). It is in the opinion of the Government of India desirable that the law relating to the custody of lunatics in India should be amended and assimilated with the modern English law on the subject, and the present Bill has been prepared to effect this purpose. Opportunity has also been taken to rearrange and consolidate as far as possible the whol[illegible] relating to lunatics.

3. The provisions of section 30 of the Prisoners Act, 1900, and much of Chapter XXXIV of the Code of Criminal Procedure, 1898, cannot be conveniently inserted in any general Lunacy Act, and they have therefore been left untouched. Sub-sections (2) and (3) of section 471 and the whole of section 472 of the Code of Crimin[illegible]rocedure, which merely regulate the places in which criminal lunatics may be confined and pr[illegible] manner in which such lunatics are to be visited, have, however, been incorporated in t[illegible]esent Bill.

4. All changes of any im[illegible]ance m[illegible]de by the Bill are specified in the *Notes on Clauses* annexed, and the tables attached to the Bill show in detail the amendments proposed to be made in the law and the manner in which [illegible]ch section of the Acts now in force has been dealt with. The main features of the Bill are not[illegible] below.

5. Chapter II deals with the confinement of lunatics in asylums on reception orders and covers much the same ground as the Lunatic Asylums Act, 1858. In so far as such reception orders can be made otherwise than on petition, [illegible]e law is left practically unchanged.

6. Sections 4 to 11 and 18 to 20 how[illegible] make a considerable change in the law. At present the confinement of lunatics in asy[illegible]s on the application of relatives and friends can be effected as follows:—

(*a*) In Presidency-towns, by an order under section 7 of the Lunatic Asylums Act, 1858, (1) after the person whom it is desired to confine has been found to be a lunatic by inquisition, or (2) accompanied by the medical certificates specified therein; an order under section 7 of the Lunatic Asylums Act, 1858, can only be made for the confinement of a lunatic in an asylum in a Presidency-town: and

(*b*) outside the Presidency-towns, only by an order of the Civil Court.

7. Under the present Bill the procedure prescribed by section 7 of the Lunatic Asylums Act, 1858, has been changed, and where application is made for the confinement of a lunatic (not being a lunatic so found on inquisition) in an asylum the application must be made by petition to a Magistrate and a reception order can only be made by him. The distinction between asylums in Presidency-towns and asylums outside such areas has given rise to administrative difficulties and inconveniences and serves no useful purpose. It has therefore been discarded.

8. It will be observed that under the Bill reception orders on petition can only be made in Presidency-towns, and in this particular the provisions of Act XXXVI of 1858 have been followed. Local Governments can, however, apply the provisions of the law regarding such reception orders to areas outside the Presidency-towns.

9. The procedure prescribed for the issue of reception orders is based on the English Lunacy Act, 1890. The manner in which medical certificates are to be given and the method of examination are carefully prescribed in the Act, and every care has been taken to prevent the improper confinement of any person in an asylum on a false allegation of lunacy.

10. Chapter IV is a reproduction with slight verbal changes of the present Lunacy (Supreme Courts) Act, 1858. It is probable that substantial amendments bringing the law and procedure more into accordance with the modern English law may be desirable, but the Government of India do not think it expedient at present to make any change in this part of the Bill until the High Courts concerned have been consulted.

11. Chapter V deals with lunacy proceedings in District Courts and embodies with slight changes the existing law as contained in Act XXXV of 1858. It may possibly be desirable at a later stage to assimilate as far as possible the procedure in the District Courts to that which may be finally adopted for the High Courts. Doubts have been expressed whether that Act empowers a District Court to issue orders for the detention of a lunatic in an asylum (see *In re Joga Kuar*, I. L. R. 30 Cal 973). This question has now been set at rest by the provisions of clause 70 (1) which is taken from the English Lunacy Act, 1890.

12. Chapter IX is new but contains little that is not sufficiently explained in the *Notes on Clauses*. Special attention may, however, be drawn to clause 94 which penalises the detention of lunatics in asylums in contravention of the Act and also the detention for payment of lunatics or alleged lunatics in unlicensed institutions. This clause is based on section 315 of the English Act. This clause does not prohibit the detention of lunatics by their relatives or in their own houses. The Government of India are, however, of opinion that in the public interest it is desirable that complete control should be exercised over all private institutions where lunatics are confined for payment.

The 5th September 1911. J. L. JENKINS.

Notes on Clauses.

Clause 1.—The Lunacy Acts at present in force do not extend to the whole of British India, but it is expedient that there should be the same law on this subject throughout the whole of British India, and this present clause has been drafted to effect this purpose.

Clause 3.—The definitions are new, except the definition of the word "lunatic", which is taken from section 18 of Act XXXVI of [illegible]8.

Attention is drawn to the distinction between "a medical officer" and "a medical practitioner." This distinction is of importance in proceedings for the issue of reception orders. Under section 7 of Act XXXVI of 1858, two medical certificates are necessary and one of which has to be granted by a Presidency Surgeon or a Surgeon in the employment of Government.

Clauses 4 and 5 (1) are based on section 4 of the Lunacy Act, 1890. The last sentence of section 4 (1) of the English Act has been omitted as unnecessary.

Clause 6 is taken from section 5 of the Lunacy Act, 1890. It may be noted that any application for an inquisition under Act X[illegible]XV of 1858 must at present be verified (see *Bussrutali Chowdhry* v. *Eshan Chander Roy*, Weekly Reporter, Misc., page 54).

Clauses 7, 8, 9 and 10 are taken from section [illegible] and section 7 (1) of the English Lunacy Act, 1890. The provisions of section 6 (5) of that Act have been omitted as unnecessary.

Clause 11 is taken from section 7 of Act XXXVI of 1858. Under the existing law, when a lunatic is received into an asylum in a Presidency-town and he has relatives who are bound to support him, the officer in charge of the asylum may refuse to receive the lunatic unless the relatives enter into an agreement to pay for the cost of his maintenance. A similar provision has been inserted in the present Bill in the case of lunatics for whose detention in any asylum a reception order is made under clauses 7 and 10.

Clauses 18 to 20 are new and of importance. They are taken from the Lunacy Act, 1890, and contain very necessary directions as to the manner in which and the persons by whom medical certificates are to be furnished.

Clauses 21 and 22 are new. The former is taken from the Lunacy Act of 1890. The intention is to protect persons in charge of asylums who detain lunatics under proper authority.

Clause 23 is based on section 8 of Act XXXVI of 1858. Sub-clause (*b*) (*ii*) of this clause, however, authorises a District Court to make an order for the admission of a lunatic into an asylum without any application by a relative if such a course appears to be necessary.

Clause 24.—By the proviso the Court is authorised to abstain from making any order as to the payment of the cost of maintenance if at any time subsequent to the order of detention it is found that the lunatic and those bound to support him have no means to pay for his maintenance.

Clause 29.—The only change made in the existing law by this clause is the proviso that visitors to an asylum should not make an order for the discharge of criminal or military lunatics.

Clause 30 (1) authorises the discharge of any harmless lunatic confined on a reception order made on petition at the written request of the original petitioner. It is taken from section 72 of the Lunacy Act, 1890.

Clause 39 is taken from section 13 of Act XXXVI of 1858 but the wording has been altered to make it clear that a police-officer, though he may himself arrest an escaped lunatic, cannot authorise such arrest by any other person.

Clause 44 is new and is taken from the Lunacy Act. 1890, section 108 (2). It is clear from Act XXXVI of 1858 that the intention of the legislature was to give authority to Courts to make orders for the custody of lunatics so found on inquisition, and this power is now specifically given by this clause. At the same time, when it is unnecessary to make any order for such custody, the Courts are empowered, as in England, to abstain from making any such order. Similar powers are given to District Courts under clause 70 of the Bill.

Clauses 65 to 84 reproduce the existing law as contained in the Lunacy District Courts Act with the following changes :—

Clause 70 already referred to specifically authorises District Courts to make orders for the custody of lunatics. Their powers in this respect have been doubted.

Clause 71.—Under the existing law a District Court must appoint a guardian of the person of a lunatic if it appoints a manager of his property. Such an appointment is not necessary if a lunatic is harmless and possibly in some cases if he is confined in an asylum. The clause as now framed authorises a District Court to abstain from making any such order if it is not necessary.

Clauses 77 to 79.—In these clauses, as in clauses 42 and 50 and elsewhere, the words "person related by blood or marriage" have been substituted for the word "relative", as in many instances it is desirable that authority should be given to a person not related to the lunatic by blood to take action under the law.

Clause 82.—In this clause and clause 62 and elsewhere the words "such members of his family as are dependent on him for their maintenance" have been substituted for the word "family" in view of the decision of the Calcutta High Court in the case of *Chandrabati* v. *Mauji Lal*, I.L.R. 23 Cal. 512.

Clause 95 provides a procedure for the realization of any sum due under bonds executed under the provisions of the A[illegible]

Clause 96 reproduces section 33[illegible] of the English Lunatic Act, 1890. Its object is to provide an inexpensive procedure for the payment of pensions, etc., to Government officers who have become insane.

Clause 99 provides for the case of lunatics detained under proper authority prior to this Bill becoming law. The first sub-clause is based on section 336 of the English Lunacy Act of 1890.

GOVERNMENT OF INDIA.
LEGISLATIVE DEPARTMENT.

The following Bill was introduced in the Council of the Governor General of India for the purpose of making Laws and Regulations on the 18th September 1911:

No. 19 OF 1911.

A Bill further to amend the Indian Post Office Act, 1898.

WHEREAS it is expedient further to amend the Indian Post Office Act, 1898; It is hereby enacted as follows:—

Short title.

1. This Act may be called the Indian Post Office (Amendment) Act, 191 .

Repeal of portions of section 7 and the First Schedule of Act VI of 1898.

2. The proviso to sub-section (*1*), and sub-section (*2*), of section 7 and the First Schedule of the Indian Post Office Act, 1898, are hereby repealed.

Substitution of new sub sections (*1*) and (*2*) in section 21 of same Act.

3. For sub-sections (*1*) and (*2*) of section 21 of the said Act, the following sub-sections shall be substituted, namely:—

"21. (*1*) The Governor General in Council may make rules as to the transmission of articles by post.

(*2*) In particular and without prejudice to the generality of the foregoing power, such rules may—

(*a*) specify articles which may not be transmitted by post;

(*b*) prescribe conditions on which articles may be transmitted by post;

(*c*) provide for the detention and disposal of articles in course of transmission by post in contravention of rules made under clause (*a*) or clause (*b*);

(*d*) provide for the granting receipts for, and the granting and obtaining certificates of, posting and delivery of postal articles and the sums to be paid, in addition to any other postage, for such receipts and certificates;

(*e*) regulate covers, forms, dimensions, maximum weights, and enclosures, and the use of postal articles, other than letters, for making communications; and

(*f*) prescribe the fees to be charged for inquiries into complaints regarding the disposal of postal articles."

Amendment of section 23 of same Act.

4. (*1*) In section 23, sub-section (*2*), of the said Act, after the words "in contravention of" the words and figures "section 20, clause (*a*), or of" shall be inserted.

(*2*) In sub-section (*3*) of the same section of the said Act, for clause (*b*) the following shall be substituted, namely:—

"(*b*) any postal article sent by post in contravention of the provisions of section 20 may be disposed of in such manner as the Governor General in Council may by rule direct."

Amendment of section 24 of same Act.

5. In section 24 of the said Act, for the words "Where a postal article, suspected to contain any contraband goods" the words "Except as otherwise provided in this Act, where a postal article suspected to contain any goods of which the import by post or the transmission by post is prohibited by or under any enactment for the time being in force", shall be substituted.

Amendment of and addition to section 25 of same Act.

6. In section 25 of the said Act, for the words "all such goods found" the words "all postal articles reasonably believed or found to contain such goods" shall be substituted, and to the same section the following shall be added, namely: —

"In carrying out any such search, such officer of the Post Office may open or unfasten, or cause to be opened or unfastened, any newspaper or any book, pattern or sample packet in course of transmission by post."

Amendment of section 26 (*1*) of same Act.

7. In section 26, sub-section (*1*), of the said Act, for the words "shall be delivered to the Government or to an officer thereof mentioned in the order, to be disposed of in such manner as the Governor General in Council may direct", the following shall be substituted, namely:—

"shall be disposed of in such manner as the authority issuing the order may direct."

Amendment of section 35 of same Act.

8. (*1*) In section 35, sub-section (*2*), of the said Act, at the end of clause (*c*) the word "and" shall be omitted, and after clause (*d*) the following shall be added, namely:—

"; and

(*e*) provide for the retention and repayment to the addressee in cases of fraud of money recovered on the delivery of any value-payable postal article."

(*2*) After sub-section (*3*) of the same section the following shall be added, namely:—

"(*4*) No suit or other legal proceeding shall be instituted against the Secretary of State for India in Council or any officer of the Post Office in respect of anything done, or in good faith purporting to be done, under any rule made under clause (*e*) of sub-section (*2*)."

Addition to section 48 of same Act.

9. To section 48 of the said Act the following shall be added, namely:—

"or

(*e*) any wrong payment or delay in payment of a money order beyond the limits of British India by an officer of any post office, not being one established by the Governor General in Council."

STATEMENT OF OBJECTS AND REASONS.

Experience has shown that the existing Post Office Act, which was enacted in 1898, fails in certain respects to give adequate powers to the postal authorities to deal with articles posted in contravention of the Act. The present Bill is designed to give such further powers as are required, and at the same time to remove certain obscurities and to remedy such minor defects as have been found to exist. An explanation of the several amendments which it is proposed to make is given in the subjoined *Notes on Clauses.*

Notes on Clauses.

Clause 2.—There are certain isolated localities where the cost of carrying the parcel traffic very considerably exceeds the receipts from such traffic. The object of the amendment is to enable the Post Office to increase rates on parcels in such particular localities, where it is found that the maximum rates allowed under the existing Act are unremunerative. The English Post Office Act fixes no maximum rates for the parcel post. It is considered that the object in view can most simply be attained by erasing the proviso to sub-section *(1)* of section 7. A corollary to this is the erasure of sub-section *(2)* of section 7 and of the First Schedule.

Clause 3.—It is considered advisable to provide for the issue of rules to prohibit the transmission by post of circulars relating to lotteries, and to prohibit or restrict the transmission by post of coin, bullion or any other articles of a specified description. At present there is no prohibition of the transmission of circulars relating to lotteries, although the publication of such circulars is an offence under section 294-A of the Indian Penal Code. The transmission of gold coin or bullion is limited by executive orders, but it is desired to provide expressly for the issue of rules to cover such cases. These objects will be attained by the addition of the new sub-clauses *(a)*, *(b)* and *(c)* to sub-section *(2)* of section 21 of the existing Act.

The addition of sub-clause *(f)* has been made in order to make it possible to provide by rule for the imposition of a fee for an enquir[illegible] regarding the disposal of a postal article of any class. It has been found that a great deal [illegible]bour and trouble is caused to post offices and audit offices by the investigation of complain[illegible] to unregistered value-payable articles, a large majority of which ult[illegible]tely prove to be [illegible]foundless. In the British Post Office an enquiry fee of 2*d.* is charg[illegible] each enquiry into the alleged loss or non-delivery of a registered article, on the cond[illegible]n that the fee will be refunded if it is found that the Post Office has been in fault. It is considered advisable to adopt a similar procedure in India with regard to value-payable articles, but the amendment has been so worded as to enable the principle of an enquiry fee to be extended, if necessary, to postal articles of any class.

Clause 4.—The amendment of section 23 *(3)* so as to allow the opening of any newspaper, book, pattern or sample packet suspected to [illegible]ve been sent in contravention of section 20 *(a)* of the Act is necessary to render the prohi[illegible]ons laid down under section 20 effective. The necessity for this amendment arose fr[illegible]e powerlessness of the Post Office to stop the circulation of an extremely indecent pa[illegible]et recently published, inasmuch as the Act does not allow the postal authorities to open any article suspected to have been sent in contravention of section 20. In the United Kingdom the Post Office has the power to open any postal article to ascertain whether it contains indecent matter, but it is considered that in India the opening of newspapers and book, pattern or sample packets only should be permitted for this purpose. Letters and parcels will not be affected.

The provisions of section 23 *(3)* *(b)* of the existing Act are not satisfactory. Under them the Post Master General is constituted the authority which shall decide whether an article is or is not indecent or obscene, or whether words written thereon are or are not seditious. It is considered advisable to relieve the postal authorities of this responsibility, and to substitute a provision enabling the Governor General in Council to make rules for the treatment of articles which are considered by the postal authorities to have been sent in contravention of section 20.

Clause 5.—The absence of any definition of "contraband goods" in the existing Act has been repeatedly felt, and it is proposed to substitute a defining phrase, making it clear that the provisions of section 24 are applicable to goods of which the import or transmission by post has been prohibited under the Excise, Opium or other laws.

Clause 6.—This clause makes an addition to section 25 of the Act to make it clear that the power to search conferred by that section includes the power to open or unfasten any newspaper or any book, pattern or sample packet in course of transmission by post suspected to contain goods of any specified description, with respect to which a notification has been published under section 19 of the Sea Customs Act, 1878. The present law leaves it doubtful whether the power to search includes the power to open, although it has indeed been held to include the power to open any postal article. It is desirable to make the law definite on this point, and at the same time to limit the power to open specifically to newspapers, book, pattern

or sample packets. The power will not extend to letters and parcels, although the postal authorities will have power to hand over unopened to the Customs authorities postal articles which they are not permitted to open, but which they have good reason to believe to contain prohibited goods. A further defect in the existing law is that it empowers the postal authorities to deliver to such officer as the Governor General in Council may appoint only the goods found and not the postal articles containing the goods.

Clause 7.—This clause amends the last words of section 26 (*1*) by providing that the order for the disposal of intercepted articles should be passed by the authority sanctioning their interception. At present while a Local Government or an officer specially authorised in this behalf by the Governor General in Council can order the interception of a postal article, the directions as to its disposal have to be issued by the Governor General in Council. This procedure is cumbrous and unnecessary, and it is considered that the Local Government or the officer empowered to intercept postal articles should be authorised to dispose of them.

Clause 8.—As the law stands, it is illegal to withhold from the sender of a value-payable article payment of the money received from the addressee, even if the article may have obviously been sent to defraud the addressee. It is necessary that there should be some provision enabling the Post Office to withhold payment in such cases, and the object of the amendments introduced by clause 9 is to enable the Governor General in Council to make rules authorising a Post Master General—

(1) to withhold the payment to the sender of a value-payable article of the money received from the addressee, if the latter complains, immediately on receipt, that the article was sent fraudulently, and if there are good grounds for believing such complaint to be justified, and

(2) to order the return of the value-payable article to the sender and the refund to the addressee of the money received from him, if the Post Master General is fully satisfied, after enquiry has been made, that the article was fraudulently sent.

Clause 9.—The object of this clause is to exempt the Secretary of State from liability in cases of wrong payment, or delay in payment, beyond the limits of British India of a money order issued by the Post Office of India. The necessity for the amendment has been established by a recent judgment against the Secret[illegible] State in [illegible] case where it was admitted that payment had been made to the wrong p[illegible] [illegible]rough no fau[illegible] of the Indian Post Office but owing to a want of care and caution on [illegible] part of a foreign [illegible] Office.

LEGISLATIVE DEPARTMENT.

The following Bill was introduced in the Council of the Governor General of India for the purpose of making Laws and Regulations on the 22nd September 1911.

No. 20 OF 1911.

A Bill to provide for the delegation of Executive Powers and Duties in certain cases.

WHEREAS it is expedient to provide for the delegation of executive powers and duties in certain cases; It is hereby enacted as follows:—

Short title.

1. This Act may be called the Delegation Act, 19 .

Delegation of executive powers and duties by Governor General in Council.

2. Subject to the provisions hereinafter contained, the Governor General in Council may, by notification in the Gazette of India, delegate to any authority or class of authority specified therein, either absolutely or subject to such conditions and restrictions as he thinks fit to impose, all or any executive powers or duties conferred or imposed upon him or upon any authority subordinate to him by any enactment made by an authority in India.

Delegation of executive powers and duties by Local Government.

3. Subject to the provisions hereinafter contained, the Local Government of a Province for which a Legislative Council has been, or may hereafter be, constituted, may, by notification in the local official Gazette, make a like delegation of all or any executive powers or duties conferred or imposed on such Local Government or upon any authority subordinate to it by any enactment made by any authority in India solely for such Province.

Exceptions to sections 2 and 3.

4. Nothing in section 2 or section 3 shall be deemed to empower the Governor General in Council or the Local Government to delegate—

(a) any powers or duties conferred or imposed by the Code of Criminal Procedure, 1898, or the Code of Civil Procedure, 1908, or by any enactment relating to the constitution of the Civil Courts for the time being in force, or

V of 1898.
V of 1908.

(b) any powers conferred by any enactment on a superior authority to sanction or consent to the exercise by an inferior authority of any powers conferred on such authority thereunder.

Conditions of exercise of powers of delegation.

5. The powers of delegation conferred by sections 2 and 3 shall be exercised subject to the following conditions, namely:—

(1) no delegation shall be made in respect of powers imposed or duties conferred by an enactment which has been in force for less than five years:

Provided that, when an enactment has been repealed and re-enacted, a delegation may be made of any power or duty conferred or imposed by such enactment if the provision conferring or imposing the power or duty has been in force for at least five years;

(2) the authority making a delegation under this Act shall, before issuing the notification, publish a draft of the proposed notification as follows, namely;

(a) when the authority making the delegation is the Governor General in Council, in the Gazette of India and in the local official Gazette (if any) of every Local Government in whose territories the enactment conferring or imposing the power or duty to be delegated is in force, and

(b) when the authority making the delegation is a Local Government, in the local official Gazette;

(3) there shall be published with the draft a notice specifying a date on or after which the draft will be taken into consideration;

(4) the authority making the delegation shall receive and consider any objection or suggestion which may be made by any person with respect to the draft before the date so specified;

(5) at the time of the publication of such draft notification a copy thereof shall be sent to—

(a) every member for the time being of the Legislative Council of the Governor General or of the local Legislative Council, as the case may be; and

(b) to the Secretary to such Legislative Council;

(6) the Secretary of such Legislative Council shall lay any such draft notification on the table of the Council at the meeting of Council next following its receipt;

(7) no notification issued under this Act shall have effect unless—

(a) three months have elapsed from the date of the publication of the draft of such notification; and

(b) a meeting of the Legislative Council concerned has taken place subsequent to the date of such publication.

Publication of notification to be conclusive proof that it has been duly made.

6. The publication in the Gazette of India or the local official Gazette, as the case may be, of a notification purporting to be issued under this Act shall be conclusive proof that the notification has been duly issued.

Delegation of powers to make to include delegation of powers to add to, amend, vary or rescind.

7. Where a notification has been issued under the provisions of section 2 or section 3 delegating a power to issue notifications, orders, rules or bye-laws, then, unless it is otherwise expressly provided in such notification, the power so delegated includes a power exerciseable in the like manner and subject to the like sanction and conditions, if any, to add to, amend, vary or rescind any notifications, orders, rules or bye-laws so issued.

Continuation of orders, etc., issued by authority whose power is delegated.

8. Where any notification is issued under the provisions of section 2 or section 3, then, unless it is otherwise expressly provided in such notification, any appointment, notification, order, scheme, rule, form or bye-law already made or issued by the authority whose power is delegated, shall continue in force and be deemed to have been issued by the authority to which the power is delegated unless and until it is superseded by any appointment, notification, order, scheme, rule, form or bye-law made or issued by that authority.

STATEMENT OF OBJECTS AND REASONS.

THE Royal Commission on Decentralization pointed out, in paragraph 409 of their Report, that the proposals which they made in the direction of decentralization would, in existing circumstances, entail a large amount of continuous amending legislation, in order to permit of the delegation to a lower authority of powers and duties now vested by law in a higher authority. To give effect to their proposals, with a minimum of legislation of a petty character, they recommended, in paragraph 416 of their Report, the enactment of a general Act of Delegation, which would permit of the transmission of powers and functions by notifications of the Government of India or of the local Government, as the case might be.

The Commission made this recommendation after considering the alternative of a general Decentralization Act or Acts, which would specify in schedules the specific powers under particular Acts to be delegated, and after taking into account the opinions of Local Governments on both alternatives. They concluded that, subject to certain safeguards, mentioned in paragraph 416 of their Report, there could be no objection to a system of delegation of powers and duties by notification.

To the safeguards suggested by the R[illegible] Commission, others have been added by the Government of India. All such safe[illegible] shown in clause 5 of the Bill. Moreover, the Bill specially excludes from its purview [illegible] clause 4)—

(a) powers or duties conferred by the Codes of Civil and Criminal Procedure, and by the several enactments relating to the constitution of Civil Courts; and

(b) powers conferred by any enactment on a superior authority to sanction or consent to the exercise by an inferior authority of any powers conferred on such authority by such enactment.

The Bill is designed, in short, to facilitate delegation in respect of non-controversial matters.

CHAPTER III.

IMPORT, EXPORT AND TRANSPORT.

Power to prohibit import, export or transport.

[Ben. Act V of 1911, s. 11.]

7. The Local Government may, by notification,—

(*a*) with the previous sanction of the Governor General in Council, prohibit, throughout the province or in any specified area thereof, the import or export of any excisable article;

(*b*) prohibit the transport of any excisable article.

Restriction on import, export or transport.

8. No excisable articles shall be imported, exported or transported, except—

(*a*) after payment of any duty of Customs or Excise to which it may be liable, or execution of a bond for such payment; and

(*b*) on compliance with such conditions as the Local Government may impose.

Requirement of pass for import, export or transport.

[Cf. Mad. Act I, 1886, s. 10; Ben. Act V of 1909, s. 12.]

9. No excisable article exceeding such quantity as the Local Government may prescribe by notification either generally or for any specified area, shall be imported, exported, or transported except under a pass issued, or deemed to be issued, under the provisions of this Act:

Provided that in the case of duty-paid foreign liquor such passes shall be dispensed with, unless the Local Government shall, by notification, otherwise direct with respect to any local area.

Passes for import, export or transport.

[Cf. ib., s. 11, and Act XII 1896, s. 20.]

10. (*1*) Passes for the import, export or transport of excisable articles may be granted by the Collector:

Provided that passes for the import and export of such excisable articles as the Excise Commissioner may from time to time determine shall be granted only by the Excise Commissioner.

(*2*) Such passes may be either general for definite periods and kinds of excisable articles, or special for specified occasions and particular consignments only.

Passes issued by other authorities may be deemed passes granted under this Act.

11. The Excise Commissioner may, by general or special order, direct, subject to such conditions (if any) as he may impose, that a pass granted by any authority in India shall be deemed to be a pass for any purpose under this Act.

CHAPTER IV.

MANUFACTURE, POSSESSION AND SALE.

[Cf. Mad. Act I, 1886, s. 12. and Act XII, 1896, ss. 5 and 12.]

Licenses required for manufacture of excisable article.

12. (a) No excisable article shall be manufactured or collected;

(b) no hemp or coca plant shall be cultivated;

(c) no *tari*-producing tree shall be tapped and no *tari* shall be drawn from any tree;

(d) no liquor shall be bottled for sale;

(e) no distillery or brewery shall be constructed or worked; and

(f) no person shall use, keep or have in his possession any materials, still, utensil, implement or apparatus whatsoever for the purpose of manufacturing any excisable article other than *tari*;

except under the authority and subject to the terms and conditions of a license granted in that behalf:

Provided that the Local Government may, by notification, declare that the provisions of this section shall not apply, in any area specified in this behalf, to the tapping of *tari*-producing trees, or the drawing of *tari* under such conditions as it may prescribe.

[Cf. Mad. Act I, 1886, s. 15.]

Establishment or licensing of distilleries and warehouses

13. The Excise Commissioner may—

(a) establish a distillery which spirit may be manufactured under a license granted under section 12 on such conditions as the Local Government may impose;

(b) discontinue any such distillery;

(c) license, on such conditions as the Local Government may impose, the construction and working of a distillery or brewery;

(d) establish or license a warehouse, wherein any excisable article may be deposited and kept without payment of duty; and

(e) discontinue any such warehouse.

Payment of duty on removal from distillery, brewery or place of storage.

14. Without the sanction of the Local Government no excisable article shall be removed from any distillery, brewery, warehouse or other place of storage established or licensed under this Act unless the duty (if any) imposed under section 23 has been paid or a bond has been executed for the payment thereof.

[Cf. Ben. of 1909 s.]

Possession of excisable articles generally.

15. (1) No person not being licensed to manufacture, cultivate, collect or sell any excisable article, shall, except under a permit granted by the Collector in that behalf, have in his possession any quantity of any excisable article in excess of such quantity as the Local Government may by notification prescribe.

(2) The Local Government may prescribe for the whole province or any area therein the maximum quantity of any excisable article which may be possessed by persons generally or by any specified class of persons, and at all times or on specified occasions:

Provided that different limits may be prescribed for different qualities of the same article.

(3) Sub-section (1) shall not apply to any foreign liquor—

(a) which is in the possession of any common carrier or warehouseman as such, or

(b) which is lawfully procured by and in the possession of any person for his *bonâ fide* private consumption and not for sale.

(4) Notwithstanding anything contained in the foregoing sub-sections, the Local Government may, by notification, prohibit the possession by any person or class of persons, either in the province or in any specified area, of any excisable article, either absolutely, or subject to such conditions as it may prescribe.

Cf. Mad. Act I, 1886, [s. 15. and Act XII, 1896, s. 12.]

License required for sale of excisable articles.

16. (1) No excisable article shall be sold except under the authority and subject to the terms and conditions of a license granted in that behalf:

Provided that—

(a) a person having the right to the *tari* drawn from any tree may sell such *tari* without a license to a person licensed to manufacture or sell *tari* under this Act;

(b) a cultivator or owner of any plant from which an intoxicating drug is produced may sell without a license those portions of the plant from which the intoxicating drug is manufactured or produced to any person licensed under this Act to deal in the same, or to any officer whom the Excise Commissioner may prescribe; and

(c) nothing in this section shall apply to the sale of any foreign liquor lawfully procured by any person for his private use and sold by him or on his behalf or on behalf of his representatives in interest upon his quitting a station or after his decease, or to any sale held by order of a Court.

(2) On such conditions as the Excise Commissioner may determine, a license for sale under the Excise law for the time being in force in other parts of British India may be deemed to be a license granted in that behalf under this Act.

[Cf. Mad. Act I, 1886, s. 16.]

Power to grant lease of right to manufacture, etc.

17. (1) The Local Government may lease to any person, on such conditions and for such period as it may think fit, the right—

(a) of manufacturing, or of supplying by wholesale, or of both, or

(b) of selling by wholesale or by retail, or

(c) of manufacturing or of supplying by wholesale, or of both, and of selling by retail

any country liquor or intoxicating drug within any specified area.

(2) The licensing authority may grant to a lessee under sub-section (1) a license in the terms of his lease; and, when there is no condition in the lease which prohibits sub-letting, may, on the application of the lessee, grant a license to any sub-lessee approved by such authority.

Lessee's permission to draw *tari*.

18. Where a right of manufacturing *tari* has been leased under section 17, the Local Government may declare that the written permission of the lessee to draw *tari* shall have the same force and effect as a license from the Collector for that purpose.

[Cf. Act XII, 1896, s. 62.]

Manufacture and sale of liquor in military cantonments.

19. Within the limits of any military cantonment, and within such distance from those limits as the Local Government in any case may prescribe, no license for the retail sale of liquor shall be granted, except with the knowledge and consent of the Commanding Officer.

[Cf. Mad. Act I, 1886, s. 27.]

Duties of licensees with regard to measurement and testing.

20. Every person who manufactures or sells any excisable article under a license granted under this Act shall be bound—

(a) to supply himself with such measures, weights and instruments as the Excise Commissioner may prescribe, and to keep the same in good condition; and

(b) on the requisition of any Excise-officer duly empowered in that behalf, at any time to measure, weigh or test any excisable article in his possession in such manner as the said Excise-officer may require.

Prohibition of employment of children under the age of fourteen years and of women.

21. (1) No person who is licensed to sell foreign liquor or country spirit for consumption on his premises shall, during the hours in which such premises are kept open for business, employ or permit to be employed either with or without remuneration, any child under the age of fourteen years in any part of such premises in which such liquor or spirit is consumed by the public.

(2) No person who is licensed to sell foreign liquor for consumption on his premises shall, without the previous permission in writing of the Excise Commissioner, during the hours in which such premises are kept open for business, employ or permit to be employed, either with or without remuneration, any woman in any part of such premises in which liquor is consumed by the public.

(3) Every permission granted under sub-section (2) shall be endorsed on the license and may be modified or withdrawn.

[Cf. Mad. Act I, 1886, s. 54.]

Closing of shops for the sake of public peace.

22. (1) The District Magistrate, by notice in writing to the licensee, may require that any shops in which any excisable article is sold shall be closed at such times or for such period as he may think necessary for the preservation of the public peace.

(2) If a riot or unlawful assembly is apprehended or occurs in the vicinity of any such shop, a Magistrate of any class, or any police-officer above the rank of constable who is present, may require such shop to be kept closed for such period as he may think necessary.

(3) When any Magistrate or police-officer issues an order under sub-section (2), he shall forthwith inform the Collector of the fact.

CHAPTER V.

DUTIES AND FEES.

[Cf. Mad. Act I, 1886, s. 17; Act XII, 1896, ss. 7, 8, and 13 and Act XVI of 1863, s. 1.]

Duty on excisable article.

23. (1) The Local Government may by notification, impose a duty, at such rate or rates as it thinks fit, either generally or for any specified area, on any excisable article—

(a) imported; or

(b) exported; or

(c) transported; or

(d) manufactured, cultivated or collected under any license granted under section [illegible]; or

(e) manufactured in any distillery established, or any distillery or brewery licensed, under this Act.

(2) Duty may be imposed under sub-section (1) at different rates according to the places to which any excisable article is to be removed, or according to the strength and quality of such article.

(3) Notwithstanding anything contained in sub-section (1),—

(i) duty shall not be imposed thereunder on any article which has been imported into British India and was liable, on such importation, to duty under the Sea Customs Act, 1878, or the Indian Tariff Act, 1894; VIII of 1878. VIII of 1894.

(ii) duty imposed thereunder on denatured spirit or beer manufactured in British India shall, unless the Local Government with the previous sanction of the Governor General in Council otherwise directs, be equal to the duty to which denatured spirit or beer, as the case may be, when imported into British India by sea, is liable under the Indian Tariff Act, 1894, or any other law for the time being in force relating to the duties of customs on goods imported into British India.

[Cf. Mad. Act I, 1886, s. 18.]

Ways of levying such duty.

24. Subject to such rules regulating the time, place and manner as the Local Government may prescribe, such duty shall be levied rateably on the quantity of excisable article imported, exported, transported or manufactured in or issued from a distillery, brewery or warehouse:

Provided that—

(1) duty may be levied—

(*a*) on intoxicating drugs by an acreage rate levied on the cultivation of the hemp or coca plant, or by a rate charged on the quantity collected;

(*b*) on spirit or beer manufactured in any distillery established or any distillery or brewery licensed under this Act—

(i) in accordance with such scale of equivalents calculated on the quantity of materials used, or by the degree of attenuation of the wash or wort, as the case may be, as the Local Government may prescribe, or

(ii) by a rate charged directly on the materials used;

(*c*) on *tari*, by a tax on each tree from which the *tari* is drawn:

(2) where payment is made upon the issue of an excisable article for sale from a warehouse, it shall be at the rate of duty in force on the date of issue of such article from the warehouse.

[Ben. Act V of 1909, s. 29.]

Payment for grant of leases.

25. Instead of or in addition to any duty leviable under this Chapter, the Local Government may accept payment of a sum in consideration of the grant of any lease under section 17.

CHAPTER VI.

LICENSES, PERMITS AND PASSES.

[Mad. Act I, 1886, s. 24. Cf. Ben. Act V of 1909, s. 8.]

Form and conditions of licenses, etc.

26. Every license, permit or pass granted under this Act—

(*a*) shall be granted—

(i) on payment of such fees (if any),

(ii) for such period,

(iii) subject to such restrictions and on such conditions; and

(*b*) shall be in such form and contain such particulars,

as the Local Government may direct either generally or in any particular instance.

[Mad. Act I, 1886, s. 25. Cf. Ben. Act V of 1909, s. 40.]

Power to take security from licensee.

27. Any authority granting a license under this Act may require the licensee to give such security for the observance of the terms of his license, or to make such deposit in lieu of security, as such authority may think fit.

[Ibid, s. 41.]

Technical defects, irregularities and omissions.

28. (*1*) No license granted under this Act shall be deemed to be invalid by reason merely of any technical defect, irregularity or omission in the license or in any proceedings taken prior to the grant thereof.

(*2*) The decision of the Excise Commissioner as to what is a technical defect, irregularity or omission shall be final.

[Cf. Mad. Act I, 1886, s. 26. Ben. Act V, 1909, s. 42.]

Power to cancel or suspend license, etc.

29. (*1*) Subject to such restrictions as the Local Government may prescribe, the authority granting any license, permit or pass under this Act may cancel or suspend it—

(*a*) if any duty or fee payable by the holder thereof be not duly paid; or

(*b*) in the event of any breach by the holder thereof or by any of his servants, or by any one acting on his behalf, with his express or implied permission, of any of the terms or conditions thereof; or

(*c*) if the holder thereof is convicted of any offence under this Act or any other law for the time being in force relating to revenue, or of any cognizable and non-bailable offence, or of any offence under the Indian Merchandise Marks Act, 1889, or under any section which has been introduced into the Indian Penal Code by section 3 of that Act; or

IV of 1889.

XLV of 1860.

(*d*) if the holder thereof is punished for any offence referred to in clause (8) of section 167 of the Sea Customs Act, 1878; or

VIII of 1878.

(*e*) where a license, permit or pass has been granted on the application of the holder of any lease granted under section 17—on the requisition in writing of such lessee; or

(*f*) if the conditions of the license, permit or pass provide for such cancellation or suspension at will.

(*2*) Where a license, permit or pass held by any person is cancelled under clause (*a*), clause (*b*), clause (*c*) or clause (*d*) of sub-section (*1*), the authority aforesaid may cancel any other license, permit or pass granted to such person under this Act or under any other law for the time being in force relating to excise-revenue, or under the Opium Act, 1878.

I of 1878.

(*3*) The holder shall not be entitled to any compensation for its cancellation or suspension, nor to the refund of any fee paid or deposit made in respect thereof.

(*4*) Where a license, permit or pass is cancelled or suspended under clause (*a*), clause (*b*), clause (*c*) or clause (*d*) of sub-section (*1*),—

(*a*) the fee payable for the balance of the period for which such license would have been current but for such cancellation or suspension, may be recovered from the ex-licensee as excise-revenue;

(*b*) the Collector may take the grant under management or resell it, but any profit realised by such management or resale which is not in excess of the amount recovered for such period shall be paid to the ex-licensee.

[*Cf.* Act XII, 1896, s. 28. Ben. Act V of 1909, s. 43.]

Power to withdraw licenses.

30. (*1*) Whenever the authority which granted any license under this Act considers that such license should be withdrawn for any cause other than those specified in section 29, it shall remit a sum equal to the amount of the fees payable in respect thereof for fifteen days, and may withdraw the license either—

(*a*) on the expiration of fifteen days' notice in writing of its intention to do so, or

(*b*) forthwith without notice.

(*2*) If any license be withdrawn under clause (*b*) of sub-section (*1*), the aforesaid authority shall, in addition to remitting such sum as aforesaid, pay to the licensee such further sum (if any) by way of compensation as the Excise Commissioner may direct.

(*3*) When a license is withdrawn under sub-section (*1*), any fee paid in advance or deposit made by the licensee in respect thereof shall be refunded to him, after deducting the amount (if any), due to Government.

Surrender of license.

31. (*1*) Any holder of a license granted under this Act to sell any excisable article may surrender his license on the expiration of one month's notice in writing given by him to the Collector of his intention to surrender the same, and on payment of the fee payable for the license for the remainder of the period for which it would have been current but for such surrender:

Provided that if the Excise Commissioner is satisfied that there is sufficient reason for surrendering a license, he may remit to the holder thereof the sum so payable on surrender or any portion thereof.

(*2*) Sub-section (*1*) shall not apply in the case of any license granted under section 17.

Explanation.—The words "holder of a license," as used in this section, include a person whose tender or bid for a license has been accepted, although he may not actually have received the license.

CHAPTER VII.

OFFENCES AND PENALTIES.

[*Cf.* Mad. Act I, 1886, ss. 55, and Act XII, 1896, ss. 45, 46, 48, 49 and 51.]

Penalty for illegal import, etc.

32. Whoever, in contravention of this Act, or of any rule, notification or order made, issued or given thereunder, or of any license, permit or pass granted, under this Act,—

(*a*) imports, exports, transports, manufactures, collects or possesses any excisable article; or

(*b*) save in the case provided for in section 36 sells any excisable article; or

(*c*) cultivates any hemp or coca plant; or

(*d*) taps or draws *tari* from any *tari*-producing tree; or,

(*e*) constructs or works any distillery or brewery; or

(*f*) uses, keeps or has in his possession any materials, still, utensil, implement or apparatus whatsoever for the purpose of manufacturing any excisable article other than *tari*; or

(*g*) removes any excisable article from any distillery, brewery or warehouse licensed, established, or continued under this Act; or

(*h*) bottles any liquor;

shall be punishable with imprisonment for a term which may extend to six months, or with fine which may extend to one thousand rupees, or with both.

Penalty for attempting to render denatured spirit fit for human consumption.

33. Whoever—

(*a*) attempts to render fit for human consumption any spirit which has been denatured; or

(*b*) has in his possession any spirit in respect of which he knows or has reason to believe that any such attempt has been made;

shall be punishable with imprisonment for a term which may extend to three months, or with fine which may extend to one thousand rupees, or with both.

Penalty for illegal possession.

34. Whoever, without lawful authority, has in his possession any quantity of any excisable article knowing the same to have been unlawfully imported, transported, manufactured, cultivated or collected, or knowing the prescribed duty not to have been paid thereon, shall be punishable with imprisonment for a term which may extend to six months, or with fine which may extend to one thousand rupees, or with both.

[Mad. Act I, 1886, s. 58.]

Penalty for offences not otherwise provided for.

35. Whoever does any act in contravention of any of the provisions of this Act, or of any rule, notification or order made, issued or given thereunder and not otherwise provided for in this Act, shall be punishable with fine which may extend to two hundred rupees.

[*Cf.* Mad. Act I, 1886, s. 61, and Act XII, 1896, s. 47.]

Penalty for certain unlawful acts of licensed vendors.

36. (*1*) A licensed vendor or any person in his employ and acting on his behalf who—

(*a*) sells any excisable article to a person who is drunk; or

(*b*) sells or gives any excisable article to any child apparently under the age of fourteen years; or

(*c*) in contravention of section 21 employs or permits to be employed on any part of his licensed premises referred to in that section any child or woman; or

(*d*) permits drunkenness, disorderly conduct or gaming on the premises of such vendor; or

(*e*) permits persons whom he knows or has reason to believe to have been convicted of any non-bailable offence, or who are reputed prostitutes, to resort to or assemble on the premises of such vendor, whether for the purposes of crime or prostitution or not;

shall be punishable with fine which may extend to five hundred rupees.

(2) Where any licensed vendor, or any person in his employ and acting on his behalf, is charged with permitting drunkenness on the premises of such vendor, and it is proved that any person was drunk on such premises, it shall lie on the person charged to prove that the licensed vendor and the persons employed by him took all reasonable steps for preventing drunkenness on such premises.

[Cf. Mad. Act I, 1886, s. 52, and Act XII, 1896, ss. 50, 52.]

Penalty for misconduct by licensees, etc.

37. A holder of a license, permit or pass granted under this Act, or any person in the employ of such holder and acting on his behalf, who intentionally—

(*a*) fails to produce such license, permit or pass on the demand of any Excise-officer or of any other officer duly empowered to make such demand; or

(*b*) save in a case provided for in section 32, contravenes any rule made under section 59; or

(*c*) does any act in breach of any of the conditions of the license, permit or pass not otherwise provided for in this Act;

shall be punishable in case (*a*) with fine which may extend to two hundred rupees, and in case (*b*) or case (*c*) with fine which may extend to five hundred rupees.

Penalty for consumption in chemist's shop, etc.

38. (1) A chemist, druggist, apothecary or keeper of a dispensary who allows any excisable article, which has not been *bonâ fide* medicated for medicinal purposes, to be consumed on his business premises by any person not employed in his business, shall be punishable with imprisonment for a term which may extend to three months, or with fine which may extend to one thousand rupees, or with both.

(2) Any person not employed as aforesaid who consumes any such excisable article on such premises, shall be punishable with fine which may extend to two hundred rupees.

[Ben. Act V of 1909, s. 55.]

Manufacture, sale or possession by one person on account of another.

39. (1) Where any excisable article has been manufactured or sold or is possessed by any person on account of any other person, and such other person knows or has reason to believe that such manufacture or sale was, or that such possession is, on his account, the article shall, for the purposes of this Act, be deemed to have been manufactured or sold by, or to be in the possession of, such other person.

(2) Nothing in sub-section (1) shall absolve any person who manufactures, sells or has possession of an excisable article on account of another person from liability to any punishment under this Act for the unlawful manufacture, sale or possession of such article.

[Mad. Act I, 1886, s. 64.]

Presumption as to commission of offence in certain cases.

40. In prosecutions under section 32, section 33 and section 34 it shall be presumed, until the contrary is proved, that the accused person has committed an offence punishable under that section in respect of—

(*a*) any excisable article, or

(*b*) any still, utensil, implement or apparatus whatsoever for the manufacture of any excisable article other than *tari*, or

(*c*) any materials which have undergone any process towards the manufacture of an excisable article, or from which an excisable article has been manufactured,

for the possession of which he is unable to account satisfactorily.

[Ben. Act V of 1909, ss. 56, 57.]

Criminal liability of licensee for acts of servants.

41. Where any offence under section 32, section 33, section 34, section 36 or section 37 is committed by any person in the employ and acting on behalf of the holder of a license, permit or pass granted under this Act, such holder shall also be punishable as if he had himself committed the same, unless he establishes that all due and reasonable precautions were exercised by him to prevent the commission of such offence:

Provided that no person other than the actual offender shall be punishable with imprisonment except in default of payment of fine.

[Ben. Act V of 1909, s. 62.]

Enhanced punishment after previous conviction.

42. If any person, after having been previously convicted of an offence punishable under section 32, section 33, section 34, or section 38, or under the corresponding provisions in any enactment repealed by this Act, subsequently commits and is convicted of an offence punishable under any of those sections, he shall be liable to twice the punishment which might be imposed on a first conviction under this Act:

Provided that nothing in this section shall prevent any offence which might otherwise have been tried summarily under Chapter XXII of the Code of Criminal Procedure, 1898, from being so tried.

V of 1898.

[*Cf.* Mad. Act I, 1886, s. 65.]

Liability of certain things to confiscation.

43. (*1*) Whenever an offence has been committed which is punishable under this Act, the excisable article, materials, still, utensil, implement or apparatus in respect of or by means of which such offence has been committed shall be liable to confiscation.

(*2*) Any excisable article lawfully imported, transported, manufactured, had in possession or sold along with, or in addition to, any excisable article liable to confiscation under sub-section (1), and the receptacles, packages and coverings in which any such excisable article, materials, still, utensil, implements or apparatus as aforesaid is or are found, and the other contents, if any, of the receptacles or packages in which the same is or are found, and the animals, carts, vessels, rafts or other conveyance used in carrying the same, shall likewise be liable to confiscation.

[*Cf.* Mad. Act I, 1886, s. 66, and Act XII, 1896, s. 61.]

Order of confiscation.

44. (*1*) Where in any case tried by him the Magistrate decides that anything is liable to confiscation under section 43, he may either order confiscation or may give the owner of the thing liable to be confiscated an option to pay, in lieu of confiscation, such fine as the Magistrate thinks fit.

(*2*) When an offence under this Act has been committed, but the offender is not known or cannot be found, the case shall be enquired into and determined by the Collector who may order confiscation :

Provided that no such order shall be made until the expiration of one month from the date of seizing the thing intended to be confiscated, or without hearing any person who may claim any right thereto, and the evidence (if any) which he may produce in support of his claim :

[*Cf.* Code of Criminal Procedure, s. 525.]

Provided further that if the thing in question is liable to speedy and natural decay, or if the Collector is of opinion that the sale would be for the benefit of its owner, the Collector may at any time direct it to be sold ; and the provisions of this sub-section shall, as nearly as may be practicable, apply to the net proceeds of such sale.

[Mad. Act I, 1886, s. 67.]

Power to compound offences.

45. (*1*) The Collector may—

(*a*) accept from any person whose license, permit or pass is liable to be cancelled or suspended under clauses (*a*) and (*b*) of section 29, or who is reasonably suspected of having committed an offence under section 35, section 36 or section 37, a sum of money not exceeding two hundred rupees in lieu of such cancellation or suspension or by way of composition for such offence, as the case may be; and

(*b*) in any case in which any property has been seized as liable to confiscation under this Act may, at any time before an order of confiscation has been passed by a Magistrate, release the same on payment of the value thereof as estimated by the Collector.

(*2*) On the payment of such sum of money, or such value, or both, as the case may be, to the Collector, the accused person, if in custody, shall be discharged, the property seized (if any) shall be released ; and no further proceedings shall be taken against such person or property.

Penalty on Excise-officer making vexatious search, seizure, detention or arrest.

[S. 58, Bengal Act V of 1909.]

46. Any Excise-officer who vexatiously and unnecessarily—

(*a*) enters or searches or causes to be entered or searched any place under colour of exercising any power conferred by this Act, or

(*b*) seizes the moveable property of any person on the pretence of seizing or searching for any article liable to confiscation under this Act, or

(*c*) searches or arrests any person,

shall be punishable with imprisonment for a term which may extend to three months, or with fine which may extend to five hundred rupees, or with both.

CHAPTER VIII.

DETECTION, INVESTIGATION AND TRIAL OF OFFENCES.

Landholders and others to give information.

[Ben. Act V of 1909, s. 72.]

47. Whenever any excisable article is manufactured or collected, or any hemp or coca plant is cultivated, on any land in contravention of this Act—

(*a*) all owners and occupiers of such land and their agents ; and

(*b*) all village-headmen, village-accountants, village-watchmen, village police-officers, and all officers employed in the collection of revenue or rent of land on the part of Government or the Court of Wards, in the villages,—

shall, in the absence of reasonable excuse, be bound to give notice of the fact to a Magistrate or to an officer of the Excise, Police or Land-revenue Department, as soon as the fact comes to their knowledge.

Power to enter and inspect places of manufacture and sale.

[Mad. Act I, 1886, s. 32 ; *Cf.* Act XII, 1896, s. 53.]

48. The Excise Commissioner, or a Collector or any Excise-officer not below such rank as the Local Government may by notification prescribe, or any Police-officer duly empowered in that behalf, may—

(*a*) enter and inspect, at any time by day or by night, any place in which any licensed manufacturer manufactures or stores any excisable article; and

(*b*) enter and inspect, at any time within the hours during which sale is permitted and at any other time during which the same may be open, any place in which any excisable article is kept for sale by any person holding a license under this Act; and

(*c*) examine accounts and registers, and examine, test, measure or weigh any materials, stills, utensils, implements, apparatus or excisable article found in such place.

[*Cf.* Mad. Act I, 1886, s. 34, and Act XII, 1896, ss. 36, 37.]

Power to arrest without warrant, to seize article liable to confiscation and to make searches.

49. Any officer of the Excise, Police, or Land Revenue Departments, subject to such restrictions as the Local Government may prescribe, and any other person duly empowered, may—

(*a*) arrest without warrant any person found committing an offence punishable under section 32, section 33, or section 34; and

(*b*) seize and detain any excisable or other article which he has reason to believe to be liable to confiscation under this Act or any other law for the time being in force relating to excise-revenue; and

(*c*) detain and search any person upon whom, and any vessel, raft, vehicle, animal, package, receptacle or covering in or upon which, he may have reasonable cause to suspect any such article to be.

[*Cf.* Mad. Act I, 1886, s. 30, and Act XII, 1896, s. 40.]

Power of Magistrate to issue a warrant.

50. If a Magistrate, upon information and after such inquiry (if any) as he thinks necessary, has reason to believe that an offence under section 32, section 33 or section 34 has been, is being, or is likely to be, committed, he may issue a warrant

(*a*) for the search of any place in which he has reason to believe that any excisable article, still, utensil, implement, apparatus or materials, in respect of which such offence has been, is being, or is likely to be, committed, are kept or concealed, and

(*b*) for the arrest of any person whom he has reason to believe to have been, to be or to be likely to be engaged in the commission of any such offence.

[*Cf.* Mad Act I, 1886, s. 31, and Act XII, 1896, s. 38.]

Power to search without a warrant.

51. Whenever any Excise-officer not below such rank as the Local Government may, by notification, prescribe, has reason to believe that an offence under section 32, section 33, or section 34, has been, is being, or is likely to be, committed, and that a search-warrant cannot be obtained without affording the offender an opportunity of escape or of concealing evidence of the offence, he may, after recording the grounds of his belief,—

(*a*) at any time, by day or night, enter and search any place and seize anything found therein which he has reason to believe to be liable to confiscation under this Act; and

(*b*) detain and search and, if he thinks proper, arrest any person found in such place whom he has reason to believe to be guilty of such offence as aforesaid.

Powers of Excise-officers in matters of investigation.

[*Cf.* Ben. Act V of 1909, s. 74.]

52. (*1*) Any Excise-officer not below such rank, and within such specified area, as the Local Government may by notification, prescribe, shall, as regards offences under section 32, section 33 and section 34, exercise the powers conferred on an officer in charge of a police-station by the provisions of the Code of Criminal Procedure, 1898: V of 1898.

Provided that any such powers shall be subject to such restrictions and modifications (if any) as the Local Government may by rule prescribe.

(*2*) For the purposes of section 156 of the said Code the area in regard to which an Excise-officer is empowered under sub-section (*1*) shall be deemed to be a police-station, and such officer shall be deemed to be the officer in charge of the station.

(*3*) Any such officer, specially empowered in that behalf by the Local Government, may, without reference to a Magistrate and for reasons to be recorded by him in writing, stop further proceedings against any person concerned or supposed to be concerned in any offence against this Act, which he has investigated or which may have been reported to him.

Report by investigating officer.

[*Cf.* Ben. Act V of 1909, s. 74 (4).]

53. If on an investigation by an Excise-officer empowered under section 52, sub-section (*1*), it appears that there is sufficient evidence to justify the prosecution of the accused, the investigating officer, unless he proceeds under section 52, sub-section (*3*), shall submit a report (which shall for the purposes of section 190 of the Code of Criminal Procedure, 1898, be deemed to be a police report) to a Magistrate having jurisdiction to inquire into or try the case and empowered to take cognizance of offences on police-reports. V of 1898.

Report by Excise-officer.

[*Cf.* Mad. Act I, 1886, s 36.]

54. Where any Excise-officer below the rank of Collector makes any arrest, seizure or search under this Act, he shall, within twenty-four hours thereafter, make a full report of all the particulars of the arrest, seizure or search to his immediate official superior, and shall, unless bail be accepted under section 56, take or send the person arrested, or the thing seized, with all convenient despatch, to a Magistrate for trial or adjudication.

Arrests, searches, etc., how to be made.

[Ben. Act V of 1909, s. 81.]

55. Save as in this Act otherwise expressly provided, the provisions of the Code of Criminal Procedure, 1898, relating to arrests, detentions in custody, searches, summonses, warrants of arrest, search-warrants, and the production of persons arrested, shall apply, as far as may be, to all action taken in these respects under this Act. V of 1898.

Security for appearance in case of arrest without warrant.

56. (*1*) The Local Government may empower any Excise-officer to release persons on bail.

(*2*) When a person is arrested under this Act otherwise than on warrant by a person or

officer who has not authority to release arrested persons on bail, he shall be produced before or forwarded to—

(*a*) the nearest Excise-officer who has authority to release arrested persons on bail, or

(*b*) the nearest officer in charge of a police-station,

whoever is nearer.

(*3*) Whenever any person arrested under this Act, otherwise than on a warrant, is prepared to give bail, and is arrested by, or produced in accordance with sub-section (*2*) before an officer who has authority to release arrested persons on bail, he shall be released upon bail or, at the discretion of the officer releasing him, on his own bond.

V of 1898.

(*4*) The provisions of sections 499 to 502, 513, 514 and 515 of the Code of Criminal Procedure, 1898, shall apply, so far as may be, in every case in which bail is accepted or a bond taken under this section.

Cognizance of offences.

57. No Magistrate of the third class, unless he is specially empowered by the District Magistrate in this behalf, shall take cognizance of, or try, any offence under this Act.

[Cf. Act XII, 1896, s. 57.]

Limitation of prosecutions.

58. (*1*) No Magistrate shall take cognizance of an offence punishable—

(*a*) under section 35, section 36 or section 37, except on the complaint or report of the Collector or of an Excise-officer authorized by him in this behalf; or

(*b*) under any other section of this Act other than section 46, except on his own knowledge or suspicion or on the complaint or report of an Excise or Police officer.

(*2*) Except with the special sanction of the Local Government, no Magistrate shall take cognizance of any offence punishable under this Act, or any rule or order thereunder, unless the prosecution is instituted within six months from the date on which the offence is alleged to have been committed.

CHAPTER IX.

MISCELLANEOUS.

[Cf. Mad. Act I, 1886, ss. 5, 29, and Act XII, 1896, ss. 9, 10, 12, 19, 29, 68.]

Power to make rules.

59. (*1*) The Local Government may make rules for the purpose of carrying out the provisions of this Act.

(*2*) In particular, and without prejudice to the generality of the foregoing provision, the Local Government may make rules—

(*a*) prescribing the powers and duties of Excise-officers;

(*b*) regulating the delegation of any powers by the Chief Revenue-authority, the Excise Commissioner or Collectors under section 6, clause (*g*);

(*c*) declaring in what cases or classes of cases and to what authorities appeals shall lie from orders, whether original or appellate, passed under this Act or under any rule made thereunder, or by what authorities such orders may be revised, and prescribing the time and manner of presenting, and the procedure for dealing with, appeals;

(*d*) regulating the import, export, transport, manufacture, cultivation, collection, possession, supply or storage of any excisable article;

(*e*) regulating the periods and localities for which, and the persons or classes of persons to whom, licenses for the wholesale or retail vend of any excisable article may be granted, and regulating the number of such licenses which may be granted in any local area;

(*f*) prescribing the procedure to be followed and the matters to be ascertained before any license for such vend is granted for any locality;

(*g*) regulating the time, place and manner of payment of any duty or fee;

(*h*) prescribing the authority by, the form in which, and the terms and conditions on and subject to which, any license, permit or pass shall be granted, and may by such rules, among other matters,—

(i) fix the period for which any license, permit or pass shall continue in force,

(ii) prescribe the scale of fees or the manner of fixing the fees payable in respect of any such license, permit or pass,

(iii) prescribe the amount of security to be deposited by holders of any license, permit or pass for the performance of the conditions of the same,

(iv) prescribe the accounts to be maintained and the returns to be submitted by license-holders, and

(v) prohibit or regulate the transfer of licenses;

(*i*) providing for the destruction or other disposal of any excisable article deemed to be unfit for use;

(*j*) regulating the disposal of confiscated articles;

(*k*) regulating the grant of expenses to witnesses and to persons charged with offences under this Act and subsequently released or acquitted; and

(*l*) regulating the power of Excise-officers to summon witnesses from a distance.

Publication of rules and notifications.

60. All rules made under this Act shall be published in the local official Gazette, and on such publication shall have effect as if enacted in this Act.

[Cf. Mad. Act I, 1886, s. 96.]

Recovery of Government dues.

61. (1) The following moneys, namely,—

(a) all excise-revenue,

(b) any loss that may accrue when, in consequence of default, a grant has been taken under management by the Collector, or has been re-sold by him, and

(c) all amounts due to the Government by any person on account of any contract relating to the excise-revenue.

may be recovered from the person primarily liable to pay the same, or from his surety (if any), by distress and sale of his moveable property, or by any other process for the recovery of land-revenue due from landholders or from farmers of land or their sureties.

(2) When a grant has been taken under management by the Collector, or has been re-sold by him, the Collector may recover, in any manner authorized by sub-section (1), any money due to the defaulter by any lessee or assignee.

[Cf. Mad. Act I, 1886, s. 23.]

Government lien on property of defaulters.

62. In the event of default by any person licensed or holding a lease under this Act, all his distillery brewery or warehouse or shop buildings, fittings or apparatus and all stocks of excisable articles or materials for manufacture of the same held in or upon any distillery, brewery, warehouse or shop premises shall be liable to be attached in satisfaction of a claim for excise-revenue or in respect of any losses incurred by Government through such default and to be sold to satisfy such claim, which shall be a first charge upon the sale-proceeds.

[Act XII, 1896, s. 28.]

Recovery of dues by lessee under section 17.

63. Any person to whom a lease has been granted in accordance with the provisions of section 17 in a case where sub-letting is not forbidden by the terms of his lease, proceed against any person holding under him for the recovery of any money due in respect of such sub-lease or holding as if it were an arrear of rent recoverable under the law for the time being in force with regard to landlord and tenant:

Provided that nothing contained in this section shall affect the right of any such grantee to recover any such money by civil suit.

[Cf. Act XII 1896, s. 66.]

Power of Local Government to exempt excisable articles from the provisions of the Act.

64. The Local Government may, by notification, either wholly or partially and subject to such conditions as it may think fit to prescribe, exempt any excisable article from all or any of the provisions of this Act, either throughout the province or in any specified area, or for any specified period or occasion, or as regards any specified class of persons.

[Cf. Mad. Act I, 1886, s. 72.]

Protection to persons acting under Act.

65. No suit, prosecution or other legal proceeding shall lie against any person for anything which is in good faith done or intended to be done under this Act.

[Ibid.]

Limitations of suits.

66. No suit shall lie against the Secretary of State for India in Council or against any Excise-officer in respect of anything done, or alleged to have been done, in pursuance of this Act, unless the suit is instituted within six months from the date of the act complained of.

Repeal of enactments.

67. The enactments mentioned in the Schedule are hereby repealed to the extent specified in the fourth column thereof.

THE SCHEDULE.

(See section 67.)

ENACTMENTS REPEALED.

1	2	3	4
Year.	No.	Short title.	Extent of repeal.
1863 ...	XVI	The Excise (Spirits) Act, 1863.	So much as has not been repealed.
1894 ...	VIII	The Indian Tariff Act, 1894	Section 6.
1896 ...	XII	The Excise Act, 1896	So much as has not been repealed.
1906 ...	VII	The Excise (Amendment) Act, 1906.	The whole.

STATEMENT OF OBJECTS AND REASONS.

In 1905 a Committee was appointed by the Government of India to investigate the excise-administration of each Province, and to suggest such alterations in the law as might be desirable to suit local conditions.

In connection with this investigation the Committee was instructed to consider whether the various defects in the Excise Act, 1896 (XII of 1896), which had been brought to notice, rendered it desirable that the Act in question should be completely repealed and, if so, to indicate the main lines on which fresh legislation was required. The Committee after a full investigation decided in favour of repeal. They pointed out that the Act was unsuited to modern conditions, and that it was an obstacle in the way of improved methods of excise-administration. They were of opinion that a fresh enactment of general application, which should proceed on the lines of the Madras Abkari Act, I of 1886, should be passed.

The Government of India accepted the conclusions of the Excise Committee as to the necessity for a new enactment, and approved of the lines upon which the Committee suggested that the new Act should be framed. Instead, however, of passing an Act of general application, they decided that each Province should undertake legislation for itself, as by this means the conditions peculiar to each particular Province could be suitably provided for.

For the Central Provinces, which does not possess a legislature of its own, the Government of India decided to legislate in the Imperial Legislative Council, and a draft Bill embodying the Committee's suggestions, with such modifications as the Government of India considered necessary, was accordingly drawn up in 1907. This draft has since formed the subject of consideration by the Government of India in consultation with the Chief Commissioner of the Central Provinces, and has undergone considerable revision on the basis of the Excise Acts recently passed for Bengal, Eastern Bengal and Assam and the United Provinces.

Ben. Act V of 1909.
E. B. & A. Act I of 1910.
U. P. Act IV of 1910.

The present Bill embodies the result of the above revision. When it has been passed, it is proposed to apply its provisions in whole or in part, as local circumstances may require, to the minor Provinces of Ajmer-Merwara, British Baluchistan and Coorg, and also to the Province of Berar, the Agency territories in Baluchistan and the Civil and Military Station of Bangalore in the exercise of the foreign jurisdiction of the Governor General in Council.

Secretary to the Government of India.

GOVERNMENT OF INDIA.

LEGISLATIVE DEPARTMENT.

The following Bill was introduced in the Council of the Governor General of India for the purpose of making Laws and Regulations on the 22nd September 1911 :—

No. 22 OF 1911.

[Marginal references where not otherwise specified are to the Assurance Companies Act, 1909 (9 Edw. 7, c. 49).]

A Bill to provide for the regulation of Life Assurance Companies.

WHEREAS it is expedient to provide for the regulation of life assurance companies; It is hereby enacted as follows:

Preliminary.

Short title and extent.

1. (*1*) This Act may be called the Indian Life Assurance Companies Act, 191 .

(*2*) It extends to the whole of British India, inclusive of British Baluchistan, the Santhal Parganas and the Pargana of Spiti.

Definitions.

2. In this Act, unless there is anything repugnant in the subject or context,—

[29.] (1) "actuary" means an actuary possessing such qualifications as may be prescribed by rules made by the Governor General in Council:

[29.] (2) "chairman" means the person for the time being presiding over the board of directors or other governing body of a life assurance company:

[S. 3, Act VI of 1882.] (3) "Court" means the principal Civil Court of original jurisdiction in a district, and includes the High Court in the exercise of its ordinary original civil jurisdiction:

[29.] (4) "financial year" means each period of twelve months at the end of which the balance of the accounts of the life assurance company is struck, or, if no such balance is struck, the calendar year:

[1 (a).] (5) "life assurance business" means the issue of, or the undertaking of liability under, policies of assurance upon human life, or the granting of annuities upon human life:

(6) "life assurance company" means a company to which this Act applies:

[30 (a).] (7) "policy of assurance on human life" means any instrument by which the payment of money is assured on death (except death by accident only) or the happening of any contingency dependent on human life, or any instrument evidencing a contract which is subject to payment of premiums for a term dependent on human life:

[29.] (8) "policy-holder" means the person who for the time being is the legal holder of the policy for securing the contract with the life assurance company:

[30 (b).] (9) where a company grants annuities upon human life, "policy" includes the instrument evidencing the contract to pay such an annuity, and "policy-holder" includes annuitant: and

[29.] (10) "Registrar" means the Registrar of Joint Stock Companies.

Companies to which Act applies.

[1.] 3. Save as hereafter expressly provided, this Act shall apply to all persons or bodies of persons, whether corporate or unincorporate, whether established before or after the commencement of this Act and whether established within or without British India, who carry on life assurance business within British India.

Explanation.—A company registered under the Indian Companies Act, 1882, which carries on life assurance business in any part of the world shall for the purposes of this section be deemed to be a company carrying on such business within British India. [VI of 1882.]

Exception.—Nothing in this Act shall apply to any society to which the Provident Insurance Societies Act, 191 applies, or to any Fund which the Governor General in Council may, by notification in the Gazette of India, exempt from the operation of this Act.

Deposits.

Deposit.

[2.] 4. (*1*) Every life assurance company shall, if established before the commencement of this Act, within one year from such commencement, or, if established after such commencement, before it commences to carry on the business of life assurance, deposit and keep deposited with the Comptroller General, for and on behalf of the Governor General in Council, Government securities, as defined in the Indian Securities Act, 1886, of the face value of one hundred thousand rupees. [XIII of 1886.]

(*2*) The interest accruing due on the securities deposited under sub-section (*1*) shall be paid to the company.

(*3*) The deposit may be made by the subscribers of the memorandum of association of the company, or any of them, in the name of the proposed company, and, upon the incorporation of the company, shall be deemed to have been made by, and to be part of the assets of, the company, and the registrar shall not issue a certificate of incorporation of the company until the deposit has been made.

(*4*) The deposit shall be deemed to form part of the life assurance fund of the company.

Accounts and Documents.

Separation of funds.

[3 (1).] 5. In the case of a life assurance company transacting other business besides that of life assurance, a separate account shall be kept of all receipts in respect of the life assurance business, and the said receipts shall be carried to and form a separate fund to be called the life assurance fund.

Explanation.—Nothing in this section shall be deemed to require the investments of any life assurance fund to be kept separate from the investments of any other fund.

[30 (f).] *Exception.*—Nothing in this section shall apply to a life assurance company established before the commencement of this Act, by the terms of whose deed of settlement the whole of the profits of all the business carried on by the company are paid exclusively to the life policy-holders and on the face of whose life policies the liability of the life assurance fund in respect of the other business distinctly appears.

[3 (2).] **Appropriation of life assurance fund.** 6. The life assurance fund shall be as absolutely the security of the life policy-holders as though it belonged to a company carrying on no other business than life assurance business, and shall not be liable for any contracts of the company for which it would not have been liable had the business of the company been only that of life assurance, and shall not be applied directly or indirectly, for any purposes other than those of life assurance.

[30 (c).] *Exception.*—Nothing in this section shall affect the liability of the life assurance fund, in the case of a company established before the commencement of this Act, for contracts entered into by the company before such commencement.

[4.] **Accounts and balance-sheets.** 7. Every life assurance company shall, at the expiration of each financial year, prepare—

(a) a revenue account for the year in the form or forms set forth in the First Schedule and applicable to the class or classes of assurance business carried on by the company;

(b) a profit and loss account in the form set forth in the Second Schedule, except where the company carries on life assurance business only and no other business;

(c) a balance-sheet in the form set forth in the Third Schedule.

[5.] **Actuarial report and abstract.** 8 (1) Every life assurance company shall, once in every five years, or at such shorter intervals as may be prescribed by the instrument constituting the company or by its regulations or byelaws, cause an investigation to be made into its financial condition, including a valuation of its liabilities, by an actuary, and shall cause an abstract of the report of such actuary to be made in the form set forth in the Fourth Schedule.

(2) The provisions of sub-section (1) regarding the making of an abstract shall also apply whenever at any other time an investigation into the financial condition of a life assurance company is made with a view to the distribution of profits, or the results of which are made public.

[30 (b).] **Actuarial abstract in case of mutual company.** 9 In the case of a mutual life assurance company whose profits are allocated to members wholly or mainly by annual abatements of premium, the abstract of the report of the actuary on the financial condition of the company prepared in accordance with the Fourth Schedule, may, notwithstanding anything in section 8, be made and returned at intervals not exceeding five years: provided that, where such return is not made annually, it shall include particulars as to the rates of abatement of premiums applicable to different classes or series of assurances allowed in each year during the period which has elapsed since the previous return under the Fourth Schedule.

[6.] **Statement of life assurance business.** 10. Every life assurance company shall within two years from the commencement of this Act, and thereafter at the date to which the accounts of the company are made up for the purposes of the investigation prescribed by section 8, prepare a statement of its assurance business in the form set forth in the Fifth Schedule: Provided that, if the investigation is made annually by any company, the company may prepare such a statement at any time, so that it be made at least once in every five years.

[7 (1).] **Deposit of accounts, &c., with Governor General in Council.** 11. (1) Every account, balance-sheet, abstract or statement hereinbefore required to be made shall be printed, and four copies thereof, one of which shall be signed by the chairman and two directors of the company and by the principal officer of the company and, if the company has a managing director, by the managing director, shall be deposited with the Governor General in Council within one year after the close of the period to which the account, balance-sheet, abstract or statement relates: Provided that, if in any case it is made to appear to the Governor General in Council that the circumstances are such that a longer period than one year should be allowed, he may extend that period by such period as he may think fit.

[7 (2).] (2) The Governor General in Council shall consider any document deposited in accordance with the provisions of sub-section (1), and, if any such document appears to the Governor General in Council to be inaccurate or defective in any respect, the Governor General in Council may call upon the company to furnish a further statement correcting any such inaccuracies or supplying any such deficiencies.

[7 (3).] **Deposit of report.** 12. There shall be deposited with every revenue-account and balance-sheet of a life assurance company any report on the affairs of the company submitted to the shareholders or policy-holders of the company in respect of the financial year to which the account and balance sheet relates.

[7 (4).] **Exemption from certain provisions of Act VI of 1882.** 13 Where a life assurance company registered under the Indian Companies Act, 1882, in any year deposits its accounts and balance-sheet in accordance with the provisions of section 11, the company [illegible] the same time send to the Registrar a [illegible] such accounts and balance-sheet; and where such copy is so sent, it shall not be necessary for the company to file a balance-sheet with the registrar as required by section 74 of the Indian Companies Act, 1882, and the copy of the accounts and balance-sheet so sent shall be dealt with in all respects as if it were a balance-sheet filed in accordance with that section. VI of 1882.

[8.] **Right of shareholders, &c., to copies of accounts, &c.** 14. A printed copy of the last deposited accounts balance-sheet, abstract or statement shall, on the application of any shareholder or policy-holder of the company, be forwarded to him by the company by post or otherwise.

[9.] **Audit of accounts.** 15. Where the accounts of a life assurance company are not subject to audit in accordance with the provisions of the Indian Companies Act, 1882, relating to audit, the accounts of the company shall be audited annually in such manner as the Governor General in Council may prescribe. VI of 1882.

[10.] **List of members.** 16. Every life assurance company which is not registered under the Indian Companies Act, 1882, shall keep a list of members in accordance with the provisions of section 48 of the said Act, and shall, on the application of any shareholder VI of 1882.

or policy-holder of the company, furnish to him a copy of such list on payment of a sum not exceeding two annas for every hundred words required to be copied.

[11.] **17.** Every life assurance company which is not registered under the Indian Companies Act, 1882, shall cause a sufficient number of copies of its deed of settlement or other instrument constituting the company to be printed, and shall, on the application of any shareholder or policy-holder of the company, furnish to him a copy of such deed of settlement or other instrument on payment of a sum not exceeding one rupee.

VI of 1882. Deed of settlement.

[12.] **18.** Where any notice, advertisement or other official publication of a life assurance company contains a statement of the amount of the authorised capital of the company, the publication shall also contain a statement of the amount of the capital which has been subscribed and the amount paid up.

Publication of authorised, subscribed and paid-up capital.

[S. 274, Companies (Consolidation) Act, 1908.] **19.** (*1*) Every life assurance company, whether incorporated or not, constituted outside British India which establishes a place of business within British India, shall within three months from the establishment of the place of business file with the Registrar—

Requirements as to companies established outside British India.

(*a*) a certified copy of the charter, statutes or memorandum and articles of the company, or other instrument constituting or defining the constitution of the company, and, if the instrument is not written in the English language, a certified translation thereof;

(*b*) a list of the directors of the company;

(*c*) the names and addresses of one or more persons resident in British India authorized to accept on behalf of the company service of process and any notices required to be served on the company;

and, in the event of any alteration being made in any such instrument or in the directors or in the names and addresses of such persons as aforesaid, the company shall, within such time as the Governor General in Council may prescribe, file with the Registrar a notice of the alteration.

(*2*) Any process or notice required to be served on the company shall be sufficiently served if addressed to any person whose name has been so filed as aforesaid and left at or sent by post to the address which has been so filed.

(*3*) There shall be paid to the Registrar for registering any document, required by this section to be filed, a fee of five rupees or such smaller fee as the Governor General in Council may prescribe.

Amalgamation or Transfer.

[13.] **20.** (*1*) Where it is intended to amalgamate two or more life assurance companies, or to transfer the life assurance business of one company to another, the directors of any one or more of such companies may apply to the Court, by petition, to sanction the proposed arrangement.

Amalgamation or transfer.

(*2*) Before any such application is made to the Court—

(*a*) notice of the intention to make the application shall be published in the Gazette of India and the local official Gazette;

(*b*) a statement of the nature of the amalgamation or transfer as the case may be, together with an abstract containing the material facts embodied in the agreement or deed under which the amalgamation or transfer is proposed to be effected, and copies of the actuarial or other reports upon which the agreement or deed is founded, including a report by an independent actuary, shall, unless the Court otherwise directs, be transmitted to each policy-holder of each company; and

(*c*) the agreement or deed under which the amalgamation or transfer is effected shall be open for the inspection of the policy-holders and shareholders at the offices of the companies for a period of fifteen days after the last publication of the notice in the Gazette.

(*3*) The Court, after hearing the dir[ectors and] other persons whom it considers entit[led to be] heard upon the petition, may sanction th[e arrange]ment if it is satisfied that no sufficient [objection] to the arrangement has been established.

[(*4*) The] Court shall not sanction [any amal]ga[matio]n or transfer in any case [in which] it appears to the Court that the life poli[cy-holders] representing one-tenth or more of [the total] amount assured in any company which [is pro]posed to amalgamate, or in any company [the busi]ness of which it is proposed to transfe[r, dissent] from the amalgamation or transfer.

(*5*) No life assurance company shall am[algamate] with another, or transfer its business to [another] unless the amalgamation or transfer is s[anctioned] by the Court in accordance with this sect[ion].

21. Where an amalgamation takes [place be]tween any life [assurance] companies, or whe[re the life] assurance business [of any] such company is transferred to another [company,] the combined company or the purchasing [company,] as the case may be, shall, within one m[onth from] the date of the completion of the amalga[mation or] transfer, deposit with the Governor G[eneral in] Council—

Statements in case of amalgamation or transfer.

(*a*) certified copies of statements of [the assets] and liabilities of the companies [concerned] in such amalgamation or tra[nsfer, to]gether with a statement of t[he nature] and terms of the amalgamation [or trans]fer; and

(*b*) a certified copy of the agreemen[t or deed] under which the amalgamation [or trans]fer is effected; and

(*c*) certified copies of the actuarial [or other] reports upon which that agre[ement or] deed is founded; and

(*d*) a declaration under the hand of [the chair]man of each company, and the [principal] officer of each company, that t[o the best] of their belief every payment m[ade or to] be made to any person what

account of the amalgamation or transfer is therein fully set forth and that no other payments beyond those set forth have been made or are to be made either in money, policies, bonds, valuable securities or other property by or with the knowledge of any parties to the amalgamation or transfer.

Winding up

[15.] **22.** The Court may order the winding up of a life assurance company, in accordance with the Indian Companies Act, 1882, and the provisions of that Act shall apply accordingly, subject, however, to the modification that the company may be ordered to be wound up —

Special provisions as to winding up of assurance companies. VI of 1882.

(*a*) on the petition of ten or more policy-holders:

Provided that such a petition shall not be presented except by the leave of the Court, and leave shall not be granted until a *primâ facie* case has been established to the satisfaction of the Court and until security for costs for such amount as the Court may think reasonable has been given; or

(*b*) on application made on behalf of the Governor General in Council, showing that from a consideration of the documents deposited with him under the provisions of this Act it appears to him that the company is insolvent.

[16.] **23.** (*1*) Where the life assurance business or any part of the life assurance business of a life assurance company has been transferred to another company under an arrangement in pursuance of which the first-mentioned company (in this section called the subsidiary company) or the creditors thereof has or have claims against the company to which such transfer was made (in this section called the principal company), then, if the principal company is being wound up by or under the supervision of the Court, the Court shall (subject as hereinafter mentioned) order the subsidiary company to be wound up in conjunction with the principal company, and may by the same or any subsequent order appoint the same person to be liquidator for the two companies, and make provision for such other matters as may seem to the Court necessary, with a view to the companies being wound up as if they were one company.

Winding up of subsidiary companies.

(*2*) The commencement of winding up of the principal company shall, save as otherwise ordered by the Court, be the commencement of the winding up of the subsidiary company.

(*3*) In adjusting the rights and liabilities of the members of the several companies between themselves, the Court shall have regard to the constitution of the companies, and to the arrangements entered into between the companies, in the same manner as the Court has regard to the rights and liabilities of different classes of contributories in the case of the winding up of a single company, or as near thereto as circumstances admit.

(*4*) Where any company alleged to be subsidiary is not in process of being wound up at the same time as the principal company to which it is subsidiary, the Court shall not direct the subsidiary company to be wound up unless, after hearing all objections (if any) that may be urged by or on behalf of the company against its being wound up, the Court is of opinion that the company is subsidiary to the principal company, and that the winding up of the company in conjunction with the principal company is just and equitable.

(*5*) An application may be made in relation to the winding up of any subsidiary company in conjunction with a principal company by any creditor of, or person interested in, the principal or subsidiary company.

(*6*) Where a company stands in the relation of a principal company to one company, and in the relation of a subsidiary company to some other company, or where there are several companies standing in the relation of subsidiary companies to one principal company, the Court may deal with any number of such companies together or in separate groups as it thinks most expedient, upon the principles laid down in this section.

[17 (1)] **24.** Where a life assurance company is being wound up by the Court, or subject to the supervision of the Court, or voluntarily, the value of a policy or of a liability under a policy requiring to be valued in such winding up shall be estimated in manner applicable to policies and liabilities provided by the Sixth Schedule.

Valuation of annuities and policies.

[17 (2)] **25.** The rules in the Sixth Schedule shall be of the same force, and may be repealed, altered or amended, as if they were rules made in pursuance of section 254 of the Indian Companies Act, 1882, and rules may be made under that section for the purpose of carrying into effect the provisions of this Act with respect to the winding up of life assurance companies.

Rules of valuation. VI of 1882.

[18.] **26.** The Court, in the case of a life assurance company which has been proved to be unable to pay its debts, may, if it thinks fit, reduce the amount of the contracts of the company upon such terms and subject to such conditions as it thinks just, in place of making a winding up order.

Power to Court to reduce contracts.

Special Provisions relating to Accounts and Documents.

[20.] **27.** The Governor General in Council may direct that any documents deposited with him under this Act, or certified copies thereof, be kept by the Registrar or by any other officer appointed in this behalf, and any such documents and copies shall be open to inspection, and copies thereof may be procured by any person on payment of such fees as the Governor General in Council may direct.

Power to direct inspection of documents deposited with Governor General in Council.

[27.] **28.** The Governor General in Council shall publish annually in the Gazette of India the accounts, balance-sheets, abstracts, statements and other documents under this Act, or purporting to be under this Act, deposited with him during the preceding year, except reports on the affairs of life assurance companies submitted to the share-holders or policy-holders thereof, and may append to such accounts, balance-sheets, abstracts, statements or other documents any note of the Governor General in Council thereon, and any correspondence in relation thereto.

Accounts, etc., to be published.

[21 (1).] **29.** Every document deposited under this Act with the Governor General in Council, and certified by the registrar or by any person appointed in that behalf by the Governor General in Council to be a document so deposited, shall be deemed to be a document so deposited.

Evidence of documents.

[21 (2).] **30.** Every document purporting to be certified by the Registrar, or by any person appointed in that behalf by the Governor General in Council, to be

a copy of a document so deposited, shall be deemed to be a copy of that document, and shall be received in evidence as if it were the original document unless some variation between it and the original document be proved.

[22.] **31.** The Governor General in Council may, on the application or with the consent of a life assurance company, alter the forms contained in the Schedules to this Act as respects that company, for the purpose of adapting them to the circumstances of that company.

Alteration of forms.

Companies carrying on business in United Kingdom.

32 (*1*) An assurance company which carries on life assurance business in the United Kingdom in accordance with the Assurance Companies Act, 1909, may, if carrying on life assurance business in British India before the commencement of this Act, within three months of such commencement, or, in any other case before it commences to carry on life assurance business in British India, apply to the Governor General in Council for a declaration that it so carries on such business in the United Kingdom.

Certain companies may apply to be declared companies which carry on life assurance business in the United Kingdom.

9, Edw. II, cap 49.

(*2*) A company applying under the provisions of sub-section (*1*) shall furnish, at the time of its application or at such further time as the Governor General in Council may prescribe, such evidence as he may direct of the facts alleged in its application.

(*3*) Where the Governor General in Council is satisfied that a life assurance company applying as aforesaid is a life assurance company which carries on business in the United Kingdom in accordance with the Assurance Companies Act, 1909, he shall, by notification in the Gazette of India, make a declaration to that effect.

9, Edw. II, cap. 49.

33 Where the Governor General in Council has notified a [illegible] in accordance with the provisions of section 32 in respect of a life assurance company, nothing in section 4, section 5, sections 7 to 12, section [illegible] 20, 21 or 36 shall apply to the company:

Application of the Act to companies which carry on life assurance business in the United Kingdom.

Provided that—

(*1*) the company shall deposit with the Governor General in Council, in the manner prescribed in section 11, copies of every account, balance-sheet, abstract, statement or other document which the company is required by the Assurance Companies Act, 1909, to deposit at the Board of Trade;

9, Edw. II, cap. 49.

(*2*) if, at any time, a company in respect of which a declaration has been notified under section 32 ceases to carry on life assurance business in the United Kingdom in accordance with the provisions of the Assurance Companies Act, 1909, it shall, if it continues to carry on life assurance business in British India, be subject to all the provisions of this Act from the date it ceased to carry on such business in the United Kingdom in accordance with the said Act.

9, Ewd. II, cap. 49.

Penalties.

[23.] **34.** Any life assurance company which makes default in complying with any of the requirements of this Act, and every director, manager or secretary, or other officer or agent of the company who is knowingly a party to the default, shall be punishable with fine which may extend to one thousand rupees, or, in the case of a continuing default, with fine which may extend to five hundred rupees for every day during which the default continues; and, if default continues for a period of three months after notice of default by the Governor General in Council (which notice shall be published in one or more newspapers as the Governor General in Council may, upon the application of one or more policy-holders or shareholders, direct), the default shall be a ground on which the Court may order the winding up of the company, in accordance with the Indian Companies Act, 1882.

Penalty for non-compliance with Act.

VI of 1882.

[24.] **35.** If any account, balance-sheet, abstract, statement or other document required by this Act is false in any particular to the knowledge of any person who signs it, such person shall be punishable with imprisonment for a term which may extend to two years, or with fine, or with both.

Penalty for falsifying statements, etc.

Miscellaneous.

36. (*1*) The Governor General in Council may appoint one or more inspectors to examine into the affairs of any life assurance company and to report thereon in such manner as he may direct—

Appointment of inspectors.

(i) in the case of a life assurance company which is not registered under the Indian Companies Act, 1882, upon the application of members being in number not less than one-fifth of the whole number of persons for the time being entered on the list of members kept in accordance with the provisions of section 16;

VI of 1882.

(ii) in any case where a life assurance company has failed to furnish a further statement when required to do so under the provisions of section 11, sub-section (2), or where the Governor General in Council is of opinion that any such further statement is insufficient or unsatisfactory.

(*2*) On an appointment being made under sub-section (*1*), the provisions of section 84 of the Indian Companies Act, 1882, shall apply to the examination made by such inspectors.

VI of 1882.

[26.] **37.** Any notice or other document which is by this Act required to be sent to any policy-holder may be addressed and sent to the person to whom notices respecting such policy are usually sent, and any notice so addressed and sent shall be deemed and taken to be notice to the holder of such policy:

Service of notices.

Provided that where any person claiming to be interested in a policy has given to the company notice in writing of his interest, any notice which is by this Act required to be sent to policy-holders shall also be sent to such person at the address specified by him in his notice.

38. In section 131 of the Indian Companies Act, 1882, the words from "In the case of a life assurance company" to "unable to pay its debts" are hereby repealed.

Amendment of Act VI, 1882, section 131.

VI of 1882.

account of the amalgamation or transfer is therein fully set forth and that no other payments beyond those set forth have been made or are to be made either in money, policies, bonds, valuable securities or other property by or with the knowledge of any parties to the amalgamation or transfer.

Winding up.

[15.] **22.** The Court may order the winding up of a life assurance company, in accordance with the Indian Companies Act, 1882, and the provisions of that Act shall apply accordingly, subject, however, to the modification that the company may be ordered to be wound up —

Special provisions as to winding up of assurance companies.

VI of 1882.

(*a*) on the petition of ten or more policy-holders:

Provided that such a petition shall not be presented except by the leave of the Court, and leave shall not be granted until a *primâ facie* case has been established to the satisfaction of the Court and until security for costs for such amount as the Court may think reasonable has been given; or

(*b*) on application made on behalf of the Governor General in Council, showing that from a consideration of the documents deposited with him under the provisions of this Act it appears to him that the company is insolvent.

[16.] **23.** (*1*) Where the life assurance business or any part of the life assurance business of a life assurance company has been transferred to another company under an arrangement in pursuance of which the first-mentioned company (in this section called the subsidiary company) or the creditors thereof has or have claims against the company to which such transfer was made (in this section called the principal company), then, if the principal company is being wound up by or under the supervision of the Court, the Court shall (subject as hereinafter mentioned) order the subsidiary company to be wound up in conjunction with the principal company, and may by the same or any subsequent order appoint the same person to be liquidator for the two companies, and make provision for such other matters as may seem to the Court necessary, with a view to the companies being wound up as if they were one company.

Winding up of subsidiary companies.

(*2*) The commencement of winding up of the principal company shall, save as otherwise ordered by the Court, be the commencement of the winding up of the subsidiary company.

(*3*) In adjusting the rights and liabilities of the members of the several companies between themselves, the Court shall have regard to the constitution of the companies, and to the arrangements entered into between the companies, in the same manner as the Court has regard to the rights and liabilities of different classes of contributories in the case of the winding up of a single company, or as near thereto as circumstances admit.

(*4*) Where any company alleged to be subsidiary is not in process of being wound up at the same time as the principal company to which it is subsidiary, the Court shall not direct the subsidiary company to be wound up unless, after hearing all objections (if any) that may be urged by or on behalf of the company against its being wound up, the Court is of opinion that the company is subsidiary to the principal company, and that the winding up of the company in conjunction with the principal company is just and equitable.

(*5*) An application may be made in relation to the winding up of any subsidiary company in conjunction with a principal company by any creditor of, or person interested in, the principal or subsidiary company.

(*6*) Where a company stands in the relation of a principal company to one company, and in the relation of a subsidiary company to some other company, or where there are several companies standing in the relation of subsidiary companies to one principal company, the Court may deal with any number of such companies together or in separate groups as it thinks most expedient, upon the principles laid down in this section.

[17 (1).] **24.** Where a life assurance company is being wound up by the Court, or subject to the supervision of the Court, or voluntarily, the value of a policy or of a liability under a policy requiring to be valued in such winding up shall be estimated in manner applicable to policies and liabilities provided by the Sixth Schedule.

Valuation of annuities and policies.

[17 (2).] **25.** The rules in the Sixth Schedule shall be of the same force, and may be repealed, altered or amended, as if they were rules made in pursuance of section 251 of the Indian Companies Act, 1882, and rules may be made under that section for the purpose of carrying into effect the provisions of this Act with respect to the winding up of life assurance companies.

Rules of valuation.

VI of 1882.

[18.] **26.** The Court, in the case of a life assurance company which has been proved to be unable to pay its debts, may, if it thinks fit, reduce the amount of the contracts of the company upon such terms and subject to such conditions as it thinks just, in place of making a winding up order.

Power to Court to reduce contracts.

Special Provisions relating to Accounts and Documents.

[20.] **27.** The Governor General in Council may direct any documents deposited with him under this Act, or certified copies thereof, to be kept by the Registrar or by any other officer appointed in this behalf, and any such documents and copies shall be open to inspection, and copies thereof may be procured by any person on payment of such fees as the Governor General in Council may direct.

Power to direct the inspection of documents deposited with Governor General in Council.

[27.] **28.** The Governor General in Council shall publish annually in the Gazette of India the accounts, balance-sheets, abstracts, statements and other documents under this Act, or purporting to be under this Act, deposited with him during the preceding year, except reports on the affairs of life assurance companies submitted to the shareholders or policy-holders thereof, and may append to such accounts, balance-sheets, abstracts, statements or other documents any note of the Governor General in Council thereon, and any correspondence in relation thereto.

Accounts, etc., to be published.

[21 (1).] **29.** Every document deposited under this Act with the Governor General in Council, and certified by the registrar or by any person appointed in that behalf by the Governor General in Council to be a document so deposited, shall be deemed to be a document so deposited.

Evidence of documents.

[21 (2).] **30.** Every document purporting to be certified by the Registrar, or by any person appointed in that behalf by the Governor General in Council, to be

a copy of a document so deposited, shall be deemed to be a copy of that document, and shall be received in evidence as if it were the original document unless some variation between it and the original document be proved.

[22.] **31.** The Governor General in Council may, on the application or with the consent of a life assurance company, alter the forms contained in the Schedules to this Act as respects that company, for the purpose of adapting them to the circumstances of that company.

Alteration of forms.

Companies carrying on business in United Kingdom.

32 (*1*) An assurance company which carries on life assurance business in the United Kingdom in accordance with the Assurance Companies Act, 1909, may, if carrying on life assurance business in British India before the commencement of this Act, within three months of such commencement, or, in any other case before it commences to carry on life assurance business in British India, apply to the Governor General in Council for a declaration that it so carries on such business in the United Kingdom.

Certain companies may apply to be declared companies which carry on life assurance business in the United Kingdom.

9, Edw. VII, cap 49.

(*2*) A company applying under the provisions of sub-section (*1*) shall furnish, at the time of its application or at such further time as the Governor General in Council may prescribe, such evidence as he may direct of the facts alleged in its application.

(*3*) Where the Governor General in Council is satisfied that a life assurance company applying as aforesaid is a life assurance company which carries on business in the United Kingdom in accordance with the Assurance Companies Act, 1909, he shall, by notification in the Gazette of India, make a declaration to that effect.

9, Edw. VII, cap. 49.

33 Where the Governor General [illegible] Council has notified a [illegible] in accordance with [illegible] provisions of section [illegible] in respect of a life assurance company, nothing in section 4, section 5, sections 7 to 12, secti[illegible] 20, 21 or 36 shall apply to the company:

Application of the Act to companies which carry on life assurance business in the United Kingdom.

Provided that—

(*1*) the company shall deposit with the Governor General in Council, in the manner prescribed in section 11, copies of every account, balance-sheet, abstract, statement or other document which the company is required by the Assurance Companies Act, 1909, to deposit at the Board of Trade;

9, Edw. VII, cap. 49.

(*2*) if, at any time, a company in respect of which a declaration has been notified under section 32 ceases to carry on life assurance business in the United Kingdom in accordance with the provisions of the Assurance Companies Act, 1909, it shall, if it continues to carry on life assurance business in British India, be subject to all the provisions of this Act from the date it ceased to carry on such business in the United Kingdom in accordance with the said Act.

9, Edw. VII, cap. 49.

Penalties.

[23.] **34.** Any life assurance company which makes default in complying with any of the requirements of this Act, and every director, manager or secretary, or other officer or agent of the company who is knowingly a party to the default, shall be punishable with fine which may extend to one thousand rupees, or, in the case of a continuing default, with fine which may extend to five hundred rupees for every day during which the default continues; and, if default continues for a period of three months after notice of default by the Governor General in Council (which notice shall be published in one or more newspapers as the Governor General in Council may, upon the application of one or more policy-holders or shareholders, direct), the default shall be a ground on which the Court may order the winding up of the company, in accordance with the Indian Companies Act, 1882.

Penalty for non-compliance with Act.

VI of 1882.

[24.] **35.** If any account, balance-sheet, abstract, statement or other document required by this Act is false in any particular to the knowledge of any person who signs it, such person shall be punishable with imprisonment for a term which may extend to two years, or with fine, or with both.

Penalty for falsifying statements, etc.

Miscellaneous.

36. (*1*) The Governor General in Council may appoint one or more inspectors to examine into the affairs of any life assurance company and to report thereon in such manner as [illegible] direct—

Appointment of inspectors.

(i) [illegible] the case of a life assurance company which is not registered under the Indian Companies Act, 1882, upon the application of members being in number not less than one-fifth of the whole number of persons for the time being entered on the list of members kept in accordance with the provisions of section 16;

VI of 1882.

(ii) in any case where a life assurance company has failed to furnish a further statement when required to do so under the provisions of section 11, sub-section (2), or where the Governor General in Council is of opinion that any such further statement is insufficient or unsatisfactory.

(*2*) On an appointment being made under sub-section (*1*), the provisions of section 94 of the Indian Companies Act, 1882, shall apply to the examination made by such inspectors.

VI of 1882.

[26.] **37.** Any notice or other document which is by this Act required to be sent to any policy-holder may be addressed and sent to the person to whom notices respecting such policy are usually sent, and any notice so addressed and sent shall be deemed and taken to be notice to the holder of such policy:

Service of notices.

Provided that where any person claiming to be interested in a policy has given to the company notice in writing of his interest, any notice which is by this Act required to be sent to policy-holders shall also be sent to such person at the address specified by him in his notice.

STATEMENT RESPECTING THE VALUATION OF THE LIABILITIES UNDER LIFE POLICIES AND ANNUITIES OF THE ————————, TO BE MADE AND SIGNED BY THE ACTUARY.

(The answers should be numbered to accord with the numbers of the corresponding questions.)

1. The date up to which the valuation is made.

2. The general principles adopted in the valuation, and the method followed in the valuation of particular classes of assurances, including a statement of the method by which the net premiums have been arrived at, and whether these principles were determined by the instrument constituting the company or by its regulations or bye-laws, or how otherwise; together with a statement of the manner in which policies on under average lives are dealt with.

3. The table or tables of mortality used in the valuation. In cases where the tables employed are not published, specimen policy values are to be given, at the rate of interest employed in the valuation, in respect of whole-life assurance policies effected at the respective ages of 20, 30, 40 and 50, and having been respectively in force for 5 years, 10 years, and upwards at intervals of five years, respectively; with similar specimen policy values in respect of endowment assurance policies, according to age at entry, original term of policy and duration.

4. The rate or rates of interest assumed in the calculations.

5. The actual proportion of the annual premium income (if any), reserved as a provision for future expenses and profits, separately specified in respect of assurances with immediate profits, with deferred profits, and without profits. (If none, state how this provision is made.)

6. The consolidated revenue-account since the last valuation, or, in case of a company which has made no valuation, since the commencement of the business. (This return should be made in the form annexed. No return under this heading will be required where a statement under this schedule is deposited annually.)

7. The liabilities of the company under life policies and annuities at the date of the valuation, showing the number of policies, the amount assured and the amount of premiums payable annually under each class of policies, both with and without participation in profits; and also the net liabilities and assets of the company with the amount of surplus or deficiency. (These returns to be made in the forms annexed.)

8. The principles upon which the distribution of profits among the share-holders and policy-holders is made, and whether these principles were determined by the instrument constituting the company or by its regulations or bye-laws, or how otherwise, and the number of years' premiums to be paid before a bonus (*a*) is allotted, and (*b*) vests.

9. The results of the valuation, showing—

(1) the total amount of profit made by the company, allocated as follows :—

(*a*) among the policy-holders with immediate participation, and the number and amount of the policies which participated;

(*b*) among policy-holders with deferred participation, and the number and amount of the policies which participated;

(*c*) among the shareholders;

(*d*) to reserve funds, or other accounts;

(*e*) carried forward unappropriated;

(2) specimens of bonuses allotted to whole-life assurance policies for Rs. 1,000 effected at the respective ages of 20, 30, 40 and 50, and having been respectively in force for 5 years, 10 years, and upwards at intervals of 5 years respectively, together with the amounts apportioned under the various modes in which the bonus might be received; with similar specimen bonuses and particulars in respect of endowment assurance policies, according to age at entry, original term of policy, and duration.

9. The amount of all annuities on lives other than those specified under Heading No. 8, distinguishing the amount of annuities payable under each class, and the amount of premiums annually receivable.

10. The average rate of interest yielded by the assets, whether invested or uninvested, constituting the life assurance fund of the company, calculated upon the mean fund of each year during the period since the last investigation, without deduction of income-tax.

It must be stated whether or not the mean fund upon which the average rate of interest is calculated includes reversionary investments.

11. A table of minimum values, if any, allowed for the surrender of policies for the whole term of life and for endowments and endowment assurances, or a statement of the method pursued in calculating such surrender values, with instances of the application of such method to policies of different standing and taken out at various interval ages from the youngest to the oldest.

THE SIXTH SCHEDULE.

(*See sections 24 and 25.*)

RULES FOR VALUING ANNUITIES, LIFE POLICIES AND LIABILITIES.

Rule for valuing an annuity.

An annuity shall be valued according to the tables used by the company which granted such annuity at the time of granting the same, and, where such tables cannot be ascertained or adopted to the satisfaction of the Court, then according to such rate of interest and table of mortality as the Court may direct.

Rule for valuing a policy.

The value of the policy is to be the difference between the present value of the reversion in the sum assured according to the contingency upon which it is payable, including any bonus or addition thereto made before the commencement of the winding up, and the present value of the future annual premiums.

In calculating such present values interest is to be assumed at such rate, and the rate of mortality according to such tables, as the Court may direct.

The premium to be calculated is to be such premium as according to said rate of interest and rate of mortality is sufficient to provide for the risk incurred by the office in issuing the policy, exclusive of any addition thereto for office expenses and other charges.

Rule for valuing a liability.

The liquidator, in the case of all persons appearing by the books of the company to be entitled to or interested in policies granted by such company, is to ascertain the value of the liability of the company to each such person, and give notice of such value to such persons in such manner as the Court may direct, and any person to whom notice is so given shall be bound by the value so ascertained unless he gives notice of his intention to dispute such value in manner and within a time to be prescribed by a rule or order of the Court.

STATEMENT OF OBJECTS AND REASONS.

THE object of this Bill is to provide for the better control of Life Assurance Companies in India. Hitherto the operations of such Companies have been regulated by the Indian Companies Act, 1882 (VI of 1882).

It is considered that the provisions of the Indian Companies Act are insufficient for the proper control of Life Assurance Companies in view of the growth of life assurance business in this country and that it is desirable to undertake legislation on the lines of the United Kingdom Life Assurance Law.

The draft Bill applies to all Life Assurance Companies operating in British India, whether established within or without British India, with the exception that Companies which carry on life assurance business in the United Kingdom in accordance with the Assurance Companies Act, 1909, are, on their obtaining a declaration from the Governor General in Council to this effect and on condition of their depositing with the Governor General in Council copies of the documents which they are required by the Assurance Companies Act, 1909, to deposit at the Board of Trade, exempted from the special provisions of this Bill relating to deposits, the furnishing of accounts and statements, the audit of accounts, amalgamation and transfer, and inspection.

The provisions of the Bill follow as closely as possible those of the Assurance Companies Act, 1909 (9 Edw. 7, c. 49), the only important deviations from the latter being—

(a) that no provision has been made for the regulation of insurance companies other than those undertaking life assurance, as it is considered that the conditions of insurance in India do not as yet call for such further legislation; and

(b) that the Governor General in Council has been empowered (1) to take the initiative in applying to the Court to order the winding up of a Company which appears to be insolvent, and (2) to appoint inspectors in certain circumstances to examine into the affairs of a Life Assurance Company. In the United Kingdom, it rests with the public and the members of the Company to apply for the winding up of a company or the appointment of inspectors, but it is considered that more active measures on the part of Government are required for the protection of the less instructed public in India.

GOVERNMENT OF INDIA.

LEGISLATIVE DEPARTMENT.

The following Bill was introduced in the Council of the Governor-General of India for the purpose of making Laws and Regulations on the 22nd September 1911 :—

No. 23 OF 1911.

A Bill to provide for the regulation of Provident Insurance Societies.

WHEREAS it is expedient to provide for the regulation of Provident Insurance Societies; It is hereby enacted as follows :—

Preliminary.

Short title and extent.

1. (*1*) This Act may be called the Provident Insurance Societies Act, 191 ; and

(*2*) It extends to the whole of British India, inclusive of British Baluchistan, the Santhal Parganas and the Pargana of Spiti.

Definitions.

2. In this Act, unless there is anything repugnant in the subject or context,—

(*1*) "Provident Insurance Society" means a society, company or institution, whether consisting of one or more persons, which receives premiums or contributions for insuring money to be paid on the birth, marriage or death of any person : and

(*2*) words and expressions which are de[illegible] the Indian Life Assurance Companies Act, [illegible] under have the meanings respectively attributed to them by the said Act.

Application of Act.

3. Nothing in this Act shall apply to any Provident Insurance Society carrying on life assurance business which has a nominal share capital exceeding twenty-five thousand rupees, or which pays or undertakes to pay on any life assurance policy an annuity exceeding one hundred rupees or a gross sum exceeding one thousand rupees, or which receives or undertakes to receive by way of premium or contribution for life assurance any sum exceeding five hundred rupees where the said premium or contributions are payable for one year or a limited number of years, or fifty rupees in any one year where the contributions are unlimited in number and terminable on death or the occurrence of an uncertain event.

General.

Insurable interest.

4. No Provident Insurance Society shall receive any premium or contribution for insuring money to be paid on the death of any person other than the person paying such premium or contribution, or the wife, husband, child, parent, brother or sister of such person.

Provision to be made by rules.

5. Every Provident Insurance Society shall by its rules—

(*a*) specify the object, name and registered office of the society;

(*b*) provide that not less than a proportion specified in the rules of the amount annually received by the society in premiums or contributions shall be paid in benefits to the members of the society;

(*c*) provide for any other matters which the Local Government may prescribe; and

[*Cf.* section 15, Friendly Societies Act, 1896, and Sch. I (9) of that Act.]

(*d*) in the case of a Provident Insurance Society which by rule or practice divides any part of the funds thereof, provide, before any such division takes place—

(i) for the payment of all debts due by the society existing at the time of division; and

(ii) for the payment to every policy-holder or contributor of the society whose claim matures within the period for which division is made of a sum not less than the total amount of the premiums or contributions received by it from such policy-holder or contributor, during such period.

Registration of Provident Insurance Societies.

6. (*1*) Every Provident Insurance Society shall, within three months from the commencement of this Act, or, if established after the commencement of this Act, before it receives any premium or contribution, apply to the Registrar for registration under this Act and shall deliver to him a copy of the rules of the society.

(*2*) The Registrar shall, on being satisfied that such rules comply with the provisions of this Act, acknowledge the receipt of the rules and register the society.

(*3*) If the Registrar is not satisfied that the rules or any of them comply with the provisions of this Act, he shall send to the Provident Insurance Society a notice by post stating in what respect such rule or rules is or are not in accordance with the provisions of this Act and calling upon such society to deliver to him an amended rule or rules within sixty days.

(*4*) On receipt of a notice under sub-section (*3*) the Provident Insurance Society shall within sixty days [illegible] to the Registrar an amended rule or rules in [illegible] with this Act, and the Registrar shall thereupon acknowledge the receipt of the rules and register the society as hereinbefore provided.

Failure to register.

7. (*1*) No Provident Insurance Society established before the commencement of this Act shall receive any premium or contribution after the expiration of the following periods, namely :—

(*a*) if the society has failed to apply for registration in accordance with the provisions of section 6, sub-section (*1*), after the expiration of three months from the commencement of this Act;

(*b*) if the society, having applied for registration as aforesaid, has failed to deliver to the Registrar amended rules in accordance with a notice under section 6, sub-section (*3*), after the expiration of sixty days from the receipt of such notice.

(*2*) No Provident Insurance Society established after the commencement of this Act shall receive any premium or contribution until it is duly registered in accordance with the provisions of this Act.

Amendment of rules.

8. (*1*) No amendment of any rule of a Provident Insurance Society shall be valid until the same has

been registered under this Act, for which purpose a copy of the amended rule shall be sent to the Registrar.

(2) The Registrar shall, on being satisfied that any amendment of a rule is not contrary to the provisions of this Act, issue to the society an acknowledgment of the registration of the same.

Right to supply of copies of rules.

9. Every Provident Insurance Society shall, on demand, deliver free of cost to any member of the society a copy of the rules of the society, and to any person other than a member a copy of such rules on the payment of a sum not exceeding one rupee.

I of 1882. Register of members and policy-holders.

10. Every Provident Insurance Society which is not registered under the Indian Companies Act, 1882, shall cause to be kept a register of its members and policy-holders, in which the particulars specified in section 47 of the said Act shall be entered.

I of 1882. Office.

11. Every Provident Insurance Society which is not registered under the Indian Companies Act, 1882, shall have an office to which all communications and notices may be addressed, and shall give notice to the Registrar of the situation of such office and of any change therein.

Revenue-account and balance-sheet.

12. Every Provident Insurance Society shall at the expiration of each financial year, prepare a revenue-account and balance-sheet in such forms and verified in such manner as the Local Government may prescribe, and shall cause them to be audited by an auditor who shall possess such qualifications as the Local Government may prescribe.

Delivery and publication of revenue-account, etc.

13. Every Provident Insurance Society shall, within six months after the expiration of each financial year, deliver to the Registrar the revenue account and balance-sheet prescribed by section 12, and shall publish them in such manner as the Local Government may direct.

Inspection of accounts.

14. The books of every Provident Insurance Society shall at all reasonable hours be open to inspection by the Registrar or by any person appointed by him in this behalf or by any member of the society.

Power to inquire into solvency, etc., of society

15. (1) If the Registrar is of opinion that there is ground for an inquiry—

(a) whether any Provident Insurance Society is solvent, or

(b) whether the business of any such society is conducted fraudulently or not in accordance with the rules thereof,

he may direct an inquiry to be held by an actuary, appointed by him in this behalf, as to the solvency of such society or as to the manner in which the business of such society is conducted.

(2) An actuary appointed under sub-section (1) shall have access to all the books, deeds, documents and accounts of the society and shall have power to call upon the society to furnish such statements as to its business and such other information as he may direct.

(3) The result of any such inquiry shall be reported to the Registrar.

(4) The Registrar may, if he thinks fit, direct that the whole or any part of the expenses of and incidental to any such inquiry by an actuary shall be defrayed out of the funds of the society or by the members or officers of the society in such proportion as he may determine.

Power to dissolve

16. Where the Registrar, after considering the report of an actuary appointed under section 15, is of opinion that any Provident Insurance Society, taking into account its prospective liabilities, is insolvent or that the business of such society is conducted fraudulently or not in accordance with the rules thereof, he may direct that the society shall be dissolved.

Liquidators.

[Cf. s. 24, Act X of 1904.]

17. (1) Where a society is dissolved in accordance with the provisions of section 16, the Registrar may appoint a competent person to be liquidator for the society.

(2) A liquidator appointed under sub-section (1) shall have power to institute or defend any legal proceedings on behalf of the society by his name of office and shall also have power—

(a) to sue for and recover any sums of money due to the society at the date of its dissolution;

(b) to determine the contribution to be made by members of the society, respectively, to the assets of the society;

(c) to investigate all claims against the society, and to decide questions of priority arising between claimants;

(d) to determine by what persons and in what proportions the costs of the liquidation are to be borne; and

(e) to give such directions in regard to the collection and distribution of the assets of the society as may appear to him to be necessary for winding up the affairs of the society.

(3) Subject to any rules of procedure made under this Act, a liquidator appointed under this section shall, in so far as such powers are necessary to carry out the purposes of this section, have power to summon and enforce the attendance of witnesses and to compel the production of documents by the same means and as far as may be in the same manner as is provided in the case of a Civil Court by the Code of Civil Procedure, 1908.

V of 1908.

(4) Orders made under this section shall be final and conclusive and may be enforced by any Civil Court having local jurisdiction in the same manner as a decree.

Penalties.

Penalty for non compliance with Act.

18. Any Provident Insurance Society which makes default in complying with any of the requirements of this Act, and every director, manager or secretary, or other officer or agent of the society, who is knowingly a party to the default, shall be punishable with fine which may extend to five hundred rupees, or, in the case of a continuing default, with fine which may extend to two hundred and fifty rupees for every day during which the default continues.

Penalty for falsifying documents.

19. If any register, account, balance-sheet or other document required by this Act is false in any particular to the knowledge of any person who signs it, such person shall be punishable with imprisonment for a term which may extend to two years, or with fine, or with both.

Rules.

Rules.

20. (*1*) The Local Government may make rules to carry out the purposes of this Act.

(*2*) In particular and without prejudice to the generality of the foregoing power, such rules may—

(*a*) prescribe the matters in respect of which a society shall make rules;

(*b*) prescribe the form of any account or return required by this Act, and the manner in which any such account or return shall be verified;

(*c*) prescribe the qualifications of auditors under this Act;

(*d*) prescribe the manner in which any document required to be published by this Act shall be published; and

(*e*) prescribe the procedure to be followed by liquidators under this Act.

(*3*) The power to make rules conferred by this Act is subject to the condition of the rules being made after previous publication.

(*4*) All rules made under this Act shall be published in the local official Gazette, and on such publication shall have effect as if enacted therein.

STATEMENT OF OBJECTS AND REASONS.

THE object of this Bill is to provide for the better control of Provident Insurance Societies, that is, societies, not being Life Assurance Companies proper, which undertake insurances on births, marriages or deaths.

The attention of the Government of India has, from time to time, been drawn to the existence of large numbers of such societies in different parts of India, and to the unsound business methods employed by them. In 1898, the advisability of undertaking special legislation, with reference to the societies then existing in considerable numbers in Bengal and Bombay, was taken into consideration; but, after consultation with the Local Governments concerned, it was decided to defer legislation [illegible] the true nature of the movement had declared itself more clearly and until the effect [illegible] under the strict enforcement of the provisions of the Indian Companies Act could be determined. The number of societies in Bengal and Bombay has since then greatly decreased; but a large number have in more recent years come into existence in Madras, and the Government of Madras have made a representation on the subject which establishes clearly the fact that the provisions of the Indian Companies Act are insufficient to control the undesirable tendencies of the movement. It has accordingly been decided that legislation to control these societies should now be undertaken, and this Bill has been framed accordingly.

The main provisions of the present Bill are designed to secure (1) that all societies of the nature of those defined in the Bill shall be registered; (2) that full publicity shall be given to the proceedings of the societies; and (3) that Local Governments and Administrations shall be empowered to deal effectively with societies which are demonstrably fraudulent or insolvent. These measures, while controlling the operations of societies working on unsound principles, will not, it is believed, interfere with the development of Provident Societies of a useful character.

and for every additional Rs. 10,000 or part thereof in excess of Rs. 30,000.		9 0 0	4 8 0	3 0 0

3. In section 23A, sub-section (*1*), of the said Act, for the words and figure "Article No. 5 (*b*)", the words and figure "Article No. 5 (*c*)" shall be substituted.

Amendment of Act II, 1899, section 23A.

STATEMENT OF OBJECTS AND REASONS.

By the Indian Stamp (Amendment) Act, 1910 (VI of 1910), the rates of stamp duty on bills of exchange were raised very considerably in the case of bills exceeding Rs. 1,000. In the case of bills from Rs. 600 to 1,000, the increase was much smaller; while the old rates of duty were retained on bills not exceeding Rs. 600, in order to exempt petty transactions from the enhancement of duty. This concession has, however, produced unexpected results; advantage having been taken of it, in the case of big transactions, to escape the higher rates of duty by drawing a number of small bills instead of a single instrument. There can be no question that considerable revenue has thus been lost which it was intended to secure for Government by the amending Act of 1910. Inconvenience has also been caused, by a quite unnecessary increase of work, to the banks and private firms which have large dealings in bills of exchange. The Presidency Banks and the Chambers of Commerce favour the withdrawal of the concession. The Bill accordingly proposes to raise the duty on bills of exchange for amounts not exceeding Rs. 1,000 in the same ratio as the enhancement which was effected in the case of bills for amounts exceeding Rs. 1,000 by the amending Act of 1910.

2. Clause 3 of the Bill is intended to rectify a verbal error by substituting a reference to Article 5 (*c*) for the reference to Article 5 (*b*) in Section 23 A (*1*) of the Indian Stamp Act, 1899, as the sub-article 5 (*b*) of Schedule I of the Act has become sub-article 5 (*c*) through the passing of the Indian Stamp (Amendment) Act, 1910.
